APEC sells a variety of bird seed twice annually. Your patronage of the APEC annual bird seed sale helps benefit the education and conservation programs for over 63,000 children and adults annually at Alley Pond Environmental Center. Please encourage friends and neighbors to consider placing their orders with APEC also.

The single best food top put in your feeder for wild birds is sunflower seed, especially black oil sunflower seed. Virtually all seed-eating birds like it. APEC sells a variety of sunflower seeds and chips, as well as seed mixes, suet cakes, and others!

Please pre-order your seed by faxing (718-229-0376), emailing (info@alleypond.com), or mailing (22806 Northern Blvd., Douglaston, NY 11362) your form to APEC by the deadline of January 13, 2016. Seed will be available for pickup January 28, 29 and 30 from 10am – 3pm.
