TLC DELAYS IMPLEMENTATION OF CRASH TEST REQUIREMENT FOR TAXICAB MODELS

Taxi and Limousine Commission (“TLC”) rule 67-04(b) provides that any model currently approved for use as a Taxicab and all Taxicab Candidates must be crash tested no later than December 31, 2014 with a partition installed. TLC will postpone by one year the crash test requirement while considering supplementing or amending the rule to facilitate general compliance.

Note: the crash test requirement will NOT apply to any vehicle Hacked-Up as a Taxicab prior to December 31, 2015.
