NOTICE: New York City's Localized COVID-19 Restrictions

To all licensees and registrants:

The City of New York has taken action in response to the increased spread of COVID-19 cases in particular neighborhoods by implementing restrictions in three zones identified by the State—designated red, orange, and yellow. Visit nyc.gov/COVIDZone to identify the areas in each zone and familiarize yourself with the restrictions relating to:

- Public and non-public schools
- Businesses
- Food service establishments including indoor and outdoor dining
- Houses of worship
- Non-essential gatherings

Restaurants located in the red zones are prohibited from indoor and outdoor dining and may only offer carryout and delivery options. Restaurants located in the orange zones can offer outdoor dining and takeout and delivery service only. There is a four-person maximum per table; no indoor dining is allowed.

Only **essential businesses** as designated by New York State Empire State Development Corporation can remain open in the red zones. All **nonessential businesses** located in the red zones must close.

Licensees and registrants should communicate with their customers to ensure waste is collected promptly and safely. Business Integrity Commission enforcement agents will be patrolling the affected areas.

Review the nyc.gov/COVIDZone link regularly to stay apprised of relevant developments and to identify whether your customers and/or worksites are affected.

For general information on COVID-19, visit nyc.gov/health/coronavirus.

Sincerely,

A handwritten signature in blue ink, appearing to read "Noah D. Genel".
