HUMAN RESOURCES ADMINISTRATION

AGENCY MISSION

Meeting Clients Where They Are

The Human Resources Administration/Department of Social Services (HRA/DSS) enhances the quality of life for all New Yorkers by providing temporary help to eligible individuals and families with social service and economic needs in order to assist them in leading independent lives. These goals are accomplished through the effective administration of a broad range of social welfare programs and services.

Agency Overview

The New York City Human Resources Administration/Department of Social Services (HRA/DSS) spearheads New York City 's Welfare Reform initiatives, and serves a diverse group of New Yorkers through a wide range of social service programs. HRA/DSS's mission is to make work central in the lives of all able-bodied New Yorkers receiving public assistance. HRA/DSS's programs also ensure that those needy individuals who meet eligibility requirements are provided food, shelter, temporary financial assistance, medical care, counseling and other essential services.

Federal and State welfare reform has prompted a new model for the public assistance system. Aid to Families with Dependent Children (AFDC) has been replaced by Temporary Assistance to Needy Families (TANF), which focuses on work and personal responsibility. The federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 replaced the welfare programs that were part of Title IV of the Social Security Act of 1935. The new federal welfare reform laws limit cash assistance to a lifetime of five (5) years for U.S. citizens and mandates that recipients participate in a work-related activity within two years of their entry into the program.

New York State's welfare reform incorporates the provisions of the federal welfare reform program with additional requirements for providing assistance, and creates a Safety Net program which provides cash and non-cash assistance to those ineligible for federal benefits.

New York City's welfare rolls have been reduced to fewer than 395,000, their lowest level since 1964. At the same time as welfare rolls have declined, the number of families who are not on welfare and are helped by receiving food stamps has increased by 110%; public health insurance enrollment has increased to more than 2.5 million recipients; and child support has increased steadily.

HRA/DSS's job centers reflect both a philosophical commitment to self-sufficiency and a programmatic effort to emphasize the essential role of work in our lives. The goal of job centers is to:

- Emphasize personal responsibility for obtaining employment and achieving independence.
- Provide access to resources and community services that support participants' efforts towards economic independence.
- Create an environment conducive to participants' achievement of financial independence.
- Treat participants in a respectful, courteous and professional manner.
- Meet participants' emergency and temporary financial needs, while supporting their efforts to obtain a job and achieve financial independence.
- HRA/DSS's Work Experience Program (WEP) establishes reciprocity for public assistance. The guiding principle of WEP is that one learns to work by working.

The ultimate goal of job centers and the Work Experience Program is to assist public assistance recipients in obtaining unsubsidized employment as quickly as possible.

For those with the ability to become self-sufficient, HRA/DSS provides temporary supports including: temporary public assistance, food stamps, health benefits, childcare, adult protective services and eviction prevention.

For New Yorkers who require long term support to live independently, HRA/DSS provides housing support, home care and long term care for the elderly and disabled, and counseling and housing support for people with HIV and AIDS.

The Human Resources Administration/Department of Social Services is committed to being a model social service agency that maximizes individual self-sufficiency, familial responsibility, and community involvement.

The Human Resources Administration Program Areas

The Human Resources Administration (HRA) assists individuals and families in achieving and sustaining their maximum degree of self-sufficiency. HRA provides temporary assistance and employment services or referrals at 31 Job Centers, of which 10 provide specialized services. Currently, 9 Job Centers are Model Offices designed to streamline workflow and enhance access to services. HRA also offers public health insurance at 19 Medicaid Community Model Offices and food stamps at 30 offices. Support services to individuals with AIDS and HIV-related illnesses are provided through 12 centers, of which 7 are Model Offices; protective services to adults through 5 HRA borough offices and 4 contracted programs; and services to victims of domestic violence through 46 State-licensed residential programs, 15 nonresidential programs, and various HRA programs. Additional Job Center and HASA model offices are being developed. HRA determines the home care eligibility of disabled or frail Medicaid recipients through 9 Community Alternative Systems Agency offices, contracts with 95 contracts serviced by 75 home care provider agencies, and assists New York City families in obtaining child support orders and receiving child support payments at 4 borough and 5 Family Court offices.

Family Independence Administration (FIA)

FIA coordinates HRA/DSS's welfare reform efforts by administering Job Center Operations and the Food Stamp Program for New York City. FIA's programs include temporary cash assistance, food stamps, medical assistance for those receiving cash assistance, and employment services. Through directly operated and contracted services, these programs are designed to promote the maximum possible level of self-reliance through work and personal responsibility. FIA also seeks to provide services to our customers that are best suited to overcome any barriers which prevent them from obtaining and retaining employment.

HRA/DSS Job Center staff brings resources to people to help them move toward self-sufficiency. Through a detailed people to assessment process, clients are enrolled in comprehensive employment programs which include work experience, job search and placement services, as well as vocational, job skills training and educational programs. Job center staff also determines and monitors clients' eligibility for Public Assistance (PA) and Medicaid. As clients work to achieve their personal self-sufficiency goals, FIA's Food Stamp staff provides these able-bodied New Yorkers and their families with nutrition necessary for good health.

Domestic Violence and Emergency Intervention (ODVEIS)

The Office of Domestic Violence and Emergency Intervention Services (ODVEIS) provides social services and emergency shelter for victims of domestic violence. ODVEIS directly operates one emergency domestic violence shelter, administers 38 state-licensed emergency residential programs

and oversees private customer referrals for seven transitional housing programs. In addition, the Office of Emergency Intervention Services (OEIS) includes Crisis and Disaster Services, which responds to citywide emergencies such as hurricanes, snow storms and black outs; the Heatline, Utility Assistance program and the federally funded Home Energy Assistance Program, which provide energy related services to low income households; and the Emergency Food Assistance Program, which supplements the food supply in nearly 550 food pantries and soup kitchens citywide.

Medical Insurance and Community Services Administration (MICSA)

Medical Insurance and Community Services Administration (MICSA)

MICSA was created within the Human Resources Administration to improve access, streamline services and promote efficiency. Reflecting its far-reaching vision, broad scope of health-related services and commitment to customer service, HRA/DSS has successfully restructured and renamed what was previously known as the Medical Assistance Program to create MICSA. Under the restructuring, MICSA now helps link New Yorkers to public health insurance programs while administering the Agency's medically-related social services programs including Adult Protective Services, Home Care Services Program, HIV/AIDS Services Administration and Non-Public Assistance Food Stamp Program serving the elderly and disabled. MICSA includes:

Medical Assistance Programs (MAP): MAP is responsible for the administration of public health insurance. MAP determines and maintains eligibility, based on consumer income and/or resource levels, for each of the available health insurance programs and their related services.

Home Care Services Program (HCSP): HCSP provides home attendants, housekeepers, home health aides and long-term home health care for medically needy customers.

Adult Protective Service (APS): APS assists adults who, because of mental or physical disabilities, are unable to manage their own resources, carry out the activities of daily living, or protect themselves from neglect or hazardous situations; and have no one available who is willing and able to responsibly assist them.

HIV/AIDS Services Administration (HASA): HASA is the primary mechanism within the Human Resources Administration which expedites access to essential benefits and social services needed by persons living with AIDS or advanced HIV illnesses and their families. HASA is committed to service provision that is individualized, efficient, effective and of high quality. HASA's work with its clients is based on the responsibility of all sectors of the community to work together to ensure that persons with AIDS have adequate housing, financial security, medical care and other services necessary to allow them to manage the illness and to live their lives with the highest level of self-reliance and the fullest dignity.

Non-Public Assistance Food Stamp Program (NPA/FS): The NPA/FS program that falls under MICSA specializes in dealing with disabled, unemployable food stamp recipients.

Customized Assistance Services (CAS)

Customized Assistance Services (CAS) is a highly specialized office that provides direct services and clinical expertise in the areas of health, mental health, and substance abuse to HRA's other program components. Customized Assistance Services develop programs that provide comprehensive, individualized and clinically focused services for these groups, so that they receive the services they need to achieve their maximum degree of self-reliance. CAS has several functional units including the Visiting Psychiatric Service, the Placement Assessment and Client Tracking Unit, and the Special Needs Policy and Planning Unit.

Office of Child Support Enforcement (OCSE)

The Office of Child Support Enforcement helps custodial parents (parents living with and caring for their children) to obtain the financial support that their children need and deserve from noncustodial parents (parents not living with their children). OCSE strives to improve the quality of life for children living in New York City by ensuring financial support from both parents. Every year, OCSE collects more than half a billion dollars in child support payments for New York City's children.

OCSE assists all parents, regardless of income and immigration status at no cost. Once a child support order is established, it remains in effect until the child reaches age 21 or becomes self-supporting, unless the court orders otherwise. Clients applying for or receiving public assistance benefits are automatically referred to an OCSE Borough Office for child support services. Parents not receiving public assistance must apply for our services by visiting the OCSE office in the family court in the borough in which they reside.

Child support services include the location of noncustodial parents, paternity establishment, summons service, establishment of child support and medical support orders, and collection, disbursement and enforcement of child support payments.

Office of Refugee and Immigrant Affairs (ORIA)

HRA established the Office of Refugee and Immigrant Affairs (ORIA) to improve access for refugees, immigrants and limited English-speaking (LESA) applicants and participants to HRA programs and services. This office is responsible for overseeing and implementing all refugee, immigrant and LESA policies in HRA and designs and implements a comprehensive set of strategies to ensure equal access and effective services to refugees, immigrants, and other LESA individuals. Over the past two years ORIA has undertaken a number of actions in collaboration with other HRA program areas to improve access and services to refugees, immigrants and other LESA individuals. These actions include: Establishment of the Refugee and Immigrant Job Centers, bilingual staffing, interpreter services and translations.

EXPLANATION OF INDICATORS

CENSUS DATA

The source for the 2000 Census demographic and socioeconomic data is New York City's Department of City Planning.

PROGRAM DATA

Included for New York City, each borough and each community district is the data relating to Public Assistance, Food Stamps, Medicaid, and SSI programs as of October 2006. The geographic breakdowns are based on address information provided by clients. As of October 2005, the methodology for calculating the Community this data has changed and should not be used to compare data from prior years.

DIRECT SERVICE OFFICES

The direct service offices run by HRA program areas are broken down by borough and community district. Identified is the community district of their location although many of the direct service offices serve multiple community districts and/or multiple boroughs.

CONTRACT SERVICES - Planned for fiscal year 2007 (As of August 2006)

The DRS includes a list of human service contracts based on the Contractor's address. Information for these contracts includes type of service, contractual dates, contractor's name and address and contract amount.

(Contract addresses may not represent the areas served by the contract since the address may only be an administrative address and many contracts serve multiple community districts, as well as multiple boroughs.)
