- (A) Types of Insurance: Contractor shall procure and maintain the following types of insurance. Such insurance shall be maintained from the effective date of this Contract until this Contract terminates. All insurance shall meet the requirements set forth in this Article 15. Wherever this Article requires that insurance coverage be "at least as broad" as a specified form (including all ISO forms), there is no obligation that the form itself be used, provided that Contractor can demonstrate that the alternative form or endorsement contained in its policy provides coverage at least as broad as the specified form.
 - (1) Commercial General Liability Insurance: Contractor shall provide Commercial General Liability Insurance covering claims for property damage and/or bodily injury, including death, which may arise from any of the operations under this Contract in the amount of at least five million dollars (\$5,000,000) per occurrence. In the event such insurance contains an aggregate limit, this aggregate limit shall apply on a per Project basis applicable exclusively to this Contract and such per Project aggregate shall be at least ten million dollars (\$10,000,000). Coverage under this insurance shall be at least as broad as that provided by the latest edition of Insurance Services Office ("ISO") Form CG 0001. Such insurance shall be "occurrence" based rather than "claims-made" and include, without limitation, the following types of coverage: premises operations; products and completed operations; contractual liability (including the tort liability of another assumed in a contract); broad form property damage; independent contractors; explosion, collapse and underground (XCU); and incidental malpractice.

Such Commercial General Liability Insurance shall name the City as an Additional Insured. Coverage for the City shall specifically include

the City's officials and employees, be at least as broad as the latest edition of ISO Form CG 20 10 (covering all locations at which the Work is performed), and provide completed operations coverage at least as broad as the latest edition of ISO Form CG 20 37 (covering all locations at which the Work is performed).

- (2) Workers' Compensation Insurance, Employers' Liability Insurance, and Disability Benefits Insurance: Contractor shall provide Workers Compensation Insurance, Employers' Liability Insurance, and Disability Benefits Insurance in accordance with the Laws of the State of New York on behalf of all employees providing services under this Contract.

Coverage shall be at least as broad as the latest edition of ISO Form CA 00 01. If vehicles are used for transporting hazardous materials, the Automobile Liability Insurance shall be endorsed to provide pollution liability broadened coverage for covered vehicles (endorsement CA 99 48) as well as proof of MCS 90.
- (4) Contractors Pollution Liability Insurance: Contractor shall provide Contractors Pollution Liability Insurance covering bodily injury and property damage. Such insurance shall provide coverage for actual, alleged or threatened emission, discharge, dispersal, seepage, release or escape of pollutants (including asbestos and mold), including any loss, cost or expense incurred as a result of any cleanup of pollutants (including asbestos and mold) or in the investigation, settlement or defense of any claim, suit, or proceedings arising from the operations under this Contract. Such insurance shall be in the amount of at least two million dollars (\$2,000,000) per occurrence and at least five million dollars (\$5,000,000) aggregate. Such insurance shall be in Contractor's name and list the City as an Additional Insured. Coverage shall include, without limitation, (i) loss of use of damaged property or of property that has not been physically injured, (ii) transportation, and (iii) non-owned disposal sites.
 - (a) Coverage for the City as Additional Insured shall specifically include the City's officials and employees and be at least as broad as provided to Contractor for operations under this Contract.

Execution Copy

- (b) If such insurance is written on a claims-made policy, such policy shall have a retroactive date on or before the effective date of this Contract, and continuous coverage shall be maintained, or an extended discovery period exercised, for a period of not less than three years from the time the Work under this Contract is completed.

(B) General Requirements for Insurance Coverage and Policies:

- (1) All required insurance policies shall be procured from companies that are licensed to do business in the State of New York and have an A.M. Best rating of at least A-/VII or a Standard and Poor's rating of at least A, unless prior written approval is obtained from the New York City Office of the Corporation Counsel.
- (2) Contractor shall be solely responsible for the payment of all premiums for all required policies and all deductibles and self-insured retentions to which such policies are subject, whether or not the City is an insured under the policy.
- (3) No policy shall have a self-insured retention above \$50,000 unless expressly authorized by the Commissioner.
- (4) In his/her sole discretion, the Commissioner may, subject to the approval of the Comptroller and the Corporation Counsel, accept Letters of Credit and/or custodial accounts in lieu of required insurance.
- (5) The City's limits of coverage for all types of insurance required pursuant to this Article 15 shall be the greater of (i) the minimum limits set forth in this Article 15 or (ii) the limits provided to Contractor as Named Insured under all primary, excess and umbrella policies of that type of coverage.
- (6) Contractor may satisfy its insurance obligations under this Article 15 through primary policies or a combination of primary and excess/umbrella policies, so long as all policies provide the scope of coverage required herein.
- (7) Policies of insurance provided pursuant to this Article 15 shall be primary and non-contributing to any insurance or self-insurance maintained by the City.
- (8) Policies of insurance provided pursuant to this Article 15, other than Workers' Compensation Insurance, Employers' Liability Insurance, and Disability Benefits Insurance, and Commercial Automobile

Liability Insurance, shall include a waiver of the right of subrogation with respect to all insureds named therein.

- (9) Policies of insurance provided pursuant to this Article 15 shall provide that notice under the policy to the City as Additional Insured shall be addressed to each of the following: (1) the Commissioner pursuant to Article 15(F); and (2) Comptroller's Office, Attn: Office of Contract Administration, Municipal Building, 1 Centre Street, Room 835, New York, NY 10007.
 - (10) Policies of insurance provided pursuant to this Article shall contain no exclusions or endorsements which are not acceptable to the City.
- (C) Proof of Insurance:
- (1) For Workers' Compensation Insurance, Employers' Liability Insurance, and Disability Benefits Insurance, Contractor shall submit proof of insurance prior to Contract execution on one of the following forms: C-105.2 Certificate of Worker's Compensation Insurance; U-26.3 - State Insurance Fund Certificate of Workers' Compensation Insurance; Request for WC/DB Exemption (Form CE-200); equivalent or successor forms used by the New York State Workers' Compensation Board; or other proof of insurance in a form acceptable to the Commissioner. ACORD forms are not acceptable.
 - (2) For all types of insurance required by this Article 15 other than Workers' Compensation Insurance, Employers' Liability Insurance, and Disability Benefits Insurance, Contractor shall submit proof of insurance on Certificate(s) of Insurance acceptable to the Commissioner within ten (10) days of the Date of Execution of this Contract.
 - (a) All such Certificates of Insurance shall certify (i) the issuance and effectiveness of such policies of insurance, each with the specified minimum limits; (ii) for Commercial General Liability Insurance, that the City is an Additional Insured with coverage at least as broad as the most recent edition of ISO Forms CG 20 10 and CG 20 37; (iii) for Contractors Pollution Liability Insurance, that the City is an Additional Insured; (iv) the company code issued to each insurance company by the National Association of Insurance Commissioners (the NAIC number); and (v) the number assigned to the Contract by the City. All such Certificates of Insurance shall be accompanied by either a duly executed "Certification by Broker" in the form attached as Appendix D hereto or copies of all policies referenced in such Certificate

of Insurance as certified by an authorized representative of the issuing insurance carrier.

- (3) Proof of insurance confirming renewals of insurance policies (or new policies) shall be submitted to the Commissioner before the expiration date of coverage of policies required under this Contract. Such proofs of insurance shall comply with the requirements of this Article 15(C). Failure to provide such proofs of insurance shall be grounds to suspend payments to Contractor.
 - (4) Acceptance by the Commissioner of a certificate does not excuse the Contractor from securing insurance consistent with all provisions of this Article or of any liability arising from its failure to do so.
- (D) Operations of Contractor:
- (1) Contractor shall be responsible for providing continuous insurance coverage in the manner, form, and limits required by this Contract and shall be authorized to perform Work only during the effective period of all required coverage.
 - (2) In the event that any of the required insurance policies lapse, are revoked, suspended or otherwise terminated, for whatever cause, Contractor shall immediately stop all Work, and shall not recommence Work until authorized in writing to do so by the Commissioner. The Commissioner may also declare Contractor in default for failure to maintain required insurance.
 - (3) In the event Contractor receives notice, from an insurance company or other person, that any insurance policy required under this Article 15 shall be cancelled or terminated (or has been cancelled or terminated) for any reason, Contractor shall immediately forward a copy of such notice to both the Commissioner and the New York City Comptroller, Attn: Office of Contract Administration, Municipal Building, One Centre Street, Room 1005, New York, New York 10007. Notwithstanding the foregoing, Contractor shall ensure that there is no interruption in any of the insurance coverage required under this Article 15.
 - (4) Whenever notice of loss, damage, occurrence, accident, claim or suit to an insurance company is required under a policy maintained in accordance with this Article 15 (whether on behalf of Contractor as Named Insured or the City as Additional Insured), Contractor shall provide timely notice to all insurance carriers that issued potentially responsive policies (including commercial general liability insurance carriers for events relating to Contractor's own employees). Such

notices shall set forth the number of the insurance policy, the name of the Named Insured, the date and location of the incident, and the identity of the persons injured or property damaged, and attach copies of all written accident reports, claims, pleadings and other relevant documentation. For any policy on which the City is an Additional Insured, such notice shall expressly specify that "this notice is being given on behalf of the City of New York as Additional Insured, as well as the Named Insured." Copies of all such notices shall be simultaneously sent to the City at each of the following addresses: (a) Insurance Unit, NYC Comptroller's Office, 1 Centre Street – Room 1222, New York, New York, 10007; and (b) Insurance Claims Specialist, Affirmative Litigation Division, New York City Law Department, 100 Church Street, New York, New York 10007.

- (E) Subcontractor Insurance: This Contract, including this Article 15, does not obligate Contractor to ensure that Subcontractors maintain any insurance not required by Law. Nevertheless, in the event Contractor requires any Subcontractor to procure insurance with regard to any operations under this Contract and requires such Subcontractor to name Contractor as an additional insured thereunder, Contractor shall ensure that such Subcontractor also name the City, including its officials and employees, as an additional insured with coverage at least as broad as the most recent edition of ISO Form CG 20 26.
- (F) Commissioner's address: Wherever reference is made in this Article 15 to documents to be sent to the Commissioner (e.g., notices, filings, or submissions), such documents shall be sent to: Mary Pazan, Assistant Commissioner, c/o Iris Ojidanc, Department of Environmental Protection, 59-17 Junction Boulevard, 17th Floor, Flushing, New York 11373.
- (G) Materiality/Non-Waiver: Contractor's failure to secure policies in complete conformity with this Article 15 or to do anything else required by this Article 15 shall constitute a material breach of this Contract. Such breach shall not be waived or otherwise excused by any action or inaction by the City at any time.
- (H) Other Remedies: Insurance coverage provided pursuant to this Article 15 or otherwise shall not relieve Contractor of any liability under this Contract, nor shall it preclude the City from exercising any rights or taking such other actions available to it under any other provisions of this Contract or law.

ARTICLE 16 MONEY RETAINED AGAINST CLAIMS

- (A) If any claim shall be made by any person or entity (including Other Contractors with the City on this Project) against the City or against Contractor and the City for any of the following for which Contractor may be liable under the Contract, but only to the extent caused by the Contractor:

Execution Copy

- (1) An alleged loss, damage, injury, theft or vandalism, plus the reasonable costs of defending the City, which in the opinion of the Comptroller may not be paid by an insurance company (for any reason whatsoever); or
- (2) An infringement of copyrights, patents or use of patented articles, tools, etc., as referred to in Article 50 hereof; or
- (3) Damage claimed to have been caused directly or indirectly by the failure of Contractor to perform the Work in strict accordance with this Contract,

the amount of such claim, or so much thereof as the Comptroller may deem necessary, may be withheld by the Comptroller, as security against such claim, from any money due hereunder. The Comptroller, in his/her discretion, may permit Contractor to substitute other satisfactory security in lieu of the monies so withheld.

- (B) If an action on such claim is timely commenced and the liability of the City, or Contractor, or both, shall have been established therein by a final judgment of a Court of competent jurisdiction, or if such claim shall have been admitted by Contractor to be valid, the Comptroller shall pay such judgment or admitted claim out of the monies retained by the Comptroller under the provisions of this Article 16, and return the balance, if any, without interest, to Contractor.
- (C) If no action is commenced upon such claim within the time limited therefor by Law, the Comptroller, upon written demand by Contractor, shall return the amount so held, without interest.

ARTICLE 17 WARRANTY OF SUPPLIES

- (A) Contractor warrants that the parts and equipment incorporated into the goods being serviced are standard new equipment and current model of regular stock product with all parts regularly used with the type of equipment serviced and that no attachment or part has been substituted or applied contrary to the manufacturer's recommendations and standard practice. Equipment provided to Property Owner must contain the standard manufacturer's warranty.
- (B) The Commissioner shall give written notice to Contractor of any breach of the warranties in this Article 17.
- (C) The provisions of this Article 17 shall not be deemed to create any new right of action in favor of third parties against Contractor or the City.

ARTICLE 18 [Intentionally Omitted]

**CHAPTER VI
CHANGES AND EXTRA WORK & RESOLUTION OF DISPUTES**

ARTICLE 19 CONTRACT CHANGES

- (A) Changes may be made to this Contract only as duly authorized in writing by the ACCO or his/her designee, and in accordance with the Charter and the PPB rules and shall be reflected in a change order. All such changes, modifications and amendments will become a part of the original Contract. Any work so ordered shall be referred to as Extra Work and shall be performed by Contractor. Contractors deviating from the requirements of the Contract without a duly approved change order document, or written contract modification or amendment, do so at their own risk. A Work Order shall not be deemed a change order.
- (B) Contract changes will be made only for Extra Work necessary to complete the Work included in the original scope of the Contract, and for non-material changes to the scope of the Contract. Changes are not permitted for any material alteration in the scope of Work. An approved Work Order is not Extra Work.
- (C) Contractor will be entitled to a price adjustment for Extra Work performed pursuant to a written change order. If any part of the Contract Work is necessarily delayed by a change order, Contractor may be entitled to an extension of time for performance. Adjustments to price shall be computed in one or more of the following ways:
 - (1) By unit prices specified in the Contract;
 - (2) By agreement of a fixed price;
 - (3) By time and material records; and/or
 - (4) In any other manner approved by the CCPO.
- (D) Where the cost of the change orders has been negotiated in the absence of established cost history, the costs are subject to verification by post-audit. If the audits reveal that Contractor's costs for the change order work were inaccurately stated during negotiations, the Department may recoup the amount by which the costs were inaccurately stated by proportionately

reducing the price of the change order. This remedy is not exclusive and is in addition to all other rights and remedies of the City.

- (E) Any payments for change orders are subject to pre-audit by the Engineering Audit Office and may be post-audited by the Comptroller and/or the Department.
- (F) Any contract change order which amends a unit price, cancels required units, or adds a new type of unit item to the Contract must be approved in writing by the ACCO.

ARTICLE 20 **[Intentionally Omitted]**

ARTICLE 21 **[Intentionally Omitted]**

ARTICLE 22 **PERFORMANCE OF EXTRA OR DISPUTED WORK**

- (A) While Contractor or any of its Subcontractors is performing Extra Work on a Time and Material Basis ordered by the Commissioner or authorized representative (unless payment thereof is to be made by lump sum or at unit prices previously agreed upon), or is performing disputed Work, or complying with a determination or order under protest in accordance with Article 24 hereof, in each such case Contractor shall furnish the Project Manager daily with three (3) copies of written statements signed by Contractor's representative showing:
 - (1) The name and number of each worker employed on such Work or engaged in complying with such determination or order, the number of hours employed, and the character of the Work each is doing; and
 - (2) The nature and quality of any materials, plant and equipment furnished or used in connection with the performance of such Work or compliance with such determination or order, and from whom purchased or rented.
- (B) A copy of such statement will be countersigned by the Project Manager noting thereon any items not agreed to or questioned, and will be returned to Contractor within two (2) days after submission.
- (C) Contractor and its Subcontractors, when required by the Commissioner, or the Comptroller, shall also produce for inspection, at the office of Contractor or Subcontractor, any and all of its books, bid documents, financial statements, vouchers, records, daily job diaries and reports, canceled checks and any other related documents showing the nature and quantity of the labor, materials, plant and equipment actually used in the performance of such Work, or in complying with such determination or order, and the amounts expended

therefor. Contractor and Subcontractors shall permit the Commissioner and the Comptroller to make extracts therefrom, or copies thereof, as they or either of them may desire.

- (D) In connection with the examination provided for herein, the Commissioner, upon demand therefor, will produce for inspection by Contractor such records as the Department may have with respect to such Extra Work or disputed Work performed under protest pursuant to order of the Commissioner, except those records and reports which may have been prepared for the purpose of determining the accuracy and validity of Contractor's claim.
- (E) Failure to comply strictly with these requirements shall constitute a waiver of any claim for extra compensation or damages on account of the performance of such Work or compliance with such determination or order.

ARTICLE 23 [Intentionally Omitted]

ARTICLE 24 RESOLUTION OF DISPUTES:

- (A) Except as provided in paragraphs (A)(1) and (A)(2) of this Article 24, all disputes between the City and Contractor that arise under, or by virtue of, this Contract shall be finally resolved in accordance with the provisions of this section and Section 4-09 of the Rules of the PPB Rules. This procedure shall be the exclusive means of resolving any such disputes.
 - (1) This section shall not apply to disputes concerning matters dealt with in other sections of the PPB Rules or to disputes involving patents, copyrights, trademarks, or trade secrets (as interpreted by the courts of New York State) relating to proprietary rights in computer software.
 - (2) For construction and construction-related services, this section shall apply only to disputes about the scope of work delineated by the Contract, the interpretation of Contract Documents, the amount to be paid for Extra Work or disputed work performed in connection with the Contract, the conformity of Contractor's work to the Contract, and the acceptability and quality of Contractor's work; such disputes arise when the Engineer, Resident Engineer, Engineering Audit Officer, Project Manager, or Program Management Team or other designee of the Commissioner makes a determination with which the Contractor disagrees.
- (B) All determinations required by this section shall be clearly stated, with a reasoned explanation for the determination based on the information and evidence presented to the party making the determination. Failure to make such determination within the time required by this section shall be deemed a

Execution Copy

non-determination without prejudice that will allow application to the next level.

- (C) During such time as any dispute is being presented, heard, and considered pursuant to this section, the Contract terms shall remain in full force and effect; the Contractor shall continue to perform work in accordance with the Contract and as directed by the ACCO or Engineer, Resident Engineer, Engineering Audit Officer, Project Manager, Program Management Team or other designee of the Commissioner; and the City shall continue to make payments otherwise properly due and payable hereunder. Failure of Contractor to continue the work as directed shall constitute a waiver by Contractor of any and all claims being presented pursuant to this section and a material breach of Contract.
- (D) Presentation of Dispute to Commissioner.
 - (1) Notice of Dispute and Agency Response. Contractor shall present its dispute in writing (“Notice of Dispute”) to the Commissioner within the time specified herein, or, if no time is specified, within thirty (30) days of receiving written notice of the determination or action that is the subject of the dispute. This notice requirement shall not be read to replace any other notice requirements contained in the Contract. The Notice of Dispute shall include all the facts, evidence, documents, or other basis upon which Contractor relies in support of its position, as well as a detailed computation demonstrating how any amount of money claimed by the vendor in the dispute was arrived at. Within thirty (30) days after receipt of the complete Notice of Dispute, the ACCO or, in the case of construction or construction-related services, the Engineer, Resident Engineer Engineering Audit Officer, Project Manager, Program Management Team or other designee of the Commissioner, shall submit to the Commissioner all materials he or she deems pertinent to the dispute. Following initial submissions to the Commissioner, either party may demand of the other the production of any document or other material the demanding party believes may be relevant to the dispute. The requested party shall produce all relevant materials that are not otherwise protected by a legal privilege recognized by the courts of New York State. Any question of relevancy shall be determined by the Commissioner whose decision shall be final. Willful failure of Contractor to produce any requested material whose relevancy Contractor has not disputed, or whose relevancy has been affirmatively determined, shall constitute a waiver by Contractor of its claim.
 - (2) Commissioner Inquiry. The Commissioner shall examine the material and may, in his or her discretion, convene an informal conference with the Contractor and the ACCO and, in the case of construction or

construction-related services, the Engineer, Resident Engineer, Engineering Audit Officer, Project Manager, Program Management Team or other designee of the Commissioner, to resolve the issue by mutual consent prior to reaching a determination. The Commissioner may seek such technical or other expertise as he or she shall deem appropriate, including the use of neutral mediators, and require any such additional material from either or both parties as he or she deems fit. The Commissioner's ability to render, and the effect of, a decision hereunder shall not be impaired by any negotiations in connection with the dispute presented, whether or not the Commissioner participated therein. The Commissioner may or, at the request of any party to the dispute, shall compel the participation of any other contractor with a contract related to the Work of this Contract and that contractor shall be bound by the decision of the Commissioner. Any other contractor thus brought into the dispute resolution proceeding shall have the same rights and obligations under this section as the contractor initiating the dispute.

- (3) Commissioner Determination. Within thirty (30) days after the receipt of all materials and information, or such longer time as may be agreed to by the parties, the Commissioner shall make his or her determination and shall deliver or send a copy of such determination to Contractor and ACCO and, in the case of construction or construction-related services, the Engineer, Resident Engineer, Engineering Audit Officer, Project Manager, Program Management Team or other designee of the Commissioner, together with a statement concerning how the decision may be appealed.
 - (4) Finality of Commissioner Decision. The Commissioner's decision shall be final and binding on all parties, unless presented to the Contract Dispute Resolution Board ("CDRB") pursuant to this section. The City may not take a petition to the CDRB. However, should Contractor take such a petition, the City may seek, and the CDRB may render, a determination less favorable to the Contractor and more favorable to the City than the decision of the Commissioner.
- (E) Presentation of Dispute to the Comptroller. Before any dispute may be brought by Contractor to the CDRB, Contractor must first present its claim to the Comptroller for his or her review, investigation, and possible adjustment.
- (1) Time, Form, and Content of Notice. Within thirty (30) days of receipt of a decision by the Commissioner, Contractor shall submit to the Comptroller and to the Commissioner a Notice of Claim regarding its dispute with the Department. The Notice of Claim shall consist of (i) a brief statement of the substance of the dispute, the amount of money, if any, claimed and the reason(s) Contractor contends the dispute was

Execution Copy

wrongly decided by the Commissioner; (ii) a copy of the decision of the Commissioner, and (iii) a copy of all materials submitted by the Contractor to the Agency, including the Notice of Dispute. Contractor may not present to the Comptroller any material not presented to the Commissioner, except at the request of the Comptroller.

- (2) Department Response. Within thirty (30) days of receipt of the Notice of Claim, the Department shall make available to the Comptroller a copy of all material submitted by the Department to the Commissioner in connection with the dispute. The Department may not present to the Comptroller any material not presented to the Commissioner, except at the request of the Comptroller.
 - (3) Comptroller Investigation. The Comptroller may investigate the claim in dispute and, in the course of such investigation, may exercise all powers provided in sections 7-201 and 7-203 of the New York City Administrative Code. In addition, the Comptroller may demand of either party, and such party shall provide, whatever additional material the Comptroller deems pertinent to the claim, including original business records of the Contractor. Willful failure of Contractor to produce within fifteen (15) days any material requested by the Comptroller shall constitute a waiver by Contractor of its claim. The Comptroller may also schedule an informal conference to be attended by the Contractor, agency representatives, and any other personnel desired by the Comptroller.
 - (4) Opportunity of Comptroller to Compromise or Adjust Claim. The Comptroller shall have forty-five (45) days from his or her receipt of all materials referred to in 5(c) to investigate the disputed claim. The period for investigation and compromise may be further extended by agreement between Contractor and the Comptroller, to a maximum of ninety (90) days from the Comptroller's receipt of all the materials. Contractor may not present its petition to the CDRB until the period for investigation and compromise delineated in this paragraph has expired. In compromising or adjusting any claim hereunder, the Comptroller may not revise or disregard the terms of the Contract between the parties.
- (F) Contract Dispute Resolution Board. There shall be a Contract Dispute Resolution Board composed of:
- (1) the chief administrative law judge of the Office of Administrative Trials and Hearings ("OATH") or his/her designated OATH administrative law judge, who shall act as chairperson, and may adopt operational procedures and issue such orders consistent with this section as may be necessary in the execution of the CDRB's functions,

including, but not limited to, granting extensions of time to present or respond to submissions;

- (2) the City Chief Procurement Officer ("CCPO") or his/her designee, or in the case of disputes involving construction, the Director of the Office of Construction or his/her designee; any designee shall have the requisite background to consider and resolve the merits of the dispute and shall not have participated personally and substantially in the particular matter that is the subject of the dispute or report to anyone who so participated, and
 - (3) a person with appropriate expertise who is not an employee of the City. This person shall be selected by the presiding administrative law judge from a prequalified panel of individuals, established and administered by OATH, with appropriate background to act as decision-makers in a dispute. Such individuals may not have a contract or dispute with the City or be an officer or employee of any company or organization that does, or regularly represent persons, companies, or organizations having disputes with the City.
- (G) Petition to CDRB. In the event the claim has not been settled or adjusted by the Comptroller within the period provided in this section, Contractor, within thirty (30) days thereafter, may petition the CDRB to review the Agency Head determination.
- (A) Form and Content of Petition by Contractor. Contractor shall present its dispute to the CDRB in the form of a Petition, which shall include (i) a brief statement of the substance of the dispute, the amount of money, if any, claimed, and the reason(s) the vendor contends that the dispute was wrongly decided by the Commissioner; (ii) a copy of the decision of the Agency Head; (iii) copies of all materials submitted by the vendor to the agency; (iv) a copy of the decision of the Comptroller, if any, and (v) copies of all correspondence with, and material submitted by the vendor to, the Comptroller's Office. Contractor shall concurrently submit four complete sets of the Petition: one to the Corporation Counsel (Attn: Commercial and Real Estate Litigation Division), and three to the CDRB at OATH's offices, with proof of service on the Corporation Counsel. In addition, the vendor shall submit a copy of the statement of the substance of the dispute, cited in (i) above, to both the Commissioner and the Comptroller.
 - (B) Department Response. Within thirty (30) days of receipt of the Petition by the Corporation Counsel, the Department shall respond to the statement of Contractor and make available to the CDRB all material it submitted to the Commissioner and Comptroller. Three complete copies of the agency response shall be submitted to the CDRB at

Execution Copy

OATH's offices and one to Contractor. Extensions of time for submittal of the Department response shall be given as necessary upon a showing of good cause or, upon the consent of the parties, for an initial period of up to thirty (30) days.

- (C) Further Proceedings. The Board shall permit Contractor to present its case by submission of memoranda, briefs, and oral argument. The Board shall also permit the Department to present its case in response to the Contractor by submission of memoranda, briefs, and oral argument. If requested by the Corporation Counsel, the Comptroller shall provide reasonable assistance in the preparation of the agency's case. Neither Contractor nor the Department may support its case with any documentation or other material that was not considered by the Comptroller, unless requested by the CDRB. The CDRB, in its discretion, may seek such technical or other expert advice as it shall deem appropriate and may seek, on its own or upon application of a party, any such additional material from any party as it deems fit. The CDRB, in its discretion, may combine more than one dispute between the parties for concurrent resolution.
- (D) CDRB Determination. Within forty-five (45) days of the conclusion of all submissions and oral arguments, the CDRB shall render a decision resolving the dispute. In an unusually complex case, the CDRB may render its decision in a longer period of time, not to exceed ninety (90) days, and shall so advise the parties at the commencement of this period. The CDRB's decision must be consistent with the terms of the Contract. Decisions of the CDRB shall only resolve matters before the CDRB and shall not have precedential effect with respect to matters not before the CDRB.
- (E) Notification of CDRB Decision. The CDRB shall send a copy of its decision to Contractor, the Commissioner, the ACCO, the Corporation Counsel, the Comptroller, the CCPO, the Office of Construction, and the PPB. A decision in favor of the vendor shall be subject to the prompt payment provisions of the PPB Rules. The Required Payment Date shall be thirty (30) days after the date the parties are formally notified of the CDRB's decision.
- (F) Finality of CDRB Decision. The CDRB's decision shall be final and binding on all parties. Any party may seek review of the CDRB's decision solely in the form of a challenge, filed within four months of the date of the CDRB's decision, in a court of competent jurisdiction of the State of New York, County of New York pursuant to Article 78 of the Civil Practice Law and Rules. Such review by the court shall be limited to the question of whether or not the CDRB's decision was

made in violation of lawful procedure, was affected by an error of law, or was arbitrary and capricious or an abuse of discretion. No evidence or information shall be introduced or relied upon in such proceeding that was not presented to the CDRB in accordance with Section 4-09 of the PPB Rules.

- (H) Any termination, cancellation, or alleged breach of the Contract prior to or during the pendency of any proceedings pursuant to this section shall not affect or impair the ability of the Commissioner or CDRB to make a binding and final decision pursuant to this section.

ARTICLE 25 CONTRACTOR EVALUATION

In addition to the ongoing QAQC Program described in Article 3, Contractor's performance shall be evaluated by the City at the conclusion of the Contract term. A copy of the evaluation will be sent to Contractor not later than fifteen (15) Days of the end of the term and Contractor may respond in writing to the performance report. Such responses shall be submitted to the Project Manager not later than fifteen (15) Days after a copy of the evaluation is sent to Contractor. The response will be affixed to the evaluation. Failure to respond may result in inability to challenge the review of Contractor's performance when a bid is evaluated without the benefit of Contractor's response to the report.

ARTICLE 26 LIABILITY FOR OTHER CONTRACTORS' WORK

Notwithstanding the prior sentence, and notwithstanding establishment of the new price structure, Contractor shall **initially** be paid for all Work properly performed in accordance with this Contract, for the period between the effective date of this Contract and the effective date of the new price structure, based on time and materials records consistent with the provisions of Article 35(B). new price structure, which shall be no sooner than December 4, 2012, plus five days for demobilization. The price to be paid for such Work shall be the actual and reasonable cost of the items set forth below, calculated in accordance with the formula specified therein, if any. Reasonable rental value is defined as the lower of either the monthly prorated rental rates established in "The AED Green Book, Rental

Rates and Specifications for Construction Equipment” published by PRIMEDIA (the “Green Book”), or the monthly prorated rental rates established in the “Rental Rate Blue Book for Construction Equipment” published by PRIMEDIA (the “Blue Book”). In lieu of renting, the City reserves the right to direct the purchase of non-operating equipment (scaffolding, sheeting systems, road plates, etc.), with payment on a purchase-salvage/life cycle basis, if less than the projected rental costs; plus

City. Such audit may include the examination and review of the source and application of all funds whether from the City, the State, the Federal Government or any other source.

- (E) Contractor shall not be entitled to final payment under the Contract until all of the preceding requirements have been satisfactorily met.
- (F) The Department may, at its option, withhold for purposes of set-off any monies due to Contractor under this Contract up to the amount of any disallowances or questioned costs resulting from any audits of Contractor or to the amount of any overpayment to Contractor with regard to this Contract.

ARTICLE 37 SUBMISSION OF REQUESTS FOR PAYMENTS

- (A) Contractor shall submit a maximum of one (1) request for payment per biweekly period (14-day period). Requests for payments in excess of one (1) per 14-day period will be returned to Contractor; such invoices will not be subject to the Prompt Payment conditions of Article 35.
- (B) Contractor shall submit numbered invoices for payment. Such invoices shall set forth the services for which payment is requested, and approval thereof of the Department shall be a prerequisite to payment. All payments shall be subject to such provisions for set off as may be set forth in this Contract.
- (C) Payments shall be made out of such moneys as may be reserved by the Comptroller of the City of New York for the purpose herein provided.

ARTICLE 38 FINAL PAYMENT

- (A) After completion of the Work, Contractor shall submit all required certificates and documents, together with an invoice for the balance claimed to be due under the Contract. A verified statement, similar to that required in connection with applications for partial payments, shall also be submitted to the Comptroller.
- (B) Verified Statement of Claims. Contractor must also submit with the final invoice a final verified statement of any and all alleged claims against the City in any way connected with or arising out of this Contract, the various items of labor included therein, and the alleged value of each such item. With reference to each such claim, the Commissioner and the Comptroller shall have the same right to inspect and to make extracts or copies of the Contractor's books, vouchers, records, etc., as is referred to in this Contract. Nothing contained in this Article is intended to or shall relieve Contractor from the obligation of giving timely notice of claims pursuant to this Contract. Contractor is warned that unless such claims are completely set forth as herein required, the

Contractor, upon acceptance of the final payment, will have waived any such claims pursuant to Article 39 hereof. Acceptance of final payment does not operate as a waiver of claims arising during the Contract Term but that are unknown to the Contractor and could not have been known by the Contractor at the time of request for final payment.

- (C) Preparation of Final Voucher. Upon determining the balance due hereunder other than on account of claims, the Project Manager will prepare and certify, and the Commissioner will approve, a voucher for final payment in the amount, less any and all deductions authorized to be made by the Commissioner under this Contract or by Law. Such voucher shall thereupon be filed with the Comptroller, and a copy thereof delivered to the Contractor.
- (D) All prior certificates and vouchers upon which partial payments were made, being merely estimates made to enable Contractor to prosecute the Work more advantageously, shall be subject to correction in the final voucher, and the certification of the Project Manager thereon and the approval of the Commissioner thereof shall be a condition precedent to the right of Contractor to receive any money hereunder. Such final voucher shall be binding and conclusive upon Contractor.
- (E) Payment pursuant to such final voucher, less any deductions authorized to be made by the Comptroller under this Contract or by Law, shall constitute the final payment.

ARTICLE 39 ACCEPTANCE OF FINAL PAYMENT

- (A) The acceptance by the Contractor, or by anyone claiming by or through it, of the final payment, whether such payment be made pursuant to any judgment of any court, or otherwise, shall constitute and operate as a release to the City from any and all claims of, and liability to, Contractor for anything heretofore done or furnished by Contractor or relating to or arising out of this Contract and the work done hereunder, and for any prior act, neglect or default on the part of the City or any of its officers, agents or employees, excepting only a claim against the City for the amounts deducted or retained in accordance with the terms and provisions of this Contract or by Law, and excepting a claim not otherwise waived, which is contained in the verified statement filed with Contractor's final invoice and excepting a claim not known to the Contractor at the time of final payment that could not have been known by the Contractor at such time.
- (B) Contractor is warned that the execution by it of a release, in connection with the acceptance of the final payment, containing language purporting to reserve claims other than those herein specifically excepted from the final invoice or by the Comptroller from the final payment as certified by the Project Manager and approved by the Commissioner, shall not be effective to reserve such

Execution Copy

claims, anything stated to Contractor orally or in writing by any officer, agent or employee of the City to the contrary notwithstanding.

- (C) Should Contractor refuse to accept the final payment as tendered by the Comptroller, it shall constitute a waiver of any right to interest thereon.
- (D) Contractor, however, shall not be barred from commencing an action for breach of contract under this provision, provided that a detailed and verified statement of claim is served upon the Department and Comptroller not later than forty (40) days after the mailing of such final payment. The statement shall specify the items upon which the claim will be based, and any such claim shall be limited to such items.
- (E) City Not Estopped. Neither the City, nor any department, officer or employee thereof, shall be bound, precluded or estopped by any determination, decision, approval, order, letter, payment or certificate made or given by any officer, inspector, employee, agent or appointee of the City, or under any provision of this Contract, from sharing at any time, either before or after the complete performance or acceptance of the performance of this Contract and the last payment hereunder, the actual nature of the services performed by Contractor, or any person under this Contract; or from showing at any time that any certificate upon which the payment is made for any or all of the services is untrue or incorrect, or improperly made in any particular, or that the services or any part thereof performed by Contractor do not conform to this Contract. The City shall have the right to demand and recover from Contractor such damages as it may suffer by reason of Contractor's failure to comply with this Contract, notwithstanding any return as certificate and payment in accordance therewith signed by any official of the City. Such right of the City shall include recovery for any payment made for any or all of the services performed and accepted.

Execution Copy

- (A) The right to declare Contractor in default for any of the grounds specified or referred to in Article 40 hereof shall be exercised by sending Contractor a notice, signed by the Commissioner, setting forth the ground or grounds upon which such default is declared.
- (B) The Commissioner's determination that Contractor is in default shall be conclusive, final, and binding on the parties and such a finding shall preclude Contractor from commencing a plenary action for any damages relating to the Contract. If Contractor protests the determination of the Commissioner, Contractor may commence a lawsuit in a court of competent jurisdiction of the State of New York under Article 78 of the New York Civil Practice Law and Rules.

ARTICLE 42 PARTIAL DEFAULT

- (A) If the Commissioner declares Contractor in default as to a part of the Work only, Contractor shall discontinue such part, but shall continue performing the remainder of the Work in strict conformity with the terms of the Contract, and shall in no way hinder or interfere with any other contractors or persons whom the Commissioner may engage to complete the Work to which Contractor was declared in default.
- (B) The provision of this Chapter relating to declaring Contractor in default as to the entire Work shall be equally applicable to the declaration of partial default.

ARTICLE 43 TERMINATION

- (A) The City shall have the right to terminate this Contract, in whole or in part, for cause or without cause. The City shall give no less than 30 days written notice of termination ("Termination Notice") for termination without cause and no less than five (5) days notice for termination for cause unless a shorter time is determined by the Commissioner to be necessary. If the City terminates this Contract the City shall not incur or pay any further obligation pursuant to this Contract beyond the termination date set by the City in the Termination Notice. The City shall pay for services rendered or goods delivered in accordance with this Contract prior to the termination date. In addition, any obligation necessarily incurred by Contractor on account of this Contract prior to receipt of notice of termination and falling due after the termination date shall be paid by the City in accordance with the terms of this Contract. In no event shall such obligation be construed as including any lease or other occupancy agreement, oral or written, entered into between Contractor and its landlord.
- (B) Upon the establishment by the City of an alternative payment and pricing structure, as set forth in Article 35, Contractor may terminate the Contract

within 72 hours of the City's notification to Contractor of the alternative payment and pricing structure.

- (C) Contractor shall be entitled to apply to the City to have this Contract terminated by the City by reason of any failure in the performance of this Contract (including any failure by the prosecution of work hereunder which endangers such performance), if such failure arises out of causes beyond the control and without the fault or negligence of Contractor. Such causes may include but are not limited to: acts of God or the public enemy; acts of the government in either its sovereign or contractual capacity; fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or any other cause beyond the reasonable control of Contractor. The determination that such failure arises out of causes beyond the control and without the fault or negligence of Contractor shall be made by the Commissioner, who agrees to exercise reasonable judgment therein.
- (D) If such a determination is made and the Contract is terminated by the City pursuant to such application by Contractor, such termination shall be deemed to be without cause.
- (E) The City may deduct or set off against any sums due and payable pursuant to this Article 41, any claims it may have against Contractor.

- (H) In the event the City shall terminate this Contract as provided in this Article 44, then the C may procure, upon such terms and in such manner as deemed appropriate, services similar to those so terminated hereby.
- (I) Notwithstanding any other provisions of this Contract, Contractor shall not be relieved of liability to the City for damages sustained by the City for which Contractor could be held liable under the terms of this Contract, and the City may withhold payments to Contractor for the purpose of set-off until such time as the exact amount of damages due to the City from Contractor is determined.
- (J) The rights and remedies of the City provided in this Article shall not be exclusive and are in addition to all other rights and remedies provided by Law or under this Contract.

ARTICLE 44 COMPLETION OF THE WORK AFTER CONTRACTOR'S DEFAULT

In the event of a default of Contractor's obligations under this Contract, the Commissioner, after declaring Contractor in default, may have the services under the Contract completed by such means and in such manner, by contract with or without public letting, or otherwise, as he or she may deem advisable in accordance with applicable PPB Rules. After such completion, the Commissioner shall certify the expense incurred in such completion. Should the expense of such completion, as certified by the Commissioner, exceed the total sum which would have been payable under the Contract if it had been completed by the Contractor, any excess shall be promptly paid by Contractor upon demand by the City. The excess expense of such completion, including any and all related and incidental costs, as so certified by the Commissioner, and any liquidated damages assessed against the Contractor, may be charged against and deducted out of monies earned by the Contractor.

ARTICLE 45 PERFORMANCE OF UNCOMPLETED WORK

In completing the whole or any part of the Work under the provisions of this Chapter, the Commissioner shall have the power to depart from or change or vary the terms and provisions of this Contract, provided, however, that such departure, change or variation is made for the purpose of reducing the time or expense of such completion or modifying the NYC RRP Work Order Form to reflect problems encountered on Properties. Such departure, change or variation, even to the extent of accepting a lesser or different performance, shall not affect the conclusiveness of the Commissioner's certificate of the cost of completion referred to in Article 44 hereof, nor shall it constitute a defense to an action to recover the amount by which such certificate exceeds the amount which would have been payable to Contractor hereunder but for its default.

ARTICLE 46 OTHER REMEDIES

- (A) The rights and remedies of the City provided in this Contract shall not be exclusive and are in addition to any and all other rights and remedies provided by Law or under this Contract.
- (B) The exercise by the City of any remedy set forth herein shall not be deemed a waiver by the City of any other legal or equitable remedy contained in this Contract or provided under Law.

The obligation under this Article to hold reports, information or data confidential shall not apply where the City would be required to disclose such reports, information or data pursuant to the State Freedom of Information Law ("FOIL"), provided that Contractor provides advance notice to the City, in writing or by e-mail, that it intends to disclose such reports, information or data and the City does not inform Contractor, in writing or by e-mail, that such reports, information, or data are not subject to disclosure under FOIL.

The City shall also have the right to withhold further payments hereunder for the purpose of set-off in sufficient sums to cover the costs of credit monitoring services for the victims of such a breach of security by a national credit reporting agency, and/or any other commercially reasonable preventive measure. The Department shall provide Contractor with written notice and an opportunity to comment on such measures prior to implementation. Alternatively, at the City's discretion, or if monies remaining to be earned or paid under this Contract are insufficient to cover the costs detailed above, Contractor shall pay directly for the costs, detailed above, if any.

If Contractor or its Subcontractors are legally required to retain any confidential information, Contractor shall notify the Department in writing and set forth the confidential information that it intends to retain and the reasons why it is legally required to retain such information. Contractor shall confer with the Department, in good faith, regarding any issues that arise from Contractor retaining such confidential information.
- (F) A breach of this Article shall constitute a material breach of this Contract for which the Department may terminate this Contract. The Department reserves any and all other rights and remedies in the event of unauthorized disclosure.

- (B) If any person who has been advised that his or her statement and any information from such statement will not be used against him or her in any subsequent criminal proceeding refuses to testify before a grand jury or other governmental agency or authority empowered directly or by designation to compel the attendance of witnesses and to examine witnesses under oath concerning the award of or performance under any transaction, agreement, lease, permit, contract or license entered into with the City, the State or any political subdivision or public authority thereof, the Port Authority of New York and New Jersey, any local development corporation within the City or any public benefit corporation organized under the laws of the State of New York, or

- (E) If any non-governmental party to the hearing requests an adjournment, the Commissioner or Agency Head who convened the hearing may, upon granting the adjournment, suspend any contract, lease, permit or license pending the final determination pursuant to A 54(G) below without the City incurring any penalty of damages for delay or otherwise.
- (F) The penalties which may attach after a final determination by the Commissioner or Agency Head may include but shall not exceed:

- (2) The cancellation or termination of any and all such existing City contracts, leases, permits or licenses that the refusal to testify concerns and that have not been assigned as permitted under this Contract, nor the proceeds of which have been pledged to an unaffiliated and unrelated institutional lender for fair value prior to the issuance of the notice scheduling the hearing, without the City incurring any penalty or damages on account of such cancellation or termination; monies lawfully due for goods delivered, work done, rentals or fees accrued prior to the cancellation or termination shall be paid by the City.
- (G) The Commissioner or Agency Head shall consider and address in reaching his/her determination and in assessing an appropriate penalty the factors in subparagraphs 54(G)(1) and 54(G)(2) below. He/she may also consider, if relevant and appropriate, the criteria established in Subparagraphs 54(G)(3) and 54(G)(4) below, in addition to any other information which may be relevant and appropriate:
 - (1) The party's good faith endeavors or lack thereof to cooperate fully and faithfully with any governmental investigation or audit, including but not limited to the discipline, discharge, or disassociation of any person failing to testify, the production of accurate and complete books and records, and the forthcoming testimony of all other members, agents, assignees or fiduciaries whose testimony is sought.
 - (2) The relationship of the person who refused to testify to any entity that is a party to the hearing, including, but not limited to, whether the person whose testimony is sought has an ownership interest in the entity and/or the degree of authority and responsibility the person has within the entity.
 - (3) The nexus of the testimony sought to the subject entity and its contracts, leases, permits or licenses with the City.
 - (4) The effect a penalty may have on an unaffiliated and unrelated party or entity that has a significant interest in an entity subject to penalties under Paragraph 54(G) above, provided that the party or entity has given actual notice to the Commissioner or Agency Head upon the acquisition of the interest, or at the hearing called for in Paragraph 54(D) above, gives notice and proves that such interest was previously acquired. - B. Contractor Duties:
 - 1. The EHS performance of the Contractor and its hired subcontractors is the responsibility of the Contractor. Since an effective and functioning on-site EHS team is an essential element of EHS performance, the Contractor will evaluate the performance of their on-site EHS team on a continuous basis. Where deficiencies are found, the Contractor is expected to take appropriate action up to and including removal of personnel and/or subcontractors where the contract specifications, performance goals, and the Contractor's regulatory responsibilities are not being met.
 - 2. The Contractor will comply with all current Federal, State, City and local EHS laws, rules, and regulations, including all those that become effective during the term of the Contract, related to ensuring health and safety of employees, the protection of property and the environment.

1.02 DEFINITIONS

- A. A "Competent Person" is one who is capable of identifying existing and predictable hazards in the surroundings or working conditions which are unsanitary, hazardous, or dangerous to employees or the environment, and who has authorization to take prompt corrective measures to eliminate them. A Competent Person has stop work authority.

- C. "Hazard Analysis" shall mean a written evaluation tool, identifying the tasks to be completed, access and egress, and set up/breakdown under all expected environmental conditions. Also included is the method of work for completing these tasks, associated work hazards, and the

corresponding equipment and control methods planned to prevent loss for all contracted work, including that of subcontractors.

- D. APPENDIX B: NYC RAPID REPAIRS LEGAL RIGHT OF ENTRY FORM; RIGHT OF ENTRY PERMIT; RIGHT OF ENTRY PERMIT REQUEST FOR CANCELLATION; STATEMENT OF LIMITATIONS

What am I signing?

There are 3 different forms that you must sign in order to receive repairs from NYC Rapid Repairs.

1. Right of Entry Form

This form gives NYC Rapid Repairs (government employees and contractors) the legal right to:

- Enter your home and property to inspect for damages, and
- If you choose to continue participation, make repairs that are covered under the NYC Rapid Repairs program.

NYC Rapid Repairs teams cannot inspect or make repairs unless you sign the Right of Entry form. The form is required by FEMA.

Okay, but this form is three pages! What is the fine print?

You must read the form carefully. However, some of the items in the form include (but are not limited to):

- ALL inspections and repairs done by the NYC Rapid Repairs teams are at NO COST to you, the homeowner.
- This form is valid for 90 days unless cancelled by the homeowner (see page 3 of the form). If you decide after the teams inspect your home that you do not want to have them make any repairs, you should sign this page.
- You are waiving any claims, and indemnifying the Federal, State, and City government and their contractors against any loss, damage, or destruction to the home or items in the home, or injury or death to people on the property, due to work under this program.
- The Contractor may share any information it collects with other parties – such as government agencies and Contractors – in order to inspect and repair your home. The City and the Contractor will not share this information with parties outside the NYC Rapid Repairs program.

2. Statement of Work Limitations

Federal guidelines limit the types of repairs that can be made under the NYC Rapid Repairs program. The program is intended to make limited repairs to allow you to live in your home with safe power, heat, and hot water. Your home may require additional repairs that are not covered by this program and by signing this document, you understand these limitations.

Visit NYC.gov, call 311, or visit a Restoration Center for more information.

3. Work Order

After the contractor inspects your home for damages, they will review the list of repairs to your home that are covered under the NYC Rapid Repairs program. You should review every item on this work order. The contractor can help explain these items to you.

If you would like to have the NYC Rapid Repairs contractors make these repairs, you must sign this form. The contractor will not make any repairs that are not listed on the form.

If you do not want the NYC Rapid Repairs contractors to make these repairs, do not sign this form. You must also sign the cancellation of the Right of Entry Form (page 3 of that form).

* * *

REMEMBER, these forms only authorize people with an official NYC Rapid Repairs ID to enter your home and make repairs. If someone comes to your home and you are not sure if they are part of NYC Rapid Repairs, call 311.

Pursuant to the terms set forth in SFL §165-a and GML §103-g, a person engages in investment activities in the energy sector of Iran if:

(a) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or

(b) The person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created pursuant to paragraph (b) of subdivision three of Section 165-a of the State Finance Law and maintained by the Commissioner of the Office of General Services.

A bid or proposal shall not be considered for award nor shall any award be made where the bidder or proposer fails to submit a signed and verified bidder’s certification.

Each bidder or proposer must certify that it is not on the list of entities engaged in investment activities in Iran created pursuant to paragraph (b) of subdivision 3 of Section 165-a of the State Finance Law. In any case where the bidder or proposer cannot certify that they are not on such list, the bidder or proposer shall so state and shall furnish with the bid or proposal a signed statement which sets forth in detail the reasons why such statement cannot be made. The City of New York may award a bid to a bidder who cannot make the certification on a case by case basis if:

(1) The investment activities in Iran were made before the effective date of this section (i.e., April 12, 2012), the investment activities in Iran have not been expanded or renewed after the effective date of this section and the person has adopted, publicized and is implementing a formal plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran: or

(2) The City makes a determination that the goods or services are necessary for the City to perform its functions and that, absent such an exemption, the City would be unable to obtain the goods or services for which the contract is offered. Such determination shall be made in writing and shall be a public document.
