## Ed Koch Queensboro Bridge

Manhattan/Queens      Community Boards No. 8M, No. 1Q & No. 2Q      January 2015

The NYC Department of Transportation Division of Bridges is continuing preventive maintenance on the Queensboro Bridge, including cleaning and lubricating joints and trusses and maintaining air and fire valves. Work will proceed one lane at a time in either direction from 10:00 p.m. until 5:00 a.m. the next morning. Weather permitting, work on the upper roadways will be conducted on Tuesday, February 2, and on the lower roadways on Wednesday, February 3. Also on Wednesday, the bicycle and pedestrian path will be narrowed and cyclists may have to dismount briefly to pass the work area.
