

Industry Notice # 07-12  
For Immediate Release

June 18, 2007

**REMINDER: RUNNING BOARDS REQUIRED  
FOR IN-USE AND NEWLY HACKED-UP SUVs**

The New York City Taxi and Limousine Commission (TLC) today reminded the owners of all Sports Utility Vehicles (SUVs) in use as New York City medallion taxicabs that, as per Taxicab Specifications (specifically, 3-03.1(8)), running boards must be installed.

If the running board is not installed at the time of the hack-up, the vehicle will be given a 10-day Notice to Correct. Vehicles found not to be in compliance at the time of their scheduled inspection will also be given a 10-day Notice to Correct.
