

**REPOST  
GRANT FUNDED POSITION**

**Appointments are subject to Office of Management and Budget (OMB) approval.**

**OFFICE OF CHIEF MEDICAL EXAMINER  
CITYWIDE JOB VACANCY NOTICE**

**Civil Service Title:** City Research Scientist

**Title Code No:** 21744

**Office Title:** Researcher

**Division/Work Unit:** Forensic Biology

**Hours/Shift:** Thirty-five hours over a five day period; intermittent overtime may be necessary.

**Level:** II

**Salary:** \$63,662

**Work Location:** 421 East 26 Street, NYC

**Number of Positions:** 1

---

**JOB DESCRIPTION**

The primary work in the Molecular Genetic Laboratory in the New York City Office of Chief Medical Examiner is to provide molecular testing services to the Medical Examiners. This grant funded research project is to investigate the roles of multiple genes in sudden unexplained natural deaths using next-generation sequencing technology. The incumbent will be responsible for all bench work, from DNA extraction through amplification and sequencing. This individual will also perform initial sequencing analysis and subsequent detailed genetic and statistical analyses under the supervision of the laboratory's director, City Research Scientist, Level III and IV.

---

**QUALIFICATION REQUIREMENTS**

1. A doctorate degree from an accredited college or university with specialization in an appropriate field of physical, biological, environmental or social science and one year of full-time experience in a responsible supervisory, administrative or research capacity in the appropriate field of specialization; or
2. A master's degree from an accredited college or university with specialization in an appropriate field of physical, biological, environmental or social science and three years of responsible full-time research experience in the appropriate field of specialization; or
3. Education and/or experience which is equivalent to "1" or "2" above. However, all candidates must have at least a master's degree in an appropriate field of specialization and at least two years of experience described in "2" above. Two years as a City Research Scientist I, can be substituted for the experience required in "1" and "2" above.

---

**\*\*\*SPECIAL NOTE\*\*\***

1. If you were educated in a foreign school you must submit an evaluation of your foreign education from an approved organization with your resume.
2. Selected candidates will be required to provide a DNA sample by swabbing.

---

**PREFERRED SKILLS**

Prior experience working with sequencing data, genetic data, and/or epidemiological data and knowledge of R, STATA, SAS, SPCC, C, and/or other statistical software package is highly valued.

---
