

Hi. I'm Democrat Karen Koslowitz and I am running for City Council in the 29th District. As your next City Council Member, I will fight for the needs of constituents from education to seniors to quality of life issues. During these difficult financial times we need a fighter in the City Council who has the right experience and judgment to protect the interests of our families.

I can do the job again because I have done it before. As your City Council Member from 1991-2001, I led the fight for stronger public education, better services for seniors, and increased funding for parks and libraries. I am proud to have supported the senior citizen rent increase exemption, required safety belts on school buses and made movie theaters handicapped accessible.

To improve our quality of life, I led activists in a successful campaign to shut down a strip club on Austin Street. I

worked to strengthen public safety through safe streets-safe cities legislation which decreased crime.

I know that there is more to be done and that's why I am running for City Council. From day one I will use my knowledge as a Council Member along with my experience as Deputy Borough President of Queens to best serve the residents of this District. I will fight for parents to have a greater say in their children's education. I will work to bring back needed services for seniors. I will make sure that the 29th Council District gets the funding and services that it deserves from City Hall.

Times are tough but making the right decisions such as cutting waste, fraud, and abuse will allow us to have a more efficient City government and protect those who need its services the most.

Please join me in this fight by
visiting my website at karenforcouncil09.com

Thank you.
