**PART I
INTRODUCTION**

1. INVITATION TO SUBMIT PROPOSAL

Subject to the availability of funds and the responses to this RFP, NYCEDC will select a Consultant to provide the Services. The Consultant shall be experienced in all aspects of the Services. The Consultants will commence the Services upon a written Notice to Proceed from NYCEDC or upon execution of the Contract by the Consultants and NYCEDC substantially in the form of the Contract Draft. The Contract Draft is an initial draft subject to further review and revision by NYCEDC prior to execution. NYCEDC shall not be bound to the terms of any aspect of the Contract Draft, and the final acceptance of any successful proposal shall be subject to, and contingent upon, the negotiation between the parties of a Contract in form and substance acceptable to NYCEDC. Nevertheless, **you should review the Contract Draft and be familiar with all of the terms and conditions set forth therein prior to submitting your proposal.**

1.1 **General Background.** On January 29, 2013, President Obama signed into law the Disaster Relief Appropriations Act of 2013 (Public Law 113-2) which, among other things, appropriated \$16 billion in community development block grant funds for disaster recovery (“CDBG-DR Funds”). The CDBG-DR Funds are to be used for necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization in the areas most impacted and distressed after Hurricane Sandy.

It is expected that the U.S. Department of Housing and Urban Development (“HUD”), which administers CDBG-DR Funds, will enter into a grant agreement with the City (the “City Grant Agreement”) to disburse CDBG-DR Funds. As a grantee of CDBG-DR Funds, the City is not limited in its recovery to returning to pre-disaster conditions. HUD encourages the use of CDBG-DR Funds to carry out activities that not only address disaster-related impacts, but leave communities sustainably positioned to meet the needs of their post-disaster populations and to further prospects for growth.

1.2 **Project Description.** The Consultant shall provide Construction, Construction Management and Related Consultant Services related to the repair of damage to the Rockaway Beach boardwalk caused by Hurricane Sandy which may include the incorporation of dunes and other protective measures which are more resilient and able to withstand storm and tidal forces which will impact the coastline in future years. The Project Site will begin with approximately

5.5 miles of shoreline in the Rockaways.

1.3 **Other Requirements.** NYCEDC anticipates that this RFP and the form of Contract, where applicable, may be subject to certain additional rules and requirements, including rules and requirements arising from the use of CDBG-DR Funds as the source of funding to compensate the Consultant. Certain of these additional rules and requirements are described in more detail in Part I, Section 2.2.8 and in Appendix B of the Contract Draft attached to this RFP.

4. MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISE PARTICIPATION

4.1 **M/WBE Program.** Local Law No. 129 of 2005 added and Local Law 1 of 2013 amended Section 6-129 of the Administrative Code of the City of New York (hereinafter "Section 6-129"). Section 6-129 establishes a program for participation in City procurement by minority-owned business enterprises ("MBEs") and women-owned business enterprises ("WBEs", together with "MBEs" collectively referred to as "M/WBEs"), certified in accordance with Section 1304 of the City Charter. As stated in the Section 6-129, the intent of the program is to address the impact of discrimination on the City's procurement process, and to promote the public interest in avoiding fraud and favoritism in the procurement process, increasing competition for City business and lowering contract costs. The Corporation endorses these goals and has adopted an M/WBE Program to further participation by MBEs and WBEs in the provision of the Services. All respondents shall comply with all requirements of the Corporation's M/WBE Program applicable to this RFP.

4.2 **Minority and Women -Owned Business Enterprises.** M/WBE firms must be certified by DSBS to credit such firms' participation toward attainment of the Participation Goals. Such certification must occur prior to the firms' commencement of work. A list of M/WBE firms may be obtained from the DSBS website at www.nyc.gov/buycertified, by emailing DSBS at buyer@sbs.nyc.gov, by calling (212) 513-6356, or by visiting or writing

DSBS at 110 William Street, New York, New York, 10038, 7th Floor. Eligible firms that have not yet been certified may contact DSBS in order to seek certification by visiting www.nyc.gov/getcertified, emailing MWBE@sbs.nyc.gov, or calling the DSBS certification helpline at (212) 513-6311. No credit shall be given for participation by a graduate M/WBE, as defined in Section 6-129(c)(20).

4.3 **Participation Goal.**

4.3.1 The Participation Goal for this Contract or Task Order issued pursuant to the Contract is set forth in Part 2.2.7. The Participation Goal represents a percentage of the total dollar value of the Contract or Task Order, as applicable, that may be achieved by awarding subcontracts to firms certified with DSBS as MBEs or WBEs, and/or by crediting the participation of prime contractors and/or qualified joint ventures as provided for in Section 4.3.4, below.

4.3.2 The Participation Goal is a material term of the Contract and the Consultant shall be subject to the Participation Goal.

4.3.3 A consultant that is an M/WBE shall be permitted to count its own participation toward fulfillment of the Participation Goal, provided that the value of the Consultant's participation shall be determined by subtracting from the total value of the Contract or Task Order, as applicable, any amounts that the Consultant pays to direct subcontractors.

4.3.4 A consultant that is a qualified joint venture shall be permitted to count a percentage of its own participation toward fulfillment of the Participation Goal. The value of the Consultant's participation shall be determined by subtracting from the total value of the Contract or Task Order, as applicable, any amounts that the Consultant pays to direct subcontractors, and then multiplying the remainder by the percentage to be applied to total profit to determine the amount to which an M/WBE is entitled pursuant to the joint venture agreement.

4.4 **Subcontractors Participation Plans.**

4.4.1 Within thirty (30) days of notice of award by the Corporation, the selected respondent shall submit a final Subcontractors Participation Plan specifying all proposed Subcontractors to which it intends to award subcontracts within the subsequent twelve (12) months.

4.4.2 **Retainer Contracts.** INTENTIONALLY DELETED.

4.4.3 In the event that the Corporation does not approve a Subcontractor proposed by the Consultant, the Contractor shall have a reasonable time to propose alternate Subcontractors. The Subcontractors Participation Plan as approved by the Corporation shall be annexed to and made part of the Contract.

4.5 **Pre-award Waiver of Participation Goal.**

4.5.1 The Corporation may, in its sole discretion, grant a full or partial waiver of the Participation Goal to a respondent that demonstrates that the respondent has legitimate business reasons for proposing a lower level of subcontracting in its Subcontractors Participation Plan. In making such determination, the Corporation may consider whether the proposed Subcontractors Participation Plan is consistent with past subcontracting practices of the respondent, whether the respondent has made efforts to form a joint venture with a certified firm, and whether the respondent has made good faith efforts to identify portions of the Contract that it intends to subcontract. All waiver requests must be in writing and accompanied by an “M/W/DBE Waiver/Modification Request” which can be found on the Website. M/W/DBE Waiver/Modification Requests must be submitted to the following e-mail address: opportunitymwdbe@nycedc.com.

4.5.2 Good Faith Efforts. Good faith efforts should be documented by respondent requesting a pre-award waiver and such documentation provided to the Corporation upon the Corporation’s request. The Corporation may grant a pre-award waiver request if it determines that the respondent has established, with appropriate documentary and other evidence, that the respondent has made all reasonable, good faith efforts to meet the Target Subcontracting Percentage set for the Contract. In making such determination, the Corporation will consider, along with any other relevant factors, evidence submitted by the respondent showing that the respondent has, without limitation, and as applicable:

4.5.2.1 Direct Outreach. The respondent provided timely notice to M/WBEs of specific opportunities to participate in the Contract;

4.5.2.2 NYCEDC Assistance. The respondent submitted timely requests for assistance to the Corporation’s M/WBE liaison officer and provides the Corporation with a description of how the Corporation’s recommendations were acted upon and an explanation of how action upon such recommendations did not lead to the desired level of participation of M/WBEs;

4.5.2.3 Advertised Opportunities. The respondent advertised opportunities to participate in the Contract in general circulation media, trade and professional association publications, small business media and publications of M/WBE organizations;

4.5.2.4 Follow Up with M/WBEs. The respondent sent timely written notices to advise M/WBEs that their interest in the Contract was solicited;

4.5.2.5 Substitution of Work. The respondent made efforts to identify portions of the Contract Work that could be substituted for portions originally designated for the participation by M/WBEs in the M/WBE Subcontractors Participation Plan and for which the respondent claims an inability to retain M/WBEs;

4.5.2.6 Meeting with M/WBEs. The respondent held meetings with M/WBEs prior to the date their proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their proposals were solicited;

4.5.2.7 Negotiated with M/WBEs. The respondent made efforts to negotiate with M/WBEs as relevant to perform specific subcontracts, or acts as suppliers or service providers;

4.5.2.8 Interested Subcontractor List. The respondent made efforts to contact interested M/WBEs listed on the Website's Interested Subcontractor list..

4.5.3 The Corporation's M/WBE Director and Chief Contracting Officer will provide written notice to the respondent of the determination.

4.6 **Joint Ventures**. Respondents are encouraged to enter into joint ventures with MBEs and WBEs.

4.7 **Violations by Respondents to RFPs**. If the Corporation determines that a respondent has violated the requirements of the Corporation's M/WBE Program, then the Corporation may disqualify the respondent from competing for the Contract and may remove the respondent from the list of qualified consultants maintained by the Corporation.

4.8 **Statements**. Statements made in any instrument submitted to the Corporation in connection with the Corporation's M/WBE Program or the M/WBE requirements applicable to this RFP or the Contract shall be submitted under penalty of perjury, and any false or misleading statement or omission shall be grounds for the application of any applicable criminal and/or civil penalties for perjury.

Other M/WBE Requirements. Article 9 of the General Terms and Conditions (Part II) of the Contract Draft contains additional provisions related to the Corporation's M/WBE Program regarding, without limitation, reporting, change orders, modifications to Subcontractors Participation Plans, compliance audits, enforcement and evaluations. Please be sure that you review and understand all of the requirements of the Corporation's M/WBE Program applicable to this RFP and the Contract prior to submitting your proposal.

5. DOING BUSINESS DATA FORM REQUIREMENTS.

5.1 Pursuant to the City's Local Law No. 34, amending the City's Campaign Finance Law, the City is required to establish a computerized database containing the names of any "person" that has "business dealings with the city", as such terms are defined in LL 34.

5.2 In order for the City to obtain information necessary to establish the required database, each respondent must complete a Doing Business Data Form in the form available at the Website and described in Exhibit 2 and return it in a separate envelope with the respondent's proposal.

5.3 The submission of a Doing Business Data Form that is not accurate and complete may result in appropriate sanctions. Respondents are encouraged to consult legal counsel with respect to the impact of LL 34. Respondents may also wish to review the document "Q&A: The Doing Business Data Form and the Doing Business Database" available at the Website and described in for further information. A respondent may provide in writing, at the time of its submission, a detailed description of the specific information contained in its submission which it has determined is a trade secret and which, if disclosed, would substantially harm such entity's competitive position. This characterization shall not be determinative, but will be considered by NYCEDC when evaluating the applicability of any exemptions in response to a FOIL request.

7.5 **Costs.** NYCEDC shall not be liable for any cost incurred by the respondent in the preparation of its proposal or for any work or services performed by the respondent prior to the execution and delivery of the Contract. NYCEDC is not obligated to pay any costs, expenses, damages or losses incurred by any respondent at any time unless NYCEDC has expressly agreed to do so in writing.

7.6 **NYCEDC Rights.** This is a "Request for Proposals" and **not** a "Request for Bids". NYCEDC shall be the sole judge of whether a proposal conforms to the requirements of this RFP and of the merits and acceptability of the individual proposals. Notwithstanding anything to the contrary contained herein, NYCEDC reserves the right to take any of the following actions in connection with this RFP: amend, modify or withdraw this RFP; waive any requirements of this RFP; require supplemental statements and information from any respondents to this RFP; award a contract to as many or as few or none of the respondents as NYCEDC may select; to award a contract to entities who have not responded to this RFP; accept or reject any or all proposals received in response to this RFP; extend the deadline for submission of proposals; negotiate or hold discussions with one or more of the respondents; permit the correction of deficient proposals that do not completely conform with this RFP; waive any conditions or modify any provisions of this RFP with respect to one or more respondents; reject any or all proposals and cancel this RFP, in whole or in part, for any reason or no reason, in NYCEDC's sole discretion. NYCEDC may exercise any such rights at any time, without notice to any respondent or other parties and without liability to any respondent or other parties for their costs, expenses or other obligations incurred in the preparation of a proposal or otherwise. All proposals become the property of NYCEDC.

7.7 **Applicable Law.** This RFP and any Contract, Subcontract or any other agreement resulting herefrom are subject to all applicable laws, rules, regulations and executive orders, policies, procedures and ordinances of all Federal, State and City authorities, as the same may be amended from time to time, including without limitation, equal employment opportunity laws.

7.8 **Modifications and Questions.**

7.8.1 NYCEDC will advise RFP respondents of any modifications to this RFP by posting them on the Website. (See Part I, Section 2.2.4.4.) Nothing stated at any time by any representative of NYCEDC or of any other entity shall effect a change in, or constitute a modification to this RFP unless posted on the Website or confirmed in writing by NYCEDC.

7.8.2 Respondents may submit questions and/or request clarifications from NYCEDC by submitting them *in writing* to the Recipient at the Recipient's Mailing Address or E-Mail Address listed in the RFP Summary (Part I, Section 2.2.6). All questions and requests for clarifications must be submitted no later than the Question/Clarification Deadline listed in the RFP Summary (Part I, Section 2.2.4.1). Any questions or requests for clarifications received after this date will not be answered. All questions received through the Question/Clarification Deadline will be answered no later than the Question Response Date listed in the RFP Summary (Part I, Section 2.2.4.3), and NYCEDC shall post such answers on the Website, so as to be available to all respondents, if NYCEDC determines that such answers provide material clarification to the RFP.

7.8.3 Respondents are reminded to check the Website periodically to view updated information and answers to questions posed by other respondents.

7.8.4 While NYCEDC may send Notices, Addenda or other information related to this RFP to respondents via e-mail alerts or otherwise in writing, such e-mail alerts and other written materials shall be considered courtesy copies only. In the event any conflict exists between any information set forth on the Website and any Notice, Addendum or other information provided to a respondent by NYCEDC in writing via e-mail or otherwise, the information set forth on the Website will govern and be definitive. NYCEDC is not obligated to provide the respondent with any Notices, Addendum or other information that appears on the Website in writing, and the fact that NYCEDC may have sent one or more e-mails, Notices, Addenda or other written information to a respondent shall not be deemed to imply that NYCEDC has any duty or obligation to continue to do so.

7.9 **City Not a Party.** The City is not a party to this RFP, has made no representation to any prospective respondent and shall have no liability whatsoever in connection with this RFP.

7.10 **Brokerage Fees or Commissions.** The City and NYCEDC shall not be obligated to pay any fee, cost or expense for brokerage commissions or finder's fees with respect to the execution of the Contract. The respondent agrees to pay the commission or other compensation due to any broker or finder in connection with the Contract, and to indemnify and hold harmless the City and NYCEDC from any obligation, liability, cost and/or expense incurred by the City or NYCEDC as a result of any claim for commission or compensation brought by any broker or finder in connection with the Contract.

7.11 **Additional Work.** During the Contract, NYCEDC, in its sole discretion, may choose to work with the selected Consultant and/or hire its services for projects other than or that exceed the Scope of Services described herein. NYCEDC's decision to do so may be based on the firm's relevant experience and its successful performance under the Contract.

7.12 **Proposals From Principals.** Only proposals from principals will be considered responsive. Individuals in representative, agency or consultant status may submit proposals only at the direction of certified principals, where the principals are solely responsible for paying for such services.

7.13 **Disclaimer.** NYCEDC and the City, and their respective officers, directors, agents, members and employees make no representation or warranty and assume no responsibility for the accuracy of the information set forth in this RFP. Further, NYCEDC and the City do not warrant or make any representations as to the quality, content, accuracy or completeness of the information, text, graphics, links or any other facet of this RFP once it has been downloaded or printed from this or any server, and hereby disclaim any liability for any technical errors or difficulties of any nature that may arise in connection with the Website on which this RFP is posted, or in connection with any other electronic medium utilized by respondents or potential respondents in connection with or otherwise related to the RFP.

7.14 **Protest Procedures.** The procedures set forth in this section shall apply to all protests (collectively, “Protests” and each individually, a “Protest”) related to this procurement. 7.14.1 **Types of Protests.** There are three types of procurement Protests:

7.14.1.1 Pre-Proposal Protest: A protest submitted prior to the proposal submission deadline to challenge the notice procedures followed by the Corporation;

7.14.1.2 Pre-award Protest: A protest submitted after the receipt and opening of proposals and contingent award, but before Contract execution; and

7.14.1.3 Post-award Protest: A protest submitted after the Contract has been executed, but only to the extent that the protest is based on newly discovered information that was not available prior to execution of a Contract.

7.14.2 **Submission of Protests/Deadlines.** All Protests must be in writing and must be submitted in accordance with the following timeline for the following types of Protests:

7.14.2.1 A Pre-Proposal Protest must be submitted at least two (2) working days prior to the Submission Deadline set forth in Part I, Section 2.2.6.3 of the RFP;

7.14.2.3 A Post-award Protest must be submitted five (5) working days from the date the protesting party knew or should have known the newly discovered evidence that serves as the grounds of its Protest.

The respondent shall have been deemed to have received NYCEDC's determination notice no later than five (5) days from the date of mailing or upon delivery, if delivered by hand. A Protest will be considered submitted when the Protest is received by the Corporation.

7.14.3 Contents of Protest: The Protest should include, without limitation, the following information:

**PART II
GENERAL TERMS AND CONDITIONS**

The Corporation and the Consultant agree as follows:

**ARTICLE 1
PERFORMANCE OF SERVICES**

1.1 Services. The Corporation hereby retains and engages the Consultant and the Consultant agrees to perform the Services as described in Appendix B (Scope of Services), attached hereto.

1.2 Time for Performance of Services/Term/Delays and Force Majeure.

1.2.1 The Consultant shall commence the Services upon or promptly after the Commencement Date and shall complete the Services and each phase of the Services within the time or times stated for Final Completion as set forth in Appendix B, and in accordance with any directive given and Progress Schedule approved by the Corporation, unless this Contract is earlier terminated pursuant to Article 3 hereof.

1.2.2 This Contract shall be for the Term as set forth in Part I, Section 1.5 unless sooner terminated pursuant to Article 3 hereof.

1.2.3 If the Consultant has been delayed and as a result will be unable to complete performance fully and satisfactorily within the time fixed therefor, the Consultant may be granted an extension of time fixed for performance equal to the period the Consultant was actually and necessarily delayed upon submission of evidence of the causes of the delay, subject to the written approval of the Director in his or her sole discretion. The decision of the Director as to the granting of the extension and its length shall be binding upon the Consultant.

1.2.4 Subject to the Corporation's determination and approval, the Corporation may extend the time or times for performance of the Services where such performance has been substantially obstructed, hindered or delayed by reason of acts of Force Majeure. The Consultant shall have no claim against the Corporation or the City for any loss or damage sustained by the Consultant nor for any extra compensation in the form of an increase in the Maximum Contract Price, or otherwise, through such delay, hindrance or obstruction.

1.3 Complete Work and Timing and Sequence/Meetings. It is the intent of the parties that the provisions of this Contract shall not be construed so as to limit the Services, but that the Services shall include all acts necessary to fully and finally complete the work described in **Appendix B** hereof. The Consultant shall schedule and perform the Services in a manner so as to permit their completion diligently and expeditiously. The Principal, the Person in Charge and such other Representatives of the Consultant as may be required under the circumstances shall be available to meet with the Director or her or his designee as often as necessary to effectively perform the Services, and as often as may be specified in Appendix B.

1.4 Authority of Director/Performance of Services.

1.4.1 The Services to be performed by the Consultant shall at all times be subject to the review, direction and control of the Director, whose decision shall be final and binding upon the Consultant. The Director shall have the right to determine the amount, quality, acceptability and fitness of the Services and her or his approval shall be a condition precedent to the right of the Consultant to receive any compensation under this Contract. The Director shall act reasonably in exercising her or his authority under this Contract. The Director and any other person or agent duly authorized to act for and on behalf of the Corporation shall not, by virtue of such authority or action, be liable in any manner to the Consultant.

1.4.2 The Consultant shall perform all of the Services in a prudent and professional manner and in accordance with standards and practices as are customary for such Services in the New York City Metropolitan Statistical Area.

1.5 Changes to the Services.

1.5.1 The Consultant shall not make any changes in the Services without prior authorization in writing from the Director. The Consultant shall revise or correct any Work Product submitted in accordance with this Contract until accepted by the Director and accepted by all agencies whose approval is required by law, without additional compensation or time extension. Any changes to the performance of the Services or the Work Product which are necessary due to improper performance of the Services, a defect of design, unworkability of details or other fault or error of the Consultant shall be made by the Consultant, also without additional compensation or time extension.

1.5.2 The Director shall have the right to alter the Services, provided however, that if the Consultant believes that any work or services that it has been directed to perform as a result of such alteration is beyond the Scope of Services and constitutes Extra Work, the Consultant shall so Notify the Director within three (3) days of such directive. The Director shall determine whether such altered Services are (i) within the Scope of Services; or (ii) Extra Work that is substantially within the general purview of the Scope of Services and constitutes an increase in Subcontractor's Costs, General Conditions and/or Construction Management Fee; or (iii) Extra Work requiring an amendment to the Scope of Services and the Contract. The Director's determination shall be final, binding and conclusive.

1.5.3 The Director reserves the right to reduce the Scope of Services under this Contract by Notice to the Consultant specifying the nature and extent of such reduction. The

Consultant shall be compensated for all Services satisfactorily performed prior to the reduction and for Services satisfactorily performed thereafter. If said reduction results in a credit for the Corporation, such credit shall be immediately due and owing to Corporation, and the Consultant shall either pay such credit to the Corporation or the Corporation may withhold the credit amount from any future payments by the Corporation to the Consultant, at the exclusive option of the Corporation.

1.6 Equipment.

1.6.1 The Consultant, at its own expense, shall secure all supplies, materials and equipment required to perform and complete the Services.

1.6.2 The Consultant, at its sole cost and expense, shall bear the risk of loss for any supplies, materials and equipment used to perform the Services whether such loss arises by reason of fire, theft, vandalism, negligence or any other cause whatsoever. Consultant, at its sole cost and expense, shall promptly replace or repair all such lost, stolen or damaged supplies, materials and equipment.

1.6.3 The Consultant, at its sole cost and expense, shall maintain all of its supplies, materials and equipment in good working and serviceable order so as to enable the Consultant to perform the Services in a first-class and professional manner.

1.6.4 The Consultant shall be solely responsible for the means and methods and the safety and protection of all its employees and shall assume all liability for injuries, including death that may occur to such employees due to the act, omission, negligence, fault or default of the Consultant.

1.7 Services Subject to City Contract, Indemnification and Third Party Beneficiary. This Contract is a subcontract under the City Contract. The Consultant acknowledges that it has reviewed the City Contract and agrees to comply with the City Contract with respect to the Services and not to violate, or through its acts or failure to act cause the Corporation to violate, the City Contract. The Consultant agrees to defend, indemnify and hold harmless the Corporation from any claim, liability or judgment to which the Corporation may be subject because of any such action or failure to act. The City shall be a third party beneficiary of this Contract and shall have a direct cause of action against the Consultant in the event that any claim be made or any cause of action be brought against the Corporation or City or if the Consultant breaches this Contract.

1.8 Acts to be Performed by the Corporation. The Corporation shall perform the following acts in connection with this Contract:

1.8.1 The Corporation shall make available to the Consultant all relevant technical data (subject to the provisions of Part II, Section 5.3 herein) in regard to the Contract which is in the possession of the Corporation.

1.8.2 The Corporation shall designate a Project Manager to serve as a liaison between the Corporation and the Consultant.

ARTICLE 2
COMPENSATION

2.1 Payments.

2.1.1 Subject to, and in accordance with this Article 2, the Corporation shall pay to the Consultant, and the Consultant agrees to accept, in full consideration for the Services, and for all expenses of the Consultant in connection therewith, including Subcontractors' Costs, General Conditions and the Construction Management Fee, an amount not to exceed the Maximum Contract Price, payable as provided for in this Section 2.1 and in Appendix C.

2.1.2 Requisitions shall be in a form reasonably acceptable to the Corporation and shall be supported by any appropriate or necessary documentation or other evidence relating to the amounts set forth in the Requisition, as the Corporation may reasonably require including, but not limited to invoices, receipts, vouchers, releases and lien waivers from Subcontractor and suppliers, information related to M/WBEs required under Section 9.6 and, where applicable, the time sheets and/or certified payroll reports of the Consultant's staff and its Principal.

2.1.3 Each Requisition submitted to the Corporation by the Consultant shall constitute a representation that, except as specifically set forth in the Requisition, as of the date of the Requisition, all representations and warranties made by the Consultant in Article 7 are true, complete and accurate as if made as of the date of the submission of the Requisition.

2.1.4 The Director shall review the Requisitions and the Work Product. If, in her or his judgment, the Services have been satisfactorily performed in accordance with this Contract, the Director will approve the Requisition. All payments to the Consultant will be made in accordance with this Article 2.

2.1.5 Subject to Section 3.5, Final Payment will be due only upon Final Completion.

2.1.6 The Consultant, with the Director's prior approval, may exceed the Maximum Payment allocated to a particular portion of the Services if the Consultant by Notice determines that the Maximum Payment initially allocated to the portion is insufficient to adequately perform the portion of the Services and if the Consultant demonstrates to the Director a savings with respect to another portion of the Services which is at least equal to the amount of such excess. However, notwithstanding the above, in no event shall the Corporation pay the Consultant more than the Maximum Contract Price.

2.2 Miscellaneous Payment Provisions.

2.2.1 In addition to its rights under Section 9.10, if the Corporation shall have reasonable grounds for believing that:

(i) the Consultant will be unable to perform the Services or any portion thereof fully and satisfactorily in accordance with any Progress Schedule, or

(ii) a meritorious claim exists or will exist against the Corporation, the Consultant or the City arising out of the act, omission or negligence of the Consultant or the Consultant's breach of any provision of this Contract,

then the Corporation may withhold payment of any amount otherwise due and payable to the Consultant hereunder other than for Subcontractor's Costs which have been incurred to the date Consultant has been notified that payment will be so withheld. Any amount so withheld may be retained by the Corporation for such period as it may deem advisable to protect the Corporation and the City against any loss and may, after Notice to the Consultant, be applied in satisfaction of any claim herein described.

2.2.2 The Corporation shall not be deemed to have released the Consultant from any claim or liability, or to have waived any cause of action arising from any breach of this Contract by virtue of making payments to the Consultant.

2.2.3 Upon acceptance by the Consultant of the Final Payment to be paid pursuant to this Contract, the Consultant agrees that it shall be deemed to have fully released the Corporation and the City from any and all claims, demands and causes of action whatsoever which the Consultant has or may have against the Corporation or the City in connection with this Contract and, upon the request of the Corporation, shall execute a release to such effect.

2.2.4 All payments to the Consultant under this Contract shall be subject to all applicable Legal Requirements.

2.3 Electronic Funds Transfers. All payments due under this Contract in excess of \$100,000 shall be made by Electronic Funds Transfer ("EFT"). Upon execution of this Contract, and in no event later than its submission of its first Requisition, the Consultant shall complete and submit to the Corporation the "EFT Vendor Payment Enrollment Form" annexed to Appendix C. The Consultant shall update such information to the extent necessary for EFT payments to be made. The Corporation shall not be obligated to make any payment in excess of \$100,000 unless such information is provided and shall be entitled to rely solely on the information provided by the Consultant. Payments to the Corporation shall be made by check unless the Corporation Notifies the Consultant to make payments by EFT.

ARTICLE 3

SUSPENSION OR TERMINATION

3.1 Delay, Postponement or Suspension of Work.

3.1.1 The Corporation shall have the right to delay, postpone or suspend the Services, or any portion thereof, immediately or upon a specified date, for a period of not more than ninety (90) days, upon Notice to the Consultant, for any reason deemed by the Corporation to be in its interest. The Consultant and all of its Subcontractors and Representatives shall cease all Services, or any specified portion thereof, immediately or as of the date specified in the Notice.

3.1.2 Any such delay, postponement or suspension shall not give rise to any cause of action for damages against the Corporation or the City, but the Term specified in Part I of this Contract and the Consultant's time for performance of the Services shall be extended for the period of the delay, postponement or suspension.

3.1.3 In the event of any delays, postponements or suspensions, the Consultant shall resume the Services upon the date specified in the Notice or upon such other date as the Corporation may thereafter specify by Notice.

3.2 Termination for Convenience. The Corporation shall have the right to terminate the Services, or any portion thereof, immediately or upon a specified date, upon Notice to the Consultant and for any reason deemed by the Corporation to be in its interest.

3.3 Defaults and Termination for Cause.

3.3.1 In addition to any other right that the Corporation may have, upon the occurrence of an Event of Default, the Corporation shall have the right to declare the Consultant in default and terminate this Contract, in whole or in part, for cause, by giving Notice to the Consultant of the cause and the date of such termination.

3.3.2 An Event of Default shall be deemed to have occurred if any of the following events has occurred, each an "Event of Default":

(i) The Consultant fails to assign workers, order materials or enter into subcontracts in a manner sufficient to permit completion of the Services, or any portion thereof, within the time limits of the Progress Schedule or in accordance with any Progress Schedule approved by the Corporation;

(ii) The Consultant fails to complete the Services, or any portion thereof, within the time limits provided in this Contract or any Progress Schedule approved by the Corporation;

(iii) The Consultant materially violates any term, covenant or provision of this Contract;

(iv) The Consultant materially fails to comply with any Applicable Statutes or any Applicable Agreements;

(v) Any representation or warranty made by the Consultant in Article 7 or in any other Article in this Contract shall prove to be untrue or be breached;

(vi) The Consultant becomes insolvent, files for bankruptcy or is adjudged a debtor in possession;

(viii) The Consultant fails to comply with the M/WBE Requirements in Article 9;

or

(ix) The Consultant or any of its officers, directors, partners, members, five (5%) percent shareholders, principals or other persons substantially involved in its activities, commits any of the acts or omissions specified as the grounds for debarment in the City's *Procurement Policy Board Rules*.

3.4 Effects of Termination for Convenience or for Cause.

3.4.1 The Contract, or such portion of the Contract described in the Notice of termination, shall terminate as of the termination date set forth in the Notice given pursuant to Section 3.3.1, or immediately if no date is specified.

3.4.2 Upon receipt of a Notice of termination for cause or for convenience, the Consultant shall cease any or all Services, immediately or on the date specified, in accordance with the terms of the Notice.

3.4.3 Termination, whether for convenience or for cause, shall not give rise to any cause of action for damages against the Corporation or the City.

3.4.4 Within ten (10) days after the effective date of termination, the Consultant shall surrender and turn over to the Corporation all Work Product and any other materials related to this Contract requested by the Corporation including, without limitation, all materials, equipment and supplies purchased by the Consultant on behalf of the Corporation in connection with this Contract.

3.5 Payment Upon Termination.

3.5.1 Upon termination with or without cause, the Consultant shall promptly present to the Corporation a verified statement of all costs actually incurred prior to the date of termination, together with all documents in the Consultant's possession related thereto that the Corporation may demand in order to verify such statement of costs including, without limitation, canceled checks, Subcontracts, and paid receipts and bills from Subcontractors. The Corporation will review the statement of costs and review or audit any supporting documentation provided by or in the Consultant's possession. The Corporation will Notify the Consultant of the results of such review or audit and the amount approved for payment.

3.5.2 If the termination was without cause, the Consultant shall receive such equitable compensation for such Services as shall, in the judgment of Director, have been satisfactorily performed by the Consultant up to the date of the termination, such compensation to be fixed by the Corporation after consultation with the Consultant, subject to any rights of audit provided herein. Such payment will be processed by the Corporation after Consultant provides all information and documentation required hereunder. Such payment shall constitute full and Final Payment to the Consultant.

3.5.3 If the termination was for cause, the Consultant shall receive such equitable compensation for such Services as shall, in the judgment of Director, have been satisfactorily performed by the Consultant up to the date of the termination, such compensation to be fixed by the Corporation, subject to any rights of audit provided herein, and subject to set-off by the Corporation for any additional expenses the Corporation incurs to complete the Project satisfactorily, including the expenses of engaging another consultant and the costs set forth in Section 9.10(ii). The sum of (i) such additional expenses incurred to the Corporation for the completion of the Project, and (ii) payments made to the Consultant prior to the termination of the Contract shall hereafter be referred to as the "Contract Completion Costs".

If the Contract Completion Costs exceed the Maximum Contract Price, Consultant shall pay such difference to the Corporation, as described in Section 3.5.4 below.

If the Contract Completion Costs are less than the Maximum Contract Price, provided that the Consultant has provided all information and documentation required by this Section, the Corporation will pay to the Consultant, an amount equal to the lesser of (a) the difference between the Maximum Contract Price and the Contract Completion Costs, or (b) such amount, when added to sums previously paid to Consultant, equitably compensates Consultant for Services satisfactorily performed up to the date of termination. Such payment will be made as further described in Section 3.5.4 below.

3.5.4 If the termination was for cause, the Corporation will, upon full completion of the Project, deliver a written notice to the Consultant advising the Consultant that the Project has been completed and setting forth the Contract Completion Costs. If the Contract Completion Costs exceed the Maximum Contract Price, the Consultant shall promptly pay such difference to the Corporation upon receipt of such notice. If the Contract Completion Costs are less than the Maximum Contract Price, then, subject to (i) the Consultant's providing to the Corporation all information and documentation required by this Section, and (ii) any other applicable provisions of this Contract including, without limitation, Sections 3.5.5 and 3.5.6 hereof, the Corporation will pay the Consultant the amount described in Section 3.5.3(ii). Such payment shall constitute full and Final Payment to the Consultant.

3.5.5 The Corporation need not wait until the completion of the Services to seek the enforcement of its rights against the Consultant if there has been a termination for cause, but no monies shall be due or payable to the Consultant terminated for cause until the Services are completed.

3.5.6 The provisions of this Section 3.5 shall be in addition to any other rights the Corporation may have under this Contract, any Applicable Statute, any Applicable Agreement, or otherwise, in law or in equity.

ARTICLE 4
PERSONNEL AND SUBCONTRACTORS

4.1 Personnel.

4.1.1 The Consultant shall employ at its own expense all personnel and retain all Subcontractors as may be required to perform the Services, and shall be solely responsible for their work, compensation, direction and conduct during the performance of this Contract. The personnel of the Consultant and any Subcontractor shall cooperate fully with the personnel of the Corporation including, without limitation, the Director, and, in the event any personnel of the Consultant or any Subcontractor fails to cooperate, the Consultant shall relieve them of their duties of performance under this Contract.

4.1.2 The Consultant shall submit to the Director, prior to performance of Services by such personnel, resumes of the Consultant's personnel and those of its Subcontractors' personnel who will perform the Services. The experience and training of such personnel is a material inducement for the Corporation to enter into this Contract and make payment for the Services. The Consultant and its Subcontractors are expected to use such personnel to perform the Services. If the Consultant or a Subcontractor proposes to substitute any other personnel for those heretofore identified, it shall assign persons with equivalent or better experience and training and shall submit the resumes of such proposed substitute personnel to the Director and obtain the Director's prior approval of the substitution. Notwithstanding anything contained herein to the contrary, all personnel furnished by the Consultant as required under this Contract shall be employees of the Consultant or approved Subcontractors of the Consultant and not employees or subcontractors of the Corporation or the City.

4.2 Subcontractors.

4.2.1 Consultant shall prepare, negotiate and procure contracts to be entered into by the Consultant, with independent contractors or consultants, for all work, labor, services, materials, supplies and equipment necessary to construct the Project as specified in the Scope of Services. All Subcontracts are subject to the express written approval of the Director as to the Subcontractor, the Scope of Services, compensation, and the Principal or other member(s) of the Consultant's staff responsible for supervising the performance of the Subcontractor's activities, and shall contain all necessary provisions as required by this Contract. All procurement of Subcontracts shall be undertaken in accordance with the provisions of Appendix D hereto. The Consultant shall not enter into any Subcontract without first notifying and obtaining the approval of the Director, in writing, unless there is an immediate threat to public health, welfare, safety or property; provided, that the Consultant will make efforts as may be reasonable under the circumstances to contact the Corporation's management staff prior to entering into any Subcontract. The Consultant, and not the Corporation, is responsible for the Subcontractor's work, acts and omissions.

4.2.2 The Consultant shall pay any Subcontractors approved by the Corporation for work that has been satisfactorily performed no later than thirty (30) days from the date of Consultant's receipt of payments from the Corporation.

4.2.3 The Consultant is solely responsible for the payments to the Subcontractors. Upon receipt of evidence of Consultant default hereunder with respect to its obligations to make payments to its Subcontractors, the Corporation reserves the right, after three (3) calendar days prior Notice, to retain any money due the Consultant and pay directly for labor, materials, equipment, Services and all other obligations of the Consultant and to deduct the amount of any such direct payments from any payments or amounts then due or thereafter to become due to the Consultant.

4.2.4 Consultant shall, without any delay, cause the discharge of any mechanic's lien against the Property filed by any of its Subcontractors and shall cause any such lien to be discharged of record within thirty (30) days after the notice of filing thereof by payment, deposit, bond, order by a court of competent jurisdiction or otherwise. The Consultant shall inform all Subcontractors fully of the terms and conditions of this Contract. All Subcontracts shall provide that:

- (i) there is no privity of contract between the Subcontractor and the Corporation or the City;
- (ii) neither the Corporation nor the City will incur any liability by virtue of any act, omission, negligence, or obligation of the Subcontractor or the Consultant;
- (iii) the Subcontractor shall indemnify, defend and hold harmless the Corporation and the City, their agents, employees, members, directors, officials and officers against any and all claims, judgments or liabilities to which they may be subject (including, without limitation, any and all claims for injuries to persons (including death) and damage to property) because of any negligence or any fault or default of the Subcontractor, its agents, employees or subcontractors or the breach of the Subcontractor's obligations under the Subcontract;
- (iv) the Subcontractor's Requisitions shall conform to the same requirements and include the representations, warranties and agreements set forth in Sections 2.1.2 and 2.1.3;
- (v) the "Events of Default" set forth in Section 3.3.2 as grounds for termination for cause shall be "Events of Default" and grounds for termination of the Subcontractor for cause;
- (vi) the Subcontract may be assigned without the written consent of the Subcontractor to the City, NYCEDC or any other corporation, agency or instrumentality having authority to accept the assignment; and
- (vii) all work and services performed under the Subcontract shall strictly comply with the requirements of this Contract.

If the Consultant fails to include the provisions set forth in this Section 4.2.4 in any Subcontract, the Consultant hereby agrees to indemnify, defend and hold harmless the Corporation and the City and their Representatives against any and all claims, damages, awards, judgments, liabilities, expenses, fines, penalties, costs and/or fees incurred by or imposed upon the Corporation and the City and their Representatives, including reasonable fees, as a result of said failure.

4.2.5 The Consultant shall provide the Corporation with a list of all Subcontractors employed for the performance of the Services whose Subcontract amount totals \$25,000 or more. The Consultant will furnish each such Subcontractor whose Subcontract amount totals less than \$100,000 with the Corporation's internal qualification and background investigation forms. The Consultant will furnish each such Subcontractor whose Subcontract amount totals \$100,000 or more with the Mayor's Office of Contracts Investigations Forms. These forms will be provided by the Corporation to the Consultant. The Consultant shall cause each such Subcontractor to fill out and complete the forms in a timely fashion but in no event later than the commencement of the Services performed by such Subcontractor pursuant to its Subcontract.

4.3 Person in Charge.

The Consultant has designated a Person-in-Charge who will have primary responsibility to perform and/or supervise and coordinate the performance of the Services. Substitution of said person shall be made only with the prior written approval of the Director. Failure to make such person(s) available to the extent necessary to perform the Services skillfully and promptly shall be a material violation of the terms of this Contract.

ARTICLE 5 **DOCUMENTS AND MATERIALS**

5.1 Approval. All Work Product to be prepared or furnished by the Consultant pursuant to this Contract or publicizing the work of the Consultant hereunder must be:

- (i) approved in writing by the Director before any Work Product or publication as to the work of the Consultant shall be considered accepted and before any distribution;
- (ii) revised by the Consultant in accordance with the directions of the Director prior to approval; and
- (iii) prepared so as not to violate any provisions of law including, without limitation, the City Charter and the Administrative Code of the City.

5.2 Work Product.

5.2.12 The Consultant shall not make any unauthorized use of copyrighted, trademarked or other protected materials or intellectual property and agrees to defend, indemnify and hold harmless the Corporation and the City and their respective officers, officials, agents, members, directors, and employees against any damage or liability arising out of the Consultant's infringement or unauthorized use of any such material or property.

5.3 Confidential Information.

5.3.1 The Consultant shall hold all Confidential Information provided by the Corporation in the strictest confidence. Consultant agrees to:

(i) use the Confidential Information solely for evaluation and the performance of the Services under this Contract;

(ii) not disclose the Confidential Information outside of its Subcontractors who have agreed in advance in writing to be bound by the terms of this Section 5.3 and its employees

and to limit dissemination to only those Subcontractors and employees who have a need to know it in order to accomplish the Services;

(iii) execute any confidentiality agreements required by any governmental or other entities or individuals which provide any information, records, data, materials, documents or electronic files to Consultant for use in performance of the Services; and

6.2.1 The Consultant shall look solely to the funds appropriated by the Corporation for this Contract for the satisfaction of any claim or cause of action the Consultant may have against the Corporation in connection with this Contract or the failure of the Corporation to perform any of its obligations hereunder. In no event shall the Corporation's aggregate liability hereunder in connection herewith or related to the performance of the Services exceed the Maximum Contract Price.

6.2.2 Upon acceptance by the Consultant of the Final Payment to be paid pursuant to this Contract, the Consultant agrees that it shall be deemed to have released the Corporation from any and all claims, causes of action, and liability to the Consultant, its Representatives, successors and assigns, in connection with this Contract or the performance of the Services.

6.2.6 If any claim is made or any action brought relating to this Contract or the Services, whether or not the Consultant is a party, the Consultant shall diligently render to the Corporation any and all assistance that the Corporation may require of the Consultant, without compensation.

6.2.7 The provisions of this Section shall not waive, limit or in any way prejudice any other right of the Corporation or the City.

6.3 Insurance.

6.3.1 At all times during the performance of the work or Services in connection with this Contract or for such other time periods as the Corporation may require, the Consultant, at its sole cost and expense, shall purchase and maintain the insurance described in this Section 6.3, Appendix D(II) (Subsection E) and Appendix F (collectively, the "Insurance Provisions"), as may be applicable and as may be required by the Corporation, from time to time.

6.3.2 Consultant shall purchase and maintain insurance with insurance companies that:

- (i) are acceptable to the Corporation;
- (ii) are rated A:X or better by A.M. Best Company; and

- (iii) are licensed to issue such insurance by the New York State Insurance Department.

6.3.3 The insurance policies purchased and maintained by the Consultant shall:

- (i) be in form and substance satisfactory to the Corporation;
- (ii) be in the minimum face policy amounts set forth in the Insurance Provisions, which amounts may be increased at Corporation's discretion, from time to time;
- (iii) list all individuals and entities identified in the Insurance Provisions including, without limitation, their Representatives, as Additional Insureds except in the case of any workers' compensation, U.S. Harbor Workers' Long Shoremens' Compensation Act, automobile liability and professional liability policies required to be maintained hereunder; and
- (iv) contain the provisions set forth in the Insurance Provisions.

6.3.4 Coverage for the individuals and entities identified in the Insurance Provisions as Additional Insureds shall be written into those policies set forth in Section 6.3.3(iii) above as an endorsement at least as broad as ISO Form CG 20 10.

6.3.5 The Consultant shall make and maintain timely premium payments for all policies required hereunder.

6.3.6 The Consultant shall require that each of its Subcontractors as part of Subcontractor costs, prior to the commencement of their work, purchase and maintain, or be covered by, at no cost or expense to the Corporation or the City, the same types and amounts of insurance and meet all of the same requirements as required of the Consultant as set forth in the Insurance Provisions. The Consultant hereby covenants and warrants that its Subcontractors shall purchase and maintain the policies required by this Section in the amounts and for the periods required by this Section. Notwithstanding the requirements of this Section 6.3.6, if requested by a Subcontractor, the Corporation may agree to a lesser amount of insurance for a Subcontractor pursuant to an approval letter between the Corporation and the Construction Manager.

6.3.7 Prior to the commencement of the Services the Consultant shall forward to the Corporation's Contract Administration and Procurement Department at least three (3) original certificates of insurance for each policy required for compliance with this Contract, for itself and its Subcontractors substantially as set forth in the Insurance Provisions. The Consultant shall also provide an original certificate of insurance to each of the Additional Insureds.

6.3.8 The Consultant shall provide the Corporation and the Additional Insureds written confirmation of the renewal of any policy required hereunder at least thirty (30) days prior to the expiration of any such policy.

6.3.9 Unless otherwise agreed to in writing by the Corporation, the types of insurance to be purchased and maintained by the Consultant and its Subcontractors are as follows:

- (i) Workers' Compensation, Disability Benefits, and Employer's Liability Insurance. The Consultant shall purchase and maintain and shall require each of its Subcontractors to purchase and maintain workers' compensation and disability benefits insurance in statutory amounts, and employer's liability insurance, for all of its employees engaged in the Services. The failure of the Consultant to comply with this Section 6.3.9(i) shall make this Contract voidable at the option of the Corporation.
- (ii) Commercial General Liability. The Consultant shall purchase and maintain commercial general liability insurance to protect the Corporation, the City, the Additional Insureds and the Consultant and its consultants (if any) against any and all claims for property damage, personal injury and death arising out of the Services performed by the Consultant, and any work incidental thereto. The certificate of insurance must indicate that such insurance is on a "per occurrence" and a "per project" aggregate basis. The commercial general liability policy shall be in a form at least as broad in coverage as ISO Form CG 00 01. The liability policy(ies) certificate of insurance must indicate cross-liability coverage providing severability of interests so that, except with respect to the limits of insurance, and any rights or duties specifically assigned to the first named insured, coverage will respond as if separate policies were in force for each insured. If at any time the commercial general liability policy should be canceled, terminated, or modified so that the insurance is not in effect as above required, then the Consultant shall suspend performance of the Services if the Corporation shall so direct. If the Contract is so suspended, no extension of time shall be due on account thereof. If the Contract is not suspended, whether or not because of omission of the Corporation to order suspension, then the Corporation may, at its sole option, obtain insurance affording coverage equal to that required hereunder, the cost of such insurance to be payable by the Consultant to the Corporation.
- (iii) Automobile Liability Insurance. The Consultant shall purchase and maintain automobile liability insurance covering all automobiles used in connection with the work or Services under this Contract whether owned, non-owned and/or hired automobiles.
- (iv) Umbrella/Excess Liability Coverage. The Consultant shall purchase and maintain umbrella/excess liability insurance, specifically listing commercial general liability, comprehensive automobile liability and employer's liability as primary coverages, to protect the Corporation, the City, the Additional Insureds, the Consultant and its subconsultants (if any) from any and all claims in excess of the underlying policy limits for

such primary coverages. The certificate of insurance must indicate that such insurance afforded by this Section 6.3.9(iv) is on a “per occurrence” basis and an aggregate basis.

- (v) Builders Risk Insurance. The Consultant shall purchase and maintain (if the Services involve new construction or improvements to real property) builders “all risk” insurance (completed value none reporting form or installation floater, as applicable) as indicated in the Insurance Provisions.
- (vi) If applicable, the additional policies described in the Insurance Provisions.

6.3.10 As a condition precedent to payment of any amounts owing to the Consultant by the Corporation, the Consultant shall, unless otherwise expressly agreed to in writing by the Corporation, provide to the Corporation the original certificates of insurance required under this Contract and shall on demand provide true copies of policies and endorsements to policies showing compliance with the insurance requirements set forth in the Insurance Provisions.

6.3.11 The policies to be maintained by the Consultant hereunder that are subject to the Additional Insured requirements set forth in Section 6.3.3 (iii) above shall constitute the primary coverage for claims arising out of this Contract, and shall state that insurance, if any, carried by the Corporation, the City or the Additional Insureds will not be called upon to contribute to a loss that would otherwise be paid by the Consultant’s insurer. The Consultant shall comply with the provisions of all policies required pursuant to this Contract, and shall give the insurer, the Corporation, the City and the Additional Insureds due and timely Notice of all claims, accidents and losses promptly upon its acquiring knowledge of the same.

6.3.12 The Insurance Provisions shall be in addition to any rights that the Corporation, the City and the Additional Insureds may have under any hold harmless and indemnification provisions of this Contract and any other right provided by this Contract or by law. The Consultant shall not violate or permit to be violated any term or condition of the policies.

II. GENERAL SCOPE OF SERVICES

A. Project History and Background

Hurricane Sandy was particularly devastating to the neighborhoods, beaches and DPR facilities in the Rockaways, Coney Island, Staten Island and other communities.

The City has overseen major cleanup and safety efforts since Storm Sandy devastated the coastline. Millions of New Yorkers are currently using the beaches as the season is underway. The City has invested over \$270 million to provide new beach modular comfort and lifeguard stations, construction new boardwalk islands in the Rockaways, repair buildings and other facilities damaged by the storm and implement initial protective measures. The next phase of work is to design the complete restoration of the boardwalks and construct dunes and/or other protective measures that are more resilient and able to withstand storm and tidal forces that may impact the coastline in future years ("Protective Measures").

The Project Site encompasses approximately 4.7 miles of shoreline in the Rockaways from Beach 20th Street to Beach 126th Street (the “Project Site”). The contract limit line of the Project Site will include beaches and boardwalks up to and including adjacent DPR property lines.

Additional services may be required for sections of the Rockaways west of Beach 126th Street, east of Beach 20th Street, sections of the Coney Island Boardwalk, and Staten Island (the “Additional Project Sites”). The Corporation may award the work for the Additional Project Sites to the Construction Manager or to other construction managers at its absolute discretion.

The improvements to the Project Site may include some or all of the following:

- new boardwalks and Protective Measures that are more resilient and able to withstand storm and tidal forces that may impact the coastline in future years;
- new boardwalks that are three (3) feet higher than the 100-year storm elevation;
- new boardwalks designed to H-20 loading capacity;
- removal of sections of original timber boardwalks, ramps and stairs with new structurally rated concrete components to allow public access, maintenance and emergency vehicle access to safely travel the boardwalks where existing substructures can be reused;
- utilization of substantial existing structures that have withstood Storm Sandy and removal of selected sections of structures to create islands or areas distinctively different from conventional and surviving boardwalk structures;
- new oases area on the north side of the boardwalks;
- new appropriate park furniture, plumbing and electrical fixtures, and railings to meet DPR standards and shall be approved by PDC;
- new LED solar and conventional lighting; and
- new recreation features, concession opportunities and improvements to pedestrian and bicycle access.

The Construction Manager shall download the City resiliency report, “A Stronger, More Resilient New York”, from <http://www.nyc.gov/html/sirr/html/report/report.shtml> (the “SIRR Report”) which shall be incorporated into the Scope of Services as a reference appendix. The Project shall be designed and constructed consistently with the initiatives described within the SIRR Report.

The Construction Manager shall provide administrative and management functions necessary to ensure the successful completion of the Project with respect to cost, schedule and quality. The Construction Manager shall provide engineering peer review, constructability review and cost estimating services, with special attention to integrate planned work at the Project Site with recent DPR and the New York City Department of Design and Construction (“DDC”) improvements, including but not limited to islands, modular and permanent structures, and other Protective Measures. In addition, the Construction Manager must ensure that public safety measures are implemented and closely adhered to by all Subcontractors (see Section IV.4 (e)).

The Corporation will release public Request for Qualifications (“RFQs”) to generate a shortlist of qualified Subcontractors for the Project with assistance from the Construction Manager. The Construction Manager shall procure all Subcontractors from the shortlist pursuant to Section IV.A.9 (Bidding and Procurement Processes) of the Scope of Services. The Construction Manager will hold all Subcontracts required for the Project.

Services include pre-construction services (“**Pre-Construction Services**”), construction services (“**Construction Services**”) and post-construction services (“**Post-Construction Services**”). Pre-

Construction Services will commence from design development cost estimates and production of Construction Document and will terminate with the analysis and negotiation of the proposals received and recommendations for award. Construction Services will begin upon the completion of the Pre-Construction Services and conclude with the issuance of a Certificate of Substantial Completion. Post-Construction Services shall commence after the issuance of a Certificate of Substantial Completion and shall be completed upon the issuance of a Certificate of Final Completion.

B. Schedule

It is anticipated that the Design Team will produce biddable contract documents for portions of the Project by fall 2013 to enable construction to begin before the end of 2013. Portions of the Project may be bid under separate contracts and at different stages in order to begin construction in 2013. The Construction Manager may propose phasing plans and timeframes for the various portions of the Project.

III. GENERAL ADMINISTRATIVE REQUIREMENTS

- A.** The Construction Manager shall provide the Services in accordance with all applicable Legal Requirements.

The effects of each Subcontractor's work on other

Subcontracts shall be evaluated in detail. Changes shall be recommended by the Construction Manager when necessary. The final approved schedule shall then be incorporated into the Master Construction Schedule. Reports and information shall be tailored to provide the various levels of management with the degree of detail required for the execution of their respective responsibilities.

- (b) The Master Construction Schedule shall have sufficient detail to provide coordination of all personnel and equipment, requests for permits, procurement and delivery of equipment, construction and turnover efforts.
- (c) All schedules shall be based on ProLog (or equivalent software approved by the Corporation) and time-scaled to show calendar dates. Contract milestones and critical paths shall be highlighted and flagged. This system shall perform required planning and scheduling functions in a personal desktop computer environment. Schedule reports, bar chart plots, and logic diagrams shall be produced at the required level of detail. This system shall provide flexibility in operations and provide an efficient medium for processing data to management.

b. Detailed Construction Schedules

- (1) The Construction Manager shall obtain the Detailed Construction Schedules and particular milestone dates ("**Subcontract Schedule Milestone Dates**") from all Subcontractors. If the Subcontractor desires to make changes in the schedule, a written request shall be provided to the Corporation stating the reasons for such changes. The completion date shall not be revised without the written approval of the Corporation and an approved change order.

c. Four-Week Look Ahead Schedule

- (1) A four-week "look ahead" schedule ("**Four-Week Look Ahead Schedule**") shall be prepared by the Construction Manager and marked on a weekly basis in support of the Detailed Construction Schedules. The Four-Week Look Ahead Schedule shall provide a daily control tool for prioritizing work by work area, interfacing among Subcontractors and Corporation personnel as well as identifying equipment, tool and shift

work requirements, and shall be reviewed during the weekly coordination meetings that focus on timely resolution of potential concerns.

- (2) During the Construction phase, the Four-Week Look Ahead Schedule shall be reviewed by the Construction Manager weekly to ensure that the schedules are met. On a monthly basis, the Detailed Construction Schedules shall be updated by the Subcontractors and submitted to the Construction Manager. The Construction Manager shall review the Four-Week Look Ahead Schedule to verify that all progress and approved changes to the construction sequence are accurately shown. The Master Construction Schedule shall be updated to reflect the Detailed Construction Schedules. Deviations from critical paths, if any, shall be identified and reviewed by the Construction Manager with the Subcontractors in order to develop recovery plans. A narrative, which shall report progress, shall be prepared as part of the Project Summary Schedule. The narrative shall include identification of any schedule slippages and problem areas with recommended corrective action.

d. Weekly and Daily Schedules

The Construction Manager shall, upon request, provide the Corporation with accurate, advance notification of the Project's construction activities no later than Thursday of each week during the Construction phase with a schedule of Project construction activities planned for the following week. Each Subcontractor shall send its designated safety representative to a weekly safety meeting with the Construction Manager.

(5) Project Safety Inspection Program

- (a) Each Subcontractor shall be responsible for conducting an inspection of its work area to insure compliance with its safety program on a daily basis. The Construction Manager shall verify that each Subcontractor conducts these daily inspections.
- (b) Each Subcontractor's safety program shall contain procedures for accomplishing these inspections. A Subcontractor's safety meeting shall be conducted weekly with the results documented and forwarded to the Construction Manager.

(6) Project Regulations

In addition to the safety requirements stipulated by the Construction Manager, Subcontractors shall comply with 29 CFR 1926 Occupational Safety and Health Regulations for Construction and applicable standard of 29 CFR 1910 Occupational Safety and Health Standards. A hazard Subcontractor communication program shall be required for any toxic materials introduced to the Project Site.

(7) Safety Responsibility

The Subcontractor shall appoint at least one person to be responsible for coordinating its safety program. This person shall interface with the Construction Manager and CM Project Manager.

(8) Record Keeping Requirements

The Subcontractor shall be responsible for keeping the required records and OSHA forms up-to-date and available at the Project Site. The Subcontractor shall furnish all information concerning the safety of its operations as may be required by the Construction Manager including records of accidents to employees, exposure hours of employees, and lost time due to accidents and liability incidents.

(9) Job Project Site Safety/Audit Deficiencies

- (a) Each Subcontractor's safety representative shall conduct Project Site safety audits and shall monitor activities for safe work practices, use of personal protective equipment, fire protection devices, safety devices, housekeeping and effectiveness of the Subcontractor's safety program. Deficiencies found during audits shall be noted on a Project Site safety audit form and a copy of such safety audit form shall be kept on file.
- (b) The Construction Manager shall inspect, review and verify the file of safety audit forms.

(10) Accident / Incident Notification:

The Construction Manager shall notify the Corporation, within twenty-four (24) hours, of any accident or incident related to the Project.

(11) Accident Investigation and Reporting

The Construction Manager shall investigate and review any accident investigation reports it receives from Subcontractors to determine facts related to the cause of any accident involving lost workdays or property damage. The Construction Manager shall prepare a report of the investigation and shall submit to and review such report with the Corporation. Such reports shall include the Subcontractor's, police and any other related reports.

19. Operational and Maintenance Requirements

The Construction Manager shall coordinate all commissioning and training activities with the Corporation and appropriate staff from the Project Team.

- a. The Construction Manager shall compile all operational and maintenance requirements including operating manuals and similar instructions for all systems and submit the same to the Corporation.
- b. The Construction Manager shall assist the Corporation in evaluating systems performance during "break-in" periods.
- c. The Construction Manager shall organize and direct the education of all applicable personnel in the operational and maintenance requirements of the Project. The Construction Manager shall provide training/demonstration of the systems for DPR Maintenance and Operations Staff.
- d. The Construction Manager shall assist the Design Team in collecting and compiling the necessary information for submissions to meet USGBC, LEED certification and LL86 requirements.

20. "As Built" Documents

The Construction Manager shall expedite the Subcontractors' preparation of "as built" documents and verify the completeness of the Contract Documents in accordance with the design specifications and other Contract Documents. The Construction Manager shall forward the same to the Project Team and the Design Team for review and comment. Copies of the final "as built" documents shall be forwarded to various parties as directed by the Corporation.

21. Specialized Engineering Services

If required by the Corporation, the Construction Manager's engineering support staff shall perform specialized engineering Services.

22. Project Approvals and Closeout

- a. The Construction Manager shall assist the Corporation and the Design Team in obtaining building permits and special permits for permanent improvements, excluding permits required to be obtained directly by the Subcontractors, and assist in obtaining approvals from Agencies. The Construction Manager shall also assist in performance of Subcontractors' obligations to obtain all permits, licenses and certificates, and verify that these are obtained as required under the Subcontracts.
- b. The Construction Manager shall retain a qualified expediter to file applications to DOB, DBS, DOT and other Agencies for a temporary and permanent Certificate of Occupancy and/or Certificate of Completion. Such services shall include filing amendments as needed, checking on the progress of applications and other items necessary to the expediter for those tasks.
- c. Preparation for contract closeout shall begin when each Subcontract is awarded. The daily construction, procurement and test monitoring, together with the routine assembling of Project documentation, are integral parts of this process. The Construction Manager shall prepare a Subcontract closeout checklist which shall outline the final steps in the process. A checklist shall be maintained for each Subcontract.
- d. Approximately three (3) months prior to the preliminary walk-through inspection of the Subcontract work or upon completion of seventy-five (75%) percent of the Subcontract work, a quality assurance audit shall be conducted of the Project records. The purpose of such audit is to verify that complete records have been compiled while there is sufficient time to rectify any deficiencies.

23. Substantial Completion

- a. Substantial completion shall be declared by the Corporation and a "Certificate of Substantial Completion" shall be issued by the Corporation upon its determination that all work, except for Remaining Work (as hereinafter defined), is complete and fit for its intended purpose ("**Substantial Completion**"). Items that must be completed prior to Substantial Completion include, without limitation:
 - (1) Testing and approval by the Corporation and Agencies (if necessary) of mechanical and electrical systems and their component parts;
 - (2) Submission to the Corporation of all final operation and maintenance manuals approved by the Corporation and relevant Agencies;
 - (3) Submission to the Corporation of final "as-built" drawings for the work approved by the Corporation;

- (4) Submission to the Corporation of all other remaining deliverables approved by the Corporation, unless expressly not required to be approved prior to Substantial Completion; and
 - (5) Completion of all training of operation and maintenance personnel and submission of all required training materials.
- b. Issuance of the Substantial Completion Certificate will conclude the Construction phase of the Services. The work remaining after Substantial Completion to complete the Services shall be known as the “**Remaining Work**”. The Remaining Work shall be limited to punch list work, except the Corporation may, in its sole discretion, include the following types of work as Remaining Work:
- (1) Street restoration, permanent pavement, painting or planting work which cannot be completed because of seasonal impediments such as cold weather (provided that sufficient temporary measures are completed); and
 - (2) Work which cannot be done until the Corporation, Agencies, or third persons perform other work that is not the Construction Manager’s responsibility under the Contract, or the responsibility of the Design Team under the Contract Documents, or the responsibility of the Subcontractors under the Subcontracts.
- c. The Construction Manager shall follow the steps detailed below in order to achieve Substantial Completion:
- (1) A preliminary walk-through inspection shall be conducted by the CM Project Manager with the Subcontractors to ascertain the readiness of the work for a Substantial Completion inspection.
 - (2) Within ten (10) days after the preliminary walk-through inspection, the Construction Manager shall issue a list of items on the punch list to the Subcontractors (the “**Punch List**”) to be completed prior to the Substantial Completion inspection. A schedule for the completion of such preliminary Punch List items shall be negotiated and agreed upon by the Construction Manager and the Subcontractors.
 - (3) The Substantial Completion inspection shall be scheduled upon resolution of the preliminary Punch List. No less than ten (10) days prior to such inspection, the Construction Manager shall notify in writing and by the phone the appropriate representatives of the Corporation and relevant Agencies, of the scheduled date, time and assembly location of the inspection.
 - (4) No less than four (4) days prior to the scheduled Substantial Completion inspection, the CM Project Manager shall provide each of the Construction Manager’s inspection staff with a copy of the preliminary Punch List.
 - (5) Upon completion of the Substantial Completion inspection, all members on the inspection committee, consisting of representatives from Construction

Manager's staff, the Design Team and the Project Team ("**Inspection Committee**") shall meet to agree on the acceptance status of the work and any remaining Punch List items. If the Inspection Committee finds that the work is substantially complete and that the requirements of Substantial Completion have been met, then the Construction Manager may recommend that the Corporation declare Substantial Completion and issue a Certificate of Substantial Completion.

- (6) Within ten (10) days of the Substantial Completion inspection, the CM Project Manager shall issue a Remaining Work list and will submit a schedule for the completion of the remaining work to the Corporation, which completion shall be no later than ninety (90) days from the issuance of the Certificate of Substantial Completion.

C. **Post-Construction Phase Services**

1. Final Completion

- a. The Construction Manager shall review the Project for final completion of the Remaining Work. Upon confirming that the Remaining Work has been satisfactorily completed, the Construction Manager shall schedule an acceptance inspection with the Project Team, Agencies (if required) and the Subcontractors.
- b. All warranties and guarantees, as required in the Contract Documents, must be submitted and accepted by the Corporation before final completion can be declared ("**Final Completion**"). The Construction Manager shall list on a "Warranty and Guarantee Register" each such individual item of equipment and follow up with the Subcontractors to verify that all required warranties and guarantees have been provided by the time of Final Completion. All warranties and guarantees shall be appropriately assigned to the end users as directed by the Corporation.

As each warranty or guarantee is received, the Warranty and Guarantee Register shall be completed to show:

- (1) Manufacturer's identification and description;
- (2) Model number and serial number;
- (3) Date that the warranty or guarantee was received;
- (4) Period covered;
- (5) By whom; and
- (6) Company Contact (including, but not limited to, telephone numbers and email address of the specific senior point of contact.)

- b. All affidavits, releases, bonds and waivers required under the Subcontracts shall be submitted to the Corporation prior to declaring Final Completion. The Construction Manager shall obtain such items from each applicable Subcontractor and record such items in a register. A copy of the register shall also be transmitted to the Corporation with such items.
- c. Before recommending the issuance of a certificate of Final Completion ("Certificate of Final Completion"), the Construction Manager shall verify that all documents relevant to the Post Construction phase have been completed and processed by the applicable Subcontractors and submitted to the Corporation, including without limitation:
 - (1) any certificates of completion required by DPR, SBS, DOB and/or NYSDEC.
 - (2) Electrical certificate of inspection;
 - (3) FDNY final inspection report;
 - (4) Certificate of Completion; and
 - (5) Certificate of Occupancy.
- d. Upon Final Completion and satisfactory fulfillment of all the above-listed requirements, including without limitation, receipt by the Corporation of all warranties, guarantees, record drawings, manuals, releases, bonds and waivers, the Construction Manager shall recommend that the Corporation issue the Certificate of Final Completion. The Construction Manager shall provide a letter to the Corporation that certifies the Project was completed according to the plans and specifications developed by the Design Team. If requested by the Corporation, the Construction Manager shall assist in preparation of the Certificate of Final Completion.

2. Guarantee Period

The Construction Manager shall monitor the completed Project to ensure that Subcontractors expeditiously resolve any and all defects attributed to them.

APPENDIX C

PAYMENTS

The Consultant shall submit to the Corporation, not more than once per calendar month, a Requisition setting forth in detail, for the calendar month for which the payment is requested (i) Services performed by Consultant's Principal and by its professional and technical staff; (ii) the number of hours worked by each such Principal and its professional and technical staff in connection with the Services performed during the billing period (iii) actual salaries incurred during such month; (iv) Subcontractors' Costs incurred during such month; (v) General Conditions incurred during such month; (vi) Construction Management Fees earned during such month, based upon the Subcontractor's Costs with respect to Subcontracts and (vii) the amount of payment requested, including a breakdown of the calculations made pursuant to Section 2.1.2 of Part II of this Contract. The Requisition shall be in a form acceptable to the Corporation and shall be supported by any appropriate or necessary documentation or other evidence, relating to the amounts set forth in the Requisition, as the Corporation may require, including, but not limited to, invoices, receipts, vouchers, lien waivers and releases from Subcontractors and suppliers and time sheets of the Consultant's professional and technical personnel, and Principal. The Requisition shall include certified payroll reports for all work performed under Subcontracts. No multiplier overhead, administrative fee or other mark up will be paid to Consultant for Subcontractors' Costs or General Conditions.

Consultant shall obtain and submit with each Requisition, written releases and waivers of the right to file a mechanic's lien from all Subcontractors (**in the form attached hereto as Appendix C2**) and materialmen with respect to all Services for which payment has been made.

Interim payments shall be made to the Consultant. The interim payments will be made no more frequently than once a month in an amount equal to the Percentage of Completion of each portion of the Services, multiplied by the Maximum Payment for each portion performed during the billing period, less any Retainage.

To request an interim payment, the Consultant shall submit to the Director a Requisition, not more than once per month setting forth in detail, for the period for which partial payment is requested (i) the Percentage of Completion for each portion of the Services performed by the Consultant during the billing period, and (ii) the amount of partial payment requested.

In addition, the Consultant shall submit Progress Reports at least monthly or in accordance with any other schedule approved by the Director, or at the Director's request. Such Progress Reports shall clearly state the reasons for any actual or anticipated delays in completion of the Services.

Retainage Policy for Construction Projects

Retainage will be held at 10 % of the completed work (including change orders) for the Project progress 0 % thru 50 % of the base contract plus approved change orders.

For Project progress 51 % thru 95 % of the base contract plus approved change orders, no additional Retainage shall be held for the work completed (including change orders); however, if

the performance of the Subcontractors is questionable, the Corporation shall continue to hold 10 % Retainage. A memo attached to the progress payment shall advise the Corporation of the policy change. In no event shall the Retainage be less than 5 % of the completed work.

For Project progress 95 % through 100% of the contract amount plus approved change orders, the Retainage held shall vary between 5 % to a minimum of 1 % of the completed work (including change orders). The Corporation may reduce the Retainage to a minimum of 1 % of the work completed including change orders. A memo justifying the reduction to 1 % and final releases from the Consultant and its Subcontractors shall be attached to the final progress payment.

1 % Retainage shall be held for a period of one year for the guarantee period.

APPENDIX D
PROCUREMENT

CONTRACT NO. 56390002

APPENDIX D

PROCUREMENT

ALL DEFINITIONS SET FORTH IN THE CONTRACT BETWEEN NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION AND THE CONSULTANT SHALL HAVE THE SAME MEANING HEREIN UNLESS OTHERWISE DEFINED OR THE CONTEXT OTHERWISE REQUIRES.

I. Methods of Procurement

Subsection A. Methods of Source Selection

Subcontracts by the Consultant involving compensation in excess of \$2,500 are generally to be procured by the Consultant and shall be awarded pursuant to Subsection H (Contractors Recommended by Consultant), except that, where convenient or in the Corporation's best interest, Subcontracts may be procured as provided in:

- (a) Subsection B (Intentionally Omitted);
- (b) Subsection C (Small Purchases);
- (c) Subsection D (Sole Source Procurement);
- (d) Subsection E (Emergency Procurement);
- (e) Subsection G (Competitive Sealed Proposals).

Where none of the aforesaid methods are employed, Consultant shall procure Subcontracts pursuant to Subsection F (Competitive Sealed Bidding). Where Federal or State laws, rules or regulations applicable to funds for any services prescribe procurement requirements that differ from those set forth in this Appendix D, the requirements of such laws, rules or regulations shall govern with respect to contracts funded with such funds.

Subsection B. Intentionally Omitted

Subsection C. Small Purchases

Any Subcontract (a) for goods for an amount larger than \$5,000 but not more than \$100,000, or (b) for services (other than the type described in (c) below) for an amount larger than \$5,000 but not more than \$100,000, or (c) for Information Technology or for construction or construction-related services (i.e., services that may reasonably be required in the planning, design or construction of improvements, e.g., architectural, engineering, construction supervision, construction management, planning, surveys and reports, testing and investigation, and printing and blue printing) for an amount larger than \$5,000 but not more than \$100,000, may be made without Competitive Sealed Bidding or Competitive Sealed Proposals, provided the Consultant shall use reasonable efforts to obtain offers from at least three responsible persons or entities to perform the work or provide the goods, unless the Corporation agrees otherwise. With regard to procurements of \$5,000 or less, the

Consultant shall obtain offers from one or more persons it deems appropriate. If the Consultant only obtains an offer from one person or entity pursuant to this Subsection, it will not be considered sole source procurement under this Contract. Procurement requirements shall not be artificially divided so as to constitute a small purchase under this Subsection. The Consultant shall maintain records of the persons or entities approached and their responses.

Subsection D. Sole Source Procurement

A Subcontract may be awarded for a supply, service or construction item without competition when permitted specifically by, or under general guidelines of, the Director, or when, with the Director's approval, the Consultant determines in writing that there is only one source for the required supply, service or construction item. General guidelines, which are subject to change, are set forth in Exhibit 1 hereto.

Subsection E. Emergency Procurement

When there exists an immediate threat to public health, welfare, safety or property or under emergency conditions as identified specifically by, or under general guidelines of, the Director, procurement shall be made with such competition as is practicable under the circumstances. Guidelines, which are subject to change, are annexed hereto as Exhibit 1. A written determination of the basis for the emergency and for the selection of the particular Subcontractor shall be included in the contract file.

Subsection F. Competitive Sealed Bidding

(1) Invitation for Bids. An "Invitation for Bids" shall be issued and shall include (whether by attachment or reference) a purchase description, and all contractual terms and conditions applicable to the procurement.

(2) Public Notice. Adequate public notice of the Invitation for Bids shall be given by publication in any newspaper of general circulation in New York City a reasonable time prior to the date set forth therein for the opening of bids.

(3) Bid Opening. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the Invitation for Bids. The amount of each bid, the name of each bidder and the bid security, if any, shall be recorded. The record and each bid shall be open to public inspection.

(4) Bid Acceptance and Bid Evaluation. Bids shall be unconditionally accepted without alteration or correction on the part of the bidder except as authorized in this subsection. Bids shall be evaluated based on the requirements set forth in the Invitation for Bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award shall be objectively measurable, such as discounts, transportation costs, and total or life cycle costs. The Invitation for Bids shall set forth the evaluation criteria to be used.

(5) Correction or Withdrawal of Bids; Cancellation of Awards. Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards or contracts based on such bid mistakes, shall be permitted in instances in which the Consultant, with the Director's approval, finds that it is in the Corporation's interest to do so. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the Corporation or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination made by the Consultant.

(6) Award. The Subcontract shall be awarded to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the Invitation for Bids. Notwithstanding the foregoing, any or all bids may be rejected when the Consultant, with Director's approval, reasonably deems it is in the Corporation's interest to do so.

Subsection G. Competitive Sealed Proposals

(1) Conditions for Use. When permitted specifically by, or under general guidelines of the Director, a Subcontract may be entered into by competitive sealed proposals. Guidelines, which are subject to change, are attached hereto as Exhibit 1.

(2) Request for Proposals. Proposals shall be solicited through a request for proposals ("Request for Proposals").

(3) Public Notice. Adequate public notice of the Request for Proposals shall be given in the same manner as provided in Subsection F(2) (Competitive Sealed Bidding, Public Notice).

(4) Receipt of Proposals. Proposals shall be opened so as to avoid disclosure of contents to competing offerors during the process of negotiation. A "Register of Proposals" shall be prepared and shall be available for public inspection after Subcontract award.

(5) Evaluation Factors. Proposals shall be evaluated on the basis of the quality of the proposals, based on the relative importance of such criteria as: capacity to execute the proposal; if relevant, the experience in the area of knowledge or community to be served or studied or to be the site of the work; and the cost.

(6) Discussion with Responsible Offerors and Revisions to Proposals. As provided in the Request for Proposals, and under guidelines of the Director, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.

(7) Award. Award shall be made to the responsible offeror whose proposal is determined in writing, with Director's approval, to be the most advantageous to the Corporation taking into consideration the evaluation factors set forth in subparagraph (5) above. The Subcontract file shall contain the basis on which the award is made.

Subsection H. Contractors Prequalified by Consultant

(1) Conditions for Use. Subcontracts may be entered into pursuant to the procedure set forth in this Subsection H in lieu of all other procedures otherwise set forth in this Appendix D (except as required by applicable law).

(2) Selection of Subcontractors. Consultant shall recommend to the Corporation a minimum of five (5) potential Subcontractors, considered from a prequalified list compiled by the Consultant, for each contract. Request for Proposals will be sent by the Consultant to all such Subcontractors. The Consultant shall review the proposals received from responding Subcontractors, and may negotiate with some or all of the responding Subcontractors. Revisions to proposals may be permitted after submissions and prior to the award of a Subcontract for the purpose of obtaining best and final offers. In any instance where the Consultant procures a contract, the Consultant will permit the Corporation to monitor and review such procurement for compliance with this Appendix D.

(3) Award. The Corporation shall award or shall approve of the Consultant's award of the contract to the responsible Subcontractor whose proposal the Director determines to be the most advantageous to the Corporation, taking into consideration price and appropriate evaluation factors. The Subcontract file shall contain the basis on which the award is made.

II. Subcontract Provisions

Subsection A. Provisions to be Included in Construction Subcontracts

The Consultant will diligently endeavor to have each Construction Subcontract entered into by the Consultant or the Corporation (or an affiliate) provide:

(a) that payment thereunder shall be made only for work performed to the satisfaction of the Corporation and only after written approval by the Corporation of a written voucher (which must include certified payroll reports) submitted by the Subcontractor;

(b) if administratively practicable, that if any payments are to be made prior to completion of the Subcontract, the Corporation shall **retain at least 5%** of each payment so that, upon substantial completion of the Subcontract, the Corporation will have retained at least 5% of the total contract price to assure that Subcontractor complies with all its obligations under the Construction Subcontract;

(c) that payment upon substantial completion of the work shall include the amount of the retainage, minus twice the value of any uncompleted work (including uncompleted work pursuant to change orders), minus the value of any claims or judgments on behalf of the Corporation arising out of said Subcontract, and minus any sum retained as security for any guarantee or warranty. Final payment shall be made on approval of work in accordance with subparagraph II(a) of this Appendix D;

(d) that neither the Subcontractor nor any of its employees nor any of the Subcontractor's subcontractors is or shall be an agent, servant or employee of the Corporation (or, if applicable, its affiliate) or the City by virtue of the Construction Subcontract or by virtue of any approval, permit, license, grant, right or other authorization given by the Corporation (or, if applicable, its affiliate), or the City or any of its officers, agents or employees; and that the Subcontractor shall indemnify, defend and hold harmless the Corporation (or, if applicable, its affiliate) and the City, their agents and employees from any and all claims, judgments or liabilities to which they may be subject because of any act or omission of the Subcontractor, its agents, employees or subcontractors in connection with the Construction Subcontract or because of any negligence or any fault or default of the Subcontractor, its agents, employees or subcontractors;

(e) that the Subcontractor shall comply with and the Construction Subcontract shall include (i) if any other type of Federal or State funds are being used, all applicable laws, rules, terms, provisions, conditions or other requirements required by the governmental entity providing such funds; and (ii) the provisions contained in Equal Employment and Affirmative Action Compliance for Construction Contracts (Exhibit 2 hereto);

(f) that such Subcontract shall be for a specified term and provide for completion of the work within such term;

(g) that, if a Construction Subcontract provides for at least \$250,000 of Capital Budget funds (or such smaller amount deemed appropriate by the Director), the Subcontractor shall provide payment and performance bonds each in an amount equal to 100% of the contract price, except that the Director may approve such alternative security as the Director reasonably finds satisfactory (in consultation with, if deemed desirable by the Corporation, the Deputy Mayor and the City's Corporation Counsel), provided that such alternative security has value and liquidity reasonably comparable to payment and performance bonds;

(h) that the Subcontractor shall be obligated to pay liquidated damages, in amounts determined by the Corporation, in the event of failure to complete the Construction Subcontract on schedule;

(i) that the Construction Subcontract shall be assignable to the City and the Corporation (or an affiliate thereof);

(j) provisions so that the Construction Subcontract reflects the provisions of Section 24-216 (relating to noise control) of the City's Administrative Code to the same extent as if the Corporation were a "contracting agency" under such Section 24-216;

(k) that tropical hardwoods, as defined in Section 165 of the New York State Finance Law, shall not be utilized in the performance of the Construction Subcontract except as expressly permitted by the foregoing provision of law; and

(l) that Subcontractor shall comply with the MacBride Principles.

Subsection B. Required Provisions; Enforcement

The Consultant shall not use funding under this Contract to pay any Subcontractor under a Construction Subcontract unless the Subcontract with such Subcontractor contains all provisions required hereunder without first informing the Director of its intent to do so. The Consultant shall in good faith attempt to enforce the aforesaid provisions to the extent that same are included in Construction Subcontracts.

Subsection C. Provisions to be Included in Consulting Subcontracts

(a) Except as otherwise approved by the Director, Consulting Subcontracts shall contain (i) the General Terms and Conditions of a Consultant Contract for Architectural and Engineering Assistance (Exhibit 3 hereto), where applicable, (ii) if any federal or State funds are being used, all applicable laws, rules, terms, provisions, conditions or other requirements required by the governmental agency providing such funds; and (iii) Equal Employment and Affirmative Action Compliance for Non-Construction Contracts (Appendix F hereto).

(b) the Consultant will diligently endeavor to have each Consulting Subcontract entered into by the Corporation (or any affiliate thereof or the Consultant) provide that:

(1) neither the Subcontractor nor any of its employees nor any of its subcontractors is or shall be an agent, servant or employee of the Corporation (or, if applicable, its affiliate) or the City by virtue of the Consulting Subcontract or by virtue of any approval, permit, license, grant, right or other authorization given by the Corporation or the City or any of its officers, agents or employees; and that the Subcontractor shall indemnify, defend and hold harmless the Corporation (and, if applicable, its affiliate) and the City, their agents and employees from any and all claims, judgments or liabilities to which they may be subject because of any act or omission of the Subcontractor, its agents, employees or sub-subcontractors in connection with the Consulting Subcontract or because of any negligence or any fault or default of the Subcontractor, its agents, employees or sub-subcontractors;

(2) such Consulting Subcontract shall be assignable to the City and the Corporation (or any affiliate thereof).

Subsection D. Director's Approval Before Subcontracting

Prior to entering into a Consulting Subcontract of \$10,000 or more, the Consultant shall (x) submit to the Director (i) a written work program detailing the services to be performed by the Subcontractor, divided into phases that will allow for periodic review of performance, (ii) a written explanation of the method used to select and the reasons for selecting that particular Subcontractor, and (iii) a budget for the Subcontractor's services, and (y) obtain the Director's approval.

Subsection E. Subcontractor's Insurance

(a) The Consultant shall cause all Subcontractors under Construction Subcontracts and Consulting Subcontracts to maintain workers' compensation and disability benefits insurance in statutory amounts and, subject to the provisions of subparagraph (b), public liability insurance naming the Corporation, (and, if applicable, its affiliate) and the City as additional insureds, and containing provisions analogous to the Insurance Provisions of the Contract, together with such additional insurance as may be appropriate.

(b) The Corporation, under the City Contract, has submitted to the Deputy Mayor and

CONTRACT NO. 56390002

to the Corporation Counsel a schedule of insurance coverage specifying the amounts and types of insurance that the Corporation intends to require Subcontractors under Construction Subcontracts and Consulting Subcontracts to carry, according to the size and type of contract. Such schedule has been approved by the Deputy Mayor and conforms with the insurance requirements of this Contract. The Consultant shall require the same insurance to be carried by its Subcontractors retained pursuant to this Contract, provided that the Corporation may propose a different schedule or individual variations, and the Director (after, if desired by the Director, consultation with the Deputy Mayor and the City's Corporation Counsel), will give consideration to and may authorize the same. Notwithstanding the above, the Consultant shall require Subcontractors retained pursuant to this Contract to carry such additional insurance as the Director may direct.

(c) No work shall be undertaken pursuant to a Construction Subcontract or Consulting Subcontract hereunder unless and until the Consultant has provided the Director with a copy of each policy, or suitable certificate, and if requested, proof of payment with respect to all insurance herein required to be obtained by the Subcontractor.

Subsection F. Assignment

All contracts are to be assignable, at the Corporation's option, to the City of New York and/or Apple Industrial Development Corp.

General Guidelines For Sole Source Procurement,
Emergency Procurement and Competitive Sealed Bids

The following General Guidelines include criteria that PDC will use to justify and permit PDC to enter into contracts under the provisions included in the contract between the City of New York and the Public Development Corporation dated December 14, 1982 and as amended on October 1, 1983 (the "Contract") for Sole Source Procurement, Emergency Procurement and Competitive Sealed Proposals. These General Guidelines do not override the specific provisions of the Contract.

I. Sole Source Procurement:

→ **A. For Professional Services**

PDC may enter into a contract for professional services as described in the Sole Source Procurement method outlined in the contract when the President determines after review and approval by the Consultant Review Committee that one or more of the following situations or facts exist:

- 1) A consultant has exclusive access to unique technical data and/or unique capabilities which are relevant to the progress and/or completion of a project.
- 2) A consultant's prior and recent experience with a specialized project and/or the geographical location of the specific project and/or familiarity with local community groups would add significantly to the overall quality of either the planning, design or construction of the project.

B. For a Supply Service or Construction Item

PDC may enter into a contract for supply services or the purchase of a construction item as described in the Sole Source Procurement method outlined in the contract when the President determines after review and approval by the Consultant Review Committee that one or more of the following situations or facts exist:

- 1) A unique construction item (new or a replacement) or service is made and/or supplied by only one vendor. In this case PDC would have no other viable alternatives.
- 2) Failure or insufficient response to the public bidding process which forces PDC to seek a company which supplies an item to avoid possible cost overruns or a delay in the project.
- 3) A small component needed for a project is a critical path item where competitive public bidding would unduly delay the overall project or cause possible cost overruns. A small component is defined as an amount that is one hundredth of the cost of the total private and public funds involved in the project.

II. Emergency Procurement

PDC may enter into a contract under the Emergency Procurement method outlined in the contract when the President determines after review and approval by the Consultant Review Committee that one or more of the following situations or facts exist:

- 1) That failure to immediately procure and expedite materials would threaten or jeopardize the security or value of property (or goods) associated with the project.
- 2) To avoid or prevent possible cost overruns or a substantial delay in the project's completion. Also applicable when the scheduled delivery date of an item intrinsic to the construction's progress has been adversely altered.
- 3) When PDC must remedy any threat to public health, safety or welfare caused by or present during the course of a project.

III. Competitive Sealed Proposals

PDC may enter into a contract for construction as described in the Competitive Sealed Proposal method outlined in the contract when the President determines after review and approval by the Consultant Review Committee that one or more of the following situations or facts exist:

- 1) That Competitive Sealed Bidding is determined to be an inadequate selection method for a construction contract that must consider other evaluation factors in addition to the cost factor such as capacity to execute the proposal, the experience in the area of knowledge or community to be served or studied or to be the site of the work.
- 2) That a contract will require discussions between PDC and prospective contractors prior to the contract award to insure their full understanding and responsiveness to the contract requirements.

AMENDMENT TO GENERAL GUIDELINES

The General Guidelines for procurement under the Contract, dated as of December 14, 1982, between The City of New York and New York City Public Development Corporation, as amended, are amended by adding, as an additional situation permitting sole source procurement of a supply, service or construction item (subdivision I.B.), the following:

4. Construction work funded under the Contract is an integral component of a project being developed by an entity other than PDC, and considerations of timeliness and/or coordination and control dictate that such construction work should be awarded to such entity. In no event shall the amount to be procured by sole source exceed 20% of the project cost.

Copies of all required reports are available upon request from the contracting agency; and
- (6) will permit the Division to have access to all relevant books, records and accounts by the Division for the purposes of investigation to ascertain compliance with such rules, regulations, and orders.

The contractor understands that in the event of its noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, such noncompliance shall constitute a material breach of the contract and noncompliance with E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder. After a hearing held pursuant to the

rules of the Division, the Director may direct the imposition by the contracting agency head of any or all of the following sanctions:

- (i) disapproval of the contractor;
- (ii) suspension or termination of the contract;
- (iii) declaring the contractor in default; or
- (iv) in lieu of any of the foregoing sanctions, the Director may impose an employment program.

The Director of the Division may recommend to the contracting agency head that a contractor who has repeatedly failed to comply with E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder be determined to be nonresponsible.

The contractor agrees to include the provisions of the foregoing paragraphs in every subcontract or purchase order in excess of the small purchase limit established by rule of the Procurement Policy Board to which it becomes a party unless exempted by E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Director of the Division of Labor Services as a means of enforcing such provisions including sanctions for noncompliance.

The contractor further agrees that it will refrain from entering into any contract or contract modification subject to E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder with a subcontractor who is not in compliance with the requirements of E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder."

EXHIBIT 3

General Terms and Conditions of a Consultant Contract
for Architectural and Engineering Assistance

**GENERAL TERMS AND CONDITIONS OF A CONSULTANT CONTRACT
FOR ARCHITECTURAL AND ENGINEERING ASSISTANCE**

**ARTICLE 1
CONSULTANT'S SERVICES**

A. General

1. The consultant shall prepare a timetable setting forth the schedule for accomplishing the contract objectives and shall submit such timetable to the Executive Director for approval. The timetable shall include completion dates for all design phases of the project. The Corporation shall require the Consultant to adhere to such timetable.

2. The Consultant shall submit such progress reports in such form and as often as may be required by the Executive Director. The progress reports shall show the status of the work and shall clearly state the reasons for any delays.

3. The Consultant, or his duly authorized representative, shall attend such conferences as the Executive Director or the Corporation requires. The Consultant shall at all times be available for all required interpretations of the plans and specifications and he shall promptly advise the Corporation and the Executive Director of inadequacies of or conflicts between drawings, specifications, or both.

B. Site Data

1. The Consultant shall make a personal examination of the designated site, noting all conditions and implications of same pertaining to the completion of construction of all phases of the project. He shall promptly bring to the attention of the Corporation or the Executive Director inadequacies or impediments which would prevent orderly and expeditious accommodation of the project.

2. The Consultant shall design and plan the work with reference to and in conformity with information relating to existing lines, grades, levels, sewers, subsurface structures, conditions and facilities, supplemented by an inspection of the site by him, as well as his examination of all relevant public records and any needed additional information or investigation required.

C. Rehabilitation or Alteration of Existing Structure

When the project involves alteration of or an addition to an existing structure, the Consultant shall be responsible for verifying all measurements and details of construction thereof. All drawings, specifications and data of the structure must be checked in the field by visual examination and physical measurements by the Consultant as well as through all sources of records available.

If, through no fault of the Consultant, the existing construction ultimately proves to be at variance with the construction as shown, subject to the prior approval of the Executive Director, the Consultant shall be compensated for any necessary additional services on the same basis as a change in the contract documents after approval.

D. Design Phases

1. The Subcontract shall require the Consultant to prepare and complete such schematic, preliminary and final designs (the "Design Phases") as are deemed by the Executive Director to be necessary under the circumstances. The Subcontract shall (i) list the Design Phases and (ii) state what is required of the Consultant during each phase. The Consultant's work product under each Design Phase shall be subject to approval by the Executive Director, and such approval shall be a condition precedent for commencing a subsequent Design Phase.

2. All drawings before being submitted to the Executive Director for final acceptance, shall bear the stamps of approval and be accompanied by all necessary applications, certificates or permits of all City, State or Federal agencies having jurisdiction over any phase of the work.

3. Where the Consultant is required to produce "final contract drawings and documents" the Consultant shall deliver to the Executive Director the following:

a. All sets of construction documents as approved by each required government agency.

b. All final drawings revised where necessary to conform to comments by the Executive Director and bearing all required stamps of approval, including the seal and authorized facsimile of the signature of the Consultant. These final contract drawings shall be in ink on tracing cloth or in lieu thereof, reproducibles on cloth or mylar, as made by a photolithographic method, and approved by the Executive Director.

c. All final specifications shall be submitted in clear legible form, acceptable to the Executive Director, properly collated and ready for photocopying or other direct machine producing processes.

d. Final estimates to include:

(1) A summary giving estimated costs for each construction contract of the project.

(2) A quantity breakdown containing items of work, quantities, unit prices and amounts, including such information for each prime contract. When alterations as well as new additions to existing structures are involved in the same contract, estimates shall be separated accordingly.

e. Typical plans, in black and white, suitable for small scale reproduction and publication. Reproducibles of final accepted preliminary plans will be accepted.

These documents shall not be deemed to have been accepted until the Executive Director has so notified the Consultant in writing.

4. In addition to the preliminary and final estimates of cost required to be submitted by the Consultant, the Consultant shall maintain current information relating to the estimated cost of the project during the design period and shall inform the Executive Director promptly in writing of any significant changes in such estimated cost due to market conditions or changes in the scope or design of the project. If the Executive Director so directs, the Consultant shall at his own expense, engage a competent cost estimating firm to prepare cost data and required estimates of costs. The name of such firm shall be submitted in writing to the Executive Director for approval. A cost control program shall be maintained throughout the course of design.

E. Contract Bidding Phase

Should the Subcontract require the Consultant to prepare and supervise bid documents during the period of advertising, receipt and analysis of bids, the Consultant shall:

1. Interpret plans and specifications when required by prospective bidders' inquiries.
2. Prepare and issue, through the Executive Director, addenda, amendments and/or supplementary drawings required for clarification of plans and specifications.
3. Attend bidders meetings and bid openings when notified by the Executive Director.
4. Assist in the analysis of bids and make recommendations and reports as requested by the Executive Director on the disposition of bids and awards of contracts.
5. Examine, recommend adjustment and indicate his approval of the schedule of items and costs prepared by the contractors on each awarded contract so as to prevent unbalanced value from being established as the basis for the contractors' partial payments.
6. When requested by the Executive Director of the Corporation, interpret construction documents in writing. He shall prepare all supplementary drawings necessary for the enlargement and clarification of the documents prepared by him.

F. Construction Phase

Should the Subcontract include a construction phase, the Consultant shall be required to do the following:

1. The Consultant shall act promptly and systematically to check and approve shop drawings and samples submitted to him. He shall determine whether such shop drawings and samples are in accordance with the design and construction contract drawings and specifications prepared by him for the project. He shall indicate changes necessary to conform to the contract drawings and specifications.

Subsequent to the start of construction, the Consultant shall submit to the Executive Director a complete listing of shop drawings for each construction contract. The listed information shall include names of subcontractors, names of shop drawings, due dates in accordance with approved shop drawing schedules required from contractors, dates of issue, receipt, checking, return for correction, resubmission and final approval and any other information that will clearly provide the Executive Director with the progress of shop drawings. In addition to checking shop drawings, the Consultant shall also check any required drawings of sheeting, bracing and underpinning.

The Executive Director reserves the right to select samples for testing for approval of any or all materials required for construction of the project.

2. The Executive Director shall issue all change orders to construction contractors. The Executive Director, in his discretion, may consult with the Consultant prior to the issuance of such change orders.

G. Additional Obligations of the Consultant

1. All personnel assigned to the project by the Consultant shall be required to cooperate fully with personnel assigned to the project by the Corporation or the Executive Director and in the event the Consultant's personnel fail so to cooperate, the Consultant shall relieve them of their duties on the project when required by the Executive Director.

2. The Consultant shall designate in writing one person who, on his behalf, shall be responsible for coordinating all of the services to be rendered by the Consultant hereunder. Such designee shall be subject to the approval of the Executive Director.

3. Drawings and specifications shall not violate Section 346 of the City Charter relating to patented articles. The Consultant may not, without the prior written approval of the Executive Director, specify for the project or necessarily imply the required use of any article, product, material, fixture or form of construction, the use of which is covered by a patent, or which is otherwise exclusively controlled by a particular firm or group of firms.

**ARTICLE 2
CORPORATION'S OBLIGATIONS**

A. Pursuant to its obligations under its Contract with the City, the Corporation shall require that all drawings, tracings, specifications and other material prepared and furnished for it by the Consultant shall become the property of the City upon their acceptance by the Executive Director, or upon the termination of the services of the Consultant. Such documents shall be promptly delivered to the Executive Director upon demand and thereafter may be used by the City in whole or in part or in modified form, for those purposes it may deem advisable without further employment of, or payment of additional compensation to the Consultant.

B. The Subcontract shall give the City a direct cause of action against the Consultant, as a third party beneficiary of the subcontract, in the event that any claim be made or any cause of action be brought against the City or the Executive Director or should the Consultant breach the Subcontract.

C. The Corporation shall further provide that the Executive Director's decision shall be final and binding upon the Consultant as to all matters arising in connection with or relating to the Subcontract. The Executive Director shall determine the amount, quality, acceptability and fitness of work being performed pursuant to the Subcontract and shall determine all matters relative to the fulfillment of the Subcontract on the part of the Consultant and such determination shall be final and binding on the Consultant. Acceptance by the Executive Director of any document thereunder shall not relieve the Consultant of sole responsibility for final design of the project, including the plans, specifications and all supporting documents, except as to any feature thereof which the Executive Director had specifically directed in writing to be included over the written objection of the Consultant. The Consultant shall accept the Executive Director as the final arbiter and in case any question shall arise, the Executive Director's determination shall be a condition precedent to the right of the Consultant to receive payment under the Subcontract.

Notwithstanding any of the foregoing provisions, the Consultant may avail himself of Article 78 of the Civil Practice Law and Rules.

ARTICLE 3 PAYMENT AND SERVICES

A. Payment provisions shall be in accordance with the terms and conditions set forth pursuant to certificate CS-29B and CS-50A issued by the City's Office of Management and Budget and such other terms and conditions as the Executive Director may require. Payments shall be made only upon approval by the Executive Director of the work performed by the Consultant.

B. The Subcontract and all payments thereunder shall be subject to audit by the City's Comptroller.

C. The Subcontract shall provide that if the Corporation shall have reasonable grounds for believing that:

1. The Consultant will be unable to perform this contract fully and satisfactorily within the time fixed for performance; or

2. A meritorious claim exists or will exist against the Corporation, Consultant or the City arising out of the negligence of the Consultant or the Consultant's breach of any provision of the Subcontract, then the Corporation may withhold payment of any amount otherwise due and payable to the Consultant hereunder. An amount so withheld may be retained by the Corporation for such period as it may deem advisable to protect the parties against any loss and may after written notice to the Consultant, be applied in satisfaction for any claim herein described. This provision is intended solely for the benefit of the City or Corporation, and no person shall have any right against the Executive Director or any claim against the City and the Corporation by reason of the Corporation's failure or refusal to withhold monies. No interest shall be payable by the Corporation on any amounts withheld under this provision. This provision is not intended to limit or in any way prejudice any other right of the Corporation or the City.

D. The Subcontract shall provide that acceptance by the Consultant, his successors or assigns of any payment made on the final certificate under the Subcontract, or of any final payment due on termination of the Subcontract, shall constitute a full and complete release of the City and the Corporation from any and all claims, demands and causes of action whatsoever which the Consultant, his successors or assigns have or may have against the city or the Corporation under the provisions of the Subcontract.

ARTICLE 4 SUSPENSION OR TERMINATION OF PERFORMANCE

A. Suspension of Performance

The Subcontract shall provide that the Corporation may at any time, and for any reason, direct the Consultant to stop work under the Subcontract for a period of time. Such direction shall be in writing and shall specify the period during which work shall be stopped. The Consultant shall resume work upon the date specified in such direction, or upon such other date as the Corporation may thereafter specify in writing. The period during which work shall have been stopped shall be deemed added to the time for performance. Stoppage of work under this article shall not give rise to any claim against the Corporation.

B. Termination Without Cause

The Corporation may at any time, and for any reason, terminate the Subcontract by written notice to the Consultant specifying the termination date, which shall not be less than seven (7) days from the date such notice is given. In the event of such termination, the Consultant shall be paid such amount as shall compensate him for the portion of the work satisfactorily performed prior to the termination date. Such amount shall be fixed by the Corporation after consultation with the Consultant, and shall be subject to the approval of the Executive Director and audit by the Comptroller. Termination under this section shall not give rise to any claim against the Corporation or the City for damages or for compensation in addition to that provided hereunder.

C. Termination for Cause

The Subcontractor shall provide that if the Consultant, through any cause, fails to perform any of the terms, covenants or provisions of the Subcontract, or if for any cause the Consultant fails to progress with the work called for under the Subcontract in a manner considered reasonable by the Corporation, or if in the judgment of the Corporation, the conduct of the Consultant is such that the interests of the Corporation are likely to be impaired or prejudiced, the Corporation shall thereupon have the right to terminate the Subcontract by giving notice in writing of the fact and the date of such termination to the Consultant, and thereupon the Subcontract shall terminate and all inventory notes, photos, designs, sketches or other written or photographic data prepared by the Consultant in connection with the Subcontract shall be surrendered and turned over within 10 days after such termination to the Corporation, provided in such case, however, that the Consultant shall receive equitable compensation for such services as shall, in the judgment of the Corporation, have been satisfactorily performed by the Consultant up to the date of the termination of the Subcontract. Such compensation shall be

fixed by the Corporation subject to the approval by the Executive Director and audit by the Comptroller. The Corporation may deduct from such compensation the total amount incurred by the Corporation in order to satisfactorily complete the work required to be performed by the Consultant under the Subcontract including the cost of engaging another architect or engineer. The Corporation may thereafter take over the work to be done thereunder and may prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the Corporation for any excess cost if due to the negligence, fault or default of the Consultant or its subcontractors. However, if circumstances warrant, the Consultant shall be given a reasonable time after written notice of termination to correct the condition giving rise to said termination.

**ARTICLE 5
PERSONAL SERVICES OF THE CONSULTANT**

The Subcontract shall designate the members of the Consultant's professional staff who shall have the primary responsibility for performing the services. The Consultant shall obtain the prior written approval of the Corporation and the Executive Director prior to the substitution of such personnel.

**ARTICLE 6
ASSIGNMENT BY CONSULTANT**

The Consultant shall not assign, transfer, convey, pledge, sublet or otherwise dispose of the Subcontract without the prior written consent of the Corporation and Executive Director.

**ARTICLE 7
CONTRACT SUCCESSION**

In the event of the death or disability of the Consultant, any qualified partner or associate of the Consultant may be authorized, at the option of the Corporation and Executive Director, to continue, perform and complete all of the terms, covenants and provisions contained in the Subcontract as the completing Consultant.

**ARTICLE 8
AUDIT AND EXAMINATION OF ACCOUNTS**

The Consultant shall keep, and will cause its subcontractors to keep, accurate books of record and account, in accordance with sound accounting principles, of all expenditures made and all costs, liabilities and obligations incurred under the Subcontract in relation to the engagement and payment of all personnel and in relation to any services performed for which additional compensation will be claimed. The aforementioned accounts shall be available, upon reasonable and authorized request, to the Executive Director and the Comptroller of the City of New York or their representatives for examination and audit. Said account shall be kept for a period of six years after termination of their contract.

**ARTICLE 9
EXTENSION OF TIME**

The Subcontract shall provide that if the Consultant has been delayed and as a result will be unable, in the opinion of the Corporation, to complete performance fully and satisfactorily within the time fixed therefor, the Consultant, upon submission of evidence of the causes of the delay in such form as is satisfactory to the Corporation, shall, subject to the discretion of the Corporation and approval by the Executive Director, be granted an extension of time fixed for performance equal to the period the Consultant was actually and necessarily delayed.

**ARTICLE 10
LIMITATION OF ACTION**

No Action shall be maintained by the Consultant, his successors or assigns, against the Corporation on any claim based upon or arising out of the Subcontract or out of anything done in connection with the Subcontract unless such action shall be commenced within six (6) months of the termination of the Subcontract.

**ARTICLE 11
INDEMNIFICATION**

A. Under the terms of the Subcontract, the Consultant shall not be deemed to be acting as an agent, servant or employee of the Corporation or the City, but shall be deemed to be an independent contractor performing services for the Corporation and shall be solely responsible for all advice, decisions and information given in its technical capacity.

B. The Consultant shall be solely responsible for all injuries to persons, including death, or damage to property sustained during its operations and work under the Subcontract resulting from any negligence, fault or default of the Consultant or of its employees, authorized agents, servants, independent contractors or subcontractors retained by the Consultant pursuant to the Subcontract. The Consultant agrees to indemnify and hold the Corporation and the City harmless from any liability upon any and all claims for injuries to persons, (including death) and damage to property on account of negligence, fault or default of the Consultant, its employees, authorized agents, servants, independent contractors and subcontractors retained by the Consultant. This contract is subject to the requirements of Executive Order No. 50 (April 25, 1980) (§10-14) as revised (“E.O.50”) and the Rules and Regulations promulgated thereunder. No contract will be awarded unless and until these requirements have been complied with in their entirety. By signing this contract, the contractor agrees that it:

- (1) will not discriminate unlawfully against any employee or applicant for employment because of race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status with respect to all employment decisions including, but not limited to, recruitment, hiring, upgrading, demotion, downgrading, transfer, training, rates of pay or other forms of compensation, layoff, termination, and all other terms and conditions of employment;
- (2) will not discriminate in the selection of subcontractors on the basis of the owner’s, partners’ or shareholders’ race, color, creed, national origin, sex, age, handicap, marital status or sexual orientation or citizenship status;
- (3) will state in all solicitations or advertisements for employees placed by or on behalf of the contractor that all qualified applicants will receive consideration for employment without regard to race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status, or it is an equal employment opportunity employer;
- (4) will send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or memorandum of understanding, written notification of its equal employment opportunity commitments under E.O. 50 (§10-14) and the rules and regulations promulgated thereunder; and
- (5) will furnish before the contract is awarded all information and reports including an Employment Report which are required by E.O. 50 (§10-14), the rules and regulations promulgated thereunder, and orders of the Director of the Division of Labor Services (the “Division”). Copies of all required reports are available upon request from the contracting agency; and
- (6) will permit the Division to have access to all relevant books, records and accounts for the purposes of investigation to ascertain compliance with such rules, regulations, and orders.

The contractor understands that in the event of its noncompliance with the nondiscrimination clauses of this contract or with any such rules, regulations, or orders, such noncompliance shall

constitute a material breach of the contract and noncompliance with E.O. 50 (§10-14) and the rules and regulations promulgated thereunder. After a hearing held pursuant to the rules of the Division, the Director may direct the imposition by the contracting agency head of any or all of the following sanctions:

- (i) disapproval of the contractor;
- (ii) suspension or termination of the contract;
- (iii) declaring the contractor in default; or
- (iv) in lieu of any of the foregoing sanctions, the Director may impose an employment program.

The Director of the Division may recommend to the contracting agency head that a contractor who has repeatedly failed to comply with E.O. 50 (§10-14) and the rules and regulations promulgated thereunder be determined to be nonresponsible.

The contractor agrees to include the provisions of the foregoing paragraphs in every subcontract or purchase order in excess of New York City's small purchase limit established by rule of New York City's Procurement Policy Board to which it becomes a party unless exempted by E.O. 50 (§10-14) and the rules and regulations promulgated thereunder, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Director of the Division of Labor Services as a means of enforcing such provisions including sanctions for noncompliance.

The contractor further agrees that it will refrain from entering into any contract or contract modification subject to E.O. 50 (§10-14) and the rules and regulations promulgated thereunder with a subcontractor who is not in compliance with the requirements of E.O. 50 (§10-14) and the rules and regulations promulgated thereunder.

- (iii) if the Subrecipient submits any Required Reports to the City, HUD or any of their respective Representatives or auditors, which are incorrect or incomplete in any material respect.

(b) If this Agreement is terminated by either Party prior to the end of the Term, the Party terminating this Agreement shall give advance Notice of such termination (a “Termination Notice”) to the other Party of no less than thirty (30) days. All Termination Notices given hereunder shall set forth in reasonable detail the reasons for such termination, the date on which such termination shall become effective, and, in the case of partial termination, the provisions of this Agreement that are to be terminated. If, in the case of a partial termination, the City or HUD in its sole discretion determines that the remaining portion of the award of the Grant Funds contemplated herein will not accomplish the purpose for which such award was made, the City or HUD may terminate this Agreement in its entirety.

10.2. Termination. Upon the occurrence and during the continuance of an Event of Default, the City may take any or all of the following actions, without prejudice to the rights of the City to enforce claims against the Subrecipient:

(a) Termination or Suspension. Pursuant to the applicable General Requirements of Law (including Section 570.502 of the CDBG Rules), prior to the end of the Term and subject to the applicable notice and cure periods, this Agreement may be or terminated, or temporarily suspended:

10.3. Remedies Cumulative. All of the City’s remedies under the Program Documents shall be cumulative, may be exercised simultaneously against the Subrecipient or in such order and with respect to the Subrecipient as the City may deem desirable, and are not intended to be exhaustive.

10.4. Termination for Convenience. This Agreement is subject to the termination for convenience provisions set forth in 24 CFR 85.44.

10.5. Termination Undertakings. Upon the end of the Term or the earlier termination of this Agreement:

(a) Pursuant to Section 570.503(b)(7) of the CDBG Rules, Subrecipient shall promptly transfer to the City by wire transfer to an account designated by the City all Program Funds and other CDBG-DR funds on hand or controlled by the Subrecipient, and all accounts receivable attributable to the use of Program Funds under this Agreement;

(b) all Program Income held or controlled by the Subrecipient shall be paid to the City;

(c) ownership rights in and to all Program Equipment, if any, shall revert to the City;

(f) Subrecipient shall deliver to the City all Program Documents and other deliverables, if any, as specified in the Scope of Work.

10.6. Acquired or Improved Real Property. Pursuant to Section 570.503(b)(7) of the CDBG Rules, upon the end of the Term or the earlier termination of this Agreement, if Subrecipient has control over any real property that was acquired or improved by Subrecipient, in whole or in part, with Program Funds in excess of twenty-five thousand dollars (\$25,000), then Subrecipient shall cause such real property to be used for a CDBG National Objective pursuant to Section 570.208 of the CDBG Rules until the date that is the fifth (5th) anniversary of the last day of the Term or the effective date of the earlier termination of this Agreement, or for such longer period of time as the City deems appropriate. If the Subrecipient fails to cause such real property to be used in such manner for such prescribed period of time, then upon receipt of written Notice from the City the Subrecipient shall pay to the City an amount equal to the current fair market value of the property less any portion of the value attributable to expenditures of non-CDBG-DR funds for acquisition of, or improvement to, such real property. All such payments shall constitute Program Income to the City. The Subrecipient may retain real property acquired or improved under this Agreement after the expiration of such five (5)-year period or such longer period of time as the City may have deemed to be appropriate.

The provisions of this Article 2(d) shall be incorporated in and made a part of all subcontracts executed in connection with this agreement.

The Contractor agrees to send to each labor organization or representative of workers with which the Contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the Contractor's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

In general, this requires concurrence from the State Historic Preservation Officer for all rehabilitation and demolition of historic properties that are fifty years old or older or that are included on a Federal, state, or local historic property list.

(j) The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. §§ 4601-4655) and regulations at 49 CFR Part 24.

Such funds are subject to all applicable requirements governing the use of Community Development Block Grant funds, including 24 CFR § 570.503(b)(3), which provides that, at the end of the program year, the City may require remittance of all or part of any program income balances (including investments thereof) held by the Subrecipient (except those needed for immediate cash needs, cash balances of a revolving loan fund, cash balances from a lump sum drawdown, or cash or investments held for section 108 security needs).

(m) If the Contractor is, or may be deemed to be, a religious or denominational institution or organization operated for religious purposes which is supervised or controlled by or in connection with a religious or denominational institution or organization, the Contractor agrees that in connection with services to be provided under this Agreement:

Where a structure is used for both eligible and inherently religious activities, CDBG funds may not exceed the cost of those portions of the acquisition, construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to CDBG funds in 24 CFR Part 570. Sanctuaries, chapels, or other rooms that a CDBG-funded religious congregation uses as its principal place of worship, however, are ineligible for CDBG-funded improvements. Disposition of real property is subject to 24 CFR § 570.200(j)(5).

(n) Executive Order 11246, as amended, and the implementing regulations contained in 41 CFR Chapter 60, as amended, prohibit discrimination in employment due to race, color, religion, sex or national origin during the performance of all Federal or federally assisted contracts.

- (i) During the performance of this Agreement the Contractor agrees as follows:
 - a. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
 - b. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will

receive consideration for employment without regard to race, color, sex, religion or national origin.

c. The Contractor will send to each labor union or representative of workers with which he/she has a collective bargaining agreement or other Agreement or understanding, a notice to be provided by the Agency contracting officer, advising the labor union or worker's representatives of the Contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, as amended, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

d. The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, as amended, and of the rules, regulations and relevant orders of the Secretary of Labor.

e. The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, as amended, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the Department and the Secretary of Labor for purposes of investigations to ascertain compliance with such rules, regulations, and orders.

f. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Agreement or with any of such rules, regulations, or orders, this Agreement may be cancelled, terminated or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted Construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, as amended, or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law.

g. The Contractor will include the provisions of this Article 2(n) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, as amended, so that provisions will be binding upon each Subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for non-compliance: Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a Subcontractor or vendor as a result of such direction, the Contractor may request the United States to enter into such litigation to protect the interest of the United States.

(o) The Contractor agrees that if it enters a Construction subcontract as part of its Agreement with the City, and this Construction subcontract is for an amount more than \$10,000, the notice found at FEDERAL EXHIBIT 1 of this Agreement must be included in that Construction subcontract.

ARTICLE 3

ADDITIONAL FEDERAL CONDITIONS FOR CONSTRUCTION

In the event that this Agreement involves Construction work, design for Construction or Construction services, all such work or services performed or administered by the Contractor shall be subject to the following requirements in addition to those set forth in Article 2.

- (a) Federal Labor Standards: The Contractor will comply with the following:
 - (i) The Davis-Bacon Act (40 U.S.C. §§ 3141 *et seq.*): In Construction contracts involving an excess of \$2000, unless exclusively in connection with the rehabilitation of residential property containing fewer than 8 units, all laborers and mechanics must be paid at a rate not less than those determined by the Secretary of Labor to be prevailing for the City, which rates are to be provided by the Agency. These wage rates are a federally mandated minimum only, and will be superseded by any State or City requirement mandating higher wage rates. The Contractor also agrees to comply with Department of Labor Regulations pursuant to the Davis-Bacon Act found in 29 CFR Parts 1, 3, 5 and 7 which enforce statutory labor standards provisions.
 - (ii) Sections 103 and 107 of the Contract Work Hours and Safe Standards Act (40 U.S.C. §§ 3701 *et seq.*), which provides that no laborer or mechanic shall be required or permitted to work more than eight hours in a calendar day or in excess of forty hours in any workweek, unless such laborer or mechanic is paid at an overtime rate of 1½ times his/her basic rate of pay for all hours worked in excess of these limits, under any Construction Agreement costing in excess of \$2000. In the event of a violation of this provision, the Contractor shall not only be liable to any affected employee for his/her unpaid wages, but shall be additionally liable to the United States for liquidated damages.
 - (iii) The Copeland “Anti-Kickback” Act (18 U.S.C. § 874), as supplemented by the regulations contained in 29 CFR Part 3, requiring that all laborers and mechanics shall be paid unconditionally and not less often than once a week, and prohibiting all but “permissible” salary deductions.
 - (iv) The more complete detailed statement of Federal Labor Standards annexed hereto as FEDERAL EXHIBIT 2.
 - (v) The provisions of Article 3(a) of this Agreement shall be included in all subcontracts for work in connection with this Agreement.
- (b) Executive Order 11246, as amended by Executive Order 11375, and as supplemented in Department of Labor regulations (41 CFR chapter 60) for Construction contracts or subcontracts in excess of \$10,000.

Standard Federal Equal Employment Opportunity Construction Contract Specifications for Contracts and Subcontracts in Excess of \$10,000.

1. As used in these specifications:

- a. "Covered area" means the geographical area described in the solicitation from which this Agreement resulted;
 - b. "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
 - c. "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941.
 - d. "Minority" includes:
 - (i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
 - (ii) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of race);
 - (iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
 - (iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
2. Whenever the Contractor, or any Subcontractor at any tier, subcontracts a portion of the work involving any Construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this Agreement resulted.
3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or Subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or Subcontractors toward a goal in an approved Plan does not excuse any covered Contractor's or Subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.
4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7 a through p of these specifications. The goals set forth in the solicitation from which this Agreement resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each Construction trade in which it has employees in the covered area. Covered Construction Contractors performing Construction work in geographical areas where they do not have a Federal or federally assisted Construction contract shall apply the minority and female goals established for the geographical areas where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers.

The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.
6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.
7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:
 - a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each Construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
 - b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organization's responses.
 - c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.
 - d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
 - e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7b above.

- f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where Construction work is performed.
- g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with on-site supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of Construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.
- h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.
- i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.
- j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of a Contractor's work force.
- k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.
- l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.
- m. Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.
- n. Ensure that all facilities and company activities are non-segregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.
- o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female Construction contractors and suppliers, including circulation of solicitations to minority and female Contractor associations and other business associations.
- p. Conduct a review, at least annually, of all supervisor's adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (7a through p). The efforts of a Contractor association, joint Contractor-union, Contractor-community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through p of these specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the Program are reflected in the Contractor's minority and female work force participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.
9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).
10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.
11. The Contractor shall not enter into any Subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246 or suspended or is otherwise excluded from or ineligible for participation in federal assistance programs.
12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.
13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.
14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, Construction trade, union affiliation if any, employee identification number

when assigned, social security number, race, sex, status (e.g., mechanic, apprentice trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, Contractors shall not be required to maintain separate records.

15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for hiring of local or other areas residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

ARTICLE 4

NONDISCRIMINATION

(a) The Contractor shall not, in any Program or activity receiving funds under this Agreement, discriminate against any person on the grounds of race, color, national origin, religion, sex, age, or disability. The Contractor agrees to comply with provisions of 24 CFR Part 6, 8, and 146.

At a minimum, such forms will include the following:

(c) At any time during normal business hours and as often as the City, the Agency, HUD, Inspector General, U.S. General Accounting Office, and/or the Comptroller General of the United States may deem necessary, the Contractor shall make available for examination to the City, HUD, Inspector General, U.S. General Accounting Office and/or representatives of the Comptroller General all of its books, accounts, records, reports, files, and other papers or property with respect to all matters covered by this Agreement and shall permit the City, HUD and/or representatives of the Comptroller General and the U.S. General Accounting Office to audit, examine, make excerpts of, and make transcriptions from such books, accounts, records, reports, files, and other papers or property and to make audits of all contracts, invoices, materials, payrolls, records or personnel, conditions of employment and other data relating to all matters covered by this Agreement.

ARTICLE 6

UNEARNED PAYMENTS

Unearned payments under this Agreement may be suspended or terminated upon refusal to accept any additional conditions that may be imposed by HUD at any time, or if the Grant to the City under the Act is suspended or terminated. Unearned payments received by the Contractor will be returned to the City. All interest on funds advanced to the Contractor will be returned to the City.

ARTICLE 7

DISBURSEMENT RESTRICTIONS

No money under this Agreement shall be disbursed by the Agency to any Contractor except pursuant to a written contract which incorporates the applicable Supplementary General Conditions and unless the Contractor is in compliance with HUD requirements with regard to accounting and fiscal matters, to the extent they are applicable, and provided that the Agency has completed HUD requirements, including but not limited to environmental certifications pursuant to 24 CFR 58.

All checks, payrolls, invoices, contracts, vouchers, orders or other accounting documents, pertaining in whole or in part to the Contract, shall be clearly identified and readily accessible.

ARTICLE 9

BONDING

The Agency must receive a statement from the Contractor's chief fiscal officer or their insurer assuring that all persons handling funds received or disbursed under this Agreement are covered by fidelity insurance in an amount and manner consistent with the coverage deemed necessary by the City of New York for its own employees. If the bond is cancelled or coverage is substantially reduced, the Contractor shall promptly notify the Agency of this fact in every case not later than 48 hours. In such event, the Agency shall not disburse any more funds to the Contractor until it has received assurance that adequate coverage has subsequently been obtained.

ARTICLE 10

ACCOUNTING SYSTEM

The Contractor shall submit to the Agency a detailed description of its accounting, reporting and internal control systems, including but not limited to the procedures for cash receipts, cash disbursements, payrolls, personnel policies, fixed petty cash controls and other systems which are necessary under the circumstances. (b) Any reports, documents, data, photographs, deliverables, and/or other materials, including software, produced pursuant to this Agreement (“Copyrightable Materials”), shall be considered “work-made-for-hire” within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. § 101, and the City shall be the copyright owner thereof and of all aspects, elements and components thereof in which copyright protection might subsist. To the extent that the Copyrightable Materials do not qualify as “work-made-for-hire,” the Contractor hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the City, free and clear of any liens, claims, or other encumbrances. The Contractor shall retain no copyright or intellectual property interest in the Copyrightable Materials. The Copyrightable Materials shall be used by the Contractor for no purpose other than in the performance of this Agreement without the prior permission of the City. The Department may grant the contractor a license to use the Copyrightable Materials on such terms as determined by the Department and set forth in the license.

(c) The Contractor acknowledges that the City may, in its sole discretion, register copyright in the Copyrightable Materials with the U.S. Copyright Office or any other government agency authorized to grant copyright registrations. The Contractor shall cooperate in this effort, and agrees to provide any further documentation necessary to accomplish this.

(d) The Contractor represents and warrants that the Copyrightable Materials: (i) are wholly original material not published elsewhere (except for materials that is in the public domain); (ii) do not violate any copyright law; (iii) do not constitute defamation or invasion of the right of privacy or publicity; and (iv) are not infringement, of any kind, of the rights of any third party. ARTICLE 13

SUBCONTRACTORS

(a) The provisions of this Agreement shall apply to Subcontractors and their officers, agents and employees in all respects as if they were employees of the Contractor. The Contractor shall not be discharged

from its obligations and liabilities, but shall be liable for all acts and negligence of Subcontractors, and their officers, agents and employees, as if they were employees of the Contractor.

(b) Employees of the Subcontractor shall be subject to the same provisions as employees of the Contractor.

(c) The services furnished by Subcontractors shall be subject to the provisions hereof as if furnished directly by the Contractor, and the Contractor shall remain responsible therefor.

ARTICLE 14

SUSPENSION AND TERMINATION

(a) Where the Contractor fails to perform the work satisfactorily as enumerated in the part of this Agreement known as the scope of work, the City may withhold payment, in addition to any other remedy provided for by this Agreement. Federal Labor Standards Provisions

**U.S. Department of Housing
and Urban Development
Office of Labor Relations**

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (I) **Minimum Wages.** All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section I(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(II) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(II) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(II)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(III) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(IV) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract in the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (I) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been

communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(II) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(I) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(II), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(I), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(II)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(III) The contractor or subcontractor shall make the records required under subparagraph A.3.(I) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(I) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who

is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(II) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(III) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

6. Subcontracts. The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 in this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

7. Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (I) Certification of Eligibility. By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be

awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(II) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(III) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

B. Contract Work Hours and Safety Standards Act. The provisions of this paragraph B are applicable where the amount of the prime contract exceeds \$100,000. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Notwithstanding the preceding sentence, the Contractor may retain consultants to draft proposals, negotiate contracts, and perform other similar services. The Contractor further represents and warrants that no payment, gift, or thing of value has been made, given, or promised to obtain this or any other agreement between the parties. The Contractor makes such representations and warranties to induce the City to enter into this Agreement and the City relies upon such representations and warranties in the execution of this Agreement.

B. For any breach or violation of the representations and warranties set forth in Paragraph A above, the Commissioner shall have the right to annul this Agreement without liability, entitling the City to recover all monies paid to the Contractor; and the Contractor shall not make claim for, or be entitled to recover, any sum or sums due under this Agreement. The rights and remedies of the City provided in this Section are not exclusive and are in addition to all other rights and remedies allowed by Law or under this Agreement.

Section 2.02 Conflicts of Interest

A. The Contractor represents and warrants that neither it nor any of its directors, officers, members, partners or employees, has any interest nor shall they acquire any interest, directly or indirectly, which conflicts in any manner or degree with the performance of this Agreement. The Contractor further represents and warrants that no person having such interest or possible interest shall be employed by or connected with the Contractor in the performance of this Agreement.

B. Consistent with Charter § 2604 and other related provisions of the Charter, the Admin. any interest in, or in the proceeds of, this Agreement. This Paragraph B shall not prevent directors, officers, members, partners, or employees of the Contractor from participating in decisions relating to this Agreement where their sole personal interest is in the Contractor.

C. The Contractor shall not employ a person or permit a person to serve as a member of the Board of Directors or as an officer of the Contractor if such employment or service would violate Chapter 68 of the Charter.

[PARAGRAPHS D-H ARE APPLICABLE ONLY TO HUMAN OR CLIENT SERVICE CONTRACTS.]

D. Except as provided in Paragraph E below, the Contractor's employees and members of their immediate families, as defined in Paragraph F below, may not serve on the Board of Directors of the Contractor ("Board"), or any committee with authority to order personnel actions affecting his or her job, or which, either by rule or by practice, regularly nominates, recommends or screens candidates for employment in the program to be operated pursuant to this Agreement.

E. 2. Unless otherwise required by Law or where a schedule of rates or prices is uniformly established by a government agency through regulation, policy or directive, the prices and other material terms set forth in this Agreement which have been quoted in this Agreement and on the bid or proposal submitted by the Contractor have not been knowingly disclosed by the Contractor, directly or indirectly, to any other bidder or proposer or to any competitor prior to the bid or proposal opening; and

3. No attempt has been made or will be made by the Contractor to induce any other person or entity to submit or not to submit a bid or proposal for the purpose of restricting competition.

B. The fact that the Contractor (i) has published price lists, rates, or tariffs covering items being procured, (ii) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (iii) has sold the same items to other customers at the same prices and/or terms being bid or proposed, does not constitute, without more, a disclosure within the meaning of this Section.

The giving of any such consent to a particular assignment shall not dispense with the necessity of such consent to any further or other assignments. Any such assignment, transfer, conveyance or other disposition without such written consent shall be void.

B. Before entering into any such assignment, transfer, conveyance or other disposal of this Agreement, the Contractor shall submit a written request for approval to the Department giving the name and address of the proposed assignee. The proposed assignee's VENDEX questionnaire must be submitted within thirty (30) Days after the ACCO has granted preliminary written approval of the proposed assignee, if required. Upon the request of the Department, the Contractor shall provide any other information demonstrating that the proposed assignee has the necessary facilities, skill, integrity, past experience and financial resources to perform the specified services in accordance with the terms and conditions of this Agreement. The Agency shall make a final determination in writing approving or disapproving the assignee after receiving all requested information.

C. Failure to obtain the prior written consent to such an assignment, transfer, conveyance, or other disposition may result in the revocation and annulment of this Agreement, at the option of the Commissioner. The City shall thereupon be relieved and discharged from any further liability and obligation to the Contractor, its assignees, or transferees, who shall forfeit all monies earned under this Agreement, except so much as may be necessary to pay the Contractor's employees.

D. The provisions of this Section shall not hinder, prevent, or affect an assignment by the Contractor for the benefit of its creditors made pursuant to the Laws of the State.

E. This Agreement may be assigned, in whole or in part, by the City to any corporation, agency, or instrumentality having authority to accept such assignment. The City shall provide the Contractor with written notice of any such assignment.

Section 3.02 Subcontracting

At the request of the Department, a copy of the proposed subcontract shall be submitted to the Department. The proposed subcontractor's VENDEX Questionnaire must be submitted, if required, within thirty (30) Days after the ACCO has granted preliminary approval of the proposed subcontractor. Upon the request of the Department, the Contractor shall provide any other information demonstrating that the proposed subcontractor has the necessary facilities, skill, integrity, past experience and financial resources to perform the specified services in accordance with the terms and conditions of this Agreement. The Agency shall make a final determination in writing approving or disapproving the subcontractor after receiving all requested information. For proposed subcontracts that do not exceed Twenty-five Thousand Dollars (\$25,000), the Department's approval shall be deemed granted if the Department does not issue a written approval or disapproval within forty-five (45) Days of the Department's receipt of the written request for approval or, if applicable, within forty-five (45) Days of the Department's acknowledged receipt of fully completed VENDEX Questionnaires for the subcontractor.

C. All subcontracts shall contain provisions specifying that:

1. The work performed by the subcontractor must be in accordance with the terms of the agreement between the City and the Contractor;

2. Nothing contained in the agreement between the Contractor and the subcontractor shall impair the rights of the City;

3. Nothing contained in the agreement between the Contractor and the subcontractor, or under the agreement between the City and the Contractor, shall create any contractual relation between the subcontractor and the City; and

4. The subcontractor specifically agrees to be bound by Section 4.07 and Article 5 of this Appendix A and specifically agrees that the City may enforce such provisions directly against the subcontractor as if the City were a party to the subcontract.

D. The Contractor agrees that it is as fully responsible to the Department for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by such subcontractors as it is for the acts and omissions of any person directly employed by it.

E. For determining the value of a subcontract, all subcontracts with the same subcontractor shall be aggregated.

F. The Department may revoke the approval of a subcontractor granted or deemed granted pursuant to Paragraphs (A) and (B) of this section if revocation is deemed to be in the interest of the City in writing on no less than ten (10) Days notice unless a shorter period is warranted by considerations of health, safety, integrity issues or other similar factors. Upon the effective date of such revocation, the Contractor shall cause the subcontractor to cease all work under the Agreement. The City shall not incur any further obligation for services performed by such subcontractor pursuant to this Agreement beyond the effective date of the revocation. The City shall pay for services provided by the subcontractor in accordance with this Agreement prior to the effective date of revocation.

G. The Department's approval of a subcontractor shall not relieve the Contractor of any of its responsibilities, duties and liabilities under this Agreement. At the request of the Department, the Contractor shall provide the Department a copy of any subcontract.

H. Individual employer-employee contracts are not subcontracts subject to the requirements of this Section.

ARTICLE 4 - LABOR PROVISIONS

Section 4.01 Independent Contractor Status

The Contractor and the Department agree that the Contractor is an independent contractor and not an employee of the Department or the City. Accordingly, neither the Contractor nor its employees or agents will hold themselves out as, or claim to be, officers or employees of the City, or of any department, agency or unit of the City, by reason of this Agreement, and they will not, by reason of this Agreement, make any claim, demand or application to or for any right or benefit applicable to an officer or employee of the City, including, but not limited to, Workers' Compensation coverage, Disability Benefits coverage, Unemployment Insurance benefits, Social Security coverage or employee retirement membership or credit.

2. Neither the Contractor, subcontractor, nor any person on his or her behalf shall, in any manner, discriminate against or intimidate any employee hired for the performance of work under this Agreement on account of race, creed, color, disability, sex or national origin;

3. There may be deducted from the amount payable to the Contractor by the City under this Agreement a penalty of Fifty Dollars (\$50) for each person for each calendar day during which such person was discriminated against or intimidated in violation of the provisions of this Agreement; and

4. This Agreement may be terminated by the City, and all monies due or to become due hereunder may be forfeited, for a second or any subsequent violation of the terms or conditions of this Section.

A. This Agreement is subject to the requirements of City Executive Order No. 50 (1980) ("E.O. 50"), as revised, and the rules set forth at 66 RCNY § 10-01 et seq. No agreement will be awarded unless and until these requirements have been complied with in their entirety. The Contractor agrees that it:

1. Will not discriminate unlawfully against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability, marital status, sexual orientation or citizenship status with respect to all employment decisions including, but not limited to, recruitment, hiring, upgrading, demotion, downgrading, transfer, training, rates of pay or other forms of compensation, layoff, termination, and all other terms and conditions of employment;

4. Will send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or memorandum of understanding, written notification of its equal employment opportunity commitments under E.O. 50 and the rules and regulations promulgated thereunder;

5. Will furnish before this Agreement is awarded all information and reports including an Employment Report which are required by E.O. 50, the rules and regulations promulgated thereunder, and orders of the City Department of Small Business Services, Division of Labor Services (“DLS”); and

B. The Contractor understands that in the event of its noncompliance with the nondiscrimination clauses of this Agreement or with any of such rules, regulations, or orders, such noncompliance shall constitute a material breach of this Agreement and noncompliance with E.O. 50 and the rules and regulations promulgated thereunder. After a hearing held pursuant to the rules of DLS, the Director of DLS may direct the Commissioner to impose any or all of the following sanctions:

1. Disapproval of the Contractor; and/or
2. Suspension or termination of the Agreement; and/or
3. Declaring the Contractor in default; and/or
4. In lieu of any of the foregoing sanctions, imposition of an employment program.

C. Failure to comply with E.O. 50 and the rules and regulations promulgated thereunder in one or more instances may result in the Department declaring the Contractor to be non-responsible.

The Contractor agrees to include the provisions of the foregoing Paragraphs in every subcontract or purchase order in excess of One Hundred Thousand Dollars (\$100,000) to which it becomes a party unless exempted by E.O. 50 and the rules and regulations promulgated thereunder, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as may be directed by the Director of DLS as a means of enforcing such provisions including sanctions for noncompliance. A supplier of unfinished products to the Contractor needed to produce the item contracted for shall not be considered a subcontractor or vendor for purposes of this Paragraph.

The Contractor further agrees that it will refrain from entering into any subcontract or modification thereof subject to E.O. 50 and the rules and regulations promulgated thereunder with a subcontractor who is not in compliance with the requirements of E.O. 50 and the rules and regulations promulgated thereunder. A supplier of unfinished products to the Contractor needed to produce the item contracted for shall not be considered a subcontractor for purposes of this Paragraph.

F. Nothing contained in this Section shall be construed to bar any religious or denominational institution or organization, or any organization operated for charitable or educational purposes, that is operated, supervised or controlled by or in connection with a

religious organization, from lawfully limiting employment or lawfully giving preference to persons of the same religion or denomination or from lawfully making such selection as is calculated by such organization to promote the religious principles for which it is established or maintained.

Section 5.07 Investigations Clause

A. The Contractor agrees to cooperate fully and faithfully with any investigation, audit or inquiry conducted by a State or City agency or authority that is empowered directly or

by designation to compel the attendance of witnesses and to examine witnesses under oath, or conducted by the Inspector General of a governmental agency that is a party in interest to the transaction, submitted bid, submitted proposal, contract, lease, permit, or license that is the subject of the investigation, audit or inquiry.

B. 1. If any person who has been advised that his or her statement, and any information from such statement, will not be used against him or her in any subsequent criminal proceeding refuses to testify before a grand jury or other governmental agency or authority empowered directly or by designation to compel the attendance of witnesses and to examine witnesses under oath concerning the award of or performance under any transaction, agreement, lease, permit, contract, or license entered into with the City, or State, or any political subdivision or public authority thereof, or the Port Authority of New York and New Jersey, or any local development corporation within the City, or any public benefit corporation organized under the Laws of the State, or;

2. If any person refuses to testify for a reason other than the assertion of his or her privilege against self-incrimination in an investigation, audit or inquiry conducted by a City or State governmental agency or authority empowered directly or by designation to compel the attendance of witnesses and to take testimony under oath, or by the Inspector General of the governmental agency that is a party in interest in, and is seeking testimony concerning the award of, or performance under, any transaction, agreement, lease, permit, contract, or license entered into with the City, the State, or any political subdivision thereof or any local development corporation within the City, then;

C. 1. The Commissioner or Agency Head whose agency is a party in interest to the transaction, submitted bid, submitted proposal, contract, lease, permit, or license shall convene a hearing, upon not less than five (5) Days written notice to the parties involved to determine if any penalties should attach for the failure of a person to testify.

2. If any non-governmental party to the hearing requests an adjournment, the Commissioner or Agency Head who convened the hearing may, upon granting the adjournment, suspend any contract, lease, permit, or license pending the final determination pursuant to Paragraph E below without the City incurring any penalty or damages for delay or otherwise.

D. The penalties that may attach after a final determination by the Commissioner or Agency Head may include but shall not exceed:

1. The disqualification for a period not to exceed five (5) years from the date of an adverse determination for any person, or any entity of which such person was a member at the time the testimony was sought, from submitting bids for, or transacting business with, or entering into or obtaining any contract, lease, permit or license with or from the City; and/or

2. The cancellation or termination of any and all such existing City contracts, leases, permits or licenses that the refusal to testify concerns and that have not been assigned as permitted under this Agreement, nor the proceeds of which pledged, to an unaffiliated and unrelated institutional lender for fair value prior to the issuance of the notice scheduling the hearing, without the City incurring any penalty or damages on account of such cancellation or termination; monies lawfully due for goods delivered,

work done, rentals, or fees accrued prior to the cancellation or termination shall be paid by the City.

E. The Commissioner or Agency Head shall consider and address in reaching his or her determination and in assessing an appropriate penalty the factors in Paragraphs (1) and (2) below. He or she may also consider, if relevant and appropriate, the criteria established in Paragraphs (3) and (4) below, in addition to any other information that may be relevant and appropriate:

1. The party's good faith endeavors or lack thereof to cooperate fully and faithfully with any governmental investigation or audit, including but not limited to the discipline, discharge, or disassociation of any person failing to testify, the production of accurate and complete books and records, and the forthcoming testimony of all other members, agents, assignees or fiduciaries whose testimony is sought.

2. The relationship of the person who refused to testify to any entity that is a party to the hearing, including, but not limited to, whether the person whose testimony is sought has an ownership interest in the entity and/or the degree of authority and responsibility the person has within the entity.

3. The nexus of the testimony sought to the subject entity and its contracts, leases, permits or licenses with the City.

4. The effect a penalty may have on an unaffiliated and unrelated party or entity that has a significant interest in an entity subject to penalties under Paragraph D above, provided that the party or entity has given actual notice to the Commissioner or Agency Head upon the acquisition of the interest, or at the hearing called for in Paragraph (C)(1) above gives notice and proves that such interest was previously acquired. Under either circumstance, the party or entity must present evidence at the hearing demonstrating the potential adverse impact a penalty will have on such person or entity.

F. Definitions

1. The term "license" or "permit" as used in this Section shall be defined as a license, permit, franchise, or concession not granted as a matter of right.

2. The term "person" as used in this Section shall be defined as any natural person doing business alone or associated with another person or entity as a partner, director, officer, principal or employee.

3. The term "entity" as used in this Section shall be defined as any firm, partnership, corporation, association, or person that receives monies, benefits, licenses, leases, or permits from or through the City, or otherwise transacts business with the City.

4. The term "member" as used in this Section shall be defined as any person associated with another person or entity as a partner, director, officer, principal, or employee.

G. In addition to and notwithstanding any other provision of this Agreement, the Commissioner or Agency Head may in his or her sole discretion terminate this Agreement upon not less than three (3) Days written notice in the event the Contractor fails to promptly report in writing to the City Commissioner of Investigation any solicitation of money, goods, requests for future employment or other benefits or thing of value, by or on behalf of any employee of the

City or other person or entity for any purpose that may be related to the procurement or obtaining of this Agreement by the Contractor, or affecting the performance of this Agreement.

Section 5.08 Confidentiality

A. The Contractor agrees to hold confidential, both during and after the completion or termination of this Agreement, all of the reports, information, or data, furnished to, or prepared, assembled or used by, the Contractor under this Agreement. The Contractor agrees that such reports, information, or data shall not be made available to any person or entity without the prior written approval of the Department. The Contractor agrees to maintain the confidentiality of such reports, information, or data by using a reasonable degree of care, and using at least the same degree of care that the Contractor uses to preserve the confidentiality of its own confidential information. In the event that the data contains social security numbers or other Personal Identifying Information, as such term is defined in Paragraph B of this Section, the Contractor shall utilize best practice methods (e.g., encryption of electronic records) to protect the confidentiality of such data. The obligation under this Section to hold reports, information or data confidential shall not apply where the City would be required to disclose such reports, information or data pursuant to the State Freedom of Information Law (“FOIL”), provided that the Contractor provides advance notice to the City, in writing or by e-mail, that it intends to disclose such reports, information or data and the City does not inform the contractor, in writing or by e-mail, that such reports, information, or data are not subject to disclosure under FOIL.

B. The Contractor shall provide notice to the Department within three (3) days of the discovery by the Contractor of any breach of security, as defined in Admin. Code § 10-501(b), of any data, encrypted or otherwise, in use by the Contractor that contains social security numbers or other personal identifying information as defined in Admin. Code § 10-501 (“Personal Identifying Information”), where such breach of security arises out of the acts or omissions of the Contractor or its employees, subcontractors, or agents. Upon the discovery of such security breach, the Contractor shall take reasonable steps to remediate the cause or causes of such breach, and shall provide notice to the Department of such steps. In the event of such breach of security, without limiting any other right of the City, the City shall have the right to withhold further payments under this Agreement for the purpose of set-off in sufficient sums to cover the costs of notifications and/or other actions mandated by any Law, or administrative or judicial order, to address the breach, and including any fines or disallowances imposed by the State or federal government as a result of the disclosure. The City shall also have the right to withhold further payments hereunder for the purpose of set-off in sufficient sums to cover the costs of credit monitoring services for the victims of such a breach of security by a national credit reporting agency, and/or any other commercially reasonable preventive measure. The Department shall provide the Contractor with written notice and an opportunity to comment on such measures prior to implementation. Alternatively, at the City’s discretion, or if monies remaining to be earned or paid under this Agreement are insufficient to cover the costs detailed above, the Contractor shall pay directly for the costs, detailed above, if any.

C. The Contractor shall restrict access to confidential information to persons who have a legitimate work related purpose to access such information. The Contractor agrees that it will instruct its officers, employees, and agents to maintain the confidentiality of any and all information required to be kept confidential by this Agreement.

D. The Contractor, and its officers, employees, and agents shall notify the Department, at any time either during or after completion or termination of this Agreement, of any intended statement to the press or any intended issuing of any material for publication in any media of communication (print, news, television, radio, Internet, etc.) regarding the services provided or the data collected pursuant to this Agreement at least twenty-four (24) hours prior to any statement to the press or at least five (5) business Days prior to the submission of the material for publication, or such shorter periods as are reasonable under the circumstances. The Contractor may not issue any statement or submit any material for publication that includes confidential information as prohibited by this Section 5.08.

E. At the request of the Department, the Contractor shall return to the Department any and all confidential information in the possession of the Contractor or its subcontractors. If the Contractor or its subcontractors are legally required to retain any confidential information, the Contractor shall notify the Department in writing and set forth the confidential information that it intends to retain and the reasons why it is legally required to retain such information. The Contractor shall confer with the Department, in good faith, regarding any issues that arise from the Contractor retaining such confidential information. If the Department does not request such information, or the Law does not require otherwise, such information shall be maintained in accordance with the requirements set forth in Section 5.02.

F. A breach of this Section shall constitute a material breach of this Agreement for which the Department may terminate this Agreement pursuant to Article 10. The Department reserves any and all other rights and remedies in the event of unauthorized disclosure.

ARTICLE 6 - COPYRIGHTS, PATENTS, INVENTIONS, AND ANTITRUST

Section 6.01 Copyrights

A. Any reports, documents, data, photographs, deliverables, and/or other materials produced pursuant to this Agreement, and any and all drafts and/or other preliminary materials in any format related to such items produced pursuant to this Agreement, shall upon their creation become the exclusive property of the City.

B. Any reports, documents, data, photographs, deliverables, and/or other materials provided pursuant to this Agreement (“Copyrightable Materials”) shall be considered “work-made-for-hire” within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. § 101, and the City shall be the copyright owner thereof and of all aspects, elements and components thereof in which copyright protection might exist. To the extent that the Copyrightable Materials do not qualify as “work-made-for-hire,” the Contractor hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the City, free and clear of any liens, claims, or other encumbrances. The Contractor shall retain no copyright or intellectual property interest in the Copyrightable Materials. The Copyrightable Materials shall be used by the Contractor for no purpose other than in the performance of this Agreement without the prior written permission of the City. The Department may grant the Contractor a license to use the Copyrightable Materials on such terms as determined by the Department and set forth in the license.

C. The Contractor acknowledges that the City may, in its sole discretion, register copyright in the Copyrightable Materials with the United States Copyright Office or any other government agency authorized to grant copyright registrations. The Contractor shall fully cooperate in this effort, and agrees to provide any and all documentation necessary to accomplish this.

D. The Contractor represents and warrants that the Copyrightable Materials: (i) are wholly original material not published elsewhere (except for material that is in the public domain); (ii) do not violate any copyright Law; (iii) do not constitute defamation or invasion of the right of privacy or publicity; and (iv) are not an infringement, of any kind, of the rights of any third party. To the extent that the Copyrightable Materials incorporate any non-original material, the Contractor has obtained all necessary permissions and clearances, in writing, for the use of such non-original material under this Agreement, copies of which shall be provided to the City upon execution of this Agreement.

E. If the services under this Agreement are supported by a federal grant of funds, the federal and State government reserves a royalty-free, non-exclusive irrevocable license to reproduce, publish, or otherwise use and to authorize others to use, for federal or State government purposes, the copyright in any Copyrightable Materials developed under this Agreement.

F. If the Contractor publishes a work dealing with any aspect of performance under this Agreement, or with the results of such performance, the City shall have a royalty-free, non-exclusive irrevocable license to reproduce, publish, or otherwise use such work for City governmental purposes.

Section 6.02 Patents and Inventions

The Contractor shall promptly and fully report to the Department any discovery or invention arising out of or developed in the course of performance of this Agreement. If the services under this Agreement are supported by a federal grant of funds, the Contractor shall promptly and fully report to the federal government for the federal government to make a determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.

Section 6.03 Pre-existing Rights

In no case shall Sections 6.01 and 6.02 apply to, or prevent the Contractor from asserting or protecting its rights in any discovery, invention, report, document, data, photograph, deliverable, or other material in connection with or produced pursuant to this Agreement that existed prior to or was developed or discovered independently from the activities directly related to this Agreement.

Section 6.04 Antitrust

The Contractor hereby assigns, sells, and transfers to the City all right, title and interest in and to any claims and causes of action arising under the antitrust laws of the State or of the

United States relating to the particular goods or services procured by the City under this Agreement.

ARTICLE 7 - INSURANCE

The Contractor shall not commence performing services under this Agreement unless and until all insurance required by this Article is in effect, and shall ensure continuous insurance coverage in the manner, form, and limits required by this Article throughout the term of the Agreement.

Section 7.02 Commercial General Liability Insurance

A. The Contractor shall maintain Commercial General Liability Insurance covering the Contractor as Named Insured and the City as an Additional Insured in the amount of at least One Million Dollars (\$1,000,000) per occurrence. Such insurance shall protect the City and the Contractor from claims for property damage and/or bodily injury, including death that may arise from any of the operations under this Agreement. Coverage under this insurance shall be at least as broad as that provided by the most recently issued Insurance Services Office (“ISO”) Form CG 0001, and shall be "occurrence" based rather than “claims-made.”

B. Such Commercial General Liability Insurance shall name the City, together with its officials and employees, as an Additional Insured with coverage at least as broad as the most recently issued ISO Form CG 20 10.

Section 7.03 Professional Liability Insurance

A. At the Department’s direction, if professional services are provided pursuant to this Agreement, the Contractor shall maintain and submit evidence of Professional Liability Insurance appropriate to the type(s) of such services to be provided under this Agreement in the amount of at least One Million Dollars (\$1,000,000) per claim. The policy or policies shall include an endorsement to cover the liability assumed by the Contractor under this Agreement arising out of the negligent performance of professional services or caused by an error, omission or negligent act of the Contractor or anyone employed by the Contractor.

B. All subcontractors of the Contractor providing professional services under this Agreement for which Professional Liability Insurance is reasonably commercially available shall also maintain such insurance in the amount of at least One Million Dollars (\$1,000,000) per claim, and the Contractor shall provide to the Department, at the time of the request for subcontractor approval, evidence of such Professional Liability Insurance on forms acceptable to the Department.

C. Claims-made policies will be accepted for Professional Liability Insurance. All such policies shall have an extended reporting period option or automatic coverage of not less than two (2) years. If available as an option, the Contractor shall purchase extended reporting period coverage effective on cancellation or termination of such insurance unless a new policy is secured with a retroactive date, including at least the last policy year.

Section 7.04 Workers' Compensation, Disability Benefits, and Employer's Liability Insurance

The Contractor shall maintain, and ensure that each subcontractor maintains, Workers' Compensation Insurance, Disability Benefits Insurance, and Employer's Liability Insurance in accordance with the Laws of the State on behalf of, or with regard to, all employees providing services under this Agreement.

Section 7.05 Unemployment Insurance

To the extent required by Law, the Contractor shall provide Unemployment Insurance for its employees.

Section 7.06 Business Automobile Liability Insurance

A. If vehicles are used in the provision of services under this Agreement, then the Contractor shall maintain Business Automobile Liability insurance in the amount of at least One Million Dollars (\$1,000,000) each accident combined single limit for liability arising out of ownership, maintenance or use of any owned, non-owned, or hired vehicles to be used in connection with this Agreement. Coverage shall be at least as broad as the most recently issued ISO Form CA0001.

B. If vehicles are used for transporting hazardous materials, the Business Automobile Liability Insurance shall be endorsed to provide pollution liability broadened coverage for covered vehicles (endorsement CA 99 48) as well as proof of MCS-90.

Section 7.07 General Requirements for Insurance Coverage and Policies

A. All required insurance policies shall be maintained with companies that may lawfully issue the required policy and have an A.M. Best rating of at least A- / "VII" or a Standard and Poor's rating of at least A, unless prior written approval is obtained from the City Law Department.

B. All insurance policies shall be primary (and non-contributing) to any insurance or self-insurance maintained by the City.

C. The Contractor shall be solely responsible for the payment of all premiums for all required insurance policies and all deductibles or self-insured retentions to which such policies are subject, whether or not the City is an insured under the policy.

D. There shall be no self-insurance program with regard to any insurance required under this Article unless approved in writing by the Commissioner. Any such self-insurance program shall provide the City with all rights that would be provided by traditional insurance required under this Article, including but not limited to the defense obligations that insurers are required to undertake in liability policies.

E. The City's limits of coverage for all types of insurance required under this Article shall be the greater of (i) the minimum limits set forth in this Article or (ii) the limits provided to the Contractor as Named Insured under all primary, excess, and umbrella policies of that type of coverage.

Section 7.08 Proof of Insurance

A. For Workers' Compensation Insurance, Disability Benefits Insurance, and Employer's Liability Insurance, the Contractor shall file one of the following within ten (10) Days of award of this Agreement. ACORD forms are not acceptable proof of workers' compensation coverage.

1. C-105.2 Certificate of Workers' Compensation Insurance;
2. U-26.3 -- State Insurance Fund Certificate of Workers' Compensation Insurance;
3. Request for WC/DB Exemption (Form CE-200);
4. Equivalent or successor forms used by the New York State Workers' Compensation Board; or
5. Other proof of insurance in a form acceptable to the City.

B. For each policy required under this Agreement, except for Workers' Compensation Insurance, Disability Benefits Insurance, Employer's Liability Insurance, and Unemployment Insurance, the Contractor shall file a Certificate of Insurance with the Department within ten (10) Days of award of this Agreement. All Certificates of Insurance shall be (a) in a form acceptable to the City and certify the issuance and effectiveness of such policies of insurance, each with the specified minimum limits; and (b) accompanied by the endorsement in the Contractor's general liability policy by which the City has been made an additional insured pursuant to Section 7.02(B). All Certificate(s) of Insurance shall be accompanied by either a duly executed "Certification by Broker" in the form attached to this Appendix A or copies of all policies referenced in the Certificate of Insurance. If complete policies have not yet been issued, binders are acceptable, until such time as the complete policies have been issued, at which time such policies shall be submitted.

C. Certificates of Insurance confirming renewals of insurance shall be submitted to the Commissioner prior to the expiration date of coverage of policies required under this Article. Such Certificates of Insurance shall comply with the requirements of Section 7.08 (A) and Section 7.08(B), as applicable.

D. The Contractor shall provide the City with a copy of any policy required under this Article upon the demand for such policy by the Commissioner or the New York City Law Department.

E. Acceptance by the Commissioner of a certificate or a policy does not excuse the Contractor from maintaining policies consistent with all provisions of this Article (and ensuring that subcontractors maintain such policies) or from any liability arising from its failure to do so.

F. In the event the Contractor receives notice, from an insurance company or other person, that any insurance policy required under this Article shall expire or be cancelled or terminated for any reason, the Contractor shall immediately forward a copy of such notice to both the Commissioner [insert Agency name and appropriate address], and the New York City Comptroller, Attn: Office of Contract Administration, Municipal Building, One Centre Street, Room 1005, New York, New York 10007.

Section 7.09 Miscellaneous

A. Whenever notice of loss, damage, occurrence, accident, claim or suit is required under a general liability policy maintained in accordance with this Article, the Contractor shall provide the insurer with timely notice thereof on behalf of the City. Such notice shall be given even where the Contractor may not have coverage under such policy (for example, where one of Contractor's employees was injured). Such notice shall expressly specify that "this notice is being given on behalf of the City of New York as Additional Insured" and contain the following information: the number of the insurance policy; the name of the named insured; the date and location of the damage, occurrence, or accident; the identity of the persons or things injured, damaged, or lost; and the title of the claim or suit, if applicable. The Contractor shall simultaneously send a copy of such notice to the City of New York c/o Insurance Claims Specialist, Affirmative Litigation Division, New York City Law Department, 100 Church Street, New York, New York 10007. If the Contractor fails to comply with the requirements of this paragraph, the Contractor shall indemnify the City for all losses, judgments, settlements and expenses, including reasonable attorneys' fees, arising from an insurer's disclaimer of coverage citing late notice by or on behalf of the City.

B. The Contractor's failure to maintain any of the insurance required by this Article shall constitute a material breach of this Agreement. Such breach shall not be waived or otherwise excused by any action or inaction by the City at any time.

C. Insurance coverage in the minimum amounts required in this Article shall not relieve the Contractor or its subcontractors of any liability under this Agreement, nor shall it preclude the City from exercising any rights or taking such other actions as are available to it under any other provisions of this Agreement or Law.

D. The Contractor waives all rights against the City, including its officials and employees for any damages or losses that are covered under any insurance required under this Article (whether or not such insurance is actually procured or claims are paid thereunder) or any other insurance applicable to the operations of the Contractor and/or its subcontractors in the performance of this Agreement.

E. In the event the Contractor requires any subcontractor to procure insurance with regard to any operations under this Agreement and requires such subcontractor to name the Contractor as an additional insured under such insurance, the Contractor shall ensure that such entity also name the City, including its officials and employees, as an additional insured with coverage at least as broad as the most recently issued ISO form CG 20 26.

ARTICLE 8 - PROTECTION OF PERSONS AND PROPERTY AND INDEMNIFICATION

Section 8.01 Reasonable Precautions

The Contractor shall take all reasonable precautions to protect all persons and the property of the City and of others from damage, loss or injury resulting from the Contractor's and/or its subcontractors' operations under this Agreement.

Section 8.02 Protection of City Property

The Contractor assumes the risk of, and shall be responsible for, any loss or damage to City property, including property and equipment leased by the City, used in the performance of this Agreement, where such loss or damage is caused by any tortious act, or failure to comply with the provisions of this Agreement or of Law by the Contractor, its officers, employees, agents or subcontractors.

Section 8.03 Indemnification

The Contractor shall defend, indemnify and hold the City, its officers and employees harmless from any and all claims (even if the allegations of the lawsuit are without merit) or judgments for damages on account of any injuries or death to any person or damage to any property and from costs and expenses to which the City, its officers and employees may be subjected or which it may suffer or incur allegedly arising out of or in connection with any operations of the Contractor and/or its subcontractors to the extent resulting from any negligent act of commission or omission, any intentional tortious act, or failure to comply with the provisions of this Agreement or of the Laws. Insofar as the facts or Law relating to any claim would preclude the City from being completely indemnified by the Contractor, the City shall be partially indemnified by the Contractor to the fullest extent permitted by Law.

Section 8.04 Infringement Indemnification

The Contractor shall defend, indemnify and hold the City harmless from any and all claims (even if the allegations of the lawsuit are without merit) or judgments for damages and from costs and expenses to which the City may be subject to or which it may suffer or incur allegedly arising out of or in connection with any infringement by the Contractor of any copyright, trade secrets, trademark or patent rights or any other property or personal right of any third party by the Contractor and/or its subcontractors in the performance of this Agreement. The Contractor shall defend, indemnify, and hold the City harmless regardless of whether or not the alleged infringement arises out of compliance with the Agreement's scope of services/scope of work. Insofar as the facts or Law relating to any claim would preclude the City from being completely indemnified by the Contractor, the City shall be partially indemnified by the Contractor to the fullest extent permitted by Law.

Section 8.05 Indemnification Obligations Not Limited By Insurance Obligation

The indemnification provisions set forth in this Article shall not be limited in any way by the Contractor's obligations to obtain and maintain insurance as provided in this Agreement.

Section 8.06 Actions By or Against Third Parties

A. In the event any claim is made or any action brought in any way relating to Agreement, other than an action between the City and the Contractor, the Contractor shall diligently render to the City without additional compensation all assistance which the City may reasonably require of the Contractor.

B. The Contractor shall report to the Department in writing within five (5) business Days of the initiation by or against the Contractor of any legal action or proceeding in connection with or relating to this Agreement.

Section 8.07 Withholding of Payments

A. In the event that any claim is made or any action is brought against the City for which the Contractor may be required to indemnify the City pursuant to this Agreement, the City shall have the right to withhold further payments under this Agreement for the purpose of set-off in sufficient sums to cover the said claim or action.

B. In the event that any City property is lost or damaged as set forth in Section 8.02, except for normal wear and tear, the City shall have the right to withhold further payments under this Agreement for the purpose of set-off in sufficient sums to cover such loss or damage.

C. The City shall not, however, impose a setoff in the event that an insurance company that provided liability insurance pursuant to Article 7 above has accepted the City's tender of the claim or action without a reservation of rights.

D. The Department may, at its option, withhold for purposes of set-off any monies due to the Contractor under this Agreement up to the amount of any disallowances or questioned costs resulting from any audits of the Contractor or to the amount of any overpayment to the Contractor with regard to this Agreement.

E. The rights and remedies of the City provided for in this Section shall not be exclusive and are in addition to any other rights and remedies provided by Law or this Agreement.

Section 8.08 No Third Party Rights

The provisions of this Agreement shall not be deemed to create any right of action in favor of third parties against the Contractor or the City or their respective officers and employees.

ARTICLE 9 - CONTRACT CHANGES

Section 9.01 Contract Changes

Changes to this Agreement may be made only as duly authorized by the ACCO or his or her designee and in accordance with the PPB Rules. Any amendment or change to this Agreement shall not be valid unless made in writing and signed by authorized representatives of both parties. Contractors deviating from the requirements of this Agreement without a duly approved and executed change order document, or written contract modification or amendment, do so at their own risk.

Section 9.02 Changes Through Fault of Contractor

In the event that any change is required in the data, documents, deliverables, or other services to be provided under this Agreement because of negligence or error of the Contractor,

no additional compensation shall be paid to the Contractor for making such change, and the Contractor is obligated to make such change without additional compensation.

ARTICLE 10 - TERMINATION, DEFAULT, AND REDUCTIONS IN FUNDING

Section 10.01 Termination by the City Without Cause

A. The City shall have the right to terminate this Agreement, in whole or in part, without cause, in accordance with the provisions of Section 10.05.

B. If the City terminates this Agreement pursuant to this Section, the following provisions apply. The City shall not incur or pay any further obligation pursuant to this Agreement beyond the termination date set by the City pursuant to Section 10.05. The City shall pay for services provided in accordance with this Agreement prior to the termination date. In addition, any obligation necessarily incurred by the Contractor on account of this Agreement prior to receipt of notice of termination and falling due after the termination date shall be paid by the City in accordance with the terms of this Agreement. In no event shall such obligation be construed as including any lease or other occupancy agreement, oral or written, entered into between the Contractor and its landlord.

Section 10.02 Reductions in Federal, State and/or City Funding

A. This Agreement is funded in whole or in part by funds secured from the federal, State and/or City governments. Should there be a reduction or discontinuance of such funds by action of the federal, State and/or City governments, the City shall have, in its sole discretion, the right to terminate this Agreement in whole or in part, or to reduce the funding and/or level of services of this Agreement caused by such action by the federal, State and/or City governments, including, in the case of the reduction option, but not limited to, the reduction or elimination of programs, services or service components; the reduction or elimination of contract-reimbursable staff or staff-hours, and corresponding reductions in the budget of this Agreement and in the total amount payable under this Agreement. Any reduction in funds pursuant to this Section shall be accompanied by an appropriate reduction in the services performed under this Agreement.

B. In the case of the reduction option referred to in Paragraph A, above, any such reduction shall be effective as of the date set forth in a written notice thereof to the Contractor, which shall be not less than thirty (30) Days from the date of such notice. Prior to sending such notice of reduction, the Department shall advise the Contractor that such option is being exercised and afford the Contractor an opportunity to make within seven (7) Days any suggestion(s) it may have as to which program(s), service(s), service component(s), staff or staff-hours might be reduced or eliminated, provided, however, that the Department shall not be bound to utilize any of the Contractor's suggestions and that the Department shall have sole discretion as to how to effectuate the reductions.

C. If the City reduces funding pursuant to this Section, the following provisions apply. The City shall pay for services provided in accordance with this Agreement prior to the reduction date. In addition, any obligation necessarily incurred by the Contractor on account of this Agreement prior to receipt of notice of reduction and falling due after the reduction date shall be paid by the City in accordance with the terms of this Agreement. In no event shall such

obligation be construed as including any lease or other occupancy agreement, oral or written, entered into between the Contractor and its landlord.

D. To the extent that the reduction in public funds is a result of the State determining that the Contractor may receive medical assistance funds pursuant to title eleven of article five of the Social Services Law to fund the services contained within the scope of a program under this Agreement, then the notice and effective date provisions of this section shall not apply, and the Department may reduce such public funds authorized under this Agreement by informing the Contractor of the amount of the reduction and revising attachments to this agreement as appropriate.

Section 10.03 Contractor Default

A. The City shall have the right to declare the Contractor in default:

1. Upon a breach by the Contractor of a material term or condition of this Agreement, including unsatisfactory performance of the services;

2. Upon insolvency or the commencement of any proceeding by or against the Contractor, either voluntarily or involuntarily, under the Bankruptcy Code or relating to the insolvency, receivership, liquidation, or composition of the Contractor for the benefit of creditors;

3. If the Contractor refuses or fails to proceed with the services under the Agreement when and as directed by the Commissioner;

4. If the Contractor or any of its officers, directors, partners, five percent (5%) or greater shareholders, principals, or other employee or person substantially involved in its activities are indicted or convicted after execution of the Agreement under any state or federal law of any of the following:

a. a criminal offense incident to obtaining or attempting to obtain or performing a public or private contract;

b. fraud, embezzlement, theft, bribery, forgery, falsification, or destruction of records, or receiving stolen property;

c. a criminal violation of any state or federal antitrust law;

d. violation of the Racketeer Influence and Corrupt Organization Act, 18 U.S.C. § 1961 et seq., or the Mail Fraud Act, 18 U.S.C. § 1341 et seq., for acts in connection with the submission of bids or proposals for a public or private contract;

e. conspiracy to commit any act or omission that would constitute grounds for conviction or liability under any statute described in subparagraph (d) above; or

f. an offense indicating a lack of business integrity that seriously and directly affects responsibility as a City vendor.

5. If the Contractor or any of its officers, directors, partners, five percent (5%) or greater shareholders, principals, or other employee or person substantially involved in its activities are subject to a judgment of civil liability under any state or

federal antitrust law for acts or omissions in connection with the submission of bids or proposals for a public or private contract; or

6. If the Contractor or any of its officers, directors, partners, five percent (5%) or greater shareholders, principals, or other employee or person substantially involved in its activities makes or causes to be made any false, deceptive, or fraudulent material statement, or fail to make a required material statement in any bid, proposal, or application for City or other government work.

B. The right to declare the Contractor in default shall be exercised by sending the Contractor a written notice of the conditions of default, signed by the Commissioner, setting forth the ground or grounds upon which such default is declared (“Notice to Cure”). The Contractor shall have ten (10) Days from receipt of the Notice to Cure or any longer period that is set forth in the Notice to Cure to cure the default. The Commissioner may temporarily suspend services under the Agreement pending the outcome of the default proceedings pursuant to this Section.

C. If the conditions set forth in the Notice to Cure are not cured within the period set forth in the Notice to Cure, the Commissioner may declare the Contractor in default pursuant to this Section. Before the Commissioner may exercise his or her right to declare the Contractor in default, the Commissioner shall give the Contractor an opportunity to be heard upon not less than five (5) business days notice. The Commissioner may, in his or her discretion, provide for such opportunity to be in writing or in person. Such opportunity to be heard shall not occur prior to the end of the cure period but notice of such opportunity to be heard may be given prior to the end of the cure period and may be given contemporaneously with the Notice to Cure.

D. After the opportunity to be heard, the Commissioner may terminate the Agreement, in whole or in part, upon finding the Contractor in default pursuant to this Section, in accordance with the provisions of Section 10.05.

E. The Commissioner, after declaring the Contractor in default, may have the services under the Agreement completed by such means and in such manner, by contract with or without public letting, or otherwise, as he or she may deem advisable in accordance with applicable PPB Rules. After such completion, the Commissioner shall certify the expense incurred in such completion, which shall include the cost of re-letting. Should the expense of such completion, as certified by the Commissioner, exceed the total sum which would have been payable under the Agreement if it had been completed by the Contractor, any excess shall be promptly paid by the Contractor upon demand by the City. The excess expense of such completion, including any and all related and incidental costs, as so certified by the Commissioner, and any liquidated damages assessed against the Contractor, may be charged against and deducted out of monies earned by the Contractor.

Section 10.04 Force Majeure

A. For purposes of this Agreement, a force majeure event is an act or event beyond the control and without any fault or negligence of the Contractor (“Force Majeure Event”). Such events may include, but are not limited to, fire, flood, earthquake, storm or other natural disaster, civil commotion, war, terrorism, riot, and labor disputes not brought about by any act or omission of the Contractor.

B. In the event the Contractor cannot comply with the terms of the Agreement (including any failure by the Contractor to make progress in the performance of the services) because of a Force Majeure Event, then the Contractor may ask the Commissioner to excuse the nonperformance and/or terminate the Agreement. If the Commissioner, in his or her reasonable discretion, determines that the Contractor cannot comply with the terms of the Agreement because of a Force Majeure Event, then the Commissioner shall excuse the nonperformance and may terminate the Agreement. Such a termination shall be deemed to be without cause.

C. If the City terminates the Agreement pursuant to this Section, the following provisions apply. The City shall not incur or pay any further obligation pursuant to this Agreement beyond the termination date. The City shall pay for services provided in accordance with this Agreement prior to the termination date. Any obligation necessarily incurred by the Contractor on account of this Agreement prior to receipt of notice of termination and falling due after the termination date shall be paid by the City in accordance with the terms of this Agreement. In no event shall such obligation be construed as including any lease or other occupancy agreement, oral or written, entered into between the Contractor and its landlord.

Section 10.05 Procedures for Termination

A. The Department and/or the City shall give the Contractor written notice of any termination of this Agreement. Such notice shall specify the applicable provision(s) under which the Agreement is terminated and the effective date of the termination. Except as otherwise provided in this Agreement, the notice shall comply with the provisions of this Section. For termination without cause, the effective date of the termination shall not be less than ten (10) Days from the date the notice is personally delivered, or fifteen (15) Days from the date the notice is either sent by certified mail, return receipt requested, or sent by fax and deposited in a post office box regularly maintained by the United States Postal Service in a postage pre-paid envelope. In the case of termination for default, the effective date of the termination shall be as set forth above for a termination without cause or such earlier date as the Commissioner may determine. If the City terminates the Agreement in part, the Contractor shall continue the performance of the Agreement to the extent not terminated.

B. Upon termination or expiration of this Agreement, the Contractor shall comply with the City close-out procedures, including but not limited to:

1. Accounting for and refunding to the Department, within forty-five (45) Days, any unexpended funds which have been advanced to the Contractor pursuant to this Agreement;
2. Furnishing within forty-five (45) Days an inventory to the Department of all equipment, appurtenances and property purchased through or provided under this Agreement and carrying out any Department or City directive concerning the disposition of such equipment, appurtenances and property;
3. Turning over to the Department or its designees all books, records, documents and material specifically relating to this Agreement that the Department has requested be turned over;

4. Submitting to the Department, within ninety (90) Days, a final statement and report relating to the Agreement. The report shall be made by a certified public accountant or a licensed public accountant; and

5. Providing reasonable assistance to the Department in the transition, if any, to a new contractor.

Section 10.06 Miscellaneous Provisions

A. The Commissioner, in addition to any other powers set forth in this Agreement or by operation of Law, may suspend, in whole or in part, any part of the services to be provided under this Agreement whenever in his or her judgment such suspension is required in the best interest of the City. If the Commissioner suspends this Agreement pursuant to this Section, the City shall not incur or pay any further obligation pursuant to this Agreement beyond the suspension date until such suspension is lifted. The City shall pay for services provided in accordance with this Agreement prior to the suspension date. In addition, any obligation necessarily incurred by the Contractor on account of this Agreement prior to receipt of notice of suspension and falling due during the suspension period shall be paid by the City in accordance with the terms of this Agreement.

B. Notwithstanding any other provisions of this Agreement, the Contractor shall not be relieved of liability to the City for damages sustained by the City by virtue of the Contractor's breach of the Agreement, and the City may withhold payments to the Contractor for the purpose of set-off in the amount of damages due to the City from the Contractor.

C. The rights and remedies of the City provided in this Article shall not be exclusive and are in addition to all other rights and remedies provided by Law or under this Agreement.

ARTICLE 11 - PROMPT PAYMENT AND ELECTRONIC FUNDS TRANSFER

Section 11.01 Prompt Payment

A. The prompt payment provisions of PPB Rule § 4-06 are applicable to payments made under this Agreement. The provisions generally require the payment to the Contractor of interest on payments made after the required payment date, as set forth in the PPB Rules.

B. The Contractor shall submit a proper invoice to receive payment, except where the Agreement provides that the Contractor will be paid at predetermined intervals without having to submit an invoice for each scheduled payment.

C. Determination of interest due will be made in accordance with the PPB Rules and the applicable rate of interest shall be the rate in effect at the time of payment.

Section 11.02 Electronic Funds Transfer

A. In accordance with Admin. Code § 6-107.1, the Contractor agrees to accept payments under this Agreement from the City by electronic funds transfer. An electronic funds transfer is any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument or computer or magnetic tape so as to order, instruct, or authorize a financial institution to debit or

credit an account. Prior to the first payment made under this Agreement, the Contractor shall designate one financial institution or other authorized payment agent and shall complete the "EFT Vendor Payment Enrollment Form" available from the Agency or at <http://www.nyc.gov/dof> in order to provide the commissioner of the Department of Finance with information necessary for the Contractor to receive electronic funds transfer payments through the designated financial institution or authorized payment agent. The crediting of the amount of a payment to the appropriate account on the books of a financial institution or other authorized payment agent designated by the Contractor shall constitute full satisfaction by the City for the amount of the payment under this Agreement. The account information supplied by the Contractor to facilitate the electronic funds transfer shall remain confidential to the fullest extent provided by Law.

B. The Agency Head may waive the application of the requirements of this Section to payments on contracts entered into pursuant to Charter § 315. In addition, the commissioner of the Department of Finance and the Comptroller may jointly issue standards pursuant to which the Agency may waive the requirements of this Section for payments in the following circumstances: (i) for individuals or classes of individuals for whom compliance imposes a hardship; (ii) for classifications or types of checks; or (iii) in other circumstances as may be necessary in the best interest of the City.

C. This Section is applicable to contracts valued at Twenty-Five Thousand Dollars (\$25,000) and above.

ARTICLE 12 - CLAIMS

Section 12.01 Choice of Law

This Agreement shall be deemed to be executed in the City and State of New York, regardless of the domicile of the Contractor, and shall be governed by and construed in accordance with the Laws of the State of New York (notwithstanding New York choice of law or conflict of law principles) and the Laws of the United States, where applicable.

Section 12.02 Jurisdiction and Venue

The parties agree that any and all claims asserted by or against the City arising under or related to this Agreement shall solely be heard and determined either in the courts of the United States located in the City or in the courts of the State located in the City and County of New York. The parties shall consent to the dismissal and/or transfer of any claims asserted in any other venue or forum to the proper venue or forum. If the Contractor initiates any action in breach of this Section, the Contractor shall be responsible for and shall promptly reimburse the City for any attorneys' fees incurred by the City in removing the action to a proper court consistent with this Section.

Section 12.03 Resolution of Disputes

A. Except as provided in Subparagraphs (A)(1) and (A)(2) below, all disputes between the City and the Contractor that arise under, or by virtue of, this Agreement shall be finally resolved in accordance with the provisions of this Section and PPB Rule § 4-09. This procedure shall be the exclusive means of resolving any such disputes.

1. This Section shall not apply to disputes concerning matters dealt with in other sections of the PPB Rules or to disputes involving patents, copyrights, trademarks, or trade secrets (as interpreted by the courts of New York State) relating to proprietary rights in computer software, or to termination other than for cause.

2. For construction and construction-related services this Section shall apply only to disputes about the scope of work delineated by the Agreement, the interpretation of Agreement documents, the amount to be paid for extra work or disputed work performed in connection with the Agreement, the conformity of the Contractor's work to the Agreement, and the acceptability and quality of the Contractor's work; such disputes arise when the City Engineer, City Resident Engineer, City Engineering Audit Officer, or other designee of the Agency Head makes a determination with which the Contractor disagrees. For construction, this Section shall not apply to termination of the Agreement for cause or other than for cause.

B. All determinations required by this Section shall be clearly stated, with a reasoned explanation for the determination based on the information and evidence presented to the party making the determination. Failure to make such determination within the time required by this Section shall be deemed a non-determination without prejudice that will allow application to the next level.

C. During such time as any dispute is being presented, heard, and considered pursuant to this Section, the Agreement terms shall remain in full force and effect and, unless otherwise directed by the ACCO or Engineer, the Contractor shall continue to perform work in accordance with the Agreement and as directed by the ACCO or City Engineer, City Resident Engineer, City Engineering Audit Officer, or other designee of the Agency Head. Failure of the Contractor to continue the work as directed shall constitute a waiver by the Contractor of any and all claims being presented pursuant to this Section and a material breach of contract.

D. Presentation of Dispute to Agency Head.

1. Notice of Dispute and Agency Response. The Contractor shall present its dispute in writing ("Notice of Dispute") to the Agency Head within the time specified herein, or, if no time is specified, within thirty (30) Days of receiving written notice of the determination or action that is the subject of the dispute. This notice requirement shall not be read to replace any other notice requirements contained in the Agreement. The Notice of Dispute shall include all the facts, evidence, documents, or other basis upon which the Contractor relies in support of its position, as well as a detailed computation demonstrating how any amount of money claimed by the Contractor in the dispute was arrived at. Within thirty (30) Days after receipt of the complete Notice of Dispute, the ACCO or, in the case of construction or construction-related services, the City Engineer, City Resident Engineer, City Engineering Audit Officer, or other designee of the Agency Head, shall submit to the Agency Head all materials he or she deems pertinent to the dispute. Following initial submissions to the Agency Head, either party may demand of the other the production of any document or other material the demanding party believes may be relevant to the dispute. The requested party shall produce all relevant materials that are not otherwise protected by a legal privilege recognized by the courts of New York State. Any question of relevancy shall be determined by the Agency Head whose decision shall be final. Willful failure of the

Contractor to produce any requested material whose relevancy the Contractor has not disputed, or whose relevancy has been affirmatively determined, shall constitute a waiver by the Contractor of its claim.

2. Agency Head Inquiry. The Agency Head shall examine the material and may, in his or her discretion, convene an informal conference with the Contractor and the ACCO and, in the case of construction or construction-related services, the City Engineer, City Resident Engineer, City Engineering Audit Officer, or other designee of the Agency Head, to resolve the issue by mutual consent prior to reaching a determination. The Agency Head may seek such technical or other expertise as he or she shall deem appropriate, including the use of neutral mediators, and require any such additional material from either or both parties as he or she deems fit. The Agency Head's ability to render, and the effect of, a decision hereunder shall not be impaired by any negotiations in connection with the dispute presented, whether or not the Agency Head participated therein. The Agency Head may or, at the request of any party to the dispute, shall compel the participation of any other contractor with a contract related to the work of this Agreement and that contractor shall be bound by the decision of the Agency Head. Any contractor thus brought into the dispute resolution proceeding shall have the same rights and obligations under this Section as the Contractor initiating the dispute.

3. Agency Head Determination. Within thirty (30) Days after the receipt of all materials and information, or such longer time as may be agreed to by the parties, the Agency Head shall make his or her determination and shall deliver or send a copy of such determination to the Contractor and ACCO and, in the case of construction or construction-related services, the City Engineer, City Resident Engineer, City Engineering Audit Officer, or other designee of the Agency Head, together with a statement concerning how the decision may be appealed.

4. Finality of Agency Head Decision. The Agency Head's decision shall be final and binding on all parties, unless presented to the Contract Dispute Resolution Board ("CDRB") pursuant to this Section. The City may not take a petition to the CDRB. However, should the Contractor take such a petition, the City may seek, and the CDRB may render, a determination less favorable to the Contractor and more favorable to the City than the decision of the Agency Head.

E. Presentation of Dispute to the Comptroller. Before any dispute may be brought by the Contractor to the CDRB, the Contractor must first present its claim to the Comptroller for his or her review, investigation, and possible adjustment.

1. Time, Form, and Content of Notice. Within thirty (30) Days of receipt of a decision by the Agency Head, the Contractor shall submit to the Comptroller and to the Agency Head a Notice of Claim regarding its dispute with the Agency. The Notice of Claim shall consist of (i) a brief statement of the substance of the dispute, the amount of money, if any, claimed and the reason(s) the Contractor contends the dispute was wrongly decided by the Agency Head; (ii) a copy of the decision of the Agency Head; and (iii) a copy of all materials submitted by the Contractor to the Agency, including the Notice of Dispute. The Contractor may not present to the Comptroller any material not presented to the Agency Head, except at the request of the Comptroller.

2. Agency Response. Within thirty (30) Days of receipt of the Notice of Claim, the Agency shall make available to the Comptroller a copy of all material submitted by the Agency to the Agency Head in connection with the dispute. The Agency may not present to the Comptroller any material not presented to the Agency Head, except at the request of the Comptroller.

3. Comptroller Investigation. The Comptroller may investigate the claim in dispute and, in the course of such investigation, may exercise all powers provided in Admin. Code §§ 7-201 and 7-203. In addition, the Comptroller may demand of either party, and such party shall provide, whatever additional material the Comptroller deems pertinent to the claim, including original business records of the Contractor. Willful failure of the Contractor to produce within fifteen (15) Days any material requested by the Comptroller shall constitute a waiver by the Contractor of its claim. The Comptroller may also schedule an informal conference to be attended by the Contractor, Agency representatives, and any other personnel desired by the Comptroller.

4. Opportunity of Comptroller to Compromise or Adjust Claim. The Comptroller shall have forty-five (45) Days from his or her receipt of all materials referred to in Paragraph (E)(3) above to investigate the disputed claim. The period for investigation and compromise may be further extended by agreement between the Contractor and the Comptroller, to a maximum of ninety (90) Days from the Comptroller's receipt of all the materials. The Contractor may not present its petition to the CDRB until the period for investigation and compromise delineated in this Paragraph has expired. In compromising or adjusting any claim hereunder, the Comptroller may not revise or disregard the terms of the Agreement.

F. Contract Dispute Resolution Board. There shall be a Contract Dispute Resolution Board composed of:

1. the chief administrative law judge of the Office of Administrative Trials and Hearings ("OATH") or his or her designated OATH administrative law judge, who shall act as chairperson, and may adopt operational procedures and issue such orders consistent with this Section as may be necessary in the execution of the CDRB's functions, including, but not limited to, granting extensions of time to present or respond to submissions;

2. the City Chief Procurement Officer ("CCPO") or his or her designee; any designee shall have the requisite background to consider and resolve the merits of the dispute and shall not have participated personally and substantially in the particular matter that is the subject of the dispute or report to anyone who so participated; and

3. a person with appropriate expertise who is not an employee of the City. This person shall be selected by the presiding administrative law judge from a prequalified panel of individuals, established, and administered by OATH, with appropriate background to act as decision-makers in a dispute. Such individuals may not have a contract or dispute with the City or be an officer or employee of any company or organization that does, or regularly represent persons, companies, or organizations having disputes with the City.

G. Petition to CDRB. In the event the claim has not been settled or adjusted by the Comptroller within the period provided in this Section, the Contractor, within thirty (30) Days thereafter, may petition the CDRB to review the Agency Head determination.

1. Form and Content of Petition by the Contractor. The Contractor shall present its dispute to the CDRB in the form of a petition, which shall include (i) a brief statement of the substance of the dispute, the amount of money, if any, claimed, and the reason(s) the Contractor contends that the dispute was wrongly decided by the Agency Head; (ii) a copy of the decision of the Agency Head; (iii) copies of all materials submitted by the Contractor to the Agency; (iv) a copy of the decision of the Comptroller, if any, and (v) copies of all correspondence with, and material submitted by the Contractor to, the Comptroller's Office. The Contractor shall concurrently submit four complete sets of the petition: one to the Corporation Counsel (Attn: Commercial and Real Estate Litigation Division), and three to the CDRB at OATH's offices, with proof of service on the Corporation Counsel. In addition, the Contractor shall submit a copy of the statement of the substance of the dispute, cited in (i) above, to both the Agency Head and the Comptroller.

2. Agency Response. Within thirty (30) Days of receipt of the petition by the Corporation Counsel, the Agency shall respond to the statement of the Contractor and make available to the CDRB all material it submitted to the Agency Head and Comptroller. Three complete copies of the Agency response shall be submitted to the CDRB at OATH's offices and one to the Contractor. Extensions of time for submittal of the Agency response shall be given as necessary upon a showing of good cause or, upon the consent of the parties, for an initial period of up to thirty (30) Days.

3. Further Proceedings. The CDRB shall permit the Contractor to present its case by submission of memoranda, briefs, and oral argument. The CDRB shall also permit the Agency to present its case in response to the Contractor by submission of memoranda, briefs, and oral argument. If requested by the Corporation Counsel, the Comptroller shall provide reasonable assistance in the preparation of the Agency's case. Neither the Contractor nor the Agency may support its case with any documentation or other material that was not considered by the Comptroller, unless requested by the CDRB. The CDRB, in its discretion, may seek such technical or other expert advice as it shall deem appropriate and may seek, on its own or upon application of a party, any such additional material from any party as it deems fit. The CDRB, in its discretion, may combine more than one dispute between the parties for concurrent resolution.

4. CDRB Determination. Within forty-five (45) Days of the conclusion of all submissions and oral arguments, the CDRB shall render a decision resolving the dispute. In an unusually complex case, the CDRB may render its decision in a longer period of time, not to exceed ninety (90) Days, and shall so advise the parties at the commencement of this period. The CDRB's decision must be consistent with the terms of this Agreement. Decisions of the CDRB shall only resolve matters before the CDRB and shall not have precedential effect with respect to matters not before the CDRB.

5. Notification of CDRB Decision. The CDRB shall send a copy of its decision to the Contractor, the ACCO, the Corporation Counsel, the Comptroller, the CCPO, and, in the case of construction or construction-related services, the City

Engineer, City Resident Engineer, City Engineering Audit Officer, or other designee of the Agency Head. A decision in favor of the Contractor shall be subject to the prompt payment provisions of the PPB Rules. The required payment date shall be thirty (30) Days after the date the parties are formally notified of the CDRB's decision.

6. Finality of CDRB Decision. The CDRB's decision shall be final and binding on all parties. Any party may seek review of the CDRB's decision solely in the form of a challenge, filed within four months of the date of the CDRB's decision, in a court of competent jurisdiction of the State of New York, County of New York pursuant to Article 78 of the Civil Practice Law and Rules. Such review by the court shall be limited to the question of whether or not the CDRB's decision was made in violation of lawful procedure, was affected by an error of Law, or was arbitrary and capricious or an abuse of discretion. No evidence or information shall be introduced or relied upon in such proceeding that was not presented to the CDRB in accordance with PPB Rules § 4-09.

H. Any termination, cancellation, or alleged breach of the Agreement prior to or during the pendency of any proceedings pursuant to this Section shall not affect or impair the ability of the Agency Head or CDRB to make a binding and final decision pursuant to this Section.

Section 12.04 Claims and Actions

A. Any claim against the City or Department based on this Agreement or arising out of this Agreement that is not subject to dispute resolution under the PPB Rules or this Agreement shall not be made or asserted in any legal proceeding, unless the Contractor shall have strictly complied with all requirements relating to the giving of notice and of information with respect to such claims as provided in this Agreement.

B. No action shall be instituted or maintained on any such claims unless such action shall be commenced within six (6) months after the date of filing with the Comptroller of the certificate for the final payment under this Agreement, or within six (6) months of the termination or expiration of this Agreement, or within six (6) months after the accrual of the cause of action, whichever first occurs.

Section 12.05 No Claim Against Officers, Agents or Employees

No claim shall be made by the Contractor against any officer, agent, or employee of the City in their personal capacity for, or on account of, anything done or omitted in connection with this Agreement.

Section 12.06 General Release

The acceptance by the Contractor or its assignees of the final payment under this Agreement, whether by check, wire transfer, or other means, and whether pursuant to invoice, voucher, judgment of any court of competent jurisdiction or any other administrative means, shall constitute and operate as a release of the City from any and all claims of and liability to the Contractor, of which the Contractor was aware or should reasonably have been aware, arising out of the performance of this Agreement based on actions of the City prior to such acceptance of

final payment, excepting any disputes that are the subject of pending dispute resolution procedures.

Section 12.07 No Waiver

Waiver by either the Department or the Contractor of a breach of any provision of this Agreement shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to be a modification of the terms of the Agreement unless and until the same shall be agreed to in writing by the parties as set forth in Section 9.01.

ARTICLE 13 - APPLICABLE LAWS

Section 13.01 PPB Rules

This Agreement is subject to the PPB Rules. In the event of a conflict between the PPB Rules and a provision of this Agreement, the PPB Rules shall take precedence.

Section 13.02 All Legal Provisions Deemed Included

Each and every provision required by Law to be inserted in this Agreement is hereby deemed to be a part of this Agreement, whether actually inserted or not.

Section 13.03 Severability / Unlawful Provisions Deemed Stricken

If this Agreement contains any unlawful provision not an essential part of the Agreement and which shall not appear to have been a controlling or material inducement to the making of this Agreement, the unlawful provision shall be deemed of no effect and shall, upon notice by either party, be deemed stricken from the Agreement without affecting the binding force of the remainder.

Section 13.04 Compliance With Laws

The Contractor shall perform all services under this Agreement in accordance with all applicable Laws as are in effect at the time such services are performed.

Section 13.05 Americans with Disabilities Act (ADA)

A. This Agreement is subject to the provisions of Subtitle A of Title II of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12131 et seq. (“ADA”) and regulations promulgated pursuant thereto, see 28 CFR Part 35. The Contractor shall not discriminate against an individual with a disability, as defined in the ADA, in providing services, programs, or activities pursuant to this Agreement. If directed to do so by the Department to ensure the Contractor’s compliance with the ADA during the term of this Agreement, the Contractor shall prepare a plan (“Compliance Plan”) which lists its program site(s) and describes in detail, how it intends to make the services, programs and activities set forth in the scope of services herein readily accessible and usable by individuals with disabilities at such site(s). In the event that the program site is not readily accessible and usable by individuals with disabilities, contractor shall also include in the Compliance Plan, a description of reasonable alternative means and methods

that result in making the services, programs or activities provided under this Agreement, readily accessible to and usable by individuals with disabilities, including but not limited to people with visual, auditory or mobility disabilities. The Contractor shall submit the Compliance Plan to the ACCO for review within ten (10) Days after being directed to do so and shall abide by the Compliance Plan and implement any action detailed in the Compliance Plan to make the services, programs, or activities accessible and usable by the disabled.

B. The Contractor's failure to either submit a Compliance Plan as required herein or implement an approved Compliance Plan may be deemed a material breach of this Agreement and result in the City terminating this Agreement.

Section 13.06 Voter Registration

A. Participating Agencies. Pursuant to Charter § 1057-a, if this Agreement is with a participating City agency and the Contractor has regular contact with the public in the daily administration of its business, the Contractor must comply with the requirements of this Section. The participating City agencies are: the Administration for Children's Services; the City Clerk; the Civilian Complaint Review Board; the Commission on Human Rights; Community Boards; the Department of Small Business Services; the Department of Citywide Administrative Services; the Department of Consumer Affairs; the Department of Correction; the Department of Environmental Protection; the Department of Finance; the Department of Health and Mental Health; the Department of Homeless Services; the Department of Housing Preservation and Development; the Department of Parks and Recreation; the Department of Probation; the Taxi and Limousine Commission; the Department of Transportation; and the Department of Youth and Community Development.

B. Distribution of Voter Registration Forms. In accordance with Charter § 1057-a, the Contractor, if it has regular contact with the public in the daily administration of its business under this Agreement, hereby agrees as follows:

1. The Contractor shall provide and distribute voter registration forms to all persons together with written applications for services, renewal, or recertification for services and change of address relating to such services. Such voter registration forms shall be provided to the Contractor by the City. The Contractor should be prepared to provide forms written in Spanish or Chinese, and shall obtain a sufficient supply of such forms from the City.

2. The Contractor shall also include a voter registration form with any Contractor communication sent through the United States mail for the purpose of supplying clients with materials for application, renewal, or recertification for services and change of address relating to such services. If forms written in Spanish or Chinese are not provided in such mailing, the Contractor shall provide such forms upon the Department's request.

3. The Contractor shall, subject to approval by the Department, incorporate an opportunity to request a voter registration application into any application for services, renewal, or recertification for services and change of address relating to such services provided on computer terminals, the World Wide Web or the Internet. Any person indicating that they wish to be sent a voter registration form via computer terminals, the World Wide Web or the Internet shall be sent such a form by the Contractor or be

directed, in a manner subject to approval by the Department, to a link on that system where such a form may be downloaded.

4. The Contractor shall, at the earliest practicable or next regularly scheduled printing of its own forms, subject to approval by the Department, physically incorporate the voter registration forms with its own application forms in a manner that permits the voter registration portion to be detached therefrom. Until such time when the Contractor amends its form, the Contractor should affix or include a postage-paid City Board of Elections voter registration form to or with its application, renewal, recertification, and change of address forms.

5. The Contractor shall prominently display in its public office, subject to approval by the Department, promotional materials designed and approved by the City or State Board of Elections.

7. The provisions of Paragraph A of this Section shall not apply to services that must be provided to prevent actual or potential danger to life, health, or safety of any individual or of the public.

C. Assistance in Completing Voter Registration Forms. In accordance with Charter § 1057-a, the Contractor hereby agrees as follows:

1. In the event the Department provides assistance in completing distributed voter registration forms, the Contractor shall also provide such assistance, in the manner and to the extent specified by the Department.

2. In the event the Department receives and transmits completed registration forms from applicants who wish to have the forms transmitted to the City Board of Elections, the Contractor shall similarly provide such service, in the manner and to the extent specified by the Department.

3. If, in connection with the provision of services under this Agreement, the Contractor intends to provide assistance in completing distributed voter registration forms or to receive and transmit completed registration forms from applicants who wish to have the forms transmitted to the City Board of Elections, the Contractor shall do so only by prior arrangement with the Department.

4. The provision of Paragraph B services by the Contractor may be subject to Department protocols, including protocols regarding confidentiality.

D. Required Statements. In accordance with Charter § 1057-a, the Contractor hereby agrees as follows:

1. The Contractor shall advise all persons seeking voter registration forms and information, in writing together with other written materials provided by the Contractor or by appropriate publicity, that the Contractor's or government services are not conditioned on being registered to vote.

3. For the purposes of this Section, “adverse personnel action” includes dismissal, demotion, suspension, disciplinary action, negative performance evaluation, any action resulting in loss of staff, office space, equipment or other benefit, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected officer or employee.

NOTICE TO BIDDERS

As of March 2013 the City has implemented a new web based subcontractor reporting system through the City's Payee Information Portal (PIP), available at www.nyc.gov/pip. In order to use the new system, a PIP account will be required. Detailed instructions on creating a PIP account and using the new system are also available at that site. Additional assistance with PIP may be received by emailing the Financial Information Services Agency Help Desk at pip@fisa.nyc.gov.

In order to obtain subcontractor approval under section 3.02 of Appendix C or Article 17 of the Standard Construction Contract and PPB Rule § 4-13 Contractor is required to list the subcontractor in the system. For each subcontractor listed, Contractor is required to provide the following information: maximum contract value, description of subcontractor work, start and end date of the subcontract and identification of the subcontractor's industry. Thereafter, Contractor will be required to report in the system the payments made to each subcontractor within 30 days of making the payment. If any of the required information changes throughout the term of the contract, Contractor will be required to revise the information in the system.

Failure of the Contractor to list a subcontractor and/or to report subcontractor payments in a timely fashion may result in the Agency declaring the Contractor in default of the Contract and will subject Contractor to liquidated damages in the amount of \$100 per day for each day that the Contractor fails to identify a subcontractor along with the required information about the subcontractor and/or fails to report payments to a subcontractor, beyond the time frames set forth herein or in the notice from the City.
