**Industry Notice # 08-19
For Immediate Release**

December 10, 2008

VEHICLE REPLACEMENT EXTENSION FOR CERTAIN MEDALLION TAXICABS

The New York City Taxi and Limousine Commission (TLC) today announced that the owners of medallion taxicabs that are still in service, but were scheduled for replacement from October 1, 2008, to December 18, 2008, may remain in service until December 19, 2008.

These vehicles must be presented at the TLC's Woodside Safety & Emissions facility for their regularly scheduled vehicle inspections, and if the vehicle passes inspection, they may postpone the vehicle's replacement until December 19, 2008.

There may be further updates to this notice, so industry members are encouraged to check the Industry Notices section of the TLC's web site (www.nyc.gov/taxi) frequently, and also to sign up for automatic e-mail updates at:
