

OVERVIEW

Neighborhood 360⁰ Fellows help community-based organizations complete commercial revitalization projects and connect local stakeholders to city resources. The fellows are paid by the NYC Department of Small Business Services (SBS) and are full-time community development professionals, community organizers, or planners. We aim to build a network of leaders prepared with commercial revitalization expertise and experience in New York City neighborhoods.

REQUIREMENTS

ELIGIBILITY

We are looking for **Fellows** who meet these minimum criteria:

- New York City resident (within 90 days of the start date)
- One or more year(s) of community outreach, organizing, and/or planning experience
- Familiar with the placement neighborhoods. The 2017-2018 placement sites have not yet been selected.
- Additional required and preferred skills will be outlined for each project once the placement sites are selected.

We are looking for **Host Sites** that meet these minimum criteria:

- Nonprofit community-based organizations (Business Improvement Districts, local development corporations, merchant's associations, and others) operating in New York City and incorporated in New York State
- Able to assist in recruiting candidates and interviewing finalist fellow applicants from January - April 2017
- Able to provide the fellow with a desk and supporting equipment (i.e. computer and access to organization's phone)

PROJECT SCOPE

Neighborhood 360⁰ Fellows are placed in New York City community-based organizations for about 10 months to implementing impactful commercial revitalization projects and better connect your stakeholders to City resources. In the application, potential host sites are asked to present a project a fellow would be able to implement over the course of the 10 months. Types of projects include:

Business Attraction/Retention: Attract new and/or retain businesses to maintain the retail mix of a commercial corridor to better serve the community and reduce the retail vacancy rate.

Merchant Organizing: Lead the strategic planning, outreach, and organizing efforts to create a new or revitalize an existing merchants association.

Placemaking: Cultivate a sense of place that capitalizes on the unique characteristics of the commercial corridor, incorporating key traits of the neighborhood and activating public space for the community.

Projects

An overview of the available projects for the 2017 – 2018 Neighborhood 360° Fellows cohort can be found on www.nyc.gov/360fellows. An overview of the projects from the inaugural cohort of Neighborhood 360° Fellows is also [accessible here](#). Here is what a host site supervisor from the 2016 – 2017 cohort had to say:

“The Neighborhood 360° Fellows program has been a tremendous asset for our organization. We are in the process of implementing initiatives we always wanted to but couldn’t due to capacity.”

– *Artineh Havan, Executive Director of Grand Street Business Improvement District*

FELLOWS RESPONSIBILITIES

Program Participation: All fellows are expected to attend and come prepared for all fellowship activities:

1. Three-week orientation training (June 5 – 23, 2017)
2. Monthly Learning Days
3. Mid-term and closing presentations

Execution of Projects: To ensure each fellow is able to effectively engage all stakeholders and execute their fellowship project, fellows will work with their host site supervisor to develop and agree to work plan that defines the expectations of the project, familiarize themselves with the neighborhood and community stakeholders, connect small businesses on their corridor to resources available through the City agencies and their host site, and develop a Corridor Tour of their neighborhood.

Reporting: All fellows are required to report on their activities, outcomes, and engagement with businesses, as well as participate in check-in calls with the Program Manager.

HOST RESPONSIBILITIES

Supervision of Fellow: All organizations must provide a workspace at their organization, monitor the progress of a fellow’s project, and verify the fellow’s weekly hours worked. Fellows are paid by SBS, and the host site supervisor must submit timesheets to SBS on a weekly basis. Host organizations are also asked to provide a mentor to their fellow to help in the individual’s personal and professional development in the field.

Program Participation: To ensure the selected fellow is the best fit for the project, organization, and neighborhood, all organizations will work with SBS to define the needs of the project and interview final fellow candidates; introduce their fellow to community stakeholders and assist fellows to plan a Corridor Tour; and participate in kick-off, mid-term, and closing events.

Reporting: All organizations will have regular check-ins with SBS, review fellow progress reports, and have an exit interview with SBS.

PROGRAM BENEFITS

By participating in the program as a...

Neighborhood 360⁰ fellow, you will have access to a variety of benefits. Following are some of the main benefits of the program.

- **Paid learning experience:** Fellows will take part in trainings and site visits focused on professional development and commercial revitalization. All SBS trainings are paid work days.
- **Lead substantive community projects:** Fellows will be full-time project managers or associates with their host sites and implement important neighborhood and commercial revitalization projects. The full list of project descriptions for the 2017 – 2018 cohort is available on www.nyc.gov/360fellows.
- **Network connections:** As a fellow, you'll join a network of professionals with an interest in local economic development and urban planning. You will also connect with various community-based organizations working in New York City neighborhoods and City agencies through training days.

“As Fellows, we meet with and learn from people who are leading the way in revitalizing neighborhoods throughout all five boroughs. We gained insight into strategies and best practices for enacting positive changes on a local level and enabling small businesses to launch, grow, and thrive.”

–Ilana Teitel, Neighborhood 360⁰ Fellow with Central Astoria LDC

Neighborhood 360⁰ Fellows host site, you will have access to a variety of benefits. Following are some of the main benefits of the program for host site organizations.

- **Project recruitment assistance:** SBS will work with all selected host organizations to identify and then meet the human capital needs for the scoped commercial revitalization project.
- **Mission-critical capacity:** The fellows program provides a free, full-time project manager or associate to implement important neighborhood and commercial revitalization projects.
- **Top, qualified performers:** The Neighborhood 360⁰ Fellows program recruits talented applicants from diverse academic and professional backgrounds to ensure your organization is connected with the best candidate for your project needs. Fellows are engaged in trainings to boost their knowledge of key community stakeholders and community organizing skills, which exposes fellows to commercial revitalization strategies and resources for the commercial area and host organization.
- **Network connections:** As a host site organization, you'll join a network of other community-based organizations who understand the importance of great leadership and talent. We convene host organizations during kick-off, mid-term, and closing events.

“The training our Neighborhood 360⁰ Fellow receives at SBS has brought an added value to the organization. She has current information about SBS services and trends and numerous connections.”

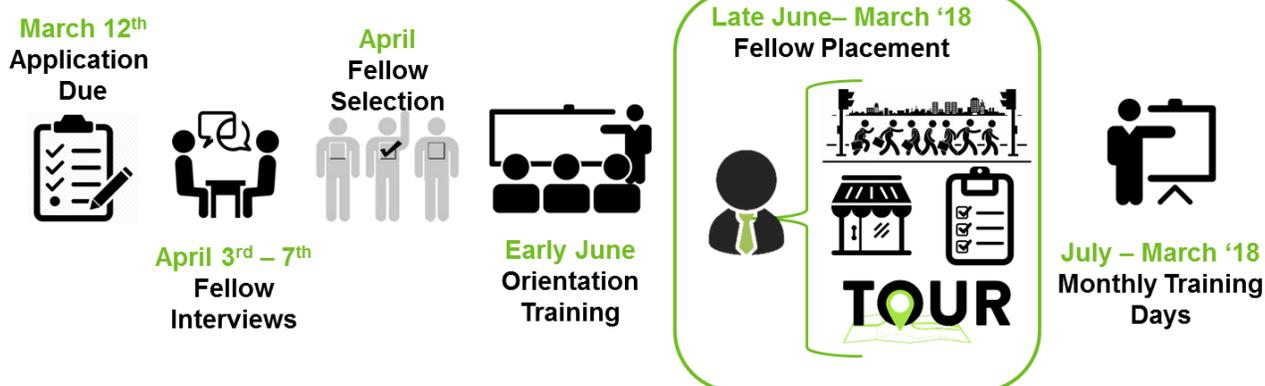

– Lowell Herschberger, Director of Career and Education Programs for Cypress Hills LDC
