

Hi, I'm Lou Grays.

The time for change is here.

I think that this is the moment for change. I'm a retired high school teacher who has taught at Springfield Gardens and Andrew Jackson High School for over 27 years.

I currently serve on Community Board 12 Advisory Board and as a City and State board member of ACORN, I have fought against foreclosures to keep people in their homes as a home defender. ACORN members stand up for the little guy. We also registered 1.2 million new voters who helped elect President Obama.

Don't let anyone tell you we aren't ready for change. I stand for change, change for the better. We know that it isn't enough to just say that you've had

enough. You must vote like you've had
enough. Vote for change.

Are you ready for change in New York
City? I'm running for City Council and if
you're tired of the last eight years of this
City's administration, vote for me.

Here unemployment is at an all time
high. The City's top elected official and
the City Council want four more years. We
shouldn't give anyone, including the Council
Members who voted for a term extension, four
more minutes.

The mayor's office is trying to place
tolls on every bridge and tunnel, pay
parking meters on Sunday. They just raised
sales taxes and train fares again. Schools
in our neighborhoods are closing and half
the students don't graduate on time or not
at all.

The Mayor's Office says that crime is going down. Not in the Grays family. Last year on Friday, October 3rd, at 8:30 p.m., my son Raheem Grays was gunned down, killed in his barbershop, in a botched armed robbery. City Hall, tell his grieving mother, sisters, and thirteen-year-old daughter crime is down. Tell his over 300 friends and family members that attended his funeral that crime is down.

We need jobs, new industries and better schools in our communities.

So let it be said that in Far Rockaway, Springfield Gardens, Laurelton, and Rosedale, if you really want change, change you can believe in, vote for Lou Grays for City Council.

Thank you.
