GRANT FUNDED

JVN #81607115769FSM CITYWIDE JOB VACANCY NOTICE

Civil Service Title: Computer Systems Manager	Level: M-I
Title Code No.: 10050	Salary: \$45,758 - \$100,738
Office Title: Director of Quality Assurance and Control	Work Location: 22 Cortlandt Street, New York, NY
Division/Work Unit: Division of Financial & Strategic Management Bureau of Informatics and Information Technology (Informatics & Development)	No. of Positions: 1
Hours/Shift: Full-time	Position (s)#: 722020

DIVISION/PROGRAM DESCRIPTION:

The nation's leading local health department seeks a motivated and dynamic IT Network Infrastructure professional to join its award-winning, innovative technology team in revolutionizing public health IT. The New York City Department of Health and Mental Hygiene (DOHMH) uses the latest technologies and enterprise wide application solutions in its groundbreaking work to promote and protect New Yorkers' health and improve DOHMH's business operations.

The Bureau of Informatics and Information Technology's award winning work ranges from mobile computing to in-house development to Bioterrorism surveillance. BIIT provides DOHMH's 6,500 staff in 50 locations with application development, network and technology services, IT security, help desk, business process reengineering and IT project management. IT team members develop their ability to use cutting edge technologies including Service-Oriented Architecture (SOA), J2EE development, middleware, Enterprise Service Bus (ESB) products, virtual data center solutions (including high-end SANs), Enterprise Content Management (ECM) and Business Process Management (BPM) solutions.

JOB DESCRIPTION:

Under the direction of the Assistant Commissioner/Chief Software Architect within the Bureau of Informatics and Information Technology (BIIT), the Director of Quality Assurance and Control will be responsible for overseeing all aspects of the Quality Assurance and Control unit, including, but not limited to: supervising QA analysts, writing and/or updating QA templates, ensuring that the Unit completes functional tests of applications within the appropriate timeline, and participating in director-level planning and review sessions. The Director of Quality Assurance and Control will participate in requirement and design review meetings, and will work with the team of QA analysts to prepare test plans, test cases and scripts for Functional Regression, Load, Stress and Performance testing using Mercury Testing Suite. The prospective employee will be required to report to management on the progress of the unit, function as a liaison between Quality Assurance and the other units within Informatics and Development, and perform other special projects as necessary.

PREFERRED SKILLS:

The preferred candidate will possess: a minimum of five years of managerial experience; proven track record with coordinating Quality Assurance testing on web-based applications; familiarity with Mercury Testing Suite; excellent interpersonal, analytical, verbal and written communication skills.

QUALIFICATION REQUIREMENTS:

- (1) A Master's degree in computer science from an accredited college and three (3) years of progressively more responsible, fulltime, satisfactory experience using mainframe, mini- or micro-computer technology in computer applications programming, systems programming, computer systems development, data telecommunications, data base administration, or planning of data processing, **at least 18 months** of this experience must have been in an administrative, managerial or executive capacity in the areas of computer applications programming, systems programming, computer systems development, data telecommunications, data base administration, or planning of data processing or in the supervision of staff performing these duties; **or**
- (2) A Baccalaureate degree from an accredited college and four (4) years of experience as described in "1" above; **or**
- (3) A four-year High School diploma or its educational equivalent and six (6) years of experience as described in "1" above; **or**
- (4) Education and experience equivalent to "1", "2" or "3" above. **However, all candidates must have at least a four-year high school diploma or its educational equivalent and must possess at least three years of experience as described in "1" above, including the 18 months of administrative, managerial, executive or supervisory experiences as described in "1" above.**

NOTE: The following types of experience are **not** acceptable: superficial use of preprogrammed software without complex programming, design, implementation or management of the product; use of word processing packages; use of a hand held calculator; primarily the entering or updating of data in a system; the operation of data processing hardware or consoles.

NOTE: IF YOU WERE EDUCATED IN A FOREIGN SCHOOL, YOU MUST SUBMIT A FOREIGN DEGREE EVALUATION WITH YOUR RESUME.
