

This is an important message for New York City residents presented to you by Abbi Rogers-Haff. I am the Candidate for New York City Council District 9.

Many of you know me from the community. I am a fifth generation "Harlemite" residing in Central Harlem.

My campaign is issue driven and designed to solve problems in District 9 and every community in New York City. This includes but is not limited to:

"The rent is too darn high."

Implement policies to create employment opportunities in our neighborhoods.

Create plans for small businesses to remain in our communities.

Improve the system for education, healthcare, and public safety.

Far too long, the City Council established ineffective ideas, policies, misappropriated City funds, served the

public in a manner of misconduct and engaged in wasteful spending and corruption.

Members of the City Council have dropped the ball.

My professional experience in business and administration, undercover white-collar crime investigation, years of negotiating government contracts from the other side of the table makes me the prime candidate to serve on City Council.

I cannot do this alone. I need your support to make this happen.

Vote for Abbi Rogers-Haff, City Council District 9, to empower you to create better opportunities for our families and future generations.

Together we can ring in a new era of responsible City government to improve the quality of life for the residents of the City.
