## WATER SERVICE INTERRUPTION

**48<sup>th</sup> Avenue between 69<sup>th</sup> Street and 70<sup>th</sup> Street  
70<sup>th</sup> Street between 48<sup>th</sup> Avenue and 49<sup>th</sup> Avenue  
Friday (Day)  
September 29, 2016  
8:00AM – 4:00PM**

### WHY IS MY WATER BEING TURNED OFF?

A water service interruption is necessary to facilitate the installation of the 8" water mains, water shut down is necessary. The shutdown is anticipated to begin at 8:00am and last for approximately four (8) hours. This work may be completed earlier and water service restored.

### SOME THINGS TO REMEMBER:

- The DDC recommends that you shut off the water main valve in your house/building in order to avoid problems that may occur if/when sediment enters or is released from your plumbing.
- You are asked to shut off all WATER cooled appliances, which may include air conditioners, etc.
- Once water service is returned, turn the main house valve back on and flush the system by running your faucets, sinks and tubs, for a few minutes.

If you have any questions, concerns, or would like to learn more about the project, please call Mrs. Bitu Mehrpour, the Community Construction Liaison at 718-424-1058, or visit the NYCDDC web site at [www.nyc.gov/ddc](http://www.nyc.gov/ddc). During non-construction hours please contact New York City Government Services and Information Hotline at 311 and mention Project # SE814.

We appreciate your cooperation and thank you for your patience while we rebuild NYC's infrastructure.
