

CONSTRUCTION CODES UPDATE PAGES

Attached are Construction Codes Update Pages. These pages reflect local laws enacted and ministerial administrative corrections made after July 1, 2008. Please note that the source of a particular update, the local law number, and year is indicated on each page. Please visit our [webpage](#) to ensure that your codes are complete and up to date as the City Council may periodically pass Local Laws that affect the Construction Codes.

Instructions:

Please place each page, according to its page number found on the bottom right hand corner, into your Construction Codes books. The pages contain letters after the page number and should be placed in alphabetical order following the number, i.e. 5, 6, 6a, 6b, etc.

- Place Title Pages in the front of your Code books for easy reference.
- Note: If you have all four Construction Codes (Building, Mechanical, Plumbing & Fuel Gas), please make sure to insert updates made to the Administrative Provisions into each of the four Code books.

GENERAL ADMINISTRATIVE PROVISIONS

Insert between pages A-16 and A-17 of your bound volumes of the NYC Building Code, NYC Plumbing Code, NYC Mechanical Code and NYC Fuel Gas Code.

Delete article 106 in your bound volumes and replace with the following:

ARTICLE 106 **ASBESTOS**

§28-106.1 Asbestos certification required. The commissioner shall not issue a permit for the demolition or alteration of a building constructed on or before April 1, 1987, unless the applicant submits such certification relating to asbestos as may be required by the rules of the New York city department of environmental protection.

§28-106.2 Construction and maintenance of asbestos containment structures and other temporary structures or work required for asbestos abatement activities. Notwithstanding any other provision of this code, the construction and maintenance of asbestos containment structures, decontamination system enclosures and other temporary structures or work performed in the course of and only for the purpose of asbestos abatement activities shall comply with this section and the rules of the New York city department of environmental protection relating to such temporary structures and work and with article 30 of the New York state labor law and rules adopted pursuant to such article.

§28-106.2.1 Materials. The rules of the New York city department of environmental protection relating to materials used in the construction of temporary structures for asbestos abatement activities shall contain a provision requiring such structures to be non-combustible or flame resistant in compliance with reference standard NFPA 255-06 or NFPA 701-99, as such standards may be modified by local law or by the department of buildings pursuant to applicable rules.

§28-106.3 Permit exemption. Except as otherwise provided by rule, work performed in the course of and only for the purpose of an asbestos project that is required to be permitted pursuant to section 24-146.3 of the administrative code shall be exempt from the permit requirements of this code.

§28-106.4 Definitions. For the purposes of this article, the terms "asbestos" and "asbestos project" shall have the meanings as are ascribed in section 24-146.1 of the administrative code.
