FY 2004 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2004 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2004 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes **the Register of Community Board Budget Requests for the Adopted Budget** which will inform the boards of the final disposition of their original budget priorities. The Adopted Register will contain responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements. For FY 2004 the boards sought new or continued funding for 1,712 capital projects within 27 agencies.

The 59 community boards participate in New York City's expense budget process in two ways. They indicate immediate service needs by submitting expense budget requests with voted priorities. Community boards submitted 1,281 expense requests to 38 agencies.

Boards also indicate the general importance of current services by ranking service programs which provide direct local level services. This ranking system informs elected officials and budget decision makers which programs the communities deem most important. For FY 2004 the community boards ranked 85 program activities provided by 25 selected agencies.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5930 for more information about the community board process including consultations, the service program rankings and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the Financial Plan FY 2003 – 2007.

Column 2: Tracking Code

The seven digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth and fifth digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter A in the eighth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Council District(s): The City Council district(s) where the capital project is located.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the Financial Plan FY 2003 – 2007.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

The previously described seven digit identification number followed by the letter E in the eighth space indicates an expense budget request.

Expense projects with tracking codes ending with 6, 7, 8, or 9 in the eighth space were originally funded by the Community Development budget and carried in the capital budget data base. These expense requests were transferred to the expense budget data base.

Column 3: Project Information

Request, Explanation, Responsible Agency,

Same as previously described for Capital Requests.

The eastside waterfront on lower Manhattan can play a vital role in making this area more attractive to new and existing residnets, workers and tourists. This important resource must be recaptured and utilized.</p> <p>Responsible Agency: Economic Development Corporation</p> <p>Council Districts: 1</p> <p>Supported by: Alliance for Downtown NY</p>	<p>This capital project is included in the Executive Budget as a line item for FY 2004. 5	3018803A	<p>Request: Construct Lower Manhattan Bus Parking Facility</p> <p>Explanation: According to a May 1988 report by DOT, 725 express buses enter lower Manhattan daily. The study projects up to 925 buses by 1995 and 1165 by 2005. In addition, hundreds of tour buses enter our district every day. These buses already contribute significantly to traffic congestion and pedestrian hazards. Community Board #1 strongly endorses the conclusion of the report which recommends the creation of a passenger terminal with bus storage facilities at the current Battery Parking Garage site.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates.</p>
6	3010201A	<p>Request: Construct Connection Between East River Bikeway/Walkway and the Hudson River Park Esplanade.</p> <p>Explanation: There are currently esplanades/bikeways running along both the East River and Hudson River starting at the Battery and running northward. There is, however, no connection between these two which would enable travelers to go around the Battery and proceed onto the other side of Manhattan. It has long been a goal of many organizations to create a continuous waterfront esplanade around Manhattan. The small connection between these two esplanades at the Battery would be a major step towards realizing this goal.</p> <p>Responsible Agency: Economic Development Corporation</p> <p>Council Districts: 1</p> <p>Supported by: Alliance for Downtown NY Battery Park City Authority</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates.</p>

7	3019006A	<p>Request: Construct New Intermediate School</p> <p>Explanation: I.S. 89 at Battery Park City is already turning away 30% of local children wishing to attend. It is far too small to accommodate local need, not alone district-wide applications. This situation will grow far worse with expanding youth population.</p> <p>Responsible Agency: Department of Education</p> <p>Council Districts: 1</p> <p>Supported by: P.S. 234 PTA, BPCPTA, PS89 PTA, Community School B Southbridge Towers</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates.</p>
7A	3010101A	<p>Request: Construct New High School.</p> <p>Explanation: The school age population in CB#1 continues to grow at a rapid pace. The local children are aging & many are at or near high school age. A local high school is needed to serve this expanding teen population.</p> <p>Responsible Agency: Department of Education</p> <p>Council Districts: 1</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates.</p>
8	3019404A	<p>Request: Restore and Maintain Cobblestone Streets within CB #1's Historic Districts</p> <p>Explanation: A major feature which characterizes lower Manhattan is its cobblestone roadways which date back to the 1800's and early 1900's. Areas which contain cobblestone roads are some of the most vibrant areas in NYC. Residents, workers, thousands of visitors, and movie production companies treasure these streets and want them preserved. CB #1 believes it incredibly shortsighted of the City to recklessly destroy these valuable historic features, particularly in and around historic districts.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1</p> <p>Supported by: Seaport Community Coalition Tribeca Community Assoc.</p>	<p>This request includes more than one proposal. 3	3019306E	<p>Request: Increase Funding of YDDP, After School and Summer Youth Recreation Programs</p> <p>Explanation: The CB #1 population of youth ages 19 and under has increased by 86% since 1980. There is heavy demand on our sole, free, after school program, it needs to be expanded. The Board experienced a 155% increase in its pre-school aged population (Ages 0-4)! This community needs programs to serve this young population. The limited DYS funded programs that do exist in CB #1 have not seen an increase in funding in over 10 years. These services are vital to our community and funding must increase to adequately address the growing numbers of youths in the district.</p> <p>Responsible Agency: Department of Youth & Community Development</p> <p>Supported by: Independence Plaza Tenants Assoc. No provisions were ever made for the maintenance of this facility which has fallen into serious disrepair. It impacts not only the homeless themselves but negatively impacts the quality of life of communities such as ours. Clearly, the homeless require many services which would result in getting them off the street and into permanent housing including job training, alcohol and substance abuse counseling, and mental health counseling. 3A	3020401A	<p>Request: CB#2 further requests that the NYCDOT conduct a study of this intersection and suggest further improvements to pedestrian safety and to recommend traffic calming measures at this location. The study should include an investigation of neckdowns, signal timing, increasing pedestrian crossing times.</p> <p>Explanation: CB#2 has long recognized that this is a difficult intersection of three streets caused by the widening of 7th Ave. many years ago. This is a dangerous intersection for pedestrian crossing particularly on the south side of 7th Ave. due to cars turning from Bleecker and going down 7th Ave. A NYC DOT study of the intersection at Mulray Square resulted in significant improvements to a similar intersection, CB#2 requests that the NYC DOT install bollards of an appropriate historic design at the north east corner along Bleecker St. and at the south east corner along 7th Ave. and along Bleecker St.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 1, 2, 3</p>	<p>Requests for Traffic Calming Devices should be directed to the appropriate NYC-DOT Borough Commissioner. 1	3020002E	<p>Request: Assisted-Living Services for moderate and low income elderly citizens including help with shopping, cleaning, cooking and other everyday functions.</p> <p>Explanation: Many senior who desire strongly to remain independent and avoid institutionalization are hampered in their effort to live self-reliantly by the lack of a helping hand. Moreover, in a rental market where the ability of building owners to achieve substantial increases in income is often dependent upon "turning over" apartments, the moderate incapacity of some elderly citizens may be used by some owners to lever the removal of seniors from longtime domiciles and to replace them with higher-paying tenants. For reasons of humanity and as fiscal good sense, it is better to finance help for seniors who need it than to subsidize their residence in nursing homes.</p> <p>Responsible Agency: Department for the Aging</p>	<p>The agency will try to accommodate this issue within existing resources. 2	3020003E	<p>Request: Funding for program development & training a defibrillator pilot program to increase survival rates following cardiac arrest incidents in our area.</p> <p>Explanation: The proposal would fund a pilot program to allow cardiac difibrillators to be made available in commercial establishments and residential buildings in order to improve the very low (2%) survival rate now experienced in our area following cardiac arrest. The machines would be obtained and training offered by St. Vincents Hospital, and the program would allow very rapid response to stabilize patients until EMS personnel arrive. Very often survival is decided by the number of minutes/seconds between onset and the administration of emergency care, and the program would reduce the negative effect to New York realities (heavy traffic, high-rise buildings with access problems) which are largely responsible for making our survival rate so poor.</p> <p>Responsible Agency: Health and Hospitals Corporation</p>	<p>More information is needed from the community board before making a funding decision. It serves a vital role as after-school destinations for children and as an access point to computer technology and the internet, and is a central source of information for immigrants from many Spanish-speaking countries and Asian countries. Many officers are assigned to terrorism and narcotics units, and many have retired. The number of uniformed officers in local precincts has been reduced to minimal levels. To maintain the low crime statistics in the seven major crimes as well as illegal drugs and the quality of life violations, CB7 seeks a restoration of uniformed patrol officers in the 20 and 24 Precincts to fully staff community policing, sector patrols and special units - estimated to be an additional 75 officers per precinct.</p> <p>Responsible Agency: Police Department</p>	<p>The agency will try to accommodate this issue within existing resources. Most of these programs are funded by cobling together private/foundation funds, which are declining in the current economy. City funding can assure the survival and growth of these programs.</p> <p>Responsible Agency: Department of Education</p> <p>Project in Coordination with: Department of Youth & Community Development</p>	<p>The agency will try to accommodate this issue within existing resources. 4	3079502E	<p>Request: Additional day care slots.</p> <p>Explanation: In the past, slots have been available for only one-fifth of the eligible children in CB7. Because need is often determined by looking at the entire district as a single entity, it is essential that the agency recognize the disparity in income and need in the different sections of CD7. Toward this end, a New Head Start Program at P.S. 191 on West 61st Street would provide services to children in CD7's southern-most census tract where 20-30% of the families receive public assistance and do not have access to much needed pre-school programs.</p> <p>Responsible Agency: Administration of Children's Services</p>	<p>This project will be approved if the City receives sufficient Federal and/or State Funds.</p>

Since 9/11, use is up 7% and circulation 12%. CD7's three branch libraries of The New York Public Library (Bloomingdale, St. Agnes, and Riverside) and the Performing Arts Library provide circulating educational and arts programming for the community and local schools. The Lincoln Center Performing Arts Research Library, with its collections of original materials, is an invaluable resource for the local and international arts and educational communities. Without adequate staff, major capital investments made to upgrade the park and improve its horticulture and active recreation areas will be in jeopardy. In addition to shortening tree life, the lack of maintenance is resulting in a growing concern about safety and reduced light on sidewalk and streets. 8	3099401A	<p>Request: Appropriate Funds for On-Site Pre-School Facilities in Community District 9</p> <p>Explanation: There is a dearth of day care facilities in our community. This situation forces mothers of preschool aged children to forgo employment opportunities, extending in some cases the City's welfare burden. Board 9 recommends that in all HPD rehabilitated residential properties, funding for such sites be included.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Council Districts: 7, 8, 9</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates.</p>
9	3098306A	<p>Request: Reconstruct Broadway (125th - 155th Street)</p> <p>Explanation: Broadway is a vital commercial and residential strip in our community. For too long the upkeep and maintenance of the catch-basins have been neglected. These conditions have resulted in further deterioration and a sub-standard state of our infrastructure. This also further erodes the quality-of-life of our community residents and businesses.</p> <p>Responsible Agency: Department of Transportation</p> <p>Council Districts: 7</p> <p>Budget Line: HW-590</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates.</p>

11	3090404A	<p>Request: Provide Funds in Community Board 9's Landmarked Districts so that HDFC and TIL Buildings Can Cover the Increased Cost of Repairs that the Designation Creates.</p> <p>Explanation: With Landmark designation in Hamilton Heights and Sugar Hill, comes the increased cost of repairs and replacements to facades, entry ways, steps, windows, roofing etc. By their very nature, HDFC's and TIL's are low and moderate income families who are taking over the management of their buildings. Their operating budgets are not set up for these added costs. Also, Upgrade the Lighting Along the Walkways and Paths.</p> <p>Explanation: Both stairwells have been in an increasing state of disrepair for up to ten years now. 19	3099701E	<p>Request: Restore Funding for Emergency Services</p> <p>Explanation: The Community District, because it is bordered by the Henry Hudson Parkway, Riverside Drive, as well as railroad tracks and since the majority of its housing stock is pre-1920, faces the potential for multiple emergencies. The recent cuts in the ESU budget raise concern as to their ability to maintain and replace equipment to facilitate the unit's duties. Equipment such as harnesses, the jaws of life, etc., must be available in the best possible condition. CB9 requests that the cuts be restored to provide safety for our residents.</p> <p>Responsible Agency: Police Department</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
20	3090205E	<p>Request: Provide For an Additional Inspector to Monitor Health Code Violations</p> <p>Explanation: With additional locations and vendors in the area selling and dispensing food, the need to assure the safety of their and the local markets' products needs to be addressed. The lack of inspections in CD9 can lead to health related incidents in a district where the largest segments of our population are youth and seniors (both highly susceptible to infection). We request funding for an inspector designated for Community District 9.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p> <p>Supported by: West 147 Street Block Association</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
21	3090101E	<p>Request: Increase Patrol Cars in the 26th, & 30th, Precincts & PSA 6.</p> <p>Explanation: Budget cuts have reduced the number of replacement vehicles purchased for each of the commands covering the CB9 area. For the community, it creates the problem of response time and coverage. We are asking that allocations include funds for one (1) additional vehicle in each command.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: NYPD</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>

Banners displayed on each light post will go a great way in reaching that goal.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
24	3090206E	<p>Request: Place Additional Garbage Bins in All CD9 Parks</p> <p>Explanation: A combination of increased utilization of the area's parks, along with a decrease of personnel have led to trash and litter. In an attempt to keep our green spaces as neat and beautiful as possible, the board requests that more garbage bins be placed in the parks.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Harlem Art Fund Friends of Morningside Park</p>	<p>The agency will try to accommodate this issue within existing resources.
