INVEST IN NEW YORKERS!

Rally for six-day service at Richmond Hill and show your support for libraries! New York City's public libraries need increased funding to survive and thrive. We're asking the Mayor and City Council for a restoration of \$65 million in the operating budget to expand hours and services, and \$1.4 billion in the capital budget to construct and maintain buildings. You can help! Join us on Monday, May 18 to speak out for libraries and rally for six-day service at Richmond Hill. Bring family and friends!
