SAFE ROUTES TO SCHOOLS – PHASE I PROJECT PROJECT # HWCSCH3-ER

Borough: Queens

June 29, 2015

WATER SERVICE INTERRUPTION

Greenpoint Avenue between 39th Street and 39th Place

Thursday July 2, 2015

8:00AM – 4:30PM

WHY IS MY WATER BEING TURNED OFF?

A water service interruption is necessary to facilitate the replacement of fire hydrants. The shutdown is anticipated to begin at 8:00am and last for approximately eight (8) hours. This work may be completed earlier and water service restored.

SOME THINGS TO REMEMBER:

- The DDC recommends that you shut off the water main valve in your house/building in order to avoid problems that may occur if/when sediment enters or is released from your plumbing.
- You are asked to shut off all WATER cooled appliances, which may include air conditioners, etc.
- Once water service is returned, turn the main house valve back on and flush the system by running your faucets, sinks and tubs, for a few minutes.

If you have any questions, concerns, or would like to learn more about the project, please call Bitá Mousavi, the Community Construction Liaison at 718-479-4404, or visit the NYCCDC web site at www.nyc.gov/ddc. During non-construction hours please contact New York City Government Services and Information Hotline at 311 and mention Project # HWCSCH3-ER.

We appreciate your cooperation and thank you for your patience while we rebuild NYC's infrastructure.

** Construction schedules subject to change due to unforeseen circumstances (field conditions, weather, etc.)**
