260th Place between Bridgewater Avenue to 69th Avenue

Beginning on/about Monday, March 28th, 2016, and continuing for approximately 2 (two) years, the New York City Department of Design and Construction (NYCDDC) will begin water main and sanitary sewer installation for the Reconstruction of Bridgewater Avenue Project (SEQ200538) in Queens, Community Board 13. To facilitate this phase of construction, **access to driveways and curbside parking may be restricted** along the streets mentioned above. This is a mobile operation with work beginning at 69th Avenue between 261st Street to 266th Street and proceeding to 73rd Avenue between 73rd Road to 260th Street. Work will occur during daytime work hours from 7:00am to 3:30pm, Monday through Friday. Completion of the project is anticipated for fall 2017.

WHAT ARE THE COMMUNITY IMPACTS?

The DDC is committed to maintaining a work site that is safe and clean. However, dust, noise and heavy equipment are common elements of construction and we ask for your patience during the project. There may be limited street access on certain blocks. However, deliveries to commercial and residential properties and emergency vehicle access will be allowed. In addition, the DDC will be baiting the construction zone on a regular basis to control rodent populations.

Student Pick-Up/Drop Off

- ❖ Where construction impacts school pick-up and drop-off areas, the DDC will coordinate with the DOE and school officials to ensure these locations are safe, clearly marked and maintained.

Pedestrian/Traffic

- ❖ **Pedestrian access** - to buildings will be maintained at all times.
- ❖ **Street closures/Traffic Detours** – partial closures and/or limited access of intersections and streets. Half-block closures may be necessary. In the event of half-block closures, the street will be closed to through-traffic, but emergency vehicle access will be allowed. Signs will be posted.
- ❖ **Vehicular access** – may be restricted on certain streets in certain locations.
- ❖ **Parking** - will be temporarily restricted so construction may proceed. Signs will be posted where necessary.
- ❖ **Driveway/loading dock access** – may be temporarily restricted.

Public Transportation

- ❖ **Bus Relocation** – where and when necessary, the bus may be detoured in/around the work zones.

WATER SERVICE INTERRUPTIONS

During the course of this project, temporary water service disruptions will be necessary in order to replace the water mains. If it is necessary for DDC to turn off your water service, you will receive written notice by 4pm the day before service interruption. If your water service is not restored by 6 PM, unless otherwise indicated on the Shut-Off Notice, please call 311.

WHAT ARE THE HOURS OF WORK?

As the NYC–DOT permits the contractor's typical working hours are Monday – Friday between the hours of 7:00 AM – 3:30 PM. At certain locations the contractor may have to work different daytime hours, nights and weekends. Permitted work hours are: 7:00AM – 3:30PM, Monday to Friday at the following intersections:

- 73rd Avenue between 73rd Road to 260th Street
- 260th Street between 73rd Avenue to Langston Avenue
- Langston Avenue between 260th Street to 261st Street
- 261st Street between Langston Avenue to 72nd Road
- 72nd Road between 261st Street to 266th Street
- 266th Street between 72nd Road to Bridgewater Avenue
- Bridgewater Avenue between 266th Street to 261st Street
- 261st Street between Bridgewater Avenue to 69th Avenue
- 69th Avenue between 261st Street to 266th Street
- 260th Place between Bridgewater Avenue to 69th Avenue
