

Is Case Management For You?

- Are you 60 years old or older and homebound?
- Do you need Meals on Wheels?
- Have you recently been discharged from a hospital?
- Are you finding it difficult to travel to your medical appointments?
- Is cleaning your home becoming more difficult?
- Are the medical bills piling up?
- Would you like to explore government benefits for which you may be qualified?
- Do you need an advocate?
- Do you live in Sunnyside, Woodside, Long Island City, East Elmhurst or parts of Jackson Heights, Astoria, Middle Village, Glenridge, or Ridgewood?

If you answered YES to any of these questions, call us to find out how an SCS Case Manager can help you.

How Can a Case Manager Help?

A Case Manager will identify your needs through a comprehensive intake and in-home assessment. Your Case Manager will develop a care plan with you and/or your caregivers based on your identified needs. The goal of the care plan is to help you obtain services so that you continue to live safely in your home.

The Case Manager is your advocate in navigating through systems and services. Case Managers are trained on all services and resources available to seniors.

What Does it Cost?

There is no cost for Case Management Services.

A comprehensive financial assessment is necessary to determine your eligibility for government benefits such as Senior Citizen Rent Increase Exemption (SCRIE), Food Stamps, Home Energy Assistance Program (HEAP), and the School Tax Credit. You may even be eligible for subsidized housekeeping and homecare.

If eligible, we can help you apply for these programs.
