

Fiscal Year 2019 GASB 74/75 Report

for the

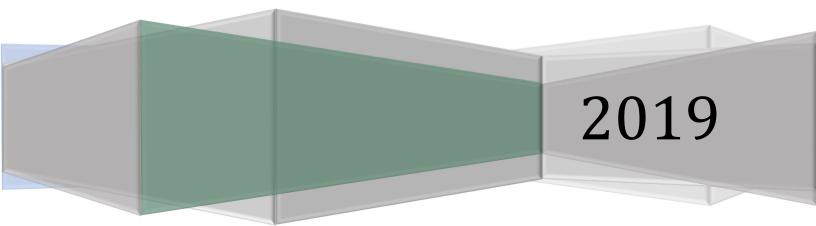

City of New York

and the

New York City Health Benefits Program

PREPARED AS OF JUNE 30, 2018

by the New York City Office of the Actuary

OFFICE OF THE ACTUARY

255 GREENWICH STREET • 9™ FLOOR NEW YORK, NY 10007 (212) 442-5775 • FAX: (212) 442-5777

> SHERRY S. CHAN CHIEF ACTUARY

September 13, 2019

Honorable Scott M. Stringer Comptroller The City of New York Municipal Building, Room 530 One Centre Street New York, NY 10007

Re: Other Postemployment Benefits Valuation Report in Accordance with GASB 74 and 75 (Report)

Dear Comptroller Stringer:

This Report presents the results of the Fiscal Year Ended June 30, 2019 Annual Valuation of the Other Postemployment Benefits (OPEB) provided under the New York City Health Benefits Program (Program). These results, with a valuation date of June 30, 2018 are projected forward to a measurement date of June 30, 2019 to form the basis for accounting and financial reporting under Governmental Accounting Standards Board (GASB) Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* (GASB75), as amended by GASB Statement No. 85 (GASB85), for Fiscal Year 2019 (i.e. July 1, 2018 to June 30, 2019) for the City of New York (City) and certain non-City entities (Component Units).

These results also form the basis for financial reporting under GASB Statement No. 74 *Financial Reporting for Postemployment Benefit Plans Other than Pension Plans* (GASB74), as amended by GASB85, for the New York City Other Postemployment Benefits Plan (OPEB Plan or Plan). Where these results are applicable under both GASB74 and GASB75, the term GASB74/75 is used.

This Report provides the fiduciary net position of the Programs for the City and Component Units, the accounting amounts of the costs to maintain the Programs, and the financial statement reporting and disclosure information for the Plan, the City, Component Units, governmental agencies, and other interested parties.

The results shown herein are based upon:

- The Office of the Actuary's (OA) interpretation of GASB74 and GASB75.
- The OA's understanding of the benefits provided to eligible retirees and beneficiaries.

- The OA's understanding of Health Care Reform (HCR) (i.e. the Patient Protection and Affordable Care Act (PPACA) signed into law on March 23, 2010 and the Health Care and Education Reconciliation Act (HCERA) signed into law on March 30, 2010), as well as the Tax Cuts and Jobs Act, signed into law on December 22, 2017 and the Budget Continuing Resolution, signed into law on January 22, 2018.
- Census data used in the June 30, 2018 pension actuarial valuations of the New York City Retirement Systems (NYCRS)¹ to produce Preliminary Fiscal Year 2020 Employer Contributions and supplemental data provided by the New York City Office of Labor Relations (OLR), the Educational Construction Fund (ECF), and the City University of New York (CUNY) for participants in the Teachers Insurance Annuity Association (TIAA or CUNY TIAA).
- Health insurance premium rates and related financial information for Fiscal Year 2019 provided by OLR.
- Welfare Fund contribution rates as of June 30, 2018, and negotiated increases, lumpsum, and retroactive payments made on behalf of retirees to Welfare Funds for Fiscal Years 2016 to 2019, provided by OLR.
- Certain actuarial assumptions used in the pension actuarial valuations of the NYCRS that were adopted by the Boards of the NYCRS during Fiscal Year 2019. For details, see SECTION VI ACTUARIAL ASSUMPTIONS AND METHODS.
- Additional OPEB-specific actuarial assumptions, as described in SECTION VI ACTUARIAL ASSUMPTIONS AND METHODS.
- Entry Age Normal Cost Method, as described in SECTION VI ACTUARIAL ASSUMPTIONS AND METHODS.
- Financial information provided by the Office of Management and Budget (OMB) and by the administrative offices of the Component Units.
- Information on the Stabilization Fund provided by OLR and OMB.

This Report does not include results for the New York City Off-Track Betting Corporation (OTB). It is the understanding of the Actuary that, effective May 26, 2011, neither the City nor the Plan has any OPEB obligation for current or future OTB retirees.

¹ New York City Employees' Retirement System (NYCERS) New York City Teachers' Retirement System (TRS) New York City Board of Education Retirement System (BERS) New York City Police Pension Fund (POLICE) New York City Fire Pension Fund (FIRE)

The results contained in this Report are not meant for other purposes. In particular, the analysis in this Report is not to be relied upon by employers, retirees, or their representatives for any decisions regarding benefit design. Use of this Report for any other purpose or by anyone other than the City, the Component Units, or their auditors may not be appropriate and may result in mistaken conclusions due to failure to understand applicable assumptions, methodologies, or inapplicability of the Report for that purpose. This Report should not be provided except in its entirety. No one other than the City, Component Units, or their auditors may make any representations or warranties based on any statements or conclusions contained in this Report without the written consent of the OA.

An Actuarial Certification is included in SECTION IV – CERTIFICATION.

Best Regards,

Sherry S. Chan, FSA, EA, MAAA, FCA Chief Actuary

SECTION VIII - SUMMARY OF KEY TERMS	

SECTION I - GASB 74/75 INFORMATION

None of the Component Units (CU) which have obligations included in this Report have separately identified OPEB assets as of June 30, 2019 or June 30, 2018. Since GASB74 applies in cases where there are separate trust or trust equivalents, GASB74 does not apply to OPEB that are the obligations of the CU. Results in this section of the Report reflect only the obligations where the City is directly obligated.

Each of the Component Units are considered single employers for the purpose of recording their OPEB liabilities.

Plan Description

The *New York City Other Postemployment Benefits Plan* is a fiduciary component unit of the City and is composed of: (1) the New York City Retiree Health Benefits Trust (NYCRHBT) which is used to receive, hold, and disburse assets accumulated to pay for some of the OPEB provided by the City to its retired employees, and (2) OPEB paid for directly by the City out of its general resources rather than through NYCRHBT. NYCRHBT was established for the exclusive benefit of the City's retired employees and their eligible spouses and dependents, to fund some of the OPEB provided in accordance with the City's various collective bargaining agreements and the Administrative Code of the City of New York (ACCNY).

Please note that the OPEB valuation results presented in this Report show the value of OPEB in effect during each fiscal year and do not represent an obligation of the City or the Component Units to continue, modify, or eliminate OPEB in the future.

Plan Administration: New York City Office of Labor Relations (OLR) administers the New York City Health Benefits Program which includes the New York City Postretirement Benefits Program (Program), a defined benefit postretirement benefits plan. ACCNY Section 12-126 defines OPEB payable to include Health Insurance and Medicare Part B Premium Reimbursement.

Welfare Fund benefits are provided through Welfare Fund arrangements agreed upon, in most cases, through collective bargaining.

Plan Membership: For the Fiscal Year 2019 OPEB valuation, membership consisted of the following. Comparative values for the Fiscal Year 2018 valuation are also shown.

Membership Status as of Beginning of Fiscal Year (excluding Component Units)	FY 2019	FY 2018
Active plan members	298,123	292,672
Active members off payroll who may become eligible to receive benefits	26,626	22,588
Inactive plan members entitled to but not yet receiving benefits	21,893	15,871
Inactive plan members or beneficiaries currently receiving benefits	237,003	<u>232,770</u>
Total	583,645	563,901

Eligibility and Benefits: See SECTION V – SUMMARY OF PLAN PROVISIONS.

Contributions: The City contributions to fund the OPEB benefits are currently reimbursing the NYCRHBT on a pay-as-you-go basis with the possibility of additional contributions that are intended to build the fund for purposes of paying future benefits. The City is not required to provide funding for the OPEB Plan beyond the pay-as-you-go amounts for benefits to currently eligible retirees and their dependents. During Fiscal Year 2019, the City contributed approximately \$2.7 billion to the OPEB Plan.

Assets: Assets are valued at market value.

SECTION II – ASSETS includes two tables showing the detailed financial position of the Plan as of June 30, 2019 and June 30, 2018. The Statement of Fiduciary Net Position represents assets of the Plan and not the NYCRHBT.

- Table II-a sets forth the assets of the Plan.
- Table II-b sets forth the changes in net assets and includes non-trust activity for Fiscal Years 2019 and 2018.

Asset and other financial information reflected in this valuation for the City and the Plan were provided by OMB on August 16, 2019 and checked for reasonability by the OA.

Key Changes Included in This Valuation

The following key changes were included in the Fiscal Year 2019 OPEB valuation:

• The Fiscal Year 2019 Pension Valuation included changes to several demographic assumptions including retirement, mortality, disability, withdrawal, and salary scale. These new assumptions have also been reflected in this valuation. See SECTION VI – ACTUARIAL ASSUMPTIONS AND METHODS for more information.

- Certain data improvements that were made for the Fiscal Year 2019 Pension Valuation have also been made for this valuation. This includes the inclusion of Code 3 NYCERS members and reclassification of "5-year outs," or certain terminated vested members who stopped accruing City service more than 5 years ago.
- Pre-Medicare and Medicare trend assumptions were updated to reflect a longer gradedown period to the ultimate trend, consistent with recent industry trends and SOA guidance. See SECTION VI – ACTUARIAL ASSUMPTIONS AND METHODS for more information.
- The valuation discount rate as of June 30, 2019 was updated to 2.82% for benefits provided by the City, and 2.79% for benefits provided by Component Units. The valuation discount rate as of June 30, 2018 had been 3.01% for benefits provided by the City, and 2.98% for Component Units. See SECTION VI ACTUARIAL ASSUMPTIONS AND METHODS for more information.

Investments

Rate of Return: The return was 2.18% for the fiscal year ended June 30, 2019. The moneyweighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Receivables

See SECTION II – ASSETS.

Net OPEB Liability of the City

The components of the net OPEB liability at June 30, 2019, and June 30, 2018 are as follows:

(\$'s in millions)	June	e 30, 2019	June	30, 2018
Total OPEB liability	\$	112,443	\$	103,234
Plan fiduciary net position	\$	4,680	\$	4,766
Net OPEB liability	\$	107,763	\$	98,468
Plan fiduciary net position as a percentage of the total OPEB liability		4.2%		4.6%

Actuarial Assumptions

See SECTION VI – ACTUARIAL ASSUMPTIONS AND METHODS.

Schedules of Required Supplementary Information

See SECTION III – DETAILED RESULTS.

Notes to Schedules:

- Benefit changes: None
- Assumption changes: The discount rate used to measure liabilities was updated to reflect the S&P Municipal Bond 20-Year High Grade Index yield as of June 28, 2019 as per GASB74/75 guidance. Certain per capita claims costs were updated based on recent experience. Demographic assumptions and medical trends were updated based on a review of current membership and economic data.
- **Assumptions and Methods used:** See SECTION VI ACTUARIAL ASSUMPTIONS AND METHODS.

Sensitivity of the Net OPEB Liability

See SECTION III – DETAILED RESULTS for the sensitivity of the Net OPEB Liability to changes in the discount rate and healthcare cost trend rate.

Projection of Fiduciary Net Position

In projecting the fiduciary net position of the plan, the projection of cash flows assumed that the City will contribute at a rate equal to the actual cost of benefits plus the average of contributions above the actual cost of benefits in the last five years. The contributions were assumed to apply first to the service cost for future employees and the remaining contributions to the current and past service costs for current employees. A further portion was assumed to be associated with non-trust benefit payments.

Based on those assumptions the plan's fiduciary net position is projected to be greater than the benefits to be made in all years until 2029. After that time, the plan fiduciary net position will be insufficient to make all benefit payments for plan participants and benefit payments will be funded on a pay-as-you-go basis thereafter.

Governmental Accounting Standards Board Statements No. 74 and No. 75 (GASB 74/75)

City of New York (Excluding Component Units)

OPEB Expense, Deferred Outflows of Resources, Deferred Inflows of Resources

For the Fiscal Year ended June 30, 2019, the City recognized OPEB Expense of \$8,459,447,718.

At June 30, 2019, the City reported total Deferred Outflows of Resources and Deferred Inflows of Resource
related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	\$ 9,957,497,140	\$ 49,575,998
Changes of Assumptions	1,780,404,465	11,531,942,460
Net Difference between Projected and Actual Earnings on OPEB Plan Investments	238,753,961	0_
Total	\$ 11,976,655,566	\$ 11,581,518,458

Amounts reported as Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB will be recognized in OPEB Expense as follows:

Fiscal Year	
Ended	
<u> June 30</u>	<u>Amount</u>
2019	\$ (316,131,106)
2020	(316,131,108)
2021	(341,642,409)
2022	(368,638,210)
2023	(90,506,172)
2024	1,037,748,766
2025	435,143,336
2026	39,162,905

SECTION IV - CERTIFICATION

In the opinion of the undersigned actuaries, the actuarial assumptions used are reasonable and appropriate for purposes of measurement of the obligations under GASB 74 and 75 contained herein. The cost results and actuarial exhibits presented in this Report were determined on a consistent and objective basis in accordance with applicable Actuarial Standards of Practice and generally accepted actuarial procedures. To the best of the knowledge of the undersigned, the information fairly presents the actuarial position of the postretirement benefits under the City's Health Benefits Program in accordance with the requirements of GASB Statements No. 74 and 75 as of June 30, 2019.

Future actuarial measurements may differ significantly from current measurements due to, but not limited to, the following factors: retiree group benefits program experience differing from that anticipated by the assumptions, changes in assumptions, changes expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period), and changes in plan provisions, applicable law or regulations. Small variations in approximations and estimates may lead to significant changes in actuarial measurements. An analysis of the potential range of such future differences other than the required disclosures related to the sensitivity to discount rate and healthcare cost trend rate assumptions is beyond the scope of this Report.

The actuaries whose signatures appear below are Members of the American Academy of Actuaries (AAA) and, together, meet the Qualification Standards of the AAA to render this Statement of Actuarial Opinion.

SECTION V - SUMMARY OF PLAN PROVISIONS

Plan Sponsor	New York City. The valuation includes results for the component units, HHC, NYCHA, SCA, and WFA that participate under the same plan terms. In addition, the valuation includes results for ECF, which participates in the New York State Health Insurance Program (NYSHIP), described later in this section.
Plan Name	New York City Health Benefits Program (Program)
Eligibility (City)	Retirees can participate if they satisfy one of the following criteria:

<u>Retirees</u>

- At least 10 years of credited service as a member of the NYCRS (five years of credited service if employed on or before December 27, 2001; 15 years of service if a member of TRS or BERS, represented by the United Federation of Teachers and employed after April 27, 2010; no service requirement for accidental disability retirements) and be working at least 20 hours a week at termination of active service, plus
- Receives a pension check from the NYCRS (or is eligible for certain Deferred Retirement benefits). Payability date varies by NYCRS and group.

Terminated Vested Members

• The same as Retirees once in receipt of a pension benefit.

Members Eligible for Certain Deferred Retirement Benefits

• Certain members of NYCERS, TRS and BERS who have at least 20 years of credited service are eligible for up to five years of OPEB coverage prior to commencement of pension benefits.

Members Terminated for Other than Immediate Retirement

• Members who do not have retiree medical coverage under the retiree medical provisions are eligible to continue coverage under COBRA provisions. COBRA continuation coverage is generally limited to certain maximum periods (i.e. generally to the end of 36 months under New York State insurance law).

Spouses and Other Dependents

- Spouses of retirees are covered. Children of retirees are covered to age 26, or longer if disabled. Dependent coverage is terminated when a retiree dies, except in the following situations:
 - Lifetime coverage is provided to the surviving spouse or domestic partner, and to children up to age 26 of uniformed members of the Police or Fire Departments who die in the Line of Duty.
 - Effective November 13, 2001, other surviving spouses of retired uniformed members of the Police and Fire Departments may elect to continue coverage for life by paying 102% of the stated premium.
 - Effective August 31, 2010, surviving spouses of retired uniformed members of the Departments of Correction and Sanitation may elect to continue coverage for life by paying 102% of the stated premium.

Eligibility (ECF) <u>Retirees</u>

- Age 55 with 10 years of service.
- Employees who retire after 1995 are also eligible for dental coverage.

Terminated Vested Members

• Termination after 10 years of service entitles employees to deferred pension benefits and OPEB.

Disability Retirement

• 10 years of service

Spouses and Other Dependents

• OPEB benefits are assumed to continue for dependents after the death of the retiree.

Eligibility (TIAA) Retirees

- Hired before July 1, 1976: Age 55 with 10 years of service.
- Hired on or after July 1, 1976: Age 62 with 15 years of service.

Exception for Executive Compensation Plan (ECP) employees: Age 55 with 10 years of service.

Terminated Vested Members

- Hired before July 1, 1976: Terminate with 15 years of service, benefit commences at age 55.
- Hired between July 1, 1976 and August 31, 1985: Terminate with 10 years of service, benefit commences at age 62 with no subsequent full-time employment at another college, university, or institution of post-secondary education.
- Hired on or after September 1, 1985: Terminate with 15 years of service, benefit commences at age 62 with no subsequent full-time employment at another college, university, or institution of post-secondary education.

Exception for ECP Employees: Terminate with 10 years of service, benefit commences at age 55 with no subsequent full-time employment at another institution of post-secondary education.

Disability Retirement

• A member who is disabled with at least 10 years of service and receiving a benefit from the Optional Retirement Program of TIAA is entitled to retiree health benefits.

Covered Benefits The City and certain Component Units provide OPEB through the Program. In addition, the City provides certain Program benefits through the Stabilization Fund. The City and certain Component Units contribute to various Welfare Funds, generally negotiated with and administered by various labor organizations. The City and certain Component Units also reimburse Medicare Part B Premiums paid by eligible retirees and other eligible beneficiaries.

OPEB Coverage
GroupingsThe City subsidizes only some of the OPEB for various groups of
NYCRS retirees.The table below presents, by payroll agency, those benefits assumed

The table below presents, by payroll agency, those benefits assumed to be provided by the City for purposes of the Fiscal Year 2019 OPEB valuation. There is no change in coverage from the prior OPEB valuation.

For the Component Units included in the OPEB valuation, the benefit categories not paid by the City are reflected in the results of the individual Component Units (i.e. Payroll Agencies in bold below).

New York City Retirement Systems Components of Post-Retirement Medical Benefits Paid By New York City

¹The City pays these benefits upfront, not out of the NYCRHBT, and then is reimbursed.

² Welfare Fund coverage not available to pre-1/1/1971 retirees. LOD death beneficiary coverage provided through Stabilization Fund.

³ The City pays the Welfare Fund for non-pedagogical CUNY Senior Colleges retirees.

Basic Coverage	The City and certain Component Units currently provide Basic Medical Coverage (Basic Coverage) at no cost if a non-Medicare- eligible retiree participates in HIP HMO or GHI/EBCBS indemnity arrangement, or a Medicare-eligible retiree participates in HIP HMO or GHI/EBCBS Senior Care.
	Basic Coverage includes hospital and physician coverage and excludes coverage for prescription drugs. GHI/EBCBS Senior Care coordinates with Medicare Part A and Medicare Part B on a supplemental basis. Under the HIP HMO, Medicare-eligible retirees generally participate in a Medicare Advantage Plan under Medicare Part C. Cost sharing provisions (e.g. deductibles, co-payments) are assumed to change over time to contain the overall cost of coverage. Basic Coverage under other plans may require additional retiree contributions.
	Other plans available to non-Medicare-eligible retirees include Aetna EPO, CIGNA, Empire HMO, Empire EPO, GHI HMO, MetroPlus, and Vytra Health Plans.
	Other plans available to Medicare-eligible retirees include Medicare supplemental plans, such as Empire Medicare-Related Coverage and various Medicare Advantage arrangements (e.g. MediBlue).
	Retirees of the Component Units included in this valuation, other than ECF, have the same coverage as City retirees. It is the understanding of the OA that ECF retirees are covered by NYSHIP.
	Retirees may waive Basic Coverage.
	The City and the Component Units do not provide both subscriber and dependent coverage for the same individual.
Medicare Part B Premium Reimbursement	Upon application, the City and certain Component Units reimburse the Medicare Part B Premium for all Medicare-eligible retirees and eligible covered dependents. The reimbursement includes the base Part B premium and any additional premium charged to high-income retirees via the Income Related Monthly Adjustment Amounts (IRMAA).
Welfare Funds	The City and certain Component Units pay annual per capita contributions directly to the various Welfare Funds that cover retirees for certain health care benefits not provided through the Basic Coverage. Welfare Fund benefits may include, but are not limited to, prescription drug, vision, and dental coverage, sometimes

with dollar limits. In addition, the Welfare Funds provide non-health related benefits such as life insurance, accidental death or disability benefits, legal services, or short or long-term disability benefits. The Welfare Funds are generally separate legal entities, often administered by various labor organizations. Information on the Welfare Funds is available in a Special Report issued by the Office of the Comptroller (Comptroller Report)².

Contributions are sometimes made for active employees to Welfare Funds that are combined with retirees. Alternatively, contributions are made to separate retiree only funds. The Welfare Funds' per capita contributions apply only to retirees and not to covered dependents even though a particular Fund may choose to extend its coverage to dependents. The contributions for retirees are generally made only on behalf of individuals who retired in or after 1971. In recent years, a portion of the Welfare Fund contributions has been reimbursed by the Stabilization Fund. The valuation includes Welfare Fund contributions whether they come from the Stabilization Fund or directly from the City or CUs.

The per capita contribution amounts change periodically based on negotiated contract provisions. In addition to prospective increases, the collective bargaining agreements have provided for ad hoc lumpsum payment amounts to the Welfare Funds. The 2018 Municipal Labor Committee (MLC) Health Savings Agreement reflected in this valuation includes scheduled increases through Fiscal Year 2020. Thereafter, starting in Fiscal Year 2021, the valuation assumes that the contribution amount to the Welfare Funds will increase at the Welfare Plan trend rates.

Stabilization FundThe City maintains and has historically contributed to the Health
Insurance Stabilization Reserve Fund (Stabilization Fund). Certain
Component Units are understood to have contributed to the
Stabilization Fund in situations where the GHI/EBCBS premiums
paid would be lower than the HIP benchmark premium. In addition,
the Stabilization Fund receives dividends from participating
insurance carriers including the GHI/EBCBS arrangement.

The Stabilization Fund has been used to provide the following health related benefits:

² Analysis of the Financial and Operating Practices of Union-Administered Benefit Funds with Fiscal Years Ending in Calendar Year 2016, issued March 5, 2019, https://comptroller.nyc.gov/wpcontent/uploads/documents/SR18_108S.pdf

- A GHI Home Care benefit for certain non-Medicare participants.
- Welfare Fund contributions for the Line-of-Duty Survivors. In addition, the Stabilization Fund has reimbursed the City, various Component Units, and other entities participating in the Program for a portion of Welfare Fund contributions.
- Injectables and Chemotherapy Drug plan for certain non-Medicare participants (formerly referred to as PICA, but psychotropic and asthma drugs are not currently covered).
- Utilization review for the GHI/EBCBS arrangement, provided by the New York County Health Services Review Organization.
- Healthline (Intracorp) providing pre-certification of hospitalization for GHI/EBCBS participants.

In addition, under the 2014 Municipal Labor Committee (MLC) Health Savings Agreement, the Stabilization Fund had agreed to provide up to \$60 million in fiscal year 2019 and each year thereafter to the Welfare Funds. In addition, the Stabilization Fund has made a contribution to fill the gap between savings realized from the program savings initiatives and the required savings target for the fiscal year.

The OA is not aware of any valuation performed by the Stabilization Fund for measurements under GASB74 or other purposes. Thus, the OA has not considered the impact of any such calculations on the analyses herein.

ECF CoverageNYSHIP health benefits consist of a hospital program, medical
program covering amounts after copayment at participating
providers, managed mental health and substance abuse program,
and card-based prescription drug program. NYSHIP requires retirees
to enroll in Medicare Part A and Medicare Part B, and mandates that
participants be reimbursed for Medicare Part B Premiums. NYSHIP
provides drug coverage to Medicare eligible participants through a
Medicare Part D Employer Group Waiver Plan (EGWP).

SECTION VI - ACTUARIAL ASSUMPTIONS AND METHODS

General

Basis for Assumptions	The actuarial assumptions used in the Fiscal Year 2019 OPEB valuation are a combination of those used in the NYCRS pension actuarial valuations and those specific to the OPEB valuations.				
	For Fiscal Year 2019, the OA conducted a full review of the actuarial assumptions and methods used to fund the NYCRS. These reviews led to formalized recommendations titled "Proposed Changes in Actuarial Assumptions and Methods Used in Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2018 for [NYCRS]," and were adopted by all five of the NYCRS Boards. These are available on the Reports page of the OA website (www.nyc.gov/actuary).				
Actuarial Cost Method	Entry Age Normal cost method, level percent of pay calculated on an individual basis.				
Valuation Date	June 30, 2018				
Measurement Date	June 30, 2019				
Asset Valuation	Market value of assets.				
Discount Rate	2.82% for benefits provided by the City, 2.79% for benefits provided by Component Units. Results as of the June 30, 2018 Measurement Date are presented at 3.01% for benefits provided by the City, and 2.98% for Component Units.				
	The projection of cash flows used to determine the discount rate assumed that the City will contribute at a rate equal to the pay-as-you- go amounts plus the average of contributions made over the most recent five-year period in excess of the pay-as-you-go amounts. The contributions apply first to service cost of future plan members based on projection of overall payroll at 3.0% and normal cost rate for Tier 6 members of each of the NYCRS. Remaining contributions are applied to the current and past service costs for current plan members.				
	Based on those assumptions, the City's OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees until 2029. After				

	that time, benefit payments will be funded on a pay-as-you go basis. The discount rate is the single equivalent rate which results in the same present value as discounting future benefit payments made from assets at the long-term expected rate of return and discounting future benefit payments funded on a pay-as-you-go basis at the Municipal Bond 20-year Index Rate.					
	discount rate of the		Jnits are presented using a r Index Rate, since there is			
Long-Term Expected Rate of	4.00% net of investment expenses, which includes an inflation rat 2.50%.					
Return	The long-term rate of return is based on the NYCRHBT's investment policy and was determined using a building-block method in which best-estimate ranges of expected future real rates of return (i.e. expected returns, net of investment expense and inflation) are developed separately from assumed inflation.					
	<u>Asset Class</u>	Target Allocation <u>as of June 30, 2019</u>	Long-Term Expected <u>Real Rate of Return</u>			
	Cash and cash equivalents	100%	1.50%			
	Nominal long-term expected rates of return for these assets are equal to the sum of the above expected long-term real rate and the expected long-term inflation rate of 2.50%.					
Municipal Bond 20-year Index Rate	S&P Municipal Bond 20-Year High Grade Rate Index, which was 2.79% as of June 28, 2019. Results as of the June 30, 2018 Measurement Date are presented using the same index, which was 2.98% as of June 29, 2018.					
Consumer Price Index	2.50%					
General Wage Increases	3.00% per annum which includes an inflation rate of 2.50% and a general wage increase rate of 0.50%. For more information see the 2019 Assumptions and Methods reports.					

Fiscal Year Ending	Pre-Medicare Plans	Medicare Plans	Medicare Part B Premiums	Welfare Fund Contributions
2019	7.00%	5.00%	5.88% ¹	3.50%
2020	7.00%	5.00%	5.00%	3.50%
2021	6.75%	4.90%	5.00%	3.50%
2022	6.50%	4.90%	5.00%	3.50%
2023	6.25%	4.80%	5.00%	3.50%
2024	6.00%	4.80%	5.00%	3.50%
2025	5.75%	4.70%	5.00%	3.50%
2026	5.50%	4.70%	5.00%	3.50%
2027	5.25%	4.60%	5.00%	3.50%
2028	5.00%	4.60%	5.00%	3.50%
2029	4.75%	4.50%	5.00%	3.50%
2030 and Later	4.50%	4.50%	5.00%	3.50%

Assumed Healthcare Cost Trend Rate (HCCTR)

¹ Reflects actual calendar year premium for the first 6 months of FY20 (July 2019 to December 2019) and 5.0% trend for the remaining 6 months.

Health trend information from various sources was reviewed, including City premium trend experience for HIP HMO and GHI/EBCBS, public sector benchmark survey for other large plan sponsors, the Medicare Trustees' Report, and the SOA Getzen model. Based on the review, no trend changes were made to the Medicare Part B premium and Welfare Fund contributions, but the medical trends have been updated for the FY 2019 valuation as follows:

	FY 2019	FY 2018
Initial Trend:		
Pre-Medicare	7.0%	7.0%
Medicare	5.0%	5.0%
<u>Ultimate Trend:</u>		
Pre-Medicare	4.5%	5.0%
Medicare	4.5%	5.0%
FY Ultimate Reached:		
Pre-Medicare	2030	2023
Medicare	2029	2019

The Medicare Part B Premium trend has historically averaged slightly higher than the overall Medicare Plan trend rate since much of the cost shifting has been concentrated in the hospital (Part A) portion of the Medicare Plan arrangements. The trend assumption does not assume that this cost shifting will continue at current levels.

	Historical negotiated increase rates for the larger Welfare funds have averaged around 3% in recent years, which is lower than the anticipated trend on the underlying costs of benefits provided by these funds. However, the City periodically makes one-time lump sum contributions to the Welfare Funds. For these reasons the Welfare Fund contribution trend was assumed to be 3.5%.
Dependent Coverage	Non-contributory Basic Medical Coverage and Part B premium reimbursement for dependents are assumed to terminate when an employee or retiree dies, except for Line of Duty survivors. Certain other survivors of POLICE, FIRE, and uniformed members of the Departments of Correction and Sanitation are eligible for a lifetime COBRA continuation benefit. These individuals contribute 102% of the premium but the valuation includes an additional estimated cost above the value of their COBRA contribution. The valuation assumes that 30% of eligible spouses will elect the lifetime continuation benefit.
Dependents	Male retirees were assumed to be four years older than their wives, and female retirees were assumed to be two years younger than their husbands; for POLICE and FIRE employees, husbands are assumed to be two years older than their wives.
	Child dependents of current retirees are assumed to receive coverage until age 26.
	Children are assumed to be covered for eight years after retirement plus an additional five years for service retirements of POLICE, FIRE, and NYCERS retirees who were eligible to retire based only on service and no minimum age.
	Dependent allocation assumptions are shown below. The assumptions were updated as part of the Fiscal Year 2017 valuation. The OA reviewed recent experience to confirm these assumptions were still reasonable for the Fiscal Year 2019 valuation.

DEPENDENT COVERAGE ASSUMPTIONS								
Group	NYCERS - HHC	NYCERS - NYCHA	NYCERS - Other	TRS	BERS	POLICE	FIRE	TIAA
Male								
 Single Coverage 	40%	35%	35%	50%	45%	15%	10%	55%
- Spouse	40%	35%	35%	30%	45%	10%	20%	40%
- Child/No Spouse	5%	10%	5%	5%	2%	10%	5%	2.5%
- Spouse and Child	15%	20%	25%	15%	8%	65%	65%	2.5%

- Spouse and Child	5%	2%	5%	5%	2.5%	20%	65%	2.5%

Note: For accidental death, 70% of POLICE and 80% of FIRE members are assumed to have family coverage.

40% of the measured liability of the AOP population will terminate membership prior to vesting and not receive OPEB, which is roughly equivalent to valuing 60% of the AOP members.					
Participation assumptions were updated as part of the Fiscal Year 2017 valuation to reflect recent experience. The OA reviewed recent experience to confirm these assumptions were still reasonable for the Fiscal Year 2019 valuation.					
Actual elections are used for current retirees. Some current retirees not eligible for Medicare are assumed to change elections upon attaining age 65 based on election patterns of Medicare-eligible retirees.					
For current retirees who appear to be eligible for health coverage but have not made an election (i.e. non-filers), the valuation reflects single GHI/EBCBS coverage and Part B premium benefits only, to approximate the obligation if these individuals were to file for coverage. For future retirees, the portion assumed not to file for future benefits, and therefore is valued similarly, are as follows.					
	NYCERS - HHC NYCERS - NYCHA NYCERS - Others TRS BERS	13% 13% 10% 6% 12%

Additionally, the individual monthly rates at age 65 used in valuations are shown below:

Plan	Monthly Costs @ Age 65			
riali	FY19			
НІР НМО				
Non-Medicare	\$ 1,641.20			
Medicare	\$ 170.84			
GHI/EBCBS				
Non-Medicare	\$ 1,690.38			
Medicare	\$ 187.24			
Other HMOs	Varies by system			

	or for Other HMOs the Fiscal Year 202 participants, retire	generally not provided to the OA for the HIP coverage os. OLR provided a copy of the claims component of 019 GHI/EBCBS renewals. For the non-Medicare ree claims were not separated from active claims. The on provided was compared to the premium rates
	been included in t	ation provided by OLR, estimates of margins that had the premiums but expected to be refunded were oth the GHI and EBCBS non-Medicare premiums ment.
	HIP and GHI/EBCI in cost. The OA cor employer premiur	cts Basic Medical Coverage other than the benchmark CBS plans is required to contribute the full difference onfirmed, based on data provided by OLR, that net tims were consistent with the benchmark rates and arding other coverage.
	•	retirees, the various monthly premium rates for e blended by proportion of enrollment.
Administrative Expenses	Assumed to be inc	cluded in reported premium amounts.
Medicare Part D	Welfare Funds. It for and is receiving a small number of Funds participate D by providing EG	offered to Program retirees via riders or through the t is the understanding of the OA that the City has filed ng the Medicare Part D Retiree Drug Subsidy (RDS) for f retirees. It is also understood that some Welfare e in the RDS program, while others participate in Part GWP drug benefits. The value of the RDS is not ted herein, in accordance with GASB Statement 75 and n No. 2006-1.
Medicare Part B	Calendar Year	Monthly Premium
Premiums	2013 - 2015	\$ 104.90
	2016	\$ 109.97
	2017	\$ 113.63
	2018	\$ 125.85
	2019	\$ 134.43

Medicare Part B Premium reimbursement amounts have been updated to reflect actual premium rates announced for calendar years through 2019. Due to limited cost-of-living adjustments in Social Security benefits for Calendar Years 2017, 2018, and 2019, some Medicare Part B participants will not be charged the Medicare Part B premium originally projected or ultimately announced for those years. Thus, the valuation uses a blended estimate as a better representation of future Part B premium costs.

For the Fiscal Year 2019 OPEB valuation the annual premium used was \$1,561.68, which is equal to 12 times an average of the Calendar Year 2018 and 2019 monthly premiums shown.

For Calendar Year 2019, the monthly premium of \$134.43 was determined as follows:

- 3.5% of the basic \$104.90 monthly hold-harmless amount, assuming that there would be no claims made for the slight increase in Part B premiums for continuing retirees, and
- 96.5% of the announced premium of \$135.50 for Calendar Year 2019, representing the proportion of the Medicare population that will pay the announced amount.

The Calendar Year 2018 monthly premium of \$125.85 was determined similarly, using 28% of the \$104.90 hold-harmless and 72% of the \$134.00 rate that was in effect for Calendar Year 2018.

Overall Medicare Part B Premium amounts are assumed to increase by the following percentages to reflect the income-related increases in Medicare Part B Premiums for high income individuals.

Fiscal Year Ending	Income-Related Medicare Part B Increase
2019	5.0%
2020	5.2%
2021	5.3%
2022	5.4%
2023	5.5%
2024	5.6%
2025	5.8%
2026	5.9%
2027 and Later	6.0%

Medicare Part B Premium Reimbursement 90% of Medicare participants are assumed to claim reimbursement; based on historical data.

Welfare FundsIt is the understanding of the OA that the benefits provided from the
Welfare Funds are adjusted from time to time so that costs to the
Welfare Funds do not exceed available assets and income and further,
that the benefit type and levels provided to retirees also differ from
benefits provided to active employees even within the same fund.

The OPEB valuation reflects the Welfare Fund contribution, which in turn is used to pay various premiums or claims for coverage provided by each of the funds. Such coverage could potentially vary by age and could involve various cross subsidies within the pool of each fund between active employees, non-Medicare retirees, and Medicare retirees. Under the Actuarial Standard of Practice that applies to OPEB valuations³, the valuation should reflect age-adjusted costs for pooled plans except in very limited cases. Factors to be considered include the purpose of the measurement, the existence and materiality of agespecific costs, and the sustainability of the premium structure should certain active or retiree groups cease to participate.

The OA has considered these factors and concluded that the cost of the Welfare Funds should be measured on a pooled basis. In particular, the Actuary has concluded that there is no significant cross subsidy between retiree and active benefits because the two groups are not generally pooled together.

The Welfare Fund contribution reported as of the valuation date, June 30, 2018, (including any reported retroactive amounts) was used as the per capita cost for valuation purposes.

The calculations reflect an additional one-time \$100 contribution for Fiscal Years 2019 in July 2018 and Fiscal Year 2020 in July 2019.

Reported annual contribution amounts for the last two years are shown in SECTION VII, Tables VII-h to VII-l. Welfare Fund rates are based on actual reported Union Welfare Fund code for current retirees.

Weighted average annual contribution rates used for future retirees, based on Welfare Fund enrollment of recent retirees, are shown in the following table.

³ Actuarial Standard of Practice, Number 6, *Measuring Retiree Group Benefits Obligations and Determining Retiree Group Benefits Program Periodic Cost or Actuarially Determined Contributions*.

NYCRS	Contr	ibution

POLICE	\$	1,737
FIRE	\$	1,780

Health Care Cost Savings Initiative

The Municipal Labor Committee (MLC) announced a second health savings agreement to generate cumulative healthcare savings of \$1.1 billion during Fiscal Years 2019 through 2021⁴. Details on this savings have not been communicated yet and thus are not reflected in this valuation. We will reflect savings initiatives in future valuations as they are announced.

Age and GenderThe premiums are age and gender adjusted for GHI/EBCBS, HIP, andRelated MorbidityOther HMOs. The assumed relative costs of coverage are consistent with
information presented in the 2013 study Health Care Costs - From Birth
to Death, sponsored by the Society of Actuaries.

Age	Male	Female	Age	Male	Female
20	0.170	0.225	45	0.355	0.495
25	0.146	0.301	50	0.463	0.576
30	0.181	0.428	55	0.608	0.671
35	0.227	0.466	60	0.783	0.783
40	0.286	0.467	64	0.957	0.917

For non-Medicare costs, a sample of factors used are:

Children costs assume a factor of 0.229.

Medicare costs prior to age 65 assume an additional disability-related morbidity factor. A sample of factors used are:

⁴ <u>https://www1.nyc.gov/assets/olr/downloads/pdf/collectivebargaining/health-benefits-agreement-fiscal-years-2019-2021.pdf</u>

Age	Male	Female		Age	Male	Female
20	0.323	0.422		60	1.493	1.470
25	0.278	0.565		65	0.919	0.867
30	0.346	0.804		70	0.946	0.885
35	0.432	0.876		75	1.032	0.953
40	0.545	0.878		80	1.122	1.029
45	0.676	0.929		85	1.217	1.116
50	0.883	1.082		90	1.287	1.169
55	1.159	1.260		95	1.304	1.113
			-	99 and Older	1.281	0.978

The age adjustment for the non-Medicare GHI/EBCBS premium reflects a 5% reduction in the GHI portion of the monthly premium (with the GHI portion representing \$349.58 out of \$741.40 for single coverage, and \$928.59 out of \$1,947.32 for family coverage for Fiscal Year 2019 rates) and a 3% reduction in the EBCBS portion of the premium (with the EBCBS portion representing the remainder of the premiums) for the estimated margin anticipated to be returned.

COBRA There is no cost to the City for COBRA beneficiaries who enroll in community-rated HMO's, including HIP, since these individuals pay their full community rate. However, there is a cost under the experience-rated GHI/EBCBS coverage.

The valuation assumes 15% of employees not eligible for OPEB elect COBRA coverage for 15 months based on experience of other large employers. A lump-sum COBRA cost of \$1,100 was assumed for terminations during Fiscal Year 2019. This amount is increased by the Pre-Medicare HCCTR for future years but is not adjusted for agerelated morbidity.

Census data was not available for surviving spouses of POLICE, FIRE, Corrections, or Sanitation members who are entitled to lifetime COBRA continuation coverage, as this benefit is administered directly by the insurance carriers. The number and obligation for the surviving spouses with lifetime coverage were estimated based on current census of POLICE and FIRE retirees and the projected number of deaths that would have occurred since the inception of this benefit on November 13, 2001 (and on August 31, 2010 for the Departments of Correction and Sanitation).

Cadillac TaxThe valuation includes an explicit calculation of the high-cost plan
excise tax (i.e. the Cadillac Tax) that will be imposed beginning in 2022
under HCR. The tax is 40% of the excess of (a) over (b) where (a) is the
cost of medical coverage, and (b) is the statutory limits (\$10,200 for

single coverage and \$27,500 for family coverage), adjusted for the following:

- For Pre-Medicare retirees above the age of 55, the limit will be increased by \$1,650 for single coverage; \$3,450 for family coverage.
- The dollar limits are increased by Chained CPI+1% (i.e. 3.25%) for 2019 and by Chained CPI (i.e. 2.25%) for subsequent years. Indexing of limits starts in 2018; tax first applies in 2022.

The impact of the Cadillac Tax for the Program benefits is calculated based on the following assumptions about the cost of medical coverage:

- The cost for each benefit option without age adjustment (GHI, HIP, or other HMO, combined with the average cost of Medicare Part B premium reimbursement, if applicable) was separately compared to the applicable limit.
- The Cadillac Tax attributed to the riders or optional benefit arrangements is assumed to be reflected in the contribution required for the rider or optional benefit.
- The Cadillac Tax attributed to amounts provided by Welfare Fund benefits is assumed to be absorbed by the Welfare Fund or by lower net Welfare Fund contribution amounts.
- Pre-Medicare retirees under age 55 are not assumed to have the higher limits that apply to employees engaged in high-risk professions because the majority of employees included in this valuation are not in such professions.

In cases where the City provides only a portion of the OPEB benefits which give rise to the Cadillac Tax, the calculated Cadillac Tax is allocated in proportion to the OPEB liabilities for relevant OPEB benefits.

Stabilization FundA 0.4% load is applied on all City GASB75 obligations to reflect certain
benefits paid for retirees directly from the Stabilization Fund, which is
unchanged from the Fiscal Year 2018 OPEB valuation based on recent
data. The load is not applicable to Component Units.

This amount is based on the historical five-year average allocation between active and retired participants in Fiscal Years 2015 through

	2019 Stabilization Fund benefits provided by OLR. The allocation takes into consideration retirees on average are older and have costlier medical benefits than actives and separates out Welfare Fund contribution reimbursements from other Stabilization Fund benefits.
	Welfare Fund contributions reimbursed by the Stabilization Fund are considered a part of Welfare Fund benefits and are not included in the determination of this load.
Implicit Rate Subsidy	These results reflect employer contributions for the City, HHC, and NYCHA that include certain expenditures that were initially nominally allocated to active costs rather than retiree costs.
	The Implicit Rate Subsidy is the difference between the age-adjusted premiums approximating retiree claims costs and the actual cash premiums paid on behalf of retirees. The Implicit Rate Subsidy is assumed to be the additional cost for coverage of retirees that, in this case, had initially been allocated to active costs because the cash premiums do not vary by age of the covered individual.
	The Implicit Rate Subsidy was estimated by the OA directly from the assumptions and data used in the OPEB valuations, reflecting the amounts paid for Basic Coverage and amounts paid to the Stabilization Fund directly as cash premium costs in lieu of the benchmark HIP premium.
Other OPEB Coverage	The valuation reflects an estimate for the cost of the implicit subsidy provided to terminated employees who elect COBRA.
	The OA understands that medical benefits not provided under the Basic Coverage, such as prescription drug coverage, may be provided through optional riders. These optional riders may provide separately rated coverage with stand-alone premiums. Alternatively, prescription drug coverage may be available on an integrated basis with medical for the other HMOs, but in those situations, medical only coverage is offered if the Welfare Plan offers drug coverage.
	The cost of riders is either fully paid by the employees or retirees who enroll in that benefit or is provided through various Welfare Funds. Thus, the City does not directly pay for any of the premiums of these separately rated riders. As such, any implicit subsidy in the price of these separately rated riders is paid by the actives that are assumed to

	pay more than the cost of their own rider coverage ⁵ . Thus, this valuation does not include any implicit subsidy on these separately rated riders in this valuation.
	It is the understanding of the OA that no other OPEB, such as life insurance or long-term care benefits, are directly subsidized by the City through its general account ⁶ . The City and the Component Units (except CUNY for certain retirees and ECF) generally provide most death and disability benefits through the NYCRS. Those benefits are measured as part of the obligations of the NYCRS and are not subject to GASB74 or GASB75.
	Certain former New York State Court employees, who are covered by City payment to NYSHIP, are not included in the OPEB valuation. The cash cost for these benefits paid from the Plan during Fiscal Year 2019 was negligible.
HCR Repeal	The Affordable Care Act (ACA) continues to face uncertainty due to legal, regulatory, and legislative challenges. As of the writing of this Report, there has not been any action that has already been finalized that would be expected to have significant impact on the measured obligation.
Subsequent Events	In a letter to the Municipal Labor Committee (MLC) dated June 28, 2018 the Office of Labor Relations (OLR) confirmed a new health care agreement for Fiscal Years 2019 to 2021. The agreement stated that the MLC would generate cumulative healthcare savings of \$1.1 billion over these three years. The letter did not clarify how these savings would be achieved or how they would be spread across active and retiree groups. As details have not been communicated as of the close of Fiscal Year 2019, these changes are not reflected in this valuation.

⁵ See discussion in questions 4.117 and 4.118 of Implementation Guide No. 2017-2, Financial Reporting for Postemployment Benefit Plans other than Pension Plans of GASB Statements 74 and 75 on Other Postemployment Benefits, published by GASB. In particular, question 4.118 says "Only if the amounts expected to be paid by active employees exceed the expected claim costs, or the age-adjusted premiums approximating claim costs, on an ongoing basis can it be concluded that the active employees are subsidizing the inactive-plan member healthcare benefit. ..."

⁶ Such benefits may be funded through the Welfare Benefit Funds.

SECTION VII - DEMOGRAPHIC INFORMATION

The OA performed tests for reasonability on the census data provided for this valuation. On the basis of these tests, the Actuary believes the data is sufficiently complete and appropriate for determining the OPEB obligations in total for the City, for the Plan, and for the Component Units presented in this valuation.

In general, the census data used in this valuation is based upon the census data used in the June 30, 2018 (Lag) pension actuarial valuations of the NYCRS to determine the Preliminary Fiscal Year 2020 employer contributions.

This census data was supplemented by information provided by the OLR related to eligible retirees and other eligible beneficiaries covered by the Program. The census data does not generally include employees who are not yet participants in the NYCRS.

In addition, census data was provided for the following groups not part of the NYCRS:

- Active employees of CUNY who participate in TIAA or the Cultural Institutions Retirement System.
- Retired employees of CUNY who participate in TIAA and have been participating in the New York City Health Benefits Program.
- Line-of-Duty Survivors who are currently receiving continued lifetime medical coverage and Medicare Part B Premium reimbursements.

Census data was not available for individuals on COBRA continuation, including those surviving spouses of POLICE, FIRE, Corrections, or Sanitation members who are entitled to similar lifetime COBRA continuation coverage, as this benefit is administered directly by the insurance carriers. These participants' obligation was estimated based on current census of POLICE, FIRE, Corrections, and Sanitation retirees.

The following tables set forth details of the census data used in this Report:

Table VII-h: NYCERS (continued)

¹ Data includes entire population provided by OLR and supplemented by the OA, including Component Units and other groups not attributable to the City for GASB75 purposes.

² Rates used as of June 30, 2016, June 30, 2017, and June 30, 2018 include any known one-time Welfare Fund payments paid during the Fiscal Year following the date of the rate. Also reflected are any known retroactive increases as of their effective date. Effective rates and information on one-time payments are based on information supplied by OLR. The rate for DC37 was used for UWFs without a reported rate. Rates for Professional Staff Congress came from its website. An additional \$100 was added to each amount as of 7/1/2017, assuming that any welfare funds who have not yet negotiated the increase will do so in the future.

¹ Rates used as of June 30, 2016, June 30, 2017, and June 30, 2018 include any known one-time Welfare Fund payments paid during the Fiscal Year following the date of the rate. Also reflected are any known retroactive increases as of their effective date. Effective rates and information on one-time payments are based on information supplied by OLR. The rate for DC37 was used for UWFs without a reported rate. Rates for Professional Staff Congress came from its website. An additional \$100 was added to each amount as of 7/1/2017, assuming that any welfare funds who have not yet negotiated the increase will do so in the future.

SECTION VIII – SUMMARY OF KEY TERMS

Actuarial present value of projected benefit payments

Projected benefit payments discounted to reflect the expected effects of the time value (present value) of money and the probabilities of payment.

Actuarial valuation

The determination, as of a point in time (the actuarial valuation date), of the service cost, total OPEB liability, and related actuarial present value of projected benefit payments for OPEB performed in conformity with Actuarial Standards of Practice unless otherwise specified by the GASB.

Actuarial valuation date

The date as of which an actuarial valuation is performed.

Discount rate

The single rate of return that, when applied to all projected benefit payments, results in an actuarial present value of projected benefit payments equal to the total of the following:

- 1. The actuarial present value of benefit payments projected to be made in future periods in which
 - a. the amount of the OPEB plan's fiduciary net position is projected to be greater than the benefit payments that are projected to be made in that period, and
 - b. OPEB plan assets up to that point are expected to be invested using a strategy to achieve the long-term expected rate of return, calculated using the long-term expected rate of return on OPEB plan investments
- 2. The actuarial present value of projected benefit payments not included in (a), calculated using a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale).

Employer Group Waiver Plan (EGWP)

A group Medicare Part D prescription drug plan option that is offered to retirees who are entitled to prescription drug coverage as part of their OPEB plan.

Entry age actuarial cost method

A method under which the actuarial present value of the projected benefits of each individual included in an actuarial valuation is allocated on a level basis over the earnings or service of the individual between entry age and assumed exit age(s). The portion of this actuarial present value allocated to a valuation year is called the normal cost. The portion of this actuarial present value not provided for at a valuation date by the actuarial present value of future normal costs is called the Total OPEB Liability for purposes of measurements under GASB74 and GASB75.

Healthcare cost trend rates

The rates of change in per capita health claims costs over time as a result of factors such as medical inflation, utilization of healthcare services, plan design, and technological developments.

Income Related Monthly Adjustment Amount (IRMAA)

An additional premium amount for Medicare Part B and Medicare prescription drug coverage for higher income beneficiaries.

Net OPEB liability

The liability of employers and non-employer contributing entities to employees for benefits provided through a defined benefit OPEB plan that is administered through a trust where OPEB assets are dedicated to providing OPEB to plan members and are protected from creditors of the employers.

Other postemployment benefits (OPEB)

Benefits (such as death benefits, life insurance, disability, and long-term care) that are paid in the period after employment and that are provided separately from a pension plan, as well as healthcare benefits paid in the period after employment, regardless of the manner in which they are provided. OPEB does not include termination benefits or termination payments for sick leave.

Projected benefit payments

All benefits (including refunds of employee contributions) estimated to be payable through the OPEB plan (including amounts to be paid by employers or non-employer contributing entities as the benefits come due) to current active and inactive employees as a result of their past service and their expected future service.

Service cost

The portions of the actuarial present value of projected benefit payments that are attributed to a valuation year.

Total OPEB liability

The portion of the actuarial present value of projected benefit payments that is attributed to past periods of employee service.
