Non-Secure Group Home Subtotal	0	0	0	0
Detention Total	54	6	0	6

¹ Physical restraints refer to physical hold techniques included in the Safe Crisis Management System and other non-offensive physical safety interventions.

² Injury is defined as any event requiring medical treatment. Injuries range in severity from simple abrasions to broken bones and fractures. It is the sum of Injury A and Injury B.

³ 'Injury A' includes injuries requiring clinical treatment beyond what could be provided by a layperson with over-the-counter products. Categorization is made by medical staff.

⁴ 'Injury B' includes injuries treatable by a layperson with over-the-counter products such as ibuprofen, antibiotic ointment, etc. Categorization is made by medical staff.

⁵ Mechanical restraints refer to restraints involving the use of handcuffs, shackles, and flex-cuffs.
