

**Overwhelmed with retirement decisions? Are you aware that you do not need to make a decision about the Deferred Compensation Plan upon retirement?**

---

Register for a retirement seminar and find out how to calculate deferred compensation into your retirement equation.

- Avoid these common distribution mistakes:
  - purchasing an annuity
  - taking a full withdrawal
  - rolling into a retail IRA
- Learn how maintaining your 457/401(k) account with Deferred Compensation - even after employment - will save you money
- Consider consolidating all of your retirement assets including your final pension payment or loan, or union annuity fund into the 401(k) Special Rollover Account
- Discover how the plan is open to you after you leave the City even if you have never been a Deferred Compensation Plan participant
- Ask us about the NYCE IRA opening in the second half of 2006
