Did You Know?

The roof of the Cathedral of St. Patrick in NYC, when seen from the air makes a large cross on a background of green.

A word from the District Manager

Dear Members and Residents of Queens CB4,

With Spring arriving in just a few short weeks, even those of us (myself included) who love the winter can't wait for warmer weather. What many of us don't know is that right under our noses, within walking distance of our district lies our very own nature preserve! At 106 acres, just one year ago, the Willow Lake Preserve in Flushing Meadows Corona Park opened its gates to the public. Every year, the Urban Park Rangers regularly host hiking tours of the half mile wood trail at Willow Lake. For more info on the Rangers, and what other events they host, visit online at: nycgonparks.org/programs/rangers.

To even further welcome the spring, I can happily say that over the course of the next year, CB4 may be getting a whole lot greener. Thanks to the dedication of our Environmental Committee, and CB4's excellent relationship with DEP, the Dept. of Parks, and the Queens Botanical Garden, we will be seeing more green streets, compost sites, with our Green Team at the head of it all. If you, or a friend are looking to lend a hand to clean up, build up, or just show support at one of our many parks, please do not hesitate to contact the CB office for a list of volunteer events, or visit our Facebook page! Looking forward to seeing you all very soon!

Christian Cassagnol
District Manager, CB4Q

Nature Exploration Hike

Our Urban Park Ranger hiking guides will introduce you to the hidden gems of New York City. On our hikes, you may explore nature, discover our city's urban forests, or just unplug from the world to clear your head. Hiking programs feature intensity levels ranging from light (a leisurely stroll on mostly paved paths), to moderate, to vigorous. This will be a light hike.

**IDENTITY THEFT PROTECTION**

Identity theft happens when someone steals your personal information, such as your Social Security number, address, phone number or financial account information, and uses it to open up lines of credit **IN YOUR NAME.**

What you can do to protect yourself?

- Protect your personal information. Do not give out information such as your social security number, and important passwords to your accounts.
- Never carry your social security card, memorize the number. If you must give the number for verification over the phone, the last 4 digits should suffice. Institutions should never ask you to provide your full social security number.
- Do not give personal information over the phone; the caller on the other side may not be who they purport to be.
- Use a secured mailbox.
- Check your credit history and score regularly. Subscribe to a reputable credit monitoring service. It may cost you a fee but peace of mind is priceless.
- Shred all documents containing important information before disposing of them.

The NYPD Crime Prevention Section hosts shredding events on a monthly basis.

For more information on shredding events, tips and other Crime Prevention programs, contact us at :
