## Ed Koch Queensboro Bridge

Manhattan/Queens

Community Boards No. 8M, No. 1Q & No. 2Q

March 2016

The NYC Department of Transportation Division of Bridges is cleaning and lubricating joints and slides on the Queensboro Bridge. The work will be performed on Tuesday, March 22, on the Upper Roadways and on Thursday, March 24, on the Lower Roadways and the bicycle and pedestrian path. Between 10:00 p.m. and 5:00 a.m. the next morning, one lane at a time may be closed. The bicycle and pedestrian path will remain open but cyclists may have to dismount briefly to pass the work area. The work is weather-dependent and may be rescheduled if necessary.

### Partial Lane Closures, 10:00 p.m. – 5:00 a.m.

March 22: Upper Roadways

March 24: Lower Roadways, Pedestrian/Bike Path  
*(weather permitting)*

*All other lanes will remain open.*

Anne Koenig of the Office of Community Affairs is available to provide information about this project at 212-839-6307 or AKoenig@dot.nyc.gov. For all NYC non-emergency services, including inquiries regarding NYCDOT construction projects, dial 311. Be prepared to give your name, the borough of the project, and a return phone number.

your city. your needs. your number.
