<sup>1</sup>The Average Daily Population is calculated by averaging the daily census population in each detention setting across the reporting period. This data is maintained in the Daily Census Database and current as of August 11, 2018

<sup>2</sup>Detention experience is measured by determining the security settings of where youth admitted during the reporting period were housed during the reporting period; youth not released before the end of the reporting period may experience a new security setting in the next reporting period, but that experience would not be reported.

<sup>3</sup>A youth's race and/or ethnicity is self-reported at the time of admission. If a youth reports any Hispanic heritage, they are classified as Hispanic in this report.

<sup>4</sup>Youth are admitted to detention by the New York City courts, police department, and other justice agents. This information describes youth who initially enter detention following a judicial order or a police arrest. A small number of youth are admitted by other authorities and are not included in this charge-level analysis.

<sup>5</sup>Charge categories reflect groupings of specific penal code charges; except for attempted murder, all attempt-level charges are included in their actual charge category. Pre-petition refers to youth initially admitted to detention prior to the filing of the petition.

<sup>6</sup>Charge information is manually entered into the CJIS database by juvenile counselors based on received police or court paperwork, and reflects the most severe charge listed on the admission paperwork at the time of admission.

Total Youth Admitted to Detention by NYPD by  
 Top Arrest Charge Level<sup>4</sup> for Non-Secure Only Youth

NSD Only Youth Cannot be Police Admits as they would first spend time in Secure Detention.
--

<sup>1</sup>A youth's race and/or ethnicity is self-reported at the time of admission. If a youth reports any Hispanic heritage, they are classified as Hispanic in this report.

<sup>2</sup>Youth are admitted to detention by the New York City courts, police department, and other justice agents. This information describes youth who initially enter detention following a judicial order or a police arrest. A small number of youth are admitted by other authorities and are not included in this charge-level analysis.

<sup>3</sup>Charge categories reflect groupings of specific penal code charges; except for attempted murder, all attempt-level charges are included in their actual charge category. Pre-petition refers to youth initially admitted to detention prior to the filing of the petition.

<sup>4</sup>Charge information is manually entered into the CJIS database by juvenile counselors based on received police or court paperwork, and reflects the most severe charge listed on the admission paperwork at the time of admission.
