

Logistics Intern

Division/Unit: Planning & Preparedness/Logistics	Supervisor: Jonathan Jenkins, Johanna Conroy, Erin Rampe
Number of Interns Needed: 1-2, Project-Based	Preferred Education Level: Undergraduate or Graduate Student – Logistics, Communications, Emergency Management, and/or Policy-Related Background
Background on Project: <p>The NYC OEM Logistics Unit is currently spearheading a joint coordination and planning/preparedness effort with the NYC Citywide Logistics Committee (CLC) and the Urban Area Working Group (UAWG) for all logistics issues related to NYC and the Downstate Region (NYC, Westchester, Nassau, Suffolk), respectively. Additionally, a combination of City level and regional projects will focus on the following:</p> <ul style="list-style-type: none"> • Raise and address logistics issues that impact Urban Area Working Group (UAWG) partners. • Focus on issues that impact two or more partners and/or have the potential to cross jurisdictional lines during a response. • Further target issues include: <ul style="list-style-type: none"> ○ Coordination – Importance of sharing knowledge and capabilities of each jurisdiction’s resources, scope of planning, and stockpiles (to ensure resource requests and jurisdictional aid in the region are effective and efficient). ○ Communications for Mutual Aid Requests - Clear, concise methods for communicating mutual aid requests to adjoining jurisdictions must be developed to reduce response times and discrepancies. ○ Pre-Scripted Mission Assignments (PSMAs) - Standardized requests to ensure interoperability between jurisdictions and well-organized resource management. ○ Transportation Network for Mutual Aid - Identify possibilities for utilizing the transportation networks and/or infrastructure of other municipalities in support of disaster relief. This includes roads, rail, shipping, and air assets. ○ Staging Areas and Commodity Distribution Points (CDP) – Share staging area/CDP planning considerations, recommendations, and layouts to advance the development of a regional concept of operations (CONOPS) document and for implementation of best practices. ○ Education – Familiarize all jurisdictions with the most recent trends and capabilities in transportation, warehousing, procurement, and technology. This will benefit the region in all planning, coordination, and development endeavors, and will give each jurisdiction a common knowledge base. ○ These efforts, along with other NYC-related logistics tasks, require comprehensive logistical, communications, and interoperability components that are essential for smooth-functioning and effective operations for such scenarios.
