In addition to the restrictions set forth in the Bond Resolutions which are reflected in Section II(A) hereof, (i) Investments in Banker's Acceptances/Certificates of Deposit shall mature within two years of the date of investment and shall be limited to banks having the highest short-term rating from at least two firms identified by the Securities and Exchange Commission as "nationally recognized statistical rating organizations" and (ii) Corporate Securities shall mature in less than one year.

C. Other Funds. Subject to the restrictions set forth in Section II(B) above, monies in any other funds which may be established by the Authority may be invested in any of the securities described in paragraphs 1 through 9 of Section II(A) hereof.

III. Conditions of Investment

A. Maturities. All investments shall mature or be redeemable at the option of the holder no later than such times as shall be necessary to provide monies needed for payments to be made from any such fund or account.

B. Diversification. Investments of Authority monies in the funds specified below shall be subject to the diversification restrictions set forth below:

Debt Service Reserve Funds:

1.	State Guaranteed Securities	0-60%
2.	Federally Guaranteed Securities	0-100%
3.	Federal Agency Securities	0-100%
4.	Banker's Acceptances	0-60%
5.	Certificates of Deposit	0-60%
6.	Corporate Securities	0-60%
7.	Repurchase Agreements	0-50%
8.	Collateralized Investment Agreements	0-50%
9.	Uncollateralized Investment Agreements	0-40%
10.	Money Market Funds	0-50%
11.	Prerefunded Municipal Obligations	0-100%

Debt Service Funds and Subordinated Indebtedness Funds: Up to 100% of the amounts on deposit in the Debt Service Funds and the Subordinated Indebtedness Funds may be invested in Federally Guaranteed Securities, Federal Agency Securities or Repurchase Agreements. Amounts on deposit in the Debt Service Funds and the Subordinated Indebtedness Funds are disbursed to pay interest at least once every six months and substantially all of such amounts are withdrawn annually to pay principal. Accordingly, the period of time during which there may be some exposure to the credit of a counterparty under a Repurchase Agreement is limited to no longer than one year. In light of this relatively short time period, and the requirement in the Resolutions and these Guidelines that Repurchase Agreements be collateralized, the Authority has determined that it is appropriate to permit up to 100% of these funds to be invested in Repurchase Agreements described in paragraph 6(b) of Section II(A) hereof, subject to the concentration restrictions set forth in Section III(C) hereof.

Construction Funds and all other Funds in which the amount on deposit at the time of making the investment exceeds \$5 million:

1. State Guaranteed Securities

0-

		60%
2.	Federally Guaranteed Securities	0- 100%
3.	Federal Agency Securities	0- 100%
4.	Banker's Acceptances	0- 60%
5.	Certificates of Deposit	0- 60%
6.	Corporate Securities	0- 60%
7.	Repurchase Agreements	0- 100%
8.	Collateralized Investment Agreements	0- 100%
9.	Uncollateralized Investment Agreements	0- 50%
10.	Money Market Funds	0- 50%
11.	Prerefunded Municipal Obligations	0- 100%

Amounts on deposit in these Funds, although available for payment of debt service on Bonds and Notes in the event of a default, are not expected to be used to pay debt service. Also, amounts in the Construction Funds are generally disbursed to pay the costs of Projects within six months of the date of deposit therein and would virtually always be disbursed within two years. In light of the foregoing, the Authority has determined that it is appropriate to permit up to 100% of the amounts on deposit in these Funds to be invested in Repurchase Agreements and Collateralized Investment Agreements.

C. Concentration.

1. For the Debt Service and Subordinated Indebtedness Funds: If more than 50% of the amounts on deposit (determined at the time of investment) in either Debt Service Fund or in either Subordinated Indebtedness Fund are invested in Repurchase Agreements, there must be at least two separate Repurchase Agreements with different counterparties for each such Fund.
2. For the Reserve Funds: No more than 20% of each Reserve Fund (determined at the time of investment) shall be invested in Repurchase Agreements or collateralized Investment Agreements with a single counterparty and no more than 15% of each such Fund (determined at the time of investment) shall be invested in uncollateralized Investment Agreements with a single counterparty.
3. For all Funds in which the amount on deposit at the time of making the investment exceeds \$5 million: Except for Repurchase Agreements, collateralized Investment Agreements, Prerefunded Municipal Obligations, Federal Agency Securities and Federally Guaranteed Securities, no more than 15% (determined at the time of investment) of the investments made from such fund or account may be invested in securities of a single issuer or in an uncollateralized Investment Agreement with a single counterparty.

D. Payment for Securities. Payment for investments shall be made only upon receipt of the securities purchased. In the case of book entry form securities, payment may be made only when the custodian's account at the Federal Reserve Bank is credited for the purchased securities.

E. Custodial Arrangements.

1. All securities held by any depository designated by the Authority in bearer or book-entry form (the "Custodial Bank") are held solely as agent to the Trustee on behalf of various accounts involved. Any securities held in registered form shall be registered in the name of the Authority or the Trustee. Securities positions at the Custodial Bank will be audited by the Authority's external auditors. Payment for purchases is not to be released until the purchased securities are received by the Custodial Bank.

2. The Custodial Bank will, upon instructions of the Trustee, release to the Treasurer of the Authority all purchased securities including those subject to repurchase. This will permit the Authority to sell such securities, if necessary.

3. Collateral securities shall not be held by an institution having a depository relationship with the Authority.

F. Standards and Qualifications. The following are the standards for the qualifications of brokers, agents, dealers, investment advisors, investment bankers and custodians:

1. Brokers, Agents, Dealers

a. In Government Securities: any bank or trust company organized or licensed under the laws of any state of the United States of America or of the United States of America or any national banking association or any registered broker/dealer.

b. In Municipal Securities: any broker, agent or dealer registered with the Municipal Securities Rulemaking Board (the "MSRB").

2. Investment Advisors: any bank or trust company organized under the laws of any state of the United States of America or any national banking association, and any firm or person which is registered with the Securities Exchange Commission under the Investment Advisors Act of 1940.

4. Custodians: any bank or trust company organized under the laws of any state of the United States of America or any national banking association which qualifies as a Depository under Section 512 of the General Resolution and Section 513 of the Second General Resolution.

G. Contracts. There is not a regular business practice of written contracts for the purchase on a current basis of the investments described in Section II (A) hereof, other than those described in paragraphs 6 and 7. The Authority shall, in the case of investments described in paragraphs 6 and 7, enter into written contracts with the permitted providers. In addition, when the Authority agrees to purchase securities on a forward delivery basis of more than six months, the Authority shall enter into written contracts providing for such forward purchase and delivery.

IV. Reports

A. Quarterly. The Executive Director shall prepare and deliver to the Board of Directors once for each quarter of the Authority's fiscal year a report setting forth a summary of new investments made during that quarter, the inventory of existing investments and the selection of investment bankers, brokers, agents, dealers, investment advisors and auditors.

B. Annually.

1. Audit. The Authority's independent auditors shall conduct an annual audit of the Authority's investments for each fiscal year of the Authority, the results of which shall be made available to the Board of Directors at the time of its annual review and approval of these Guidelines.

2. Investment Report. Annually, the Executive Director shall prepare and the Board of Directors shall review and approve an Investment Report, which shall include:

a. The Investment Guidelines and amendments thereto since the last report;

c. The independent audit report required by Subsection (1) above;

d. The investment income record of the Authority for the fiscal year; and

Control, and to the Mayor and Comptroller of the City of New York. Copies of the annual report shall also be made available to the public upon reasonable request.

V. Applicability

These Guidelines shall govern all investments initiated by the Authority on and after April 17, 1998 and shall not apply to any investments initiated by the Authority prior to April 17, 1998. Nothing contained in these Guidelines shall be deemed to alter, affect the validity of, modify the terms of or impair any contract, agreement or investment of funds made or entered into in violation of, or without compliance with, the provisions of these Guidelines.

* Unless otherwise indicated, all capitalized terms shall have the meaning set forth in the General Resolution or the Second General Resolution, as appropriate.

SCHEDULE 2

INDEPENDENT AUDITORS' REPORT

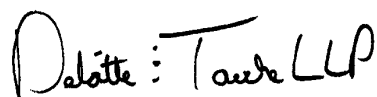

To the Members of the Joint Audit Committee of
New York City Municipal Water Finance System
and New York City Water Board
New York, New York

Dear Members of the Joint Audit Committee:

We have audited, in accordance with auditing standards generally accepted in the United States of America, the combining financial statements of the New York City Municipal Water Finance System and the New York City Water Board, which collectively comprise the New York City Water and Sewer System (the "System"), a component unit of The City of New York, New York, as of and for the year ended June 30, 2013 and expect to issue our report thereon dated October 17, 2013, which contains an explanatory paragraph regarding the adoption of Governmental Accounting Standards Board ("GASB") Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

In connection with our audit, nothing came to our attention that caused us to believe that the System failed to comply with the System's Resolutions and Investment Guidelines, which is the responsibility of the System's management, insofar as they relate to financial and accounting matters. However, our audit was not directed primarily toward obtaining knowledge of noncompliance with such Resolutions and Investment Guidelines. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the System's noncompliance with the System's Resolutions and Investment Guidelines, insofar as they relate to accounting matters.

This report is intended solely for the information and use of the System's Joint Audit Committee and management and is not intended to be and should not be used by anyone other than these specified parties.
