RESIDENTIAL SECURITY SURVEYS:

A Crime Prevention Specialist from the Precinct can visit your home or apartment to conduct a security survey. All security devices such as: locks, windows, doors, alarms, and lighting are thoroughly checked to determine their effectiveness. A confidential report with recommendations to improve security can be provided.

OPERATION IDENTIFICATION:

The Crime Prevention Officer will mark valuable property with an etching tool or with a special marker that can only be seen with a Ultra-Violet light. Each piece of property will receive a special Precinct serial number. Decals can be provided for posting on doors and windows to show program participation.

ANTI-AUTO THEFT PROGRAMS

GLASS VIN ETCHING:

Glass etching is a chemical process that permanently etches the VIN (Vehicle Identification Number) onto all glass windows of your auto. Some of the advantages of this program are: it helps deter auto crime by reducing the value of the car to a thief, it helps identify stolen parts, and many insurance companies offer discounts for this program when completed by The Police Department.

C.A.T. PROGRAM (COMBAT AUTO THEFT):

This program is done by attaching a C.A.T sticker to the rear side windows of your auto. The owner signs an authorization form which allows the Police Department to stop your auto during the hours of 1 a.m. till 5 a.m. If you are out and are stopped, you just need to show proper identification.

COMMUTER C.A.T.:

This program is set specifically for those residents who commute and leave their auto parked for the day. This is the same as the C.A.T. program (see above) except the hours that you may be stopped are from 10a.m. till 4 p.m.

H.E.A.T. (HELP END AUTO THEFT)

This is a citywide volunteer program to combat auto theft. In order to participate, you must be:

A New York Resident A Registered Owner Of a Motor Vehicle Above The Age of 40 Years Old

When you register for this program, Two (2) decals are placed on your vehicle. The decals inform the Police that anyone driving the vehicle who is under the age of 25 is doing so without the owners consent. It authorizes the Police to stop and check your vehicle. H.E.A.T. is in effect 24 hours a day.

C.A.T. - COMMUTER C.A.T. - H.E.A.T. PROGRAMS ALLOW POLICE OFFICERS TO STOP YOUR VEHICLE DURING THOSE HOURS AND FOR THOSE AGES STATED FOR EACH PROGRAM. THIS DOES NOT MEAN THE VEHICLE IS STOLEN. OFFICERS WILL, HOWEVER; TAKE THE NECESSARY PRECAUTIONS GENERALLY TAKEN TO ENSURE OFFICER SAFETY WHEN APPROACHING A POTENTIALLY STOLEN AUTO.

ALL ABOVE LISTED PROGRAMS ARE FREE OF CHARGE!
