

Hi. I am Councilmember Julissa Ferreras and I'm running for reelection to represent the people of Corona, East Elmhurst, Elmhurst and Jackson Heights.

Last February my friends and neighbors in the 21st District elected me to fight for them. Now I need your help to continue the work that I've begun.

In just six months in office, I have taken on unscrupulous landlords who try to take advantage of the people in our community. I have opposed the City's plans to close senior centers and cut day care programs, and I have fought to support the important work of the local groups, from baseball leagues to libraries, that make our communities better.

For those of you who know me, my work thus far shouldn't be a surprise. When I ran for this seat in February, I promised to

bring the same tenacity and drive to the City Council that I showed as an advocate for young people in our District, as a leader in the Corona-East Elmhurst NAACP, and as a community organizer.

In just six short months I believe I've demonstrated the sort of leadership that the people of the 21st District need and deserve.

Of course, there is still more to be done. We need someone in the City Council who will fight to give parents a greater say in the education of their children, who will push the City to build more affordable housing, and will support the small businesses that make our neighborhoods vibrant and strong. As a life long resident of the District, I'm sure that no one knows what we need better than I do.

I have worked hard for this District all of my life, and on Election Day, I hope

I can count on your support and vote to  
continue the work that I do for you.

Thank you.
