Rain Barrel Giveaway Program

As part of its citywide stormwater management effort to reduce stormwater runoff and create a more livable, sustainable city, DEP initiated the Rain Barrel Giveaway Program in spring 2008 and distributed 250 barrels to homeowners in Queens Community Boards 12 and 13. Rain barrels capture stormwater from your roof and store it for future use such as watering your lawn or garden. Initiated by the [Jamaica Bay Watershed Protection Plan](#), DEP targeted neighborhoods with the watershed for the second phase of the pilot program in 2009. DEP received a tremendous response for the program and distributed 750 barrels in 2009. 2011 Rain Barrel Giveaway DEP is giving away another thousand rain barrels across the City in 2011. This year we are giving away rain barrels at the following locations: **Queens** Saturday, April 30, 2011 9:00 am – 2:00 pm Cunningham Park 196th Place & Union Turnpike **Please note:** Rain Barrels will be given away on a first-come, first-served basis, one per household. You must live in a single-family or attached two-family home to participate in this exciting and innovative program. For more information on the rain barrel program please mail us at rainbarrel@dep.nyc.gov, or call 311
