

Hello. My name is Frederick Lewis, and I want to be your next New York City Council representative. I need your support and your prayers.

I know government. I know how it operates. I have worked in every legislative body in New York State including the Senate, Assembly, City Council, the Manhattan Borough President's office, and the New York City Office of the Public Advocate. I have held management positions in each office.

I have worked in presidential, mayoral, and local legislative campaigns. I have Statewide and Citywide experience.

I have relationships with many current elected officials and, as we know, relationships are important in getting things done. I will be walking into the Council with a plan for the District and the

experience needed to execute it. I will hit the ground running instead of using my first term learning the job!

I'm a firm believer that you make a living from what you get and you make a life from what you give.

Please tell your friends, your family members, and your neighbors to come out and vote for me. It's our time.
