An Election Transformed

The New York City Campaign Finance Board 2001 Post Election Report

Welcome to the New York City Campaign Finance Board (CFB) *2001 Post Election Report Appendices on Compact Disc*. The Portable Document Format (.PDF) files on this CD are readable by any computer with Adobe's free *Acrobat Reader* software installed. *

The .PDF files linked below contain disclosure information in a tabular format that may be viewed, searched, and/or printed at your convenience. Click on the link below for detailed explanations of the data contained in each appendix.

[NYC CFB PER 2001 Appendices – Notes](#)

Click on any of the following links to open the corresponding appendix file in an *Acrobat Reader* window. When you are finished viewing, searching, or printing the file, click on the "Return to Main Menu" link at the top of each page to return to this list.

- [Appendix A – Campaign Finance Program Participants in the 2001 Elections](#)
- [Appendix B – Totals for Candidates Appearing on the Primary Election Ballot](#)
- [Appendix C – Totals for Candidates Appearing on the General Election Ballot](#)
- [Appendix D – Contributions and Other Receipts \(participants only\)](#)
- [Appendix E – Contributions by Type of Contributor \(participants only\)](#)
- [Appendix F – Loans \(participants only\)](#)
- [Appendix G – Candidate Payments Summary \(participants only\)](#)
- [Appendix H – Candidates' Financial Summary \(participants only\)](#)

* These files cannot be read without *Acrobat Reader* – a free software compatible with almost every platform and operating system available. Hard copies can be ordered at the above address.

If you are on an IBM-compatible PC (i.e., running Windows 95, 98, ME, 2000, or XP), an option to install a copy of Acrobat Reader was included in the setup program that ran when you first inserted this CD.

If you do not already have *Acrobat Reader* or did not install it during the set-up of this CD, you must download a copy from the Adobe Website (<http://www.adobe.com>) or exit this file, eject the CD, reinsert the CD, and follow the instructions to install *Acrobat Reader*.

If you are working from a Macintosh or other unsupported platform and the installation program on this CD does not work, you must visit the Adobe Website (<http://www.adobe.com>) and follow instructions to download a copy of Acrobat Reader compatible with your system.

An Election Transformed **The New York City Campaign Finance Board 2001 Post Election Report**

Notes to Appendices and Data

All appendices cover only candidates for the 2001 citywide elections. Data in both the report and appendices are cumulative for all committees for a given campaign. All data for Campaign Finance Program participants in the report and in all appendices are from the New York City Campaign Finance Board's Campaign Finance Information System ("CFIS"), as of April 30, 2002. Prior to that date, the CFB made efforts to have campaigns provide missing submissions and correct apparent reporting errors that were not corrected during the election cycle. Notwithstanding those efforts, CFIS is subject to change as a result of ongoing audits and additional amendments to filings received from campaigns. Figures are based on information as it is reported to the CFB by the campaigns and may not reflect conclusions about the data reached during the audit and enforcement process. Current data, as well as the CFB's searchable database, can be viewed on the CFB's home page, which is located at <http://www.cfb.nyc.ny.us>. Clicking on the above link or clicking on the CFB logo at the top of each appendix page will access the CFB home page.

Data for non-participants are based upon State Board of Elections (State BOE) financial disclosure statements required under state law to be submitted to the Board of Elections in the City of New York (City BOE) and obtained by the CFB as of April 30, 2002. Non-participant filings are not audited by the CFB, and the CFB has no capacity to verify the accuracy or completeness of these filings. Data for non-participants are included only for the purposes of making general comparisons. Data for non-participants may not be comparable to participants' data for the following reasons:

- The CFB was unable to obtain all non-participants' disclosure statements and/or was unable to verify the completeness of filings that were obtained. In some cases, non-participants may have failed to file with the City BOE. In other instances, the filings may contain information relating to a previous election.
- The manner in which non-participants submit amended disclosure statements to the City BOE is different from CFB protocols for amendment and resubmission of data.
- Non-participants filing with the City BOE may have used various versions of disclosure forms issued by the State BOE.

Vote totals and party information for all candidates are as provided by the City BOE.

Where noted in the report, data for previous election cycles may be adjusted for inflation.

[Appendix A: Campaign Finance Program Participants in the 2001 Elections](#)

Appendix A presents an alphabetical list of participants by office sought for the 2001 election. An asterisk (*) indicates that the participant was on the ballot in either the primary or general elections. A plus (+) sign indicates the candidate was an incumbent in the office sought.

[Appendix B: Totals for Candidates Appearing on the Primary Election Ballot](#)

This appendix includes data for both participants and non-participants through the first post-primary filing. Because of the rescheduled primary, the 10-day-post primary disclosure statement was due to both the City BOE and the CFB on October 5, 2001, covering financial activity through October 1, 2001. In many cases, this statement includes primary day expenditures originally incurred on September 11th that were recreated by the candidates on September 25th, the date of the rescheduled primary. The report does not necessarily reflect expenditures attributable only to the primary election. In the case of some of the mayoral and public advocate candidates, it includes expenditures for the runoff elections. The appendix shows the candidate's name, Program participation status, net contributions, net expenditures, net public funds received for the primary (including returned funds) for participants, and votes received in the primary election. Candidates are grouped by the party for which they appeared on the primary ballot. Candidates participating in more than one primary appear accordingly, although contribution, expenditure, and public funds data are cumulative for all primary activity. Incumbents are noted with an asterisk (*), and candidates who qualified to receive public funds at a bonus matching rate are noted with a pound sign (#). A plus sign (+) indicates that the campaign filed its disclosure statements for the primary period as a small campaign, certifying minimal activity. N/A denotes no filing from the candidate or that the column does not apply. Specific information about the data is indicated by "Notes," listed at the bottom of the appendix.

For participants:

Net contributions includes itemized and unitemized monetary contributions, in-kind contributions, transfers received from a party or constituted committee ("Type 1"), and outstanding advances, less refunds and forgiven loans through the last primary disclosure statement submitted. Net contributions does not include any surplus funds from previous elections; transfers from non-covered committees which are reported as lump sum amounts ("Type 2"); any loans that are deemed contributions because they are outstanding after the last election, taken out after the election, or paid back by a third party; or any bills that are deemed contributions because they are outstanding for more than 90 days, paid back by a third party, or forgiven.

Net expenditures includes itemized and unitemized expenditure payments, in-kind contributions, transfers to a party or constituted committee, advances, and outstanding bills as of the last primary disclosure statement submitted, less expenditure refunds.

CFB payments consists of funds disbursed for the primary election, less returned funds.

For non-participants:

Totals represent cumulative contributions and spending through the last primary disclosure statement obtained from the City BOE.

A non-participant carries note 2 only when the CFB was unable to obtain any City BOE filings for that candidate.

[Appendix C: Totals for Candidates Appearing on the General Election Ballot](#)

This appendix includes data for both participants and non-participants through the January 15, 2002 periodic disclosure statement, which is the last for the 2001 election cycle. It shows the candidate's name, party line(s), participation status, cumulative net contributions, cumulative net expenditures, cumulative public funds payments (for participants), and votes received in the general election. Incumbents are noted with an asterisk (*), and candidates who qualified to receive public funds at a bonus matching rate in the general election are noted with a pound sign (#). A plus sign (+) indicates the campaign filed all its disclosure statements as a small campaign, certifying minimal activity. N/A denotes no filing from the candidate or that the column does not apply. Specific information about the data is indicated by "Notes," which are listed at the bottom of the appendix.

For participants:

Net contributions includes itemized and unitemized monetary contributions, in-kind contributions, transfers received from a party or constituted committee ("Type 1"), and outstanding advances, less refunds and forgiven loans for the entire election cycle. Net contributions does not include any surplus funds from previous elections; transfers from non-covered committees which are reported as lump sum amounts ("Type 2"); any loans that are deemed contributions because they are outstanding after the last election, taken out after the election, or paid back by a third party; or any bills that are deemed contributions because they are outstanding for more than 90 days, paid back by a third party, or forgiven.

Net expenditures includes itemized and unitemized expenditure payments, in-kind contributions, transfers to a party or constituted committee, advances, and outstanding bills as of the last disclosure statement submitted, less expenditure refunds.

CFB payments consists of public funds disbursed for the primary, runoff, and general elections.

For non-participants:

Totals represent cumulative contributions and spending through the last disclosure statement obtained from the City BOE.

A non-participant carries note 2 only when the CFB was unable to obtain any City BOE filings for that candidate.

[Appendix D: Contributions and Other Receipts \(participants only\)](#)

This appendix gives a detailed breakdown of participants' contributions and other receipts and totals by office.

Itemized contributions includes itemized monetary and in-kind contributions, transfers received from a party or constituted committee, and outstanding advances, less forgiven loans.

Unitemized contributions includes contributions of \$99 or less that campaigns are not required to report by contributor.

Refunds represents contributions refunded by the campaign.

Total contributions is the sum of itemized and unitemized contributions, less refunds.

Other receipts shows total income derived from sources other than contributions or loans, such as interest and proceeds from sales or leases, but does not include public funds payments.

Funds from prior elections shows each campaign's reported opening balance on its first disclosure statement filed for the 2001 election cycle.

Total represents the sum of total contributions, other receipts, and funds from past elections.

[Appendix E: Contributions by Type of Contributor \(participants only\)](#)

Appendix E shows itemized monetary and in-kind contributions and outstanding advances, less refunds and forgiven loans by type of contributor as reported by campaigns. Contributor types are *individuals*, including the candidate and the candidate's family; *corporations*, whose contributions Program participants were prohibited from accepting after December 31, 1998; *employee organizations*, including unions and guilds; *political committees*, including party committees, political action committees, and candidate committees; *partnerships*; *other organizations*, denoting entities that campaigns did not assign to one of the preceding categories; and *unknown*, denoting contributions reported without any classification (by manual filers). The data as reported

may not reflect audit findings of misreporting by campaigns. This appendix does not include surplus funds from previous elections; transfers from non-covered committees; loans that are deemed contributions because they are outstanding after the last election or paid back by a third party; or bills that are deemed contributions because they are outstanding for more than 90 days, paid back by a third party, or forgiven.

[Appendix F: Loans \(participants only\)](#)

This appendix shows total loans made and the number of lenders to a participating campaign. Advances to a campaign are reported separately from loans and are not accounted for in this appendix.

Number of lenders identifies the number of individuals or other entities that made loans to the campaign.

Total loans represents the total dollar amount of loans received.

Aggregate amount outstanding is the total loans, less any principal and interest repayments and loans forgiven by the lender. Negative aggregate outstanding amounts can result from the extent to which accrual of interest causes loan repayments to exceed the original loan amounts.

[Appendix G: Candidate Payments Summary \(participants only\)](#)

This appendix lists public funds disbursed to participating candidates in the primary, runoff, and general elections, and totals by candidate, office, and election type. It does not include funds returned to the CFB. Amounts may reflect withholdings from public funds in lieu of penalty payments made by a campaign.

[Appendix H: Candidates' Financial Summary \(participants only\)](#)

This appendix summarizes contributions, expenditures, public funds payments, and other campaign activity. It provides totals by office for all participants who appeared on the primary or general election ballot.

Net contributions includes itemized and unitemized monetary contributions, in-kind contributions, transfers received from a party or constituted committee ("Type 1"), and outstanding advances, less refunds and forgiven loans. Net contributions do not include any surplus funds from previous elections; transfers from non-covered committees which are reported as lump sum amounts ("Type 2"); any loans that are deemed contributions because they are outstanding after the last election, taken out after the election, or paid back by a third party; or any bills that are deemed contributions because they are outstanding for more than 90 days, paid back by a third party, or forgiven.

Number of contributors is the number of distinct individuals and other entities that have made itemized contributions to the campaign.

Other receipts is the total income derived from sources other than contributions, loans, or public funds payments, such as interest and proceeds from sales or leases. It also includes any transfer from a committee solely supporting the same candidate that is not taking part in this election.

Public funds payments lists funds disbursed to candidates for the primary, runoff, and general elections.

Public funds returned is the total amount of public funds returned, not including penalty payments.

Loans received is the total dollar amount of loans received.

Loans paid includes all payments of loan principal and interest and any loans forgiven.

Net expenditures (except outstanding) is the total itemized and unitemized expenditure payments, in-kind contributions, transfers to a party or constituted committee, and advances, less expenditure refunds.

Outstanding bills consists of the outstanding bills reported on the last disclosure statement filed.
