

Important Notice

Roosevelt Island Bridge

over the East Channel of the East River

Manhattan/Queens Community Boards No. 8M, No. 1Q and No. 2Q September 2015

While the United Nations General Assembly is in session, from Friday, September 25, through Friday, October 2, the U.S. Coast Guard will close the West Channel of the East River, which is the main navigational channel, and divert all marine traffic to the East Channel, between Roosevelt Island and Queens. The NYC Department of Transportation will close the Roosevelt Island Bridge, as needed, **for up to 15 minutes at a time between 7:00 a.m. and 7:00 p.m.** to permit marine traffic to pass.

During these closures, the bridge will be closed to all vehicular, pedestrian and bicycle traffic. A variable message sign will be installed to inform the public. Traffic Enforcement Agents will assist in traffic control at Vernon Blvd and 36th Avenue. Emergency service providers have been informed of the special operational schedule.
