CHORUS:

What's Bubblin' in Dublin?
What's Bubblin' in Dublin?
Everybody get get get Jumpin'

[Repeat CHORUS]

Everybody knows that Dublin is cool
If you don't drink it up then you must be a fool
The city was found by a bunch of Vikings
The land is beautiful you can even go hiking
Chill on the banks on a river called Laffy [sic]
Have a piece of gum or maybe a taffy

Everyday is St. Patrick's Day
We go on the streets to play
You can find a four leaf clover
Or a little leprechaun just sitting on your shoulder
Walk around the cities, see some castles
Everywhere you go take a trip to the past, yo

This is Ireland, the home of the firemen
Now let's go check out a nice cathedral
Have some fun with my Irish people

CHORUS x2

Listen to the fiddle and do a little Jig
You never want to leave it's the perfect place to live
The grass is green and the sky is blue
Let's go outside and check the view
Don't be shy just give me a kiss
Haven't you heard it's the luck of the Irish

In a land that's filled with history
You know that it's the place to be

Bring your brother and your mother
and your sister too
Bring your father along, there's plenty of room
Get a plane ticket there, now on sale
Cash or credit you will never fail

Get to the airport, be on time
If you show up late you will be stuck on line

Bring your passport if you want to get in
See you there, let the fun begin!
