

Hello. My name is Prince Lewis. I'm running for City Council for the 42nd Councilmanic District.

I'm running for City Council to address the issues that affect our community, issues such as jobs, affordable housing, police/community relations, healthcare, issues that for so long our community has been plagued with and we have been unable to address.

If you give me your vote I guarantee I will be held accountable and responsible, and I will improve the quality of life of the general citizens in the 42nd Councilmanic District.

Thank you. I'm Prince Lewis. I would like your vote for City Council.
