Mr. Cohen,

I am writing to oppose the current operations at Rikers and demand releases. The letter ban is unconscionable, especially knowing that it is corrections officers bringing in contraband. We're watching your moves, and so is the media. By enforcing this ban, you've made a bad situation worse in a way that will not go unobserved. You must allow people to access mail freely inside Rikers. We will continue to protest and lobby the BOC to end the restrictions on correspondence.
