Since 1990, The Moonlighters have been performing throughout the United States as one of the country's best-loved and most authentic Motown and variety dance bands. Just close your eyes and you'll swear the original artists are performing. But don't close them for too long or you won't be able to enjoy their outstanding dance moves and showmanship. Meticulously-groomed and costumed, whether it's for a sit-down show, a black-tie affair or an all-out dance party, The Moonlighters have a performance custom-tailored to best suit each audience and occasion. Critically-acclaimed, they have performed an unprecedented seven times at The Kennedy Center; for countless political and business leaders, at various foreign embassies, and other prestigious venues covering well over twenty different states.
