ARRA Funding Source: Assistance to Firefighters Fire Station Construction Grants

Funding Source Description: The Department of Homeland Security's Assistance to Firefighters Fire Station Construction Grants (SCG) provides financial assistance directly to fire departments on a competitive basis to build new or modify existing fire stations in order for departments to enhance their response capability and protect the community they serve from fire and fire-related hazards.

Grant Description: The FDNY submitted construction projects to renovate six of our older firehouses. Included were projects to construct new apparatus floors to accommodate heavier fire trucks, upgraded electrical and plumbing systems and improved, more energy efficient HVAC units.

Grant Amount: \$14,998,708

Anticipated benefits: These projects will increase public safety by supporting the structural integrity of our older firehouses. Energy efficiency will improve with the installation of green technology. Construction is ready to begin pending Federal funding, and it is anticipated that these projects will help stimulate the economy and generate jobs.
