

I am Ruben Vargas, New York City Council candidate for the 10th District. Every resident of this District has the potential to improve the community, as no one knows what the people need more than the people themselves.

A brighter day for any community is one where every person matters and problems are foreseen and prevented. One where the elected officials are full of trust and compassion. That is who I will be. I will be a servant with an open mind ready to be a voice for everyone.

I am Ruben Vargas; conversely to what the majority of the people come to our nation I did not come to pursue the American dream. I came in search for the challenge that only a country rich in diversity can offer. And most of all, I came here to serve.

I have served for 23 years in the military and I have served for the municipal government for more than 20 years. And now it is the time for me to serve the community as a legislator, especially a community that needs a legislator whose decision making be based solely on the need of the people rather than the need of a boss of a political party. Ruben Dario Vargas will be that legislator.

If I were to have the honor of being your City Councilman, I will make every effort to provide equal opportunity of success for everyone. Our children will get the desired quality education, and the people of the third age will get their fair share.

Becoming a Councilmember will enlarge my abilities to provide inspiration, motivations and leadership to the people of good will and tirelessly work with these people for the construction of a better

society, a society of fairness and justice
for all without exceptions.

I am Ruben Dario Vargas. With your
vote I will be your City Councilmember from
the 10th District.

Thank you.
