

NYC Build it Back Repair Program

Registered Contractors – Choose Your Own Contractor Option*

Last updated – 12/1/15

The contractors listed below have registered for the NYC Build it Back Repair Choose Your Own Contractor program at www.nyc.gov/bibcontractorinfo. Build it Back Repair has reviewed the contractors' information and determined that the listed contractors have met all of the program requirements (program requirements can be reviewed [here](#)). Along with the contact information for each contractor, you will also find information on their progress with the NYC Recovery Programs (both Rapid Repairs and Build it Back).

*These contractors are NOT registered with or approved for the Rebuild program – they are only registered with the Repair program. For more information about the Rebuild program, click [here](#).

You should NOT consider a contractor's placement on this list as a recommendation by the City of New York on the contractor's quality of work, and the contractor selection ultimately rests with the homeowner. The New York City Department of Consumer Affairs recommends that you ask for a list of previous clients before selecting the contractor. Call the previous clients to find out how the contractor handled their home improvement jobs.

Ducky Johnson Home Elevation LLC
