Statement of Basis and Purpose of Proposed Rule

Under Section 2101 of the New York City Charter, BIC is authorized to regulate the trade waste industry. Administrative Code Sections 16-503¹ and 16-504(j)² give BIC the authority to regulate labor unions and labor organizations representing or seeking to represent employees directly involved in the collection, removal, transportation or disposal of trade waste, to establish standards for the registration of such labor unions and organizations, and to establish standards for suspending or disqualifying officers of such unions or organizations. Under Section 16-504(i), BIC is authorized to promulgate rules it deems necessary and appropriate to effectively regulate labor unions or labor organizations representing or seeking to represent employees directly involved in the collection, removal, transportation or disposal of trade waste.

These rule amendments are designed to facilitate the registration of labor unions or labor organizations and for suspending or disqualifying officers of such unions or organizations. Specifically, the new amendments provide for application requirements, general prohibitions, requirements regarding the disclosure of material changes to the application and other pertinent information, and terms and fees.

Pursuant to Local Law 56 for the year 2019, these rule amendments also provide for requirements for trade waste licensees and registrants to disseminate workers' rights information to employees who operate vehicles or handle waste.

BIC's authority for these rules is found in Section 16-504 of the Administrative Code and Sections 1043(a) and 2101(b) of the New York City Charter.
