Matthew W. Daus, Commissioner/Chair

**Industry Notice #08-06  
For Immediate Release**

**April 8, 2008**

**ATTENTION: TAXI TECHNOLOGY CUSTOMERS:  
SELECT YOUR NEW TAXICAB TECHNOLOGY PROVIDER**

-----  
**TECHNOLOGY EXPO SCHEDULED FOR APRIL 25**

The New York City Taxi and Limousine Commission (TLC) will hold a Taxicab Technology Expo at its Woodside Safety & Emissions facility (24-55 BQE West, Woodside, NY 11377) on April 25, 2008 from 1 p.m. to 5 p.m. By that time, your contracts with Taxicab Technology Corp. ("Taxi Tech") would have been terminated.

Therefore, at the Expo, you will be free to choose a new taxicab technology provider from among the following three authorized vendors: Creative Mobile Technologies, LLC; Digital Dispatch Systems Inc. or VeriFone Transportation Systems Inc. d/b/a Taxitronic. The TLC will give you a new deadline to sign a new contract with a provider.

**The new provider can charge you a different price and offer different terms than Taxi Tech gave you. You should talk to all the vendors to decide which one works best for you.**

The contact information for the other technology providers is:

Creative Mobile Technologies (CMT)            718-349-7700

Digital Dispatch Systems (DDS)            718-361-2345

VeriFone Transportation Systems (VTS)    718-752-1656.

If you have questions about your Taxi Tech contract, please call the TLC at (212) 227-6324.
