### *A Quick Reference Guide for Viewing and Using Excel Lists of TLC Current Licensees that can be found on the TLC Website*

The New York City Taxi and Limousine Commission has valuable information available on its website. TLC rules, application forms, Industry information and Frequently Asked Questions (FAQs) are among the useful pieces of material readily available at the click of the mouse.

In addition, the TLC uploads DAILY lists of all our current licensees by license type in Microsoft Excel. These lists can be opened/viewed and also downloaded/saved by anyone visiting the website.

Using the TLC list of Current Licensees, you can verify the current status of a TLC-licensed entity with just a few simple steps.

*IMPORTANT FOR BASE/BUSINESS OWNERS:* You can use these lists in lieu of the current Licensee Link portal. In fact, they give you even more information because your Licensee Link does not allow you to view the license status of Drivers, but you can download a Drivers List from the website. Using these lists will allow you to do a comprehensive search of all your drivers and vehicles before you dispatch them to provide service to the riding public.

**So remember** - downloading lists on a daily basis of current licensees will allow base owners, managers and vehicle owners to have the most up to date list (as of the close of business the prior business day) of TLC licensed business entities, vehicles and drivers.

Please note - these lists only include those TLC licensees who are allowed to provide services as of the prior business day. Anyone not on these lists should not be operating unless their status has been confirmed.

**So let's take a minute to walk through the steps to access the Current Licensees and Open Summonses for TLC Licensees lists. Please go to the next page for a step-by-step explanation of how to access these lists on your home or work computer.**

You will now be on a page of the TLC Website, which is headed "CURRENT LICENSEES"

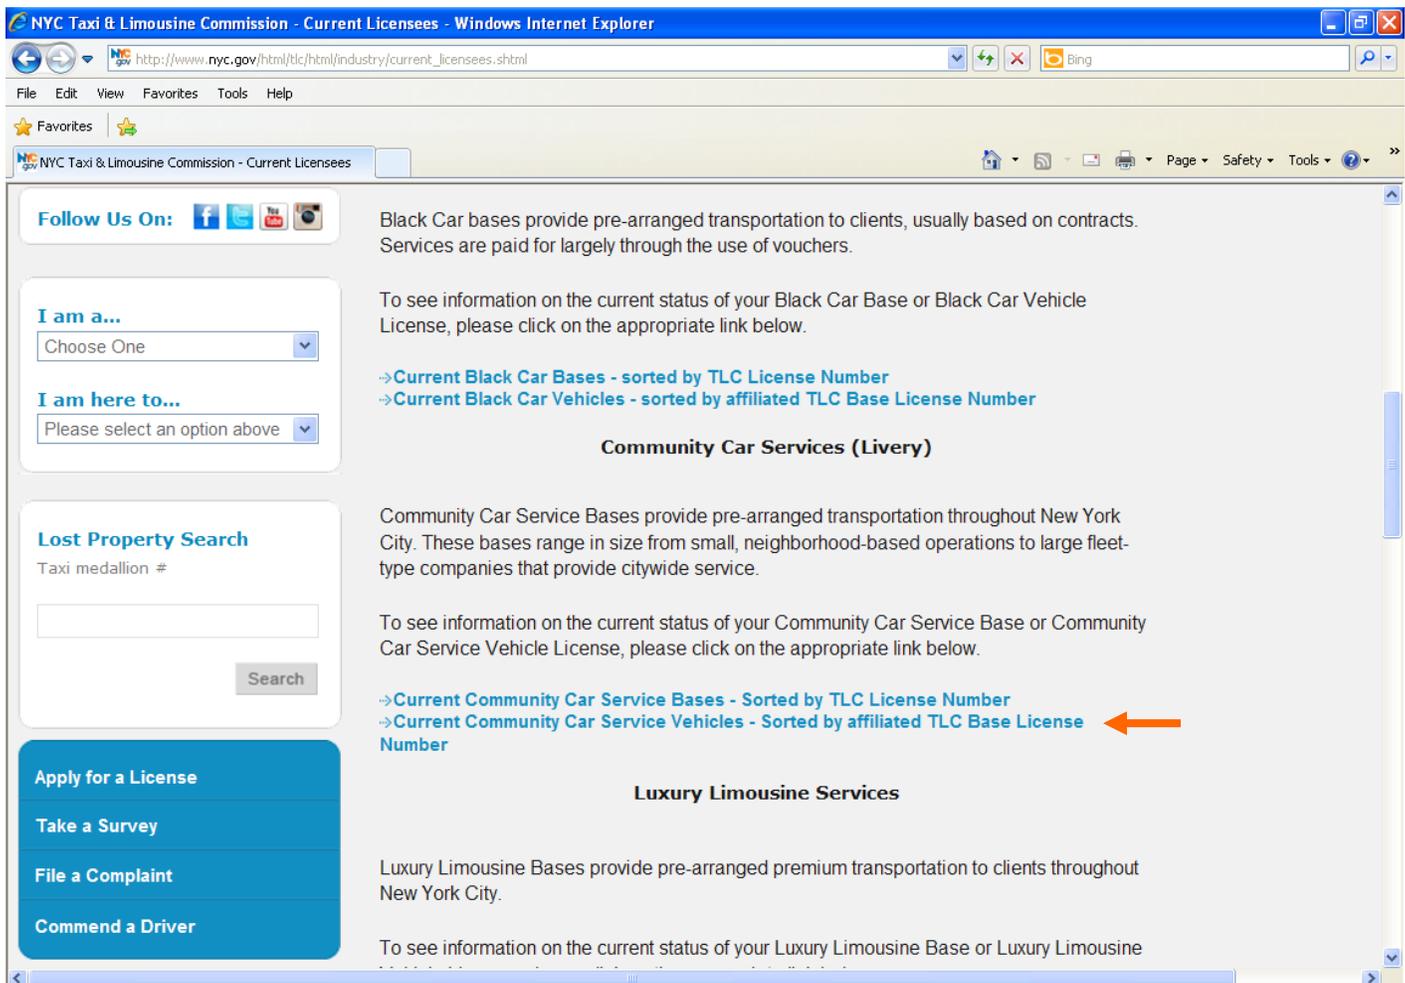

You can also reach this page directly by entering

[http://www.nyc.gov/html/tlc/html/industry/current\\_licensees.shtml](http://www.nyc.gov/html/tlc/html/industry/current_licensees.shtml) into your web browser.

The screenshot shows a Windows Internet Explorer browser window displaying the NYC Taxi & Limousine Commission website. The address bar shows the URL: [http://www.nyc.gov/html/tlc/html/industry/current\\_licensees.shtml](http://www.nyc.gov/html/tlc/html/industry/current_licensees.shtml). The website header includes the NYC logo and navigation links for Residents, Business, Visitors, Government, and Office. The main content area features a yellow banner for "Current Licensees" with the following text: "TLC licensees that are current and allowed to provide service are listed below. The data in the files listed below was last updated on **Thu Jan 10, 2013 at 03:47 PM.**" Below this, a warning states: "A licensee **cannot provide service** unless BOTH the TLC license and DMV license (for drivers) and the DMV registration (for vehicles) is in good standing. For New York State (NYS) licensed drivers and NYS registered vehicles, you may confirm that the DMV license/registration is neither suspended nor revoked by reviewing the list on [Check your NYS DMV Status](#); any licensee on these lists cannot provide service." A "Please note" section follows, explaining that the NYS DMV Status link is current as of yesterday. A section titled "For-Hire-Vehicle (FHV) Drivers" defines them as individuals licensed to operate black car, community car, and luxury limousine vehicles. A sidebar on the left contains navigation links such as "Home", "About TLC", "TLC Rules and Local Laws", and "Licensing/Industry Information". A "Taxi News" sidebar on the right contains a snippet about taxi owners retiring.

On this page choose the list you would like to open or download and save.

For the purposes of this demonstration, we are going to open and save the list titled: **Current Community Car Service Vehicles – sorted by affiliated TLC base License number**

Once you click the link to access the list needed you will see a popup similar to the one below. The file must be saved to your computer to access the Excel functions of the list. SO PLEASE CLICK SAVE (and choose the destination on your computer to which to save to).

**Please note –**

- The file changes each business day (before saving you may want to add the date of your download to the file name (e.g. current\_community\_car\_service\_vehicles\_01.10.13).
- The data in the list is only of licensees who are in a current status. Licensees that are suspended or have been revoked are not on these lists and should not be used until their status is verified.

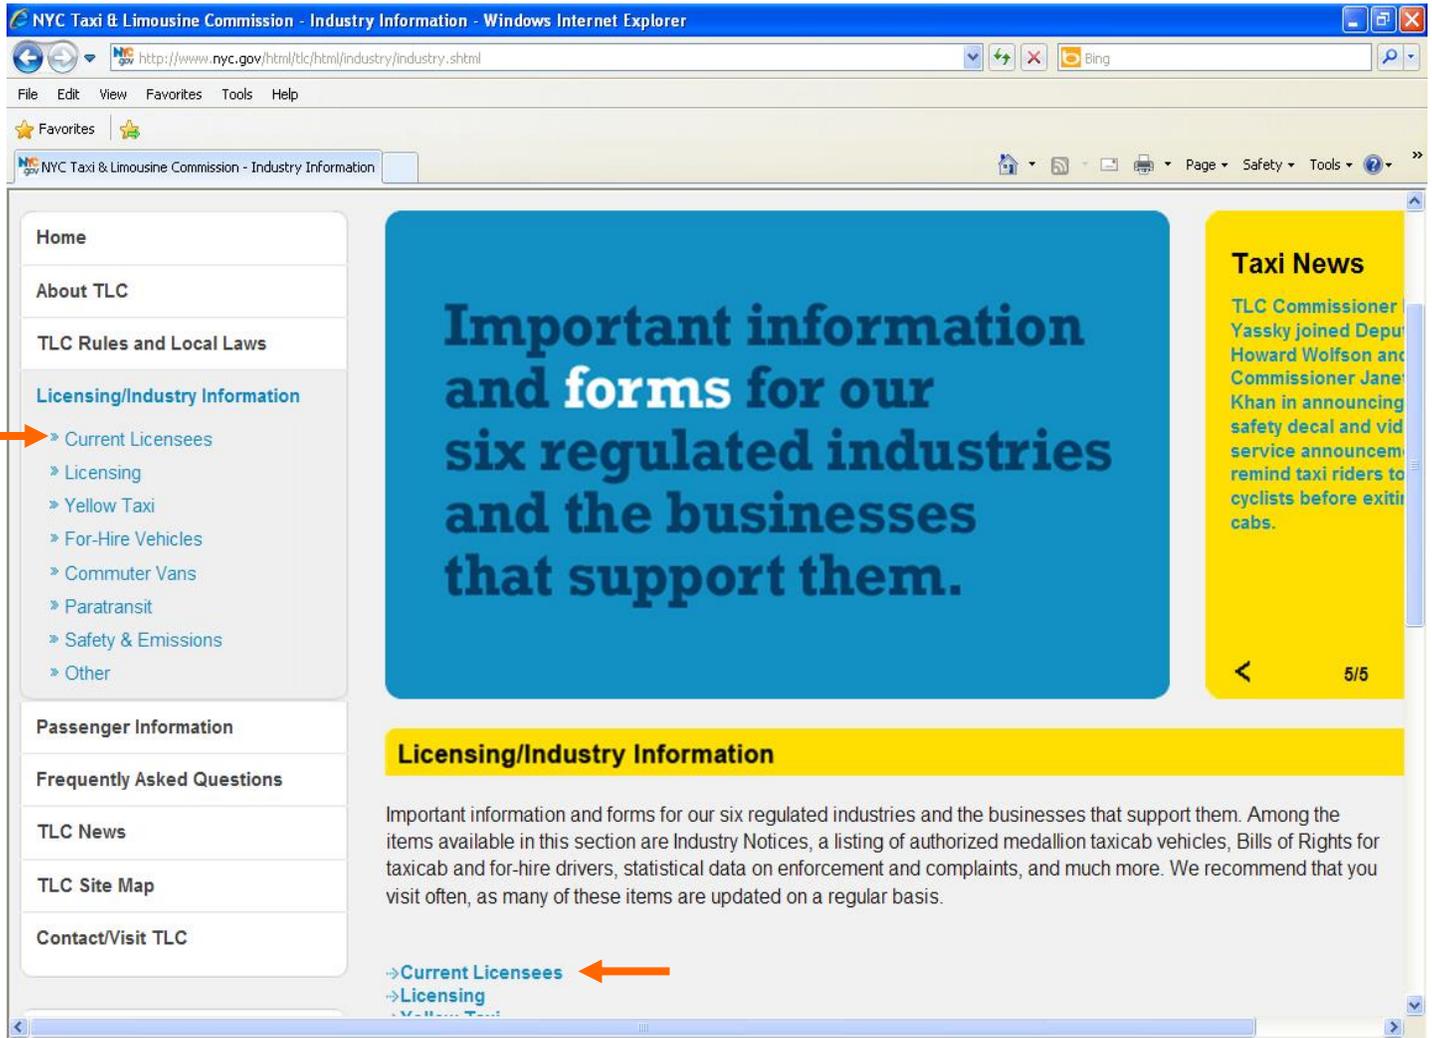

Once the list has been downloaded you can open directly through Excel and use the functions of Excel, or transfer the data to another application such as Microsoft Access to create reports, etc.

Through Excel you have the option of using the Edit/Find function to enter a specific License Number, VIN, DMV License Plate, etc to locate the information for a current licensee.

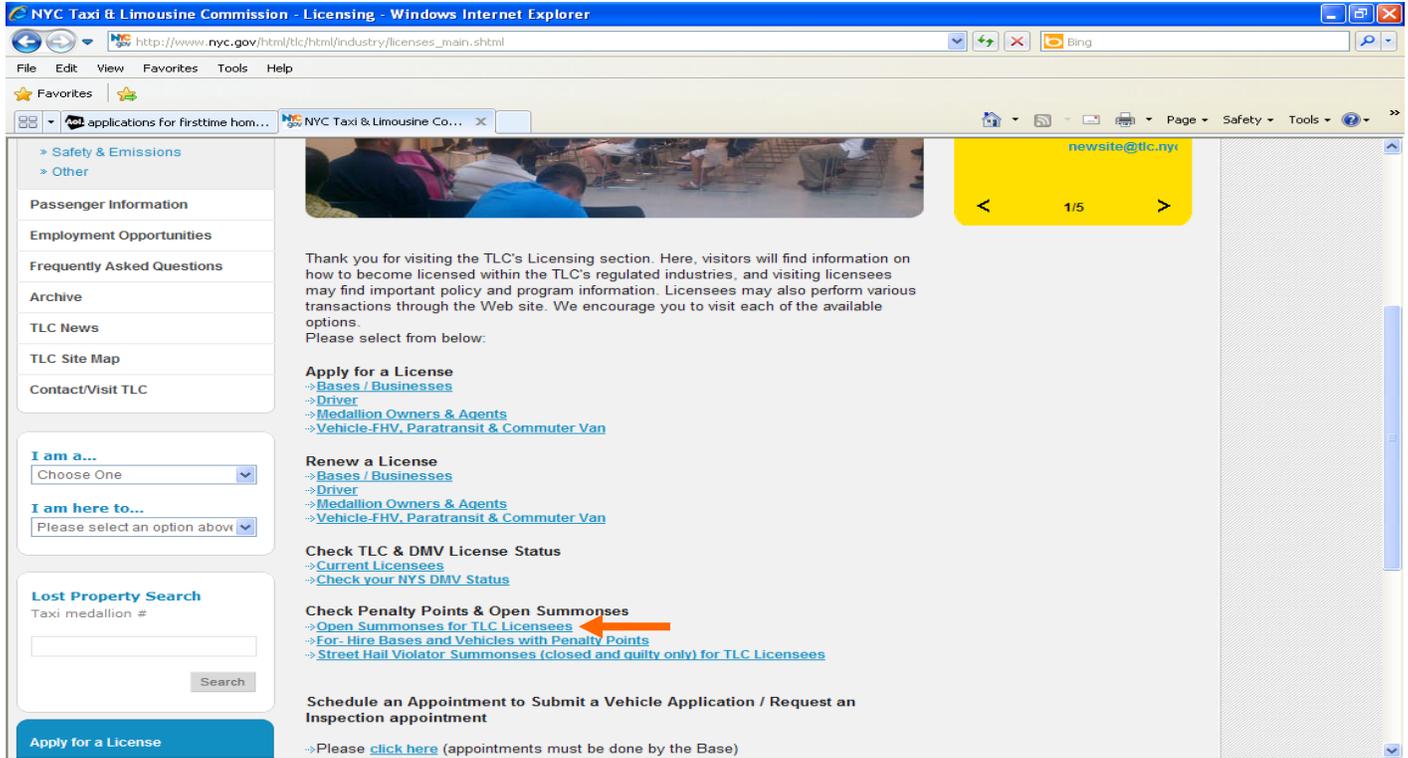

Below is a screenshot of a portion of the downloaded list.
