District Resource Statement

Human Resources Administration

Fiscal and Service Reports
For Fiscal Years 2010 and 2011

The City of New York
Michael R. Bloomberg, Mayor

INTRODUCTION

The District Resource Statement (DRS) is prepared annually by the Office of Management and Budget. Sections 2707 and 2708 of the New York City Charter require that agencies report to the City's 59 community boards expense budget and service information at the agency's service district level. The reporting levels vary by agency and by program. Service districts range from police precincts which can be smaller than community districts to multi-borough offices.

This edition of the DRS gives information for both FY 2010 and FY 2011. The current edition reports on agencies that deliver services directly to community districts and boroughs. These agencies manually generate the information in the DRS, except for the fiscal data which is provided by the Financial Information Services Agency. The agencies also provide performance indicators for a variety of services. An explanation of agency programs and performance indicators is included.

Personnel headcounts and corresponding fiscal data, equipment information, performance indicators, and contractual services are organized as follows:

- **Personnel Report** - FY 2010 headcounts and fiscal data are as of June 30, 2010. FY 2011 Adopted Budget data is as of the Budget Adoption in June.
- **Equipment Report** - Unless otherwise noted, FY 2010 information is as of June 30, 2010. FY 2011 information indicates proposed equipment levels.
- **Performance Report** - Once again, community boards will be able to compare select measures of agency

performance within their district to a borough-wide and/or citywide average of the agency's performance. Except where indicated, the performance figures are full year figures for FY 2010. Section 12(c)6 of the New York City Charter states that "for agencies with local service districts or programs within community districts and boroughs, the mayor's preliminary management report and management report insofar as practicable shall include schedules of agency service goals, performance measures and actual performance relative to goals for each such local service district or program." Indicator information in the DRS supplements the Mayor's Management Report by providing measures of performance at the local level. Totals for all the districts reporting in the DRS will be consistent with the citywide numbers reported in the MMR except where otherwise noted.

- **Contract Report** - Data on contractual services varies somewhat from program to program, but includes at least the time period of the contract, the cost of the contract, the kind of service provided and some measure of the service.

For each agency program, all pages for a particular local service district are grouped together in the following order: Personnel, Equipment, Performance, and Contract Reports. The Personnel Reports give a complete description of the service and the address of the local service district headquarters. The contract pages provide the names and addresses of vendors, and sometimes the location where the service is provided.

The District Resource Statement is useful to the community boards at all stages of the budget participation process. Community boards can use the DRS to monitor service delivery throughout the year. It provides a common data base which the agencies and community boards can use to discuss service delivery and to formulate specific budget requests. The Performance Reports can help the boards assess the quality of the service in relation to the resources which are deployed in or budgeted for the community district. By comparing this year's DRS with previous editions, community boards can also use the DRS to analyze trends in funding levels, resource allocation, and service delivery. Using the Mayor's Management Report, boards are able to compare service performance indicators in their district with citywide findings.

Caution must be used in interpreting the information contained in this document. Agencies often need to move personnel or equipment from one district to another or employ seasonal workers depending on the time of the year. These changes are not reflected in the DRS. A reduction in staffing levels does not necessarily signal a corresponding reduction in services. Where necessary agencies provide explanatory footnotes. Also, Financial Plan Savings are not reflected in the local district reports because these amounts are budgeted at the Unit of Appropriation level. It is not possible to predict the impact of financial savings on an individual service district level.

OMB publishes District Resource Statements for the following agencies:

- Department for the Aging
- Department of Buildings
- Department of Cultural Affairs
- Department of Small Business Services
- Department of Environmental Protection
- Fire Department
- Department of Health & Mental Hygiene
- Department of Housing Preservation & Development
- Human Resources Administration
- Libraries
- Department of Parks and Recreation
- Police Department
- Department of Sanitation
- Department of Transportation
- Department of Youth and Community Development

HUMAN RESOURCES ADMINISTRATION

AGENCY MISSION

The Human Resources Administration/Department of Social Services (HRA/DSS) enhances the quality of life for all New Yorkers by providing temporary help to eligible individuals and families with social service and economic needs in order to assist them in leading independent lives. These goals are accomplished through the effective administration of a broad range of social welfare programs and services.

Agency Overview

The New York City Human Resources Administration/Department of Social Services (HRA/DSS) spearheads New York City's Welfare Reform initiatives, and serves a diverse group of New Yorkers through a wide range of social service programs. HRA/DSS's mission is to make work central in the lives of all able-bodied New Yorkers receiving cash assistance. HRA/DSS's programs also ensure that those needy individuals who meet eligibility requirements are provided food, shelter, temporary financial assistance, medical care, counseling and other essential services.

The federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 replaced the welfare programs (AFDC) that were part of Title IV of the Social Security Act of 1935. Federal and State welfare reform prompted a new model for the cash assistance system, Temporary Assistance to Needy Families (TANF), which focused on work and personal responsibility. The Deficit Reduction Act of 2005 passed in February 2006, required reauthorization of the Temporary Assistance to Needy Families (TANF). The revised federal welfare reform laws require families receiving assistance in separate state programs to be included in participation rate.

New York State's welfare reform incorporates the provisions of the federal welfare reform program with additional requirements for providing assistance, and creates a Safety Net program which provides cash and non-cash assistance to those ineligible for federal benefits.

- The number of persons receiving cash assistance decreased slightly as of the end of the first four months of Fiscal 2011, compared to the same point in time in Fiscal 2010. HRA has continued its welfare reform efforts designed to engage recipients in work and work-related activities in order to enhance their ability to obtain employment and reach their maximum level of self-sufficiency. The December 2010 number of cash assistance recipients is the lowest number of recipients since December 1963.

The number of persons receiving food stamps increased by 11.4 percent during the first four months of Fiscal 2011, compared to the same period in Fiscal 2010. Among these recipients, the number of non-cash assistance persons receiving food stamps increased 18.2 percent, reaching an all-time high. HRA has made food stamps more accessible by making several structural program changes, such as allowing phone interviews and accepting mail, fax and online applications, which have reduced the need for people to come into the office. The Agency has also developed partnerships with community organizations where applications can be taken and submitted electronically.

- HRA/DSS's job centers reflect both a philosophical commitment to self-sufficiency and a programmatic effort to emphasize the essential role of work in our lives. HRA met its monthly job placement goals for the first four months of Fiscal 2011. HRA sets its job placement goal each January based on the projected cash assistance caseload. The 2009 and 2010 calendar year goals were both 75,000 job placements. The goal for calendar 2011 is 85,000 job placements.

The goal of job centers is to:

- Emphasize personal responsibility for obtaining employment and achieving independence.
- Provide structured employment programs designed to assist participants in moving to employment.
- Create an environment conducive to participants' achievement of financial independence.
- Treat participants in a respectful, courteous and professional manner.
- Meet participants' emergency and temporary financial needs, while supporting their efforts to obtain a job and achieve financial independence.
- HRA/DSS's Work Experience Program (WEP) establishes reciprocity for public assistance. The guiding principle of WEP is that one learns to work by working.
- Offers a range of employment programs intended to meet diverse needs of those receiving cash assistance.

For those eligible, HRA/DSS provides temporary supports including: temporary cash assistance, food stamps, health benefits, child support, childcare, adult protective services and eviction prevention.

Currently, there are more than 2 million New Yorkers not receiving cash assistance enrolled in public health insurance programs. Enrollment remains high through the continued efforts of HRA/DSS and community partners, managed care plans and health care providers who work directly with potentially eligible New Yorkers to facilitate the completion of public health insurance applications or submit them on their behalf.

For New Yorkers who require long term support to live independently, HRA/DSS provides housing support, home care and long term care for the elderly and disabled, and counseling and housing support for people with HIV and AIDS.

The Human Resources Administration/Department of Social Services is committed to being a model social service agency that maximizes individual self-sufficiency, familial responsibility, and community involvement.

The Human Resources Administration Program Areas

The Human Resources Administration (HRA) assists individuals and families in achieving and sustaining their maximum degree of self-sufficiency. HRA provides cash assistance and employment services at 24 Job Centers and the Riverview Annex, of which 13 are Model Offices designed to streamline workflow and enhance access to services, and at the Housing Program Center. Additional services are provided at the Family Call Center and its satellites and the Seniorworks Center. Food stamps are provided at 17 offices (12 are Model Offices and two are for all SSI and congregate care cases). HRA offers public health insurance at 17 Medicaid Community Model Offices; HASA support services to medically eligible individuals are provided through 12 centers (9 are Model Offices); and adult protective services through 6 borough offices and 6 contracted programs. HRA determines the personal care eligibility of disabled or frail Medicaid recipients through 9 Community Alternative Systems Agency offices and 63 personal care provider agencies. Services to victims of domestic violence are offered through 52 State-licensed residential programs, 15 nonresidential programs, and various HRA programs. HRA assists New York City families in obtaining child support orders and collecting child support payments at 4 borough and 5 Family Court offices.

Family Independence Administration (FIA)

The Family Independence Administration (FIA) coordinates HRA/DSS's welfare reform efforts by administering Job Center Operations and the Food Stamp Program for New York City. FIA's programs include temporary cash assistance, food stamps, medical assistance for those receiving cash assistance, and employment services. Through directly operated and contracted services, these programs are designed to promote the maximum possible level of self-reliance through work and personal responsibility. FIA also seeks to provide services to our customers that are best suited to overcome any barriers which prevent them from obtaining and retaining employment.

HRA/DSS Job Center staff brings resources to people to help them move toward self-sufficiency. Eligible individuals are enrolled in comprehensive employment programs which include work experience, job search and placement services, as well as vocational, job skills training and educational programs. As clients work to achieve their personal self-sufficiency goals, FIA's staff provides these eligible able-bodied New Yorkers and their families with the food assistance to which they are entitled. Food stamps are also provided to the unemployed, elderly and the disabled. Job Center staff is also responsible for determining ongoing eligibility for cash assistance.

Over the past year, FIA's food stamp program has introduced a number of initiatives designed to increase access to the food stamp program. The initiatives allow working applicants in certain circumstances to have their eligibility interview over the telephone. All recipients who do not need to come to the office for a specific purpose, such as, finger imaging, are eligible for a telephone

recertification interview. HRA has also partnered with a number of community-based organizations to provide for the electronic submission of food stamp applications and the supporting documents from community-based sites.

Domestic Violence and Emergency Intervention (ODVEIS)

The Office of Domestic Violence and Emergency Intervention Services (ODVEIS) provides social services for victims of domestic violence including community based counseling and advocacy as well as emergency shelter. ODVEIS directly operates one emergency domestic violence shelter, administers 45 state-licensed emergency residential programs and oversees private customer referrals for eight transitional housing programs. All programs provide a safe environment as well as counseling, legal assistance, services for children, advocacy and referral services. In addition, the Office of Emergency Intervention Services (OEIS) includes Crisis and Disaster Services, which responds to citywide emergencies such as hurricanes, snow storms and blackouts; the Home Energy Assistance Program (HEAP), the Heatline, which is the homebound HEAP unit, Utility Assistance Program, and the Department of Environmental Protection water program all of which provide energy related services to low income households; and the Emergency Food Assistance Program, which supplements the food supply in more than 500 food pantries and soup kitchens citywide

Medical Insurance and Community Services Administration (MICSA)

MICSA was created within the Human Resources Administration to link New Yorkers to public health insurance programs while administering the Agency's medically-related social services programs including Adult Protective Services, Home Care Services Program and HIV/AIDS Services Administration. MICSA includes:

Medical Assistance Programs (MAP): MAP is responsible for the administration of public health insurance. MAP determines and maintains eligibility, based on consumer income and other pertinent factors, for each of the available public health insurance programs and their related services.

Home Care Services Program (HCSP): HCSP determines financial and medical eligibility and authorizes services for a range of Medicaid-funded, and long-term care services for people who need help with activities of daily living. These services enable consumers to remain in the community and in their homes rather than in institutional settings. The Home Care Services Program provides medically necessary assistance to more than 86,000 people.

Adult Protective Services (APS): APS intervenes monthly on behalf of approximately 9,400 mentally and/or physically impaired individuals who need protection from themselves or others due to neglect, abuse, or financial exploitation, when there is no one else to responsibly assist them. Typical APS services include referral for psychiatric or medical examinations and ongoing care, assistance in obtaining entitlements such as Medicaid and SSI, heavy duty cleaning services, rental arrears assistance to prevent

evictions, and financial management to ensure that future rent is paid on time. APS investigates allegations of abuse, neglect and financial exploitation, and is required by law to file a report with the NYC Police Department when it has reason to believe that a crime has been committed against a person whose eligibility for APS services is currently being assessed, or for an adult who has been determined to be in need of APS services.

HIV/AIDS Services Administration (HASA): HASA is the primary mechanism within the Human Resources Administration which expedites access to essential benefits and social services needed by persons living with AIDS or advanced HIV illnesses and their families. HASA is committed to service provision that is individualized, efficient, effective and of high quality. HASA's work with its clients is based on the responsibility of all sectors of the community to work together to ensure that persons living with HIV/AIDS have adequate housing, financial security, medical care and other services necessary to allow them to manage the illness and to live their lives with the highest level of self-reliance and the fullest dignity. Presently, HASA serves 31,000 medically eligible clients, as well as over 13,000 non-medically eligible case members, through individualized service plans that provide the appropriate level of identified support for each case.

Customized Assistance Services (CAS)

Customized Assistance Services (CAS) is a highly specialized division that provides direct and contracted clinically oriented services as well as expertise in the areas of health, mental health, substance abuse and rehabilitation to HRA's other program components. CAS develops and oversees clinically focused programs that provide comprehensive and individualized services to assist clients with medical and/or mental health conditions to achieve their maximum degree of self-reliance. CAS has four functional units: the Office of Health & Mental Health Services, the Office of Rehabilitation Services, the Office of Clinical and Service System Integration and the Office of Administration and Program Facilitation.

CAS is responsible for the Wellness, Comprehensive Assessment, Rehabilitation and Employment (WeCARE) program, the Visiting Psychiatric Service, the Placement Assessment and Client Tracking Unit (PACT), the Medical Consultation Unit, and the Disability Services Program.

WeCARE helps cash assistance clients with medical and/or mental health conditions that affect employability attain the highest possible degree of function and self-sufficiency. Services include assessment, diagnosis, individualized service planning, linkages to treatment, case management, vocational rehabilitation, skills training and education, job placement and retention, and assistance in obtaining federal disability benefits.

Office of Child Support Enforcement (OCSE)

The Office of Child Support Enforcement strives to improve the quality of life for children living in New York City by ensuring financial support from both parents. Child support payments from noncustodial parents in addition to other work supports like food stamps, day care, health insurance, and EITC help families achieve and maintain self-sufficiency. OCSE assists all parents, regardless of income and immigration status. Child support services to custodial parents and guardians include the location of noncustodial parents, paternity establishment, summons service, establishment of child support and medical support orders, and collection, disbursement and enforcement of child support payments. Custodial parents applying for or receiving cash assistance benefits are automatically referred to an OCSE Borough Office for child support services and are required to comply in order to get full benefits for their family. Parents not receiving cash assistance must apply for services by visiting the OCSE office in the family court in the borough where they live. Once a child support order is established, it remains in effect until the child reaches age 21 or becomes self-supporting, unless the court orders otherwise.

For fiscal year 2010, OCSE collected \$ 686.4 million for New York City's children, an increase of 2.24 percent over fiscal year 2009. Most of the money, \$620 million, went directly to families, over half of whom are former cash assistance recipients. For calendar year 2010, collections totaled more than \$699 million, a 3.25% increase over calendar year 2009. Through December 2010, the percent of child support cases with orders (SEP) and the percentage of cases that had paternity established (PEP), where paternity needed to be established, reached 70 percent.

OCSE has implemented several programs and initiatives to help parents understand the benefits of child support, their rights and responsibilities in the formal child support process, and manage their child support cases.

Outreach Services - OCSE's **Division of Parent and Community Engagement**, created in June 2008, has made significant steps in establishing relationships with community providers, religious community, and government agencies to increase understanding of the child support programs for those who serve families. The goals of this division are to educate both custodial (CPs) and noncustodial (NCPs) parents about the benefits of child support, help custodial parents (CPs) navigate the child support system, and help noncustodial parents (NCPs) become proactive in managing their child support cases in order to avoid arrears. Staff provides training, workshops, and individual child support case review to programs serving parents.

Homeless Shelter Outreach - In collaboration with FIA and the Department of Homeless Services (DHS), OCSE is working to open child support cases for homeless families already living in shelters and applying for cash assistance. For these families, OCSE offers child support appointments on the same day as their cash assistance interview. In addition, a workshop has been conducted for shelter providers serving both families and singles individuals.

Employment Opportunities Program – OCSE is committed to helping NCPs who are unemployed or underemployed to obtain employment so they can meet their child support obligations.

- OCSE's **Support Through Employment Program (STEP)** refers NCPs directly from their court hearings to meet with an OCSE STEP worker for a referral to a vendor providing employments services. STEP is successful in collecting child support from NCPs. In calendar year 2010, OCSE collected \$ 24.1 million in child support from all NCPs referred into the program since it started in 2002.
-
- The **HRA Back to Work employment vendors** who predominately serve recipients of cash assistance have expanded their client base to outreach to noncustodial parents known to the child support program and not receiving cash assistance. These vendors may offer parenting classes and workshops on child support in addition to job services. The objective is to connect NCPS to employment and to their children.
- **Employment for Noncustodial Parents in Low-Compliance Neighborhoods** – In 2010, OCSE began a pilot program to help young, low-income, non-custodial fathers gain and sustain employment and engage financially and emotionally with their children. To accomplish this goal, NCPs will be connected to work, the formal child support program, and their children by utilizing a work first and strong case management with wrap around service model. The type of wrap around services expected to be included are peer support forums; mediation; parenting and anger management classes; legal services; child support classes, fatherhood peer programs and custodial parent outreach. The pilot is targeted to up to 300 noncustodial parents living in each of the two geographic areas with a high noncompliance rate with child support: South Bronx and Central Brooklyn.

No Kidding: Straight Talk from Teen parents - is a joint effort with the Department of Education (DOE) that promotes pregnancy prevention through responsible parenting education. Peer Educators (PEs), who are teen parents, use fun and interactive workshops to highlight to high school students the responsibilities and challenges of young parenting. The program encourages students to delay parenting until later in life, when they are more mature, better emotionally and financially prepared and in a committed relationship. *No Kidding* presented in four DOE high schools in the spring 2009. The program used five young mothers and fathers and reached nearly 200 students in the first semester and presented to six schools by the fall 2009. Through 2010, *No Kidding* has presented to 14 organizations and reached more than 1,500 students.

Modify DSS Orders (MDO) - lowers child support orders payable to the Department of Social Services for NCPs living at or below the NYS Self-Support Reserve (\$14,621 for 2009 for a household size of one), without going to court. As of December 2010, 89 NCPs have had their average monthly orders reduced by \$282, from \$328 to \$47.

DSS Arrears Cap- adjusts arrears (child support debt) owed to DSS down to \$500 for NCPs who were earning at or below the federal poverty level (\$10,830 for 2009 for a household size of one) when the arrears accumulated, without going to court. As of December, 2010, 478 NCPs had their total arrears reduced by more than \$4.8 million.

As of December 2010 the number of NCPs participating in the MDO and DSS Arrears Cap initiatives paying child support increased from 40 percent to 61 percent.

Rikers Island Initiative- OCSE has a weekly staff presence at Rikers Island to educate and provide information about child support to inmates through workshops and 1:1 counseling. Since December 2008, 1,684 inmates have been served through orientations and workshops; 554 have received individual counseling; four (4) inmates have MDO agreements in process to lower their child support order amounts.

Office of Community Affairs and Immigrant Services (OCAIS)

During 2010, the Office of Community Affairs and Immigrant Services (OCAIS) communicated with constituents through more than 2 million phone calls and 6,500 letters/ emails from constituents, elected officials and advocacy groups, and regularly met with 59 community boards citywide. OCAIS staff is available to work closely with both constituents and public officials who have HRA-related inquiries.

The *Office of Refugee and Immigrant Affairs (ORIA)* is within OCAIS and was created in 2000 as a dedicated unit to maintain and expand HRA's tradition of serving limited English proficiency (LEP) individuals, refugees and immigrants. ORIA monitors HRA's LEP client contact points, centralizes management of translation and interpretation contracts, assists program areas in drafting and implementing policies regarding service to LEP clients, contracts for testing of prospective bilingual workers and provides training to Agency staff on utilizing interpretation services, compliance with NYC Local Law 73 and Executive Order 120, and the complexities of determining eligibility with the use of visas and other documents.

ORIA has worked to improve language access at all HRA offices around the city through the provision of on-site interpretation services, instant telephonic interpretation in over 180 languages, bilingual testing and written translation of key client-contact forms and notices. In FY 2010, HRA completed 667,082 customer requests for interpretation services. In CY 2010, HRA translated 1,062 documents.

To further increase the awareness of free interpretation services at HRA facilities to assist in the process of applying for and/or maintaining public benefits all HRA sites post multi-lingual signs advising clients of the services. In addition, the majority of HRA's frontline staff participated in two language access trainings during 2010 and more than 2,000 dual telephonic handsets were installed at frontline worker workstations to make accessing telephonic interpretation services at Job and Food Stamp Centers easier for both workers and clients.

EXPLANATION OF INDICATORS

CENSUS DATA

The source for the 2000 Census demographic and socioeconomic data is New York City's Department of City Planning.

PROGRAM DATA

Included for New York City, each borough and each community district is the data relating to Public Assistance, Food Stamps, Medicaid, and SSI programs as of October 2010. The geographic breakdowns are based on address information provided by clients. *Child Support Case with Orders* and *Child Support Collected (millions)* are now included in the Program Data section. As of October 2005, the methodology for calculating the Community data has changed and should not be used to compare data from prior years.

DIRECT SERVICE OFFICES

The direct service offices run by HRA program areas are broken down by borough and community district. Identified is the community district of their location although many of the direct service offices serve multiple community districts and/or multiple boroughs.

CONTRACT SERVICES - Planned for fiscal year 2011 (As of January 2011)

The DRS includes a list of human service contracts based on the Contractor's address. Information for these contracts includes type of service, contractual dates, contractor's name and address and contract amount. Contract addresses may not represent the areas served by the contract since the address may only be an administrative address and many contracts serve multiple community districts, as well as multiple boroughs.
