Water Service Interruption

During the course of the project there will be service interruptions. To allow water replacement, the existing water service must be shut off by closing the valves at either end of the section. Advance notice will be given for all planned interruptions. Water service will be restored at the end of the day.

Property Damage

You are advised to inform the Resident Engineer (RE) or the Contractor of any property damage that you may have; if the contractor fails to respond within 10 days, you should inform the DDC Borough Director in writing. If you intend to file a claim you must do so within 90 days of the occurrence with the New York City Comptroller's Office.

Community Construction Liaison (CCL)

The DDC has assigned **Essam Gawish, of HAKS Engineers**, as the Community Construction Liaison (CCL) for this project. Please contact Essam for any project related inquiries/concerns you may have:
