**Industry Notice # 07-28
For Immediate Release**

December 27, 2007

Important Notice:
GARDEN IN TRANSIT PROJECT
OFFICIALLY ENDS JANUARY 1, 2008

The New York City Taxi and Limousine Commission (TLC) wishes to thank all medallion taxicab owners and operators that participated in the *Garden in Transit* project – a wonderful community volunteer project that helped celebrate the taxicab’s centennial alongside the TAXI 07 initiative. At this time, the TLC wishes to inform all participants that the project will officially end as of 11:59 p.m. on December 31, 2007.

All *Garden in Transit* decals should be removed as of January 1, 2008. The TLC’s Safety and Emissions division will be checking vehicles to ensure that the decals are removed at the time of each vehicle’s regularly scheduled inspection.

Please visit the *Portraits of Hope* website for removal instructions at:

<http://www.portraitsofhope.org/git/RemovalInstructionsPOH.pdf>

Again, thank you to all participants! Along with the more than 23,000 student volunteers who painted the project’s flowers, you have made New York City’s taxi fleet bloom in a fun way that has been recognized around the world!
