**PART I  
INTRODUCTION**

**1. INVITATION TO SUBMIT PROPOSAL**

1.1 **The Project.** Hurricane Sandy impacted approximately 64,000 residential buildings in New York City including 17,000 single family dwellings (one and two family buildings). The City is launching a Community Development Block Grant (CDBG) Program to provide financial assistance to impacted homeowners for residential repairs. As part of this program, the City will be conducting detailed assessments of damaged homes and creating Work Orders for distribution to participating General Contractors. The New York City Housing Recovery Office (HRO) is seeking professional architectural services to support the home assessment program.

Subject to the availability of funds and the responses to this RFP, NYCEDC will select up to three Consultants to provide the Services. The Consultants shall be experienced in all aspects of the Services. The Consultants will commence the Services upon a written Notice to Proceed from NYCEDC or upon execution of the Contract by the Consultants and NYCEDC substantially in the form of the Contract Draft. The Contract Draft is an initial draft subject to further review and revision by NYCEDC prior to execution. NYCEDC shall not be bound to the terms of any aspect of the Contract Draft, and the final acceptance of any successful proposal shall be subject to, and contingent upon, the negotiation between the parties of a Contract in form and substance acceptable to NYCEDC. Nevertheless, **you should review the Contract Draft and be familiar with all of the terms and conditions set forth therein prior to submitting your proposal.**

1.2 **General Background.** On January 29, 2013, President Obama signed into law the Disaster Relief Appropriations Act of 2013 (Public Law 113-2) which, among other things, appropriated \$16 billion in community development block grant funds for disaster recovery (“CDBG-DR Funds”). The CDBG-DR Funds are to be used for necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization in the areas most impacted and distressed after Hurricane Sandy.

It is expected that the U.S. Department of Housing and Urban Development (“HUD”), which administers CDBG-DR Funds, will enter into a grant agreement with the City (the “City”

Grant Agreement”) to disburse CDBG-DR Funds.\* As a grantee of CDBG-DR Funds, the City is not limited in its recovery to returning to pre-disaster conditions. HUD encourages the use of CDBG-DR Funds to carry out activities that not only address disaster-related impacts, but leave communities sustainably positioned to meet the needs of their post-disaster populations and to further prospects for growth.

1.3 **Other Requirements.** NYCEDC anticipates that this RFP and the Form of Contract, where applicable, may be subject to certain additional rules and requirements, including rules and requirements arising from the use of CDBG-DR Funds as the source of funding to compensate the Consultant. Certain of these additional rules and requirements are described in more detail in Part I, Section 2.2.8 and in Appendices B and J of the Contract Draft attached to this RFP.

## 2. RFP SUMMARY

Local Law 34 of 2007 (LL 34) requires the creation of a database containing information about entities that do business with the City as defined by the law, and principal officers, owners and senior managers of these entities. This information will be collected on Doing Business Data Forms that are distributed, collected and reviewed by agencies, and forwarded to the Doing Business Accountability Project (DBAP) at MOCS for processing. Collected data will be used to identify entities and people who are subject to LL 34’s limitations on campaign contributions in municipal elections.

If you have any questions or concerns, please contact the Doing Business Accountability Project at 212-788-8104 or [DoingBusiness@cityhall.nyc.gov](mailto:DoingBusiness@cityhall.nyc.gov).

**PART II  
GENERAL TERMS AND CONDITIONS**

The Corporation and the Consultant agree as follows:

**ARTICLE 1  
PERFORMANCE OF SERVICES**

1.1 **Services.** The Corporation hereby retains and engages the Consultant and the Consultant agrees to perform the Services as described in **Appendix B** (Scope of Services), attached hereto.

1.2 **Time for Performance of Services/Term/Delays and Force Majeure.**

1.2.1 The Consultant shall commence the Services upon or promptly after the Commencement Date and shall complete the Services and each phase of the Services within the time or times stated for Final Completion as set forth in **Appendix B**, and in accordance with any directive given and Progress Schedule approved by the Corporation, unless this Contract is earlier terminated pursuant to Article 3 hereof.

1.2.3 If the Consultant has been delayed and as a result will be unable to complete performance fully and satisfactorily within the time fixed therefor, the Consultant may be granted an extension of time fixed for performance equal to the period the Consultant was actually and necessarily delayed upon submission of evidence of the causes of the delay, subject to the written approval of the Director in his or her sole discretion. 1.3 Complete Work and Timing and Sequence/Meetings. The Consultant shall schedule and perform the Services in a manner so as to permit their completion diligently and expeditiously. The Principal, the Person in Charge and such other Representatives of the Consultant as may be required under the circumstances shall be available to meet with the Director or her or his designee as often as necessary to effectively perform the Services, and as often as may be specified in **Appendix B**.

The Director shall have the right to determine the amount, quality, acceptability and fitness of the Services and her or his approval shall be a condition precedent to the right of the Consultant to receive any compensation under this Contract. The Director shall act reasonably in exercising her or his authority under this Contract. The Director and any other person or agent duly authorized to act for and on behalf of the Corporation shall not, by virtue of such authority or action, be liable in any manner to the Consultant.

1.4.2 The Consultant shall perform all of the Services in a prudent and professional manner and in accordance with standards and practices as are customary for such Services in the New York City Metropolitan Statistical Area.

The Director's determination shall be final, binding and conclusive.

1.5.3 The Director reserves the right to reduce the Scope of Services under this Contract by Notice to the Consultant specifying the nature and extent of such reduction. The Consultant shall be compensated for all Services satisfactorily performed prior to the reduction

2.1.2 Requisitions shall be in a form reasonably acceptable to the Corporation and shall be supported by any appropriate or necessary documentation or other evidence relating to the amounts set forth in the Requisition, as the Corporation may reasonably require including, but not limited to invoices, receipts and vouchers from Subcontractors and suppliers, information related to M/WBEs required under Section 9.6 and, where applicable, the time sheets and/or certified payroll reports of the Consultant's staff and its Principal.

2.1.3 Each Requisition submitted to the Corporation by the Consultant shall constitute a representation that, except as specifically set forth in the Requisition, as of the date of the Requisition, all representations and warranties made by the Consultant in Article 7 are true, complete and accurate as if made as of the date of the submission of the Requisition.

2.1.4 The Director shall review the Requisitions and the Work Product. If, in her or his judgment, the Services have been satisfactorily performed in accordance with this Contract, the Director will approve the Requisition. All payments to the Consultant will be made in accordance with this Article 2.

2.1.5 Subject to Section 3.5, Final Payment will be due only upon Final Completion.

2.1.6 The Consultant, with the Director's prior approval, may exceed the Maximum Payment allocated to a particular Portion of the Services if the Consultant by Notice determines that the Maximum Payment initially allocated to the Portion is insufficient to adequately perform the Portion of the Services and if the Consultant demonstrates to the Director a savings with respect to another Portion of the Services which is at least equal to the amount of such excess. However, notwithstanding the above, in no event shall the Corporation pay the Consultant more than the Maximum Contract Price.

2.1.7 All Requisitions must be submitted to the Corporation's Accounts Payable Department.

2.2 Miscellaneous Payment Provisions.

(ii) a meritorious claim exists or will exist against the Corporation, the Consultant or the City arising out of the act, omission or negligence of the Consultant or the Consultant's breach of any provision of this Contract,

then the Corporation may withhold payment of any amount otherwise due and payable to the Consultant hereunder. Any amount so withheld may be retained by the Corporation for such period as it may deem advisable to protect the Corporation and the City against any loss and may, after Notice to the Consultant, be applied in satisfaction of any claim herein described.

2.2.2 The Corporation shall not be deemed to have released the Consultant from any claim or liability, or to have waived any cause of action arising from any breach of this Contract by virtue of making payments to the Consultant.

2.2.3 Upon acceptance by the Consultant of the Final Payment to be paid pursuant to this Contract, the Consultant agrees that it shall be deemed to have fully released the Corporation and the City from any and all claims, demands and causes of action whatsoever which the Consultant has or may have against the Corporation or the City in connection with this Contract and, upon the request of the Corporation, shall execute a release to such effect.

The Consultant and its Subcontractors are expected to use such personnel to perform the Services. If the Consultant or a Subcontractor proposes to substitute any other personnel for those heretofore identified, it shall assign persons with equivalent or better experience and training and shall submit the resumes of such proposed substitute personnel to the Director and obtain the Director's prior approval of the substitution. Notwithstanding anything contained herein to the contrary, all personnel furnished by the Consultant as required under this Contract shall be employees of the Consultant or approved Subcontractors of the Consultant and not employees or subcontractors of the Corporation or the City.

#### 4.2 Subcontractors.

The Consultant, and not the Corporation, is responsible for the Subcontractor's work, acts and omissions.

4.2.2 The Consultant shall pay any Subcontractors approved by the Corporation for work that has been satisfactorily performed no later than thirty (30) days from the date of Consultant's receipt of payments from the Corporation.

4.2.5 The Consultant shall provide the Corporation with a list of all Subcontractors employed for the performance of the Services whose subcontract amount totals \$25,000 or more. The Consultant will furnish each such Subcontractor whose Subcontract amount totals less than \$100,000 with the Corporation's internal qualification and background investigation forms. The Consultant will furnish each such subcontractor whose subcontract amount totals \$100,000 or more with the Mayor's Office of Contracts Investigations Forms. These forms will be provided by the Corporation to the Consultant. The Consultant shall cause each such Subcontractor to fill out and complete the forms in a timely fashion but in no event later than the commencement of the Services performed by such Subcontractor pursuant to its subcontract.

5.2.6 The Consultant represents and warrants that to the extent that the Work Product incorporates non-original material, the Consultant shall obtain and provide the Corporation with copies of all necessary permissions and clearances, in writing, for the use of such non-original material under this Contract. Since some licenses for materials may be for a limited duration, the Consultant shall provide and/or specify the following to the Corporation with respect to all non-original materials included in its Work Product:

- (i) all information as to any durational limitations on use;
- (ii) any requirement that a notice be displayed in connection with display, including the specific owner of the rights to be credited, and any limitation on the use under the Consultant's license; and

5.2.9 Prior to acceptance of any Work Product by the Director, upon the Director's request and within a reasonable time following delivery of the Work Product, the Consultant shall submit revised Work Product incorporating any revisions, changes or alterations reasonably requested by the Director. If the original Work Product or the revised Work Product is not acceptable to the Director, the Corporation shall have the right to use the Work Product, to prepare or finalize the Work Product or to commission a third party to do so without further employment of or compensation to the Consultant.

5.2.10 The Consultant acknowledges that the decision to accept the Work Product for use, incorporation, transmission, display or publication is within the sole discretion of the Director.

5.2.11 Consultant agrees that it will cooperate in providing any other documentation necessary to effectuate the intent of this Section of the Contract.

5.2.12 The Consultant shall not make any unauthorized use of copyrighted, trademarked or other protected materials or intellectual property and agrees to defend, indemnify and hold harmless the Corporation and the City and their respective officers, officials, agents, members, directors, and employees against any damage or liability arising out of the Consultant's infringement or unauthorized use of any such material or property.

6.3.6 The Consultant shall require that each of its Subcontractors, prior to the commencement of their work, purchase and maintain, or be covered by, at no cost or expense to the Corporation or the City, the same types and amounts of insurance and meet all of the same requirements as required of the Consultant as set forth in this Article 6 and Appendix E. The Consultant hereby covenants and warrants that its Subcontractors shall purchase and maintain the policies required by this Section in the amounts and for the periods required by this Section.

6.3.7 Prior to the commencement of the Services the Consultant shall forward to the Corporation's Contract Administration and Procurement Department at least three (3) original certificates of insurance for each policy required for compliance with this Contract, for itself and its Subcontractors substantially as set forth in Appendix E. The Consultant shall also provide an original certificate of insurance to each of the Additional Insureds.

6.3.8 The Consultant shall provide the Corporation and the Additional Insureds written confirmation of the renewal of any policy required hereunder at least thirty (30) days prior to the expiration of any such policy.

6.3.9 Unless otherwise agreed to in writing by the Corporation, the types of insurance to be purchased and maintained by the Consultant and its Subcontractors are as follows:

(i) Workers' Compensation, Disability Benefits, and Employer's Liability Insurance. The Consultant shall purchase and maintain and shall require each of its Subcontractors to purchase and maintain workers' compensation, disability benefits insurance in statutory amounts, and employer's liability insurance in the amounts set forth in Appendix E, for all of its employees engaged in the Services. The failure of the Consultant to comply with this Section 6.3.9(i) shall make this Contract voidable at the option of the Corporation.

(ii) Commercial General Liability. The Consultant shall purchase and maintain commercial general liability insurance, including owner's protective liability insurance, to protect the Corporation, the City and the Additional Insureds, the Consultant and its Subcontractors against any and all claims for property damage, personal injury and death arising out of the Services performed by the Consultant and its Subcontractors, and any work incidental thereto. The commercial general liability insurance policy must also include products and completed operations coverage, which shall include a provision that coverage will extend for a period of at least twelve (12) months from the date of final completion and acceptance by the Corporation of all of the Services. The certificate of insurance must indicate that such insurance is on a "per occurrence" and an aggregate basis. The commercial general liability policy shall be in a form at least as broad in coverage as ISO Form CG 00 01 (10/01). The additional insured protection must be as broad as coverage that would be afforded through use of ISO Forms CG 20 26, CG 20 33 and CG 20 37. The liability policy(ies) certificate of insurance must indicate cross-liability coverage providing severability of interests so that, except with respect to the limits of insurance,

and any rights or duties specifically assigned to the first named insured, coverage will respond as if separate policies were in force for each insured. If at any time the commercial general liability policy should be canceled, terminated, or modified so that the insurance is not in effect as above required, then the Consultant shall suspend performance of the Services if the Corporation shall so direct. If the Contract is so suspended, no extension of time shall be due on account thereof. If the Contract is not suspended, whether or not because of omission of the Corporation to order suspension, then the Corporation may, at its sole option, obtain insurance affording coverage equal to that required hereunder, the cost of such insurance to be payable by the Consultant to the Corporation.

(iii) Automobile Liability Insurance. The Consultant shall purchase and maintain automobile liability insurance covering all automobiles used in connection with the work or Services under this Contract whether owned, non-owned and/or hired automobiles.

(iv) Umbrella/Excess Liability Coverage. If the Consultant purchases or maintains umbrella/excess liability insurance, such insurance should specifically list the Consultant's commercial general liability, comprehensive automobile liability and employer's liability as primary coverages, to protect the Corporation, the City, the Additional Insureds, the Consultant and its Subcontractors from any and all claims in excess of the underlying policy limits for such primary coverages. The certificate of insurance must indicate that such insurance afforded by this Section 6.3.9(iv) is on a "per occurrence" basis and an aggregate basis.

(v) If applicable, any additional policies as may be described in Appendix E.

6.3.10 As a condition precedent to payment of any amounts owing to the Consultant by the Corporation, the Consultant shall, unless otherwise expressly agreed to in writing by the Corporation, provide to the Corporation the original certificates of insurance required under this Contract and shall on demand provide true copies of policies and endorsements to policies showing compliance with the insurance requirements set forth in this Article 6 and Appendix E.

6.3.11 The policies to be maintained by the Consultant hereunder that are subject to the Additional Insured requirements set forth in Section 6.3.3 (iii) above shall constitute the primary coverage for claims arising out of this Contract, and shall state that insurance, if any, carried by the Corporation, the City or the Additional Insureds will not be called upon to contribute to a loss that would otherwise be paid by the Consultant's insurer. The Consultant shall comply with the provisions of all policies required pursuant to this Contract, and shall give the insurer, the Corporation, the City and the Additional Insureds due and timely Notice of all claims, accidents and losses promptly upon its acquiring knowledge of the same.

6.3.12 The insurance provisions of this Article 6 shall be in addition to any rights that the Corporation, the City and the Additional Insureds may have under any hold harmless and indemnification provisions of this Contract and any other right provided by this Contract or by law. The Consultant shall not violate or permit to be violated any term or condition of the policies.

6.3.13 The Commercial General Liability and Umbrella Excess Liability Coverage policies must be endorsed to show that these primary and/or excess policies are to be considered primary and non-contributory. In addition, the Commercial General Liability and Umbrella/Excess Liability Coverage policies must provide that (i) the Additional Insured protection afforded under the Consultant's policies shall be primary and not on an excess or

contributing basis with any policies which may be available to the Corporation, and (ii) that the Consultant's policies, primary and excess, must be exhausted before implicating any Corporation policy available.

6.3.14 In order to ensure vertical erosion of liability limits provided by the Consultant under this Contract, the Consultant agrees to permit the Corporation's staff and/or the Corporation's insurance consultants to review the Consultant's liability policy language for all liability policies and to endorse those policies to clarify the hierarchy of policies in the event of a claim.

This exemption does not apply to tools, machinery, equipment or other property leased by the Corporation's contractors and subcontractors or to supplies, materials or other property that are consumed in the construction or for any reason not incorporated into real property.

8.7.2 The Consultant shall inform its Subcontractors of this exemption and shall advise its Subcontractors to exclude sales and use taxes from their bids, as applicable.

The local law creates a program for participation by minority and women-owned business enterprises (MBEs and WBEs) in City procurement. As stated in the Section 6-129, the intent of the program is to address the impact of discrimination on the City's procurement process, and to promote the public interest in avoiding fraud and favoritism in the procurement process, increasing competition for City business and lowering contract costs. The Corporation endorses these goals and participation by MBEs and WBEs in the provision of the Services. The following goals and provisions are integral to achieve these goals. The Target Subcontracting Percentage applicable to this Contract is set forth in Part I, Section 1.12.1. The Consultant shall be subject to said Target Subcontracting Percentage.

9.4 Participation Goal. The Participation Goal is expressed as a percentage that represents the total dollar value of subcontracts under this Contract for amounts under \$1 million to be performed by M/WBEs compared to the total dollar value of all subcontracts under this Contract for amounts under \$1 million. The Participation Goal applicable to this Contract is set forth in Part I, Section 1.12.2. The Consultant shall be subject to the Participation Goal, unless the Corporation grants a modification of this goal pursuant to Section 9.8.

- (ii) the names, addresses and contact numbers of each MBE or WBE hired as a Subcontractor pursuant to such plan as well as the dates and amounts paid to each MBE or WBE.

9.6.4 In addition to the foregoing, the Consultant shall submit a final, cumulative M/WBE Compliance Report to the Corporation with its Requisition for Final Payment. The Consultant shall set forth in such final report the information required by Section 9.6.3 in connection with all Services rendered by the Consultant and its Subcontractors during the entire Contract Term.

9.7 Change Orders. If the Consultant requests a change order having a value that exceeds 10 percent of the Contract, the Corporation will establish an M/WBE participation goal for the work to be performed pursuant to the change order.

9.8 Modification of the Consultant's M/WBE Subcontractor Utilization Plan. The Consultant may request modification of its M/WBE Subcontractor Utilization Plan after the award of the Contract. The Corporation may grant such request if it determines that the Consultant has established, with appropriate documentary and other evidence, that the Consultant has made all reasonable, good faith efforts to meet the Participation Goal set for the Contract. In making such determination, the Corporation will consider, along with any other relevant factors, evidence submitted by the Consultant showing that the Consultant has, without limitation, and as applicable:

9.8.2 The Corporation's M/WBE Director and Chief Contracting Officer will provide written notice to the Consultant of the determination.

9.9 Compliance Audits. This Contract may be audited by the Corporation, DSBS and the City Comptroller to determine the Consultant's compliance with the requirements of the Corporation's M/WBE Program and the Consultant's M/WBE Subcontractor Utilization Plan.

9.10 Enforcement. - (i) terminate the Contract;

10.10 Non-Waiver. Failure of the Corporation or its Representatives to enforce or otherwise require the performance of any of the terms and conditions of this Contract, at the time or in the manner that said terms and conditions are set forth herein, shall not be deemed a waiver of any such terms or conditions by the Corporation and the same may be selectively enforced or raised as a basis of a claim or cause of action at the option of the Corporation.

10.11 Refusal to Testify.

10.11.1 The Consultant agrees to cooperate fully and faithfully with any investigation, audit or inquiry conducted by a State or City governmental agency or authority that is empowered, directly or by designation, to compel the attendance of witnesses and to examine witnesses under oath, or conducted by the Inspector General of a governmental agency that is a party in interest to the transaction, submitted bid, submitted proposal, contract, lease, permit, or license that is the subject of the investigation, audit or inquiry.

10.11.3 If any non-governmental party to the hearing requests an adjournment, the Commissioner who convened the hearing or the Corporation may, upon the Commissioner granting the adjournment, suspend any contract, lease, permit, or license pending the final determination pursuant to subsection 10.11.5 below without the City or the Corporation incurring any penalty or damages for delay or otherwise.

10.11.4 The Corporation or the City may impose the following penalties after a final determination by the Commissioner that penalties should attach for the failure of a person to testify:

(i) the disqualification for a period not to exceed five (5) years from the date of an adverse determination of any person, or any entity of which such person was a member at the time the testimony was sought, from submitting bids for, or transacting business with, or entering into or obtaining any contract, lease, permit or license with or from the City or the Corporation, as the case may be; and/or

10.11.5 The Commissioner shall consider and address, in reaching her or his determination, and the Corporation and the Commissioner shall consider and address, in assessing an appropriate penalty, the factors in subparagraphs (i) and (ii) below. The Commissioner and the Corporation may also consider, if relevant and appropriate, the criteria established in subparagraphs (iii) and (iv) below in addition to any other information which may be relevant and appropriate:

(i) The entity's good faith endeavors or lack thereof to cooperate fully and faithfully with any governmental investigation or audit, including, but not limited to, the discipline, discharge, or disassociation of any person failing to testify, the production of accurate and complete books and records, and the forthcoming testimony of all other members, agents, assignees or fiduciaries whose testimony is sought.

(ii) The relationship of the person who refused to testify to any entity that is a party to the hearing, including, but not limited to, whether the person whose testimony is sought has an ownership interest in the entity and/or the degree of authority and responsibility the person has within the entity.

(iii) The nexus of the testimony sought to the subject entity and its contracts, leases, permits or licenses with the City or the Corporation.

(iv) The effect a penalty may have on an unaffiliated and unrelated party or entity that has a significant interest in an entity (subject to penalties under subsection 10.11.4 above), provided that the party or entity has given actual notice to the Commissioner upon the acquisition of the interest, or at the hearing called for in subsection 10.11.2(2) above gives notice and proves that such interest was previously acquired. Under either circumstance the party or entity must present evidence at the hearing demonstrating the potential adverse impact a penalty will have on such person or entity.

**APPENDIX B**  
**SCOPE OF SERVICES**

## **SCOPE OF SERVICES**

### **Introduction/Objective**

Hurricane Sandy impacted approximately 35,000 single family dwellings (one and two family buildings). The City is launching a Community Development Block Grant (CDBG) Program to provide financial assistance to impacted homeowners for residential repairs. As part of this program, the City will be conducting detailed assessments of damaged homes and creating Work Orders for distribution to participating General Contractors. The New York City Housing Recovery Office (HRO) is seeking architectural scoping services to support the home assessment program. While NYCEDC will hold the contracts for this work, HRO will primarily oversee the contract services and provide direction and feedback to the selected Consultants.

The City anticipates that approximately 8,000 to 12,000 homes will require preparation of a detailed scoping document (Work Order) describing home damage. Most homes that enter this program, will have sustained less than 50% physical damage based on the pre-storm fair market value of the home. A small percentage of homes will have received greater than 50% damage and a small percentage of homes will require raising pursuant to NYC Department of Buildings code requirements.

The selected vendor(s) will be responsible for creating comprehensive work order packages and itemized quantity take-off cost estimates of qualifying home repairs consistent with Federal, State and local requirements. The scoping documents for each home will include a list of unit price quantities, general floor plans of flood damaged areas, simple floor plan and elevation drawings of kitchen and bathroom repairs, a photographic inventory of the existing conditions, and general notes on hazardous mitigation requirements.

The selected vendor(s) is expected to have extensive experience in single family dwelling home design and familiarity with Federal Housing and Urban Development (HUD) CDBG requirements for home reconstruction.

Contracts will be awarded to up to 3 architectural firms based on the selection criteria described in this solicitation.

### **TASK 1. PROJECT MANAGEMENT**

The selected vendor(s) shall provide a sufficient and well-organized project administration team to manage the project throughout the entire period of the Contract including proper supervision of all staff and subcontracted services.

#### **Task 1.1 Project Execution Plan**

The selected vendor(s) shall develop and implement a Project Execution Plan (PEP) detailing the manner in which the project will be planned, managed and executed. The objective of the PEP is to define the approach to be used by the project team to deliver the intended project and how project information will be communicated. The PEP shall be updated as necessary to reflect changes in the project and all revisions will be submitted to DEP for review and comment.

### **Task 1.2 Monthly Progress Reports and Weekly Progress Meetings**

The selected vendor(s) shall prepare and submit a Monthly Progress Report detailing activities completed in previous month, activities anticipated in upcoming month, expenditure against planned budget, schedule progress against planned schedule, and critical issues. The Monthly Progress Reports shall be clear and concise.

The Project Manager of the selected vendor(s) shall attend a weekly coordination meeting with the Program Director to review progress, discuss of items requiring feedback and review a list of outstanding issues requiring resolution.

The selected vendor(s) shall prepare a monthly invoice which includes a full accounting of all staff, number of hours, loaded hourly rate, sub-consultants and Other Direct Costs organized by individual scope task for tasks to be paid on a time and material basis. For tasks paid by lump sum, verification of the units shall be provided. Complete back up of all timesheets and other direct costs are required to substantiate billing.

### **TASK 2. DEVELOP POLICIES AND PROCEDURES**

The selected vendor(s) shall prepare detailed procedures for the execution of home inspections including but not limited to written standard operating procedures, checklists, and floor plan and elevation “quick” forms, etc. The goal of the procedures is to create a consistent and efficient process of working with the homeowners and contractors to finalize the scoping document and initiate construction. All staff will be trained on these procedures and will be expected to comply with all policies and procedures in execution of the work without exception.

### **TASK 3. CONDUCT HOME INSPECTIONS AND PREPARE WORK ORDERS**

Conduct site visit of home and prepare DRAFT Work Orders of qualifying home repairs. Results of the Preliminary Damage Assessment performed by the Housing Recovery Office will be provided for each home. The Preliminary Damage Assessment provides a general description of eligible repairs and includes results of all hazards analysis and associated hazard mitigation requirements. The selected vendor(s) will build a detailed Work Order of all necessary repairs. General services under this sub-task include the following:

- Review damage assessment and environmental review reports performed on the home during the Intake Process to verify work required in the home.
- Verify that a Right of Entry has been signed by the homeowner to allow access to the home.
- Inspect home and prepare detailed quantity take-offs for all necessary repairs. Record quantities and produce quick floor plans and elevations sufficient for basic kitchen and bath layouts in the electronic tablet (see Task 4). The unit price items will be based on the Xactimate estimating software package.
- Record written descriptions of hazardous remediation for lead, mold, and asbestos in addition to identified unit price quantities.
- Prepare detailed photographic inventory of the home (using electronic tablet) during inspection including all areas of damage and planned repairs. All photographs shall be properly logged and labeled consistent with documented procedures to facilitate ease of retrieval.
- Coordinate selection of all eligible options with homeowners including, but not limited to, basic

kitchen layout, cabinetry, finishes, flooring, kitchen and bathroom fixtures, non-luxury appliances, etc.

- Identify appropriate repair duration (15 days, 30 Days, 45 Days, 60 Days or 90 Days) depending on extent of damage. The repair schedule will be used as a basis of assessing liquidated damages to the contractors.
- Identify and record contractor start date on the home, based on assessment of advance need to procure supplies.
- Conduct final walk through of home with selected General Contractor to confirm scope and solicit final sign-off of the document from Contractor and Homeowner.

It is intended that these services will be completed in 1 home visit limited to approximately 4 hours. If final agreement on homeowner selected materials and layouts cannot be completed within these time frames, the homeowner will be required to make an appointment at a customer service station to finalize the selection process. All appointments for home visits to conduct investigations and prepare Work Orders will be made by a City Customer Service Representative.

#### **TASK 4 DEVELOP TABLET-BASED WORK ORDER SYSTEM**

Develop tablet-based system to record unit price quantities (e.g. Xactimate Software), store photo inventory of the home, provide visual images of allowable materials, and produce quick floor plans and elevations of storm-damaged homes. In addition to producing completed work order packages, the tablet will serve as a valuable communication tool with the homeowner to finalize overall home floor plans, and specifically, kitchen and bathroom plan and elevation drawings. The system shall allow visual imaging sufficient for quick optioneering of various layout configurations for “on the spot” communication with homeowners, and record selected options and materials for key home components (e.g. cabinet style, toilet, kitchen sink, etc.). Output from the tablet shall automatically create simple 8-1/2” x 11” plan and elevation drawings and document homeowner selected materials, including standard photographs that will be incorporated into the overall scope package for the building general contractor. Selected vendor(s) will be responsible for providing tablets and wireless printers and configuring tablets to produce Work Order documents.

#### **TASK 5 QUALITY MANAGEMENT**

The selected vendor(s) will provide centralized independent review of all scoping documents prior to finalization including review of photographs, unit price list, floor plans, elevations, etc. to verify eligibility, completeness, accuracy, local code compliance, and compliance with HUD Single Family Housing Rehabilitation Standards, and the HUD CPD Green Building Retrofit Checklist. Any quality issues identified during review shall be corrected prior to contractor sign-off of the scoping document. It is expected that all quality sign-offs will be completed within 24 hours of submittal of a draft Scope of Work Package.

#### **TASK 6 PREPARE ENGINEERING DRAWINGS AND INSPECTION FOR HOME RAISING**

It is anticipated that approximately 250 to 500 homes will require raising in order to comply with NYC Department of Buildings code requirements. The selected vendor will be responsible for conducting all

field investigations and producing signed and sealed engineering drawings and specifications for DOB approval. Upon DOB approval, the vendor shall prepare bid documents for the City's General Contractor to prepare a Non-Prepriced cost proposal. The Engineer of Record will also be required to perform a final inspection on the house raise to support final acceptance of the Job Order.

#### **TASK 7 REVIEW/APPROVAL OF POTENTIAL CHANGE ORDERS**

The selected vendor(s) shall be responsible for reviewing and recommending changes to the original scope document including an evaluation of a time extension to complete the extra work. Potential scope changes must be submitted in writing from the General Contractor and where applicable, an electronic photo inventory of the changed condition must be provided. Where necessary, the architect shall make a home visit to verify the change condition; otherwise, the photographic inventory provided by the contractor shall be used to assess the changed condition. All contractor submissions and owner approval of changed conditions shall be made electronically into the City's web-based data management system. It is expected that all change requests shall be reviewed and approved within 48 hours of submission from the General Contractor. Requests for changes must be approved by the vendor(s) prior to the initiation of the work.

#### **TASK 8 REQUESTS FOR INFORMATION/CLARIFICATION**

The selected vendor(s) shall be responsible for reviewing and responding to scope related requests for information (RFI) from the General Contractor. The General Contractor must submit all RFIs through the web-based Construction Management System. It is expected that all RFIs shall be responded to within 48 hours of receipt.

#### **TASK 9 SUBMITTAL REVIEW**

The General Contractors will be required to provide basic submittals of materials for all unit price items for review and approval. The General Contractors may also be required to provide submittals related to house raising as requested in the Non-Prepriced Bid Documents. The selected vendor(s) will be required to review the submissions for compliance with the contract specifications as well as HUD Single Family Housing Rehabilitation Specifications. Each selected contractor is expected to provide submittals within 30 days of contract registration for all unit price items. The selected vendor(s) is expected to review all submittals within 14 days of the initial submission. Substitutions for approved submittals may be received throughout the construction period and the selected vendor(s) is expected to review and approve individual submissions within 48 hours of submission.

### E.O. 50 SUPPLY & SERVICE RIDER

#### EQUAL EMPLOYMENT OPPORTUNITY

**[Note: for purposes of this rider, the “contractor” means the Consultant identified in this Contract]**

This contract is subject to the requirements of Executive Order No. 50 (April 25, 1980) (§10-14) as revised (“E.O.50”) and the Rules and Regulations promulgated thereunder. No contract will be awarded unless and until these requirements have been complied with in their entirety. By signing this contract, the contractor agrees that it:

- (1) will not discriminate unlawfully against any employee or applicant for employment because of race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status with respect to all employment decisions including, but not limited to, recruitment, hiring, upgrading, demotion, downgrading, transfer, training, rates of pay or other forms of compensation, layoff, termination, and all other terms and conditions of employment;
- (2) will not discriminate in the selection of subcontractors on the basis of the owner’s, partners’ or shareholders’ race, color, creed, national origin, sex, age, handicap, marital status or sexual orientation or citizenship status;
- (3) will state in all solicitations or advertisements for employees placed by or on behalf of the contractor that all qualified applicants will receive consideration for employment without regard to race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status, or it is an equal employment opportunity employer;
- (4) will send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or memorandum of understanding, written notification of its equal employment opportunity commitments under E.O. 50 (§10-14) and the rules and regulations promulgated thereunder; and
- (5) will furnish before the contract is awarded all information and reports including an Employment Report which are required by E.O. 50 (§10-14), the rules and regulations promulgated thereunder, and orders of the Director of the Division of Labor Services (the “Division”). Copies of all required reports are available upon request from the contracting agency; and
- (6) will permit the Division to have access to all relevant books, records and accounts for the purposes of investigation to ascertain compliance with such rules, regulations, and orders.

The contractor understands that in the event of its noncompliance with the nondiscrimination clauses of this contract or with any such rules, regulations, or orders, such noncompliance shall constitute a material breach of the contract and noncompliance with E.O. 50 (§10-14) and the rules and regulations promulgated thereunder. After a hearing held pursuant to the rules of the Division, the Director may direct the imposition by the contracting agency head of any or all of the following sanctions:

- (i) disapproval of the contractor;
- (ii) suspension or termination of the contract;
- (iii) declaring the contractor in default; or
- (iv) in lieu of any of the foregoing sanctions, the Director may impose an employment program.

The Director of the Division may recommend to the contracting agency head that a contractor who has repeatedly failed to comply with E.O. 50 (§10-14) and the rules and regulations promulgated thereunder be determined to be nonresponsible.

The contractor agrees to include the provisions of the foregoing paragraphs in every subcontract or purchase order in excess of New York City's small purchase limit established by rule of New York City's Procurement Policy Board to which it becomes a party unless exempted by E.O. 50 (§10-14) and the rules and regulations promulgated thereunder, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Director of the Division of Labor Services as a means of enforcing such provisions including sanctions for noncompliance.

The contractor further agrees that it will refrain from entering into any contract or contract modification subject to E.O. 50 (§10-14) and the rules and regulations promulgated thereunder with a subcontractor who is not in compliance with the requirements of E.O. 50 (§10-14) and the rules and regulations promulgated thereunder.

### OUTSIDE FUNDING SOURCE PROVISIONS

1. General Terms.

This Contract will be funded in whole or in part by the Funds identified in Part I, Section 4.1 of this Contract. The receipt of such Funds is conditioned upon the Consultant's compliance with certain mandatory federal, State and City terms and conditions. The Consultant must comply with all applicable mandatory terms and conditions set forth in the Applicable Requirements and Applicable Agreements including, without limitation, those set forth in Part I, Section 4.3, 4.4, this Appendix, Appendix J and in Appendix K. This Appendix shall be annexed to and made a part of any subcontract entered into by the Consultant pursuant to this Contract, and shall be binding on any Subcontractor. The Corporation shall not be liable to the Consultant in the event any or all of such Funds are not made available.

2. Termination or Suspension Related to Unavailability of Funds.

In addition to any other right to postpone, delay suspend or terminate the Services or the Contract set forth in this Contract, if, pursuant to the Applicable Requirements or Applicable Agreements or otherwise, there shall be a suspension, termination or reduction of the Funds funding this Contract as a result of which Funds are not available for some or all payments under this Contract, the Corporation shall so notify the Consultant and the Consultant shall, and agrees to, cease to perform the activities specified in the notice (permanently or temporarily, as specified in the notice) on the date set forth therein, which may be immediately. The Consultant shall assume no further binding obligations in connection with any Services specified in the notice to be stopped, after the date set forth in the notice, except that such cessation need only be for the period of suspension if the Services are suspended rather than terminated. The award of Funds funding this Contract may be suspended or terminated if the Consultant materially fails to

comply with any term of such award. The award may also be terminated for convenience in accordance with the Applicable Requirements and Applicable Agreements.

The provisions of this Article 2(d) shall be incorporated in and made a part of all subcontracts executed in connection with this agreement.

(e) Section 3 of the Housing and Urban Development Act of 1968 (P.L. 90-448). Pursuant to 24 CFR § 135.38, the Contractor agrees to the following:

C. The Contractor agrees to send to each labor organization or representative of workers with which the Contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the Contractor's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

Sanctuaries, chapels, or other rooms that a CDBG-funded religious congregation uses as its principal place of worship, however, are ineligible for CDBG-funded improvements. Disposition of real property is subject to 24 CFR § 570.200(j)(5).

(n) Executive Order 11246, as amended, and the implementing regulations contained in 41 CFR Chapter 60, as amended, prohibit discrimination in employment due to race, color, religion, sex or national origin during the performance of all Federal or federally assisted contracts.

- (i) During the performance of this Agreement the Contractor agrees as follows:
  - a. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants

for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

b. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, sex, religion or national origin.

c. The Contractor will send to each labor union or representative of workers with which he/she has a collective bargaining agreement or other Agreement or understanding, a notice to be provided by the Agency contracting officer, advising the labor union or worker's representatives of the Contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, as amended, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

d. The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, as amended, and of the rules, regulations and relevant orders of the Secretary of Labor.

e. The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, as amended, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the Department and the Secretary of Labor for purposes of investigations to ascertain compliance with such rules, regulations, and orders.

f. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Agreement or with any of such rules, regulations, or orders, this Agreement may be cancelled, terminated or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted Construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, as amended, or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law.

g. The Contractor will include the provisions of this Article 2(n) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, as amended, so that provisions will be binding upon each Subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for non-compliance: Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a Subcontractor or vendor as a result of such direction, the Contractor may request the United States to enter into such litigation to protect the interest of the United States.

(o) The Contractor agrees that if it enters a Construction subcontract as part of its Agreement with the City, and this Construction subcontract is for an amount more than \$10,000, the notice found at FEDERAL EXHIBIT 1 of this Agreement must be included in that Construction subcontract.

### ARTICLE 3

### ADDITIONAL FEDERAL CONDITIONS FOR CONSTRUCTION

In the event that this Agreement involves Construction work, design for Construction or Construction services, all such work or services performed or administered by the Contractor shall be subject to the following requirements in addition to those set forth in Article 2.

- (a) Federal Labor Standards: The Contractor will comply with the following:
  - (i) The Davis-Bacon Act (40 U.S.C. §§ 3141 *et seq.*): In Construction contracts involving an excess of \$2000, unless exclusively in connection with the rehabilitation of residential property containing fewer than 8 units, all laborers and mechanics must be paid at a rate not less than those determined by the Secretary of Labor to be prevailing for the City, which rates are to be provided by the Agency. These wage rates are a federally mandated minimum only, and will be superseded by any State or City requirement mandating higher wage rates. The Contractor also agrees to comply with Department of Labor Regulations pursuant to the Davis-Bacon Act found in 29 CFR Parts 1, 3, 5 and 7 which enforce statutory labor standards provisions.
  - (ii) Sections 103 and 107 of the Contract Work Hours and Safe Standards Act (40 U.S.C. §§ 3701 *et seq.*), which provides that no laborer or mechanic shall be required or permitted to work more than eight hours in a calendar day or in excess of forty hours in any workweek, unless such laborer or mechanic is paid at an overtime rate of 1½ times his/her basic rate of pay for all hours worked in excess of these limits, under any Construction Agreement costing in excess of \$2000. In the event of a violation of this provision, the Contractor shall not only be liable to any affected employee for his/her unpaid wages, but shall be additionally liable to the United States for liquidated damages.
  - (iii) The Copeland “Anti-Kickback” Act (18 U.S.C. § 874), as supplemented by the regulations contained in 29 CFR Part 3, requiring that all laborers and mechanics shall be paid unconditionally and not less often than once a week, and prohibiting all but “permissible” salary deductions.
  - (iv) The more complete detailed statement of Federal Labor Standards annexed hereto as FEDERAL EXHIBIT 2.
  - (v) The provisions of Article 3(a) of this Agreement shall be included in all subcontracts for work in connection with this Agreement.
- (b) Executive Order 11246, as amended by Executive Order 11375, and as supplemented in Department of Labor regulations (41 CFR chapter 60) for Construction contracts or subcontracts in excess of \$10,000.

#### **Standard Federal Equal Employment Opportunity Construction Contract Specifications for Contracts and Subcontracts in Excess of \$10,000.**

- 1. As used in these specifications:
  - a. “Covered area” means the geographical area described in the solicitation from which this Agreement resulted;
  - b. “Director” means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;

- c. “Employer identification number” means the Federal Social Security number used on the Employer’s Quarterly Federal Tax Return, U.S. Treasury Department Form 941.
  - d. “Minority” includes:
    - (i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
    - (ii) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of race);
    - (iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
    - (iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
2. Whenever the Contractor, or any Subcontractor at any tier, subcontracts a portion of the work involving any Construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this Agreement resulted.
3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or Subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or Subcontractors toward a goal in an approved Plan does not excuse any covered Contractor’s or Subcontractor’s failure to take good faith efforts to achieve the Plan goals and timetables.
4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7 a through p of these specifications. The goals set forth in the solicitation from which this Agreement resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each Construction trade in which it has employees in the covered area. Covered Construction Contractors performing Construction work in geographical areas where they do not have a Federal or federally assisted Construction contract shall apply the minority and female goals established for the geographical areas where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.
5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor’s obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.
6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period,

and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:
  - a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each Construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
  - b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organization's responses.
  - c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.
  - d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
  - e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7b above.
  - f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where Construction work is performed.
  - g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with on-site supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of Construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.
  - h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written

- notification to and discussing the Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.
- i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.
  - j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of a Contractor's work force.
  - k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.
  - l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.
  - m. Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.
  - n. Ensure that all facilities and company activities are non-segregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.
  - o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female Construction contractors and suppliers, including circulation of solicitations to minority and female Contractor associations and other business associations.
  - p. Conduct a review, at least annually, of all supervisor's adherence to and performance under the Contractor's EEO policies and affirmative action obligations.
8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (7a through p). The efforts of a Contractor association, joint Contractor-union, Contractor-community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through p of these specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the Program are reflected in the Contractor's minority and female work force participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.
9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.
11. The Contractor shall not enter into any Subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246 or suspended or is otherwise excluded from or ineligible for participation in federal assistance programs.
12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.
13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.
14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, Construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, Contractors shall not be required to maintain separate records.
15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for hiring of local or other areas residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

#### **ARTICLE 4**

(a) The Contractor shall not, in any Program or activity receiving funds under this Agreement, discriminate against any person on the grounds of race, color, national origin, religion, sex, age, or disability. The Contractor agrees to comply with provisions of 24 CFR Part 6, 8, and 146.

## **ARTICLE 7**

The Contractor shall retain no copyright or intellectual property interest in the Copyrightable Materials. (b) Employees of the Subcontractor shall be subject to the same provisions as employees of the Contractor.

(c) The services furnished by Subcontractors shall be subject to the provisions hereof as if furnished directly by the Contractor, and the Contractor shall remain responsible therefor.

The Contractor further certifies that neither it nor its principals is debarred, suspended, otherwise excluded from or ineligible for participation in Federal assistance programs. The City reserves the right to terminate this Agreement if knowledge of debarment, suspension or other ineligibility has been withheld by the Contractor.

With regard to this second area, the Contractor also is subject to the goals for both its federally involved and nonfederally involved Construction.

The Contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3(a), and its efforts to meet the goals. ## Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

**A. 1. (i) Minimum Wages.** All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section I(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

**(ii) (a)** Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

**(1)** The work to be performed by the classification requested is not performed by a classification in the wage determination; and

**(2)** The classification is utilized in the area by the construction industry; and

**(3)** The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

**(b)** If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

**(c)** In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

**(d)** The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

**(iii)** Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

**(iv)** If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

**2. Withholding.** HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

**3. (i) Payrolls and basic records.** Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been

communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

**(ii) (a)** The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

**(b)** Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

**(1)** That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

#### **4. Apprentices and Trainees.**

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who

is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

**(iii) Equal employment opportunity.** The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

**5. Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

**6. Subcontracts.** The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 in this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

**7. Contract termination; debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

**8. Compliance with Davis-Bacon and Related Act Requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

**9. Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

**10. (i) Certification of Eligibility.** By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be

awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

**(ii)** No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

**(iii)** The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

**11. Complaints, Proceedings, or Testimony by Employees.** No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

**B. Contract Work Hours and Safety Standards Act.** The provisions of this paragraph B are applicable where the amount of the prime contract exceeds \$100,000. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

**(1) Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

**(2) Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in subparagraph (1) of this paragraph.

---

**(3) Withholding for unpaid wages and liquidated damages.** HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

**(4) Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

**C. Health and Safety.** The provisions of this paragraph C are applicable where the amount of the prime contract exceeds \$100,000.
